Sir,

I submit that a letter received by me last week from the
International Society of Limnology, Zurich, Switzerland, in connection
with the 10th Congress, 1948, reads as follows:-

"Dear Sir, I write to tell you that we will be very glad if
you will attend our Congress. We also will be glad if you will be-
come a member of the International Society of Limnology. Let me
please know if I am to put your name in the list of Congressists. I
will send you the definitive programme of the Congress in some weeks.
Sincerely yours, (signed) Otto Jaag."

I, as a research student in Limnology, very much wish to
take this opportunity of attending the Congress and widening my
academic experience, especially by way of making valuable contacts on
the occasion. My supervising teacher has very kindly approved of my
wish.

To ensure my being registered in time, I have taken the

liberty of writing already to Professor Dr. Otto Jaag, requesting that my name may be put in the list of Congressists in anticipation of your kind approval.

The Congress will be held in Zurich, Switzerland, between August 18th and 25th, 1948.

I beg to add that on my way to or from Switzerland I very much wish to break the journey for a day or two in Paris to visit the Academy of Sciences at Sorbonne.

The entire trip may take about ten days, and the expenses, as I am given to understand by the travelling agents, may come to about £25.

I now approach you with a request that this trip may kindly be sanctioned and the expenses paid, for which act of kindness I shall ever be grateful.

I beg to remain, Sir,

Your most obedient servant,
C.B. Rao.

Sri C. Bhashyakarla Rao is a permanent Lecturer in the M.E.S. He is now in U.K. undergoing higher studies in 'Botany'. He was sent to that country by Govt. in 1946-7 on study leave.

He wishes to attend the Congress of the International Society of Limnology to be held in Switzerland between 18th and 25th August - and also to visit for a day or two, on his way back to U.K. from Switzerland, the Academy of Sciences at Sorbonne, Paris. The expenses of the trip is estimated to come to about £25.

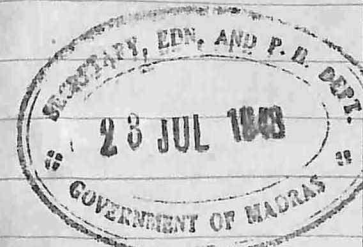

The officer says that, as he is a research student in Limnology, his attending the Congress will widen his academic expec. The teacher under whom he works in the London Unty. has supported his request. The D.P.I. also recommends it. For orders whether, therefore, the trip may be approved and it may be agreed that the expenses connected with it will be borne by this Govt. (Presumably, the trip will not fall within the meaning of "Study tours" in U.K., mentioned in para 1-A(x) of the G.O. at "M").

6. Final date upto which extension is required. 11th April 49 with permission to affix the following two months summer vacation.

7. Reasons why extension is considered essential. My research problem relates to the periodicity of algae. The observations made during all seasons of one year have to be confirmed by those made during the following year. The actual laboratory and field work therefore are spread over a full period of nearly four months commencing from Jan. 47 and ending in Dec. 1948. The compilation of the observations into a thesis takes at least two months after that. After the oral examination is over which may be at the about the end of March 49, I propose to spend some time on publishing the results of my present investigation which item of work will give me valuable experience in this aspect of research also. This flow of work therefore keeps me engaged fully till at least April 49 if not later.

(P.T.O.)

I therefore request that my study leave may kindly be extended thus granting me full opportunity to enrich my academic training and experience in this country.

this cycle ending in December 1948. Thereafter
the twenty four months observations will be

E & P.H's note on p.1 above may be perused.

2/ The present proposal to grant extension of study leave to Sri C.B. Rao, to enable him to submit his thesis for the Ph.D. Degree, is analogous to the case in the linked file. The D.P.I. strongly recommends the grant of extension of study leave, in the larger interests of the college. It is for orders whether E & P.H's proposal at 'M' overleaf may be accepted.

H.M(Fin.) also may see.

3/ As regards 'N' on p.1 above, it is submitted that while the conditions governing the treatment of vacation period, in continuation of other leave are laid down in the subsidiary rules under F.R.68, there does not appear to be any hard and fast rule forbidding the grant of the request for affixing the vacation, as in the present case, especially if the Govt. servant concerned also belongs to a vacation department. It is for the D.P.I. to say whether there will be any administrative inconvenience caused by complying with Sri C.B. Rao's request. As the D.P.I. has recommended that permission to affix the vacation may be granted, Finance need not object.

Sri C.Bhashyakarla Rao is not an officer who proceeded to U.K. at his own instance. He is one of the Govt. servants of the Edn. Dept. who were 'deputed' by this Govt. to foreign countries for further studies under the G. of I. scheme, with that Govt.'s help in the matter of securing admissions in foreign institutions, passage facilities, etc. The normal expectation was that the duration of a course of study would in most cases be about 2 years. There was also the expectation that in a few cases that period had to be exceeded for special reasons. Attention is particularly invited to portion K at p.2 of "M". The officers were also made to understand that for the period of their study, they would be granted study leave with leave allce. and study ~~le~~ allce. as contemplated by the F.Rs. and some other allces. - M at p.2 of "M". Where a longer period was required to complete a course, it was not the intention that, for the period, in excess of 2 years, the officer shd. be ineligible for the allces. That would not, it is subd., be fair. In case of Sri Bhashyakarla Rao, it shd. be taken that the necessity for an extension of the study leave by about 8 months has been fully justified.

The file may be sent to Fin. for remarks examination, as ordered by H.M.(Fin.), before re-circn.
