Ref:- G.O. No.MS.77 Education dated 10/1/1948.

I beg to submit that the post of supervisor under this municipality has been ordered to be abolished by Government in their above order. The Municipal Council has in its resolution No. 738 dated 20-2-1948 (copy enclosed) resolved to request Government for the employment of a ~~sweeper~~ supervisor as a special case under this municipality in view of compulsory elementary education which is in force in this municipality. Also I beg to state that the ~~employment~~ post of supervisor ~~is~~ has been in existence in this municipality from the date of introduction of compulsory free elementary education i.e. from 1-4-1923. If the post is now abolished it will be found inconvenient to maintain the elementary schools without proper supervision. The council now maintains 17 elementary schools with 110 teachers including 2 Muslim Girls Schools with 8 teachers. I beg to request that Government may be pleased to accord their early sanction for the employment of a supervisor of the status of secondary grade trained teacher.

Ref:-G.O. Ms.No.77, Edn. dated 101-1--48 - C.R. No.1(2) dated 26-2-48.

In submitting herewith a copy of Council's resolution No.1 (2) dated 26-2-48 resolving to request the retention of the post of supervisor of elementary schools to this municipality I beg to state that though this Municipal Council is maintaining only one higher elementary school and 15 lower~~e~~ elementary schools the Council is employing as many as 104 teachers in these 16 schools. The need for providing more/elementary school is keenly felt in orde to avoid congestion in the existing schools on account of the enormous increase in population and extention of the limits of this municipality. But it has not been possible to open more schools due to non-availability of suitable buildings to locate them in these times of building scarcity. However the Council has decided

to open during 1948-49 an additional school for an unserved area viz Paraipatti in a chavadi building available in that place.

It is therefore of opinion that a supervisor is absolutely necessary to this Municipality for the efficient working of the elementary schools to enforce compulsion this town being an area where compulsory Elementary education is in force.

I therefore beg to request that sanction may kindly be granted for the re-employment of a supervisor ~~of~~ to this Municipality as resolved by the Council.

I understand that we allow supervisors for Municipalities only if they have more than 20 schools. A suggestion has been put by Commissioners in the recent Educational Conference of representatives of Local Boards that supervisors may be allowed even if the number of schools is less than 20. The employment of supervisors by Ml. cls. is at present regulated as follows:-

2. In the note on page 1 ante, it has been decided that Ml. cls. may employ a secondary grade teacher as supervisor if the No. of teachers is not less than 100 even though the No. of schools is less than 20. In the note at A above the suggestion has been made that Ml. cls. should be allowed to employ supervisors even though the No. of schools is less than 20.

3. The question now arises whether in the case of Ml. cls. having less than 20 schools the minimum regarding the No. of teachers should be kept up. If so, whether such minimum should be 80 as under the G.O. at (C) or 100 as suggested by the D.P.I. Perhaps in the case of Ml. cls.

9 APR 1948

SUB:- Education - Elementary - Supervisor of Schools - Retention of post - Sanction requested.

REF:- Government Order Ms.No.77 ~~Edn.~~,D/10.1.1948.

(C)

The above Government Order was placed before the Municipal council at its meeting held on 10.3.1948 and it has resolved to request Government to reconsider the orders and permit the retention of the Supervisor's post for the following reasons:-

1. There are 17 Elementary schools under this council, including 3 H. E.Schools and 94 teachers. It would be impossible for the Commissioner to supervise & control these effectively without the assistance of a whole time assistant such as a supervisor. Only an attender is provided for clerical work in this section; it would obviously be impossible for him to deal with such important work as posting and transfer of the teachers, grant of leave to them and ~~maintain~~ maintenance of their Service Registers, which are all now dealt with by the Supervisor of Elementary schools.

2. Though there are only 17 schools under this council as against 20 considered the minimum by Government, there are 94 teachers as against 80 fixed by Government.

