With reference to the minutes of the Hon'ble Minister suggesting a camp for Inspecting Officers of the Department, I propose to hold the camp some time during the second week of August. As July is a very busy month both for my Office and for the Inspecting Offices second week of August is suggested. I request to be informed of the dates that will suit the Minister.

Third week of August, beginning from the 23rd, will be allright, as the second week of August may synchronise with the Independance Day Celebrations. We must prepare a syllabus for the training that we propose to give to the D.E.Os. and to the Inspectresses, or else, the training will not have the maximum benefit. The syllabus may be prepared and sent up for information. The D.P.I. has not suggested the place of the conference. It may perhaps be in Madras at a suitable place. That may be suggested by him.

The syllabus that may be drawn up may include:

(1) The elements and principles of Basic Education.
(2) The essential elements of the Reorganisation of Secondary Education.
(3) The Citizenship Training in practice as well as in theory.
(4) The difference in syllabuses in the reorganised curricula.
(5) The importance of activities in the new curricula.
(6) The method of correlating these activities with syllabuses of studies.
(7) Civics through practical hygiene.
(8) Sharing of responsibilities of the school with the children and the conversion of the school as a social centre.
(9) Giving proper importance to knowledge through experience rather than mere book-learning.
(10) Reorganised form of examinations.
(11) The necessity of D.E.Os. to have conferences with the staffs of schools which they visit, for proper guidance of teachers.
(12) Change in the attitude of the D.E.Os. from being accountants and fault-finders into one of active cooperation with the schools.
(13) Taking active steps for organising elementary schools where they do not exist rather than wait for other people who will come forward to do so.

With regard to Basic Education, I think it will be good if we invite Sri K.Arunachalam, Headmaster, Basic Training School, Perianaickenpalayam to give them clear notions of basic education. They may ask questions of details. The camp should not be merely one of lectures but must be in the form of discussions. Having in view the dignity of the people whom we are inviting, we should be careful in planning the way in which we give them these ideas.

With regard to the reorganised form of secondary education, The Special Officer for the Reorganisation of Secondary Education, Mr. K.Kuruvilla Jacob, Mr. S.Govindarajulu, Vice Chancellor, who have been in the Committee, may be useful.

A

3

B

The main items of reorganisation are Crafts Citizenship Training and Social Studies. The people who organised these syllabuses may be invited to speak and answer questions. The Special Officer for Citizenship Training Mr. Nilakantam, may also be made available.

In fact, much will depend upon the spirit with which we plan the conference. It is not to be merely a matter of lectures. It must be a camp in which there is a great deal of comraderie, freedom and opportunity for understanding the new schemes. I hope the D.P.I. will plan the camp with these ideas in view so that it will be a very successful and useful one.

In the circumstances, Finance may advise that no daily allowance need be granted to the officers residing at Madras and attending the conference.

If however, E & P.H. consider that the presence of the Madras officers at the conference is necessary in public interest all through the days of the meeting, Finance need not object to the daily allowance proposed. H.M(Fin.) may also see.

There is no justification ~~[illegible]~~ for granting daily allowance for those who live in Madras.

Please see the note of the Fin dept on the previous page. H.M (Edn)'s idea is that all these officers should stay at the camp and not merely put in attendance. According to the programme drawn up there will be informal discussions bet. 9'30 and 10. P.M. and it will be really inconvenient for these officers to go home after 10 p.m. After all these officers will be about half a dozen in number and the expenditure may not be much. For orders whether this dept may press the proposal.

The Madras people have also been asked to stay there throughout the day and the nights and they will have to contribute towards the mess charges and so this allowance may be given to them also. If any people had not stayed away in the nights and not messed with them, they may not be given the daily allowance.

ASST. SECRETARY TO GOVERNMENT
8 - SEP 1948
EDUCATION AND PUBLIC HEALTH DEPT.

Sir,

SUB:- Camp - Conference of the officers of the Education Department to be held at the Teachers' College, Saidapet from the 4th to 8th September 1948 - Incurring of expenditure:

(A) REF:- G.O.No.MS.2068, Education, dated 20th August 48.

* * *

The Government in their order cited above have been pleased to sanction the incurring of an expenditure by the Director not exceeding Rs.1,500/- for making the necessary arrangements for a camp and conference of the Officers of the Department and also have ordered that the programme and synopsis for discussion at the conference may be got printed in the Government Press, Madras.

At the time when the Government were addressed for sanctioning the sum of Rs.1,500/- the proposal was to hold the conference at Adyar and the incurring of expenditure on pitching tents, putting up of temporary enclosures etc., were considered necessary But the proposal has been subsequently changed and it has been arranged to hold the Conference at the Teachers' College, Saidapet. Though expenditure on items like pitching of tents, putting up temporary enclosures may notbe necessary at the Teachers' College, yet expenditure on certain miscellaneous contingencies on items viz., transport for visiting centres, conveyance charges on equipment like cinema machines and films, cooly charges, purchase of ropes etc. has to be incurred.

Further, certain officers i.e. the Divisional Inspectors of Schools and the Inspectresses of Girls Schools have been permitted to take with them one peon while they go to Madras to attend the conference. These peons who will accompany their officers will be about 10 in number. During their halt at Madras they will be eligible for a daily allowance of annas fifteen (0-15-0) With this amount, it is hardly possible to have their tiffin and meals. Arrangements have been made to supply them with two meals only at some cheap price by some private hotel keepers in the Teachers' College premises itself. But the charges for two meals alone will not be less than a rupee per day. But the two meals alone will not be adequate for them. They cannot afford to spend more than a rupee for their meals while they are eligible to get a sum of annas fifteen only by way of Daily Allowance It is therefore considered necessary that they are provided with two free meals a day without putting them to the necessaty of incurring expenditure on this item. I suggest that Government may be pleased to permit the incurring of expenditure on the supply of 2 cheap meals to the peons as a part of expenditure on the contingent items referred to above. A

The printing of synopsis and programme is not necessary as these have already been prepared in roneo and communicated to all the officers.

Yours faithfully,

2.9.48

for Director of Public Instruction.
