EDUCATION Department  
From (Name) SRI D.S. REDDI M.A. (OXON)  
Designation DIRECTOR OF PUBLIC INSTRUCTION,  
Station MADRAS.

Received \_\_\_\_\_ Registered \_\_\_\_\_  
To The SECRETARY TO GOVERNMENT,  
Education and Public Health Department,  
MADRAS.

Enclosures: C. No. 809-D.1/48 dated 4th July 1948.

Sir,

SUB: SCHOOLS - Secondary - Aided-contribution paid by the local bodies - Reckoning for purposes of grant.

I have the honour to address Government for the prescription of a uniform procedure for all departments in the matter of contribution by local bodies to educational and other institutions.

In G.O.No. 2013 L & M dated 22--7--1924, Government were pleased to permit local bodies to contribute towards the maintenance of educational institutions receiving aid from providial funds provided that

1) the institution is a sanskrit school or a special school for defectives which obtains pupils from all over the presidency &

2) Such contribution together with the grant paid by Government does not exceed one - half of the net cost of the institution.

The policy of this department has been that -- schools under private managements should be aided by Government alone and not by any local body. But departure was being made by Government in individual cases by sanctioning the payment of contributions by local body to educational institutions.

In the year 1930-31 however, Government passed general orders (vide para 2(4) of G.O.No. 1157 Education dated 12-6-30) to the effect that they had no objection to permitting local bodies to make such contributions but cannot compel them to do so.

The policy enunciated by Mr. R. Littlehalls and

p.t.o.

and followed subsequently by Mr.H.Champion and by Sir R.M.Statham in the ~~xx~~ matter of aid was that, the sum of total of financial assistance received by a secondary school from public funds -- should not exceed one half of the net cost as determined by the Grant-in-Aid code and consequently the grant payable to the institution is reduced by an amount equal to the contribution received from local funds.

Even recently Government were informed of this practice in connection with the case of Theagaraya Chetty Hindu High School Washermanpet Madras and in their Memorandum No.50341/47-B.1-1 Education dated 23-6-1947 and Government have stated that the existing practice of taking into account the contributions paid by local bodies towards the cost of maintenance of aided secondary schools when assessing the amount of teaching grant payable to those institutions may be continued.

I find however that in the Industries Department that practice is also then different. The contribution is not taken into account in calculating the grant due ~~and~~ to the institution. The prescription of a uniform procedure of recknong the contribution paid by the local bodies for purposes of teaching grants is, therefore, necessary.

I may also add that I personally feel that contributions from local bodies should NOT be taken into account for purposes of grant. In some cases, it would, perhaps, be cheaper to a local body if a small contribution is given to an aided institution and if, thereby, the local body can avoid running an institution of their own.

for DIRECTOR OF PUBLIC INSTRUCTION.

Schools. Secondary. Aided -  
Contribution paid by local bodies -  
Reckening for purposes of grant. Alteration  
of the existing practice - Considered  
unnecessary.

From the D.P.I., C.No. 809-D.1/48 d 4.7.48  
Order n. 2064 Edn 20.8.48  
ms

The D.P.I. is informed  
that the Govt. ~~does not~~ see no  
need to alter the existing practice  
of taking into account the contribution  
paid by local bodies towards the cost of  
maintenance of aided secondary schools  
when assessing the amount of teaching  
grant payable to those institutions.

It is open to local bodies to make  
contributions for purposes  
other than maintenance of the  
school proper such as the  
maintenance of hostel attached  
to the school, conducting musical  
sports etc. and such contributions  
should not be taken into account  
in assessing the teaching  
grant.

H/12cf From the D.P.I., C.No. 809-D.1/28 d 4.7.1948

Schools - Secondary. Aided. Contribution paid by the local bodies. Reckoning for purposes of grant

N3102 of 5.6m

(J) 4942 A

13.3.47

Memorandum 50341/47-10

(R) dated 23.6.47

Under the existing ~~system~~ procedure, contributions paid by local bodies towards the maintenance of aided secondary schools are taken into account in fixing the amount of teaching grant payable to those institutions ~~so that~~ the sum total of assistance from public funds ~~may not~~ exceed one-half of the net cost as determined by the Grant-in-Aid Code. ~~and~~ Consequently, the grant ~~which would otherwise be~~ payable to the institution is reduced by an amount equal to the contribution received from local funds.

from 5/2cf

B

The D.P.I. now reports that in the Industries Deptt, the contribution is not taken into account in calculating the grant due to an institution and suggests the desirability of prescribing a uniform procedure of reckoning the contribution paid by local bodies for purposes of teaching grant.

from 6, 12cf

2/ The D.P.I. personally feels that contributions from local bodies should not be taken into account for purposes of grant. It is submitted in this connection that under the revised system of grants-in-aid, the Govt. have ~~increased~~ the ~~proportion~~ of grant from one-half to ~~two-thirds~~ <sup>two-thirds</sup> of the net expenditure on the maintenance of aided secondary schools with effect from 1-1-1947. In view of the increased grants which the aided secondary schools are now in receipt of, there seems to be no strong case for accepting the Director's suggestion which entails additional burden on provincial finances.

I.A.C. To A.S.

The Retrenchment and Reorganisation Committee has recommended recently that the system of grants-in-aid now in vogue in the Industries department may continue. This dept. agreed ~~the~~ view that there should be no change in the existing practice. With these remarks, this case may be passed on to L.A. Dept.

30/7/48

31-7-48

1/8/48

3/8

If an institution has many activities and if grant is received only in respect of the educational part of those activities, it is open to the local boards to make contributions to the other activities of the school and the educational authorities need not take that grant given for the other activities into account for purposes of grant to those institutions. That may be made clear. Otherwise, the existing practice may continue.

Please see the minutes of the (E.S.H.) above. The point raised for decision is whether contributions paid by local bodies towards the cost of maintenance of aided secondary schools should be taken into account for purposes of assessment of teaching grant payable to those institutions as ~~hitherto~~ or not and it is proposed to inform the E.S.D. that the existing practice of taking account these contributions <sup>may continue</sup> Contributions paid for other purposes will not enter into the calculations at all as they will generally be non-recurring. The draft already put up does not seem to require any alteration. It is not clear what is meant by <sup>other</sup> activities of the school's 'other than educational ~~activities~~ part of those activities'. For orders whether the draft order already put up may issue