3. There is compulsory Education in this Municipality for boys. This entails considerable outdoor and office work such as periodical inspection of schools, visiting guardians, attending teacher's meetings, etc., and compiling the various returns to be submitted to the Education Department. It would not be possible for the Commissioner to carry on all these works, without the assistance of a suitable assistant. Even if the out-door work is attended to by the Commissioner, for office work one additional clerk will be required as at present there is only a part-time attender for assisting the Supervisor of Ele: schools in his office work. If a clerk is to be appointed there would be no saving to the council by the abolition of the post of the Supervisor of Elementary Schools.

4. Though there are only 17 Municipal schools the Supervisor is visiting all the aided schools in the Municipality, 33 in all, in order to see that the attendance of boys of school age is regular and as instructed in orders issued by the Director of Public Instruction and Government prescribing the duties of the Supervisor of Ele:schools. It is because of the untiring work done by the Supervisor by visiting schools both Municipal and aided, by carrying on propaganda among the guardians, etc., that Council has been able to work the compulsion with so much success and the abolition of the post is sure to tell on this aspect.

I therefore request that the Government may be pleased to order the retention of the post. A copy of the Council Resolution is submitted.

~~FORWARDED.~~ P.T.O

FORWARDED.

The main reason underlying the G.O. under consideration seems to be that in Municipalities under which there are only less than 80 teachers the post of a Supervisor is a superfluity. Fortunately in this Municipality there are 94 teachers under it though there are only 17 schools. As a general rule the teachers are under the immediate supervision and control of the Supervisor. He has to write the confidential report of the teachers and maintain their service registers and leave account and make suggestions regarding transfers and appointments which is an important item of work in view of the fact that there are three kinds of schools namely Hindu, Mopila and Girls which are under 3 different Inspecting officers. In short the entire work pertaining to Ele:Education is sole, in his charge. The shortage of the 3 schools is adequately compensated by the excess of 14 teachers above the minimum of 80 fixed by the Government. The shortage of 3 schools reduces only 3 monthly visits but other duties and functions remain to be the same. I can boldly say that the present satisfactory condition of the Municipal schools is much due to the streneous efforts of the Supervisor. It was only after the appointment of Supervisor that the Municipality introduced common examination for Municipal schools and the annual Municipal schools day celebration both of which have salutary effect on the progress of education. The Council cannot in fairness expect the Commissioner who is already overworked to pay the same attention as the Supervisor does. As the matters stands now the abolition of the post of Supervisor will only effect the efficiency of Ele:Schools adversely.

Viewing from the financial aspects of the question the council is not going to gain anything by the abolition of the post. At present there is only a part-time attender assisting the Supervisor. The entire clerical work connected with Ele. Education is attended to by him, in addition to the out-door work. If the post is abolished the council will be constrained to create the post of a Lower Division clerk to attend to this work. This being a third class Municipality the pay fixed for the Supervisor is Rs.45 to Rs.85 which is the same as that fixed for the Lower Division Clerk. The expense being the same the net result will be the council will be deprived of the benefit of the services of a technically qualified man which is rather too cruel. - If the abolition is suggested on the ground that the Education Budget is deficit it is open to the council to divert necessary amount from the General Fund to meet the expense connected with the pay of Supervisor.

So in the interest of the public at large I request that the Government may be pleased to sanction the retention of the post.

Kind attention of the Government is invited to G.O.Ms. No 77 Edn., dated 10-1-48 in which the conditions laid down for the appointment of a Secondary grade Supervisor are the maintenance of 20 Elementary schools and the employment of 80 teachers.

40579

Certain cases have now come to my notice where both the conditions are satisfied, but either of the conditions are satisfied. This is a case where there are 17 Elementary Schools and 94 teachers as against 20 Elementary schools and 80 teachers prescribed in the G.O. cited above in para 2.

It is suggested that the employment of 100 teachers may be prescribed as the criterion for the appointment of a Secondary grade Supervisor without reference to the number of schools. This will be inkeeping with the condition for the employment of a supervisor in the higher grade which is 150 teachers without reference to the number of schools.

In this case, the number of teachers employed is only slightly less than the criterion suggested above. Hence it is recommended that the appointment of the Supervisor may be permitted in this case.

Ref: Elementary Schools - Mayavaram Municipality - abolition of the post of Supervisor - Request of the Council for restoration of the post - Submitted for orders.

Sir,

G.O. No. Ms. 77, dated 10th January 1948.

The above G.O. was received in this office on 30-1-48 and in accordance with the orders contained therein, the post of the Supervisor of Elementary Schools in this Municipality was abolished with effect from 4th February 1948.

2. The G.O. was also placed before the council at its next meeting held on 16-2-48 and the council has resolved in its Resolution No. 578, dated 16-2-48 that the Government may be requested to reconsider their order and to permit the council to continue to engage the Supervisor in view of the fact that this Municipality is maintaining 20 Elementary Schools. A copy of the resolution together with a copy of my note dated 10-2-48 on the subject and referred to in the resolution is enclosed.

3. In this connection I beg to point out that the number of Elementary Schools maintained by this Municipality satisfies the required minimum number of schools for the appointment of a Supervisor; but while the minimum number of teachers in all schools has been fixed in the G.O. as 80, the total number of teachers now in the service of the Municipal Elementary Schools is only 72. There is, however, demand for the appointment of more teachers for a number of schools in view of the increase strength of pupils therein; but the council has decided to nsider the question of appointment of additional teachers schools at the commencement of the school year, i.e.,

9

June 1948, with a view to restrict expenditure.

4. This Municipality is over 4 miles long and about 1 mile broad. The 20 schools are distributed all over the town, throughout its length and breadth, so that it is necessary to maintain a separate Supervisor to supervise these schools at frequent intervals, as such supervision is considered to be necessary for better efficiency of the schools. The Council considered that the need for a supervisor should be judged more with reference to the total number of schools rather than the total number of teachers.

5. I may also add, as pointed out in my note to the Council, that much of the correspondence arising from the 20 Elementary schools was being attended to by the Supervisor. Now that the post has been abolished, the Municipality may have to appoint a separate clerk to do this ministerial work and this would cost almost as much as a Supervisor.

6. Considering all these facts it is requested that the Government may be pleased to reconsider their order referred to above and permit this Council to appoint a Supervisor for its Elementary schools as hitherto fore.

Resolved to request the Government to reconsider the order and to permit this Council to continue to engage the supervisor for the municipal Elementary Schools that in view of the Council maintaining twenty elementary schools, a supervisor is necessary for their efficient administration.

There are twenty Elementary Schools maintained by this Municipality. The Supervisor of Elementary Schools was supervising all of them and was also attending to much of the correspondence relating to them. If the post is abolished,

p.t.o.

as it has now been, as per orders of the Government, not only will supervisional work over the schools suffer, but a separate clerk will have to be appointed to look after the correspondence of the 20 Elementary Schools, as there is no separate clerk for the purpose. The cost of this will be almost equal to the supervisor of Elementary school's post. It is therefore highly desirable in the interest of efficiency that the post of the Supervisor of Elementary Schools should be continued. The Government may be requested to reconsider the order.

Sir,

Sub: Establishment--Education--Elementary Schools--Post of Supervisor Abolition--Ordered.

Ref: G.O. No. Ms.77 Education dated 10-1-48.
Commissioner's order D. Dis. 1273/48 dated 3-2-48 dispensing with my services after 3 months from ~~kx~~ the date of the order.

I beg to place the following few lines for your kind consideration and favourable orders.

As compulsory elementary education was in force in this municipality applications were invited from B.A., L.Ts for the post of a supervisor of schools in this municipality by the Chairman in October 1927. I applied for the same and I was appointed as supervisor of schools in the scale of Rs.50-2½-75 with effect from 1-12-1927. I have thus put in a permanent service of over 20 years. The appointment of the supervisor was approved by Government in G.O. No. Ms.1979 dated 8-10-1928. My age is now 52 and I have only a service of 3 years before me. At this stage it is unfair and unjust to dispense with the services of a permanent incumbent. I took up municipal service purely on the grounds of security of tenure.

There are 14 municipal elementary schools for boys and 5 for girls. There are 7 aided elementary schools for boys and 4 for girls. Thus there are 21 elementary schools for boys and 9 for girls and the total No. of teachers in all the schools is over 150. As per orders of the District Educational Officer, Tanjore I am visiting the aided elementary schools for boys also; Negapatam being a compulsory area for elementary education.

Considering my long service of over 20 years as Supervisor in this municipality and also my age (I have only 3 years to retire from service) I request that orders may kindly be passed for my retention in service till my retirement as a special case or that I may be suitably provided till my retirement.

In this connection I also wish to point out that in 1929 when the posts of common drawing masters and drill masters were abolished, a drawing master who had only a few years service before him was retained ~~thi~~ till his retirement on the orders of Government.

I beg to remain,
Sir,
Your most obedient Servant,
T. V. Radhakrishnan

Negapatam,

Sri T. V. Radhakrishna Iyer, was appointed Supervisor from 1st December 1927, as a result of the introduction of the compulsory elementary education in this municipality. The post was approved by the Government in G.O.No.Ms.1979 dated 8-10-1928. He has been working as a supervisor continuously and he is now aged 52, leaving only 3 ~~years~~ more years of service.

TANJORE
2-4-1948

There are 19 elementary schools under the management of the municipal council, situated in different corners of Nagore and Negapatam. There are at present 90 teachers. He has also been visiting the aided elementary schools, 7 in number, with reference to the orders of the District Educational Officer, Tanjore (copy enclosed).

7 - JUL 1948

As he has got 3 more years of service it will be a hardship to him if he is ousted at this stage. In view of this it is for consideration whether his request may not be complied with.

With reference to G.O.No.Ms.77, Edn., dated 10-1-48 I have issued notice under rule 18 of the rules relating to establishments under municipal councils giving 3 months' ~~notice~~ time for discharge from 3-2-48.

Ref.No.B-1-1304/1948. Dated the 8th April 1948.

Sir,

Sub: Establishment - Tiruppur Municipality - Elementary Education - Retention of Supervisor's post - Sanction Requested.

Ref: G.O.Ms.No. 77, Education, dated 10-1-1948 and Resolution No. 935 dated 31-3-48 of the Municipal Council, Tiruppur.

In pursuance of the instructions issued in G.O.Ms. No.77, Education, dated 10-1-1948, the post of the Supervisor of schools has been abolished with effect from 3-2-48. In this connection I beg to state that though the number of schools maintained by this municipal Council is less than 20 the number of teachers employed is 102. In this municipality compulsory elementary education for boys is in force from 1922. Action regarding bringing all school age children under instructions, visiting the parents or guardians of the defaulting children and inducing them to send them regularly require one separate person. The limits of this municipality extends over an area of about 5-1/2 sq.miles. So one post is found essential for the enforcement of several provisions of the compulsory elementary education. No mention with regard to the abolition of the post of the peon to the supervisor of schools has been made in the above Government Order under reference. The services of the peon are also necessary for the delivery of tapals to the schools and for the service of notices on the parents or guardians of the defaulting pupils. Hence the Municipal Council in resolution No. 935 dated 31-3-1948 has resolved to request that sanction may kindly be accorded to retain the said two posts (copy enclosed). I therefore request that the Government may be pleased to accord their sanction for the retention of the post of the Supervisor of Schools to this municipality and also to utilise the services of a peon who was working under the Supervisor of School for the purpose of Elementary Education work.
