Sub: Typewriters-Transferred to the Edn.& P.H.Deptt. from the Chief Secretariat consequent of re-organization of C.I.B.

****

37

Consequent on the re-organization of the C.I.B. on 1-1-1944, the Chief Secretariat transferred to this Department., 4 typists with 4 typewriters. Of these typewriters Remington No. 12/LX 67847 recently got out of order and the mechanic was re-~~xxx~~quisitioned from the Remington Rand, Inc., The Mechanic supplied two springs one to the Ribbon-feeding pawl and the other to the back-space lever. Yet the machine was not in good working order. The mechanic ~~supplied~~ who was asked about this said that the machine could not be further repaired as it had become old and beyond any further repairs. The history of the machine was traced and it has since been found in G.O.No. 1173, Edn. dated 29-7-1941 that it was one of the 3 machines of the Chief Secretariat, which was condemned in '41. The Superintendent of Stationery was accordingly authorised in this G.O. to supply to Chief Secretariat 3 new Remington foolscap typewriters in the place of the 3 machin then condemned. It may be presumed that the Superintendent of Stationery would have supplied the new machines to the Chief Secretariat, in which case the Chief Secretariat should have transferred to the Education and Public Health Department one of the new Remington Typewriters which was supplied by the Superintendent of Stationery in the place of Remington No. 12/LX 67847. returning this machine to the Superintendent of Stationery. As the Issue Section of this Department, is now much inconvenienced for want of a good machine, (the above mentioned typewriter not not being in use) the Chief Secretariat may be requested to clarify the position and transfer the new typewriter which might ~~have been received~~

/1941

have been received from the Superintendent of Stationery/in the place of the machine in question (No.12/LX 67847A) which was th condemned.

Chief Secretariat.

Please see the E.&.P.H. Department note at p.1 ante.

In G.O.No.1173, Education, dated 29-7-1941 the Government [illegible]ctioned the supply of three new Remington foolscap size [illegible]ters to the Chief Secretariat in place of three old

P.T.O.

LC.53190

Remington typewriters noted on the margin* which were then in use in the C.I.B. & directed that the 3 old typewriters should be retd. to S.of S. It is seen from the typewriter register of this office last with reference to that G.O.the following three new typewriters were received from the Superintendent of Stationery and the old ones returned to him.

I. New typewriters	II Old typewriters.
1.Remington 17A/J.267226	1.Remington LX. 67835.
2.Remington 17A/J.225646	2.Remington 67847/A.
3.Remington 17A/J.210690	3.Remington L.C.53190.

The Chief Secretariat letter No.23906-1 dated 13-8-1941 noted on pp. 14,21,25,137,138 and 139 of the register as authority/ for the return of the 3 old typewriters to the Superintendent of Stationery and for the supply of three new typewriters is not traceable in spite of the best efforts to trace it.

On investigating all the machines in this office the position is as follows:-

1. New typewriters.

(1) Remington No. 17A/J. 267226
(2) Remington No. 225646
(3) Remington No. 210690

No.(1) It was transferred to the P.W.D. on 1-1-44 consequent on the re-organisation of the C.I.B.

No.(2) It is now used in Public (Political) section.

No.(3) The serial number of the machine noted in the register is 17A/J.210690. There is no typewriter in this office bearing that number. There is however one Remington typewriter with P.C. to A.1. bearing number 17A/J. 219690.

Perhaps this is the one noted in the register as 17A/J.210690 ~~byx~~ mistake. This may be verified from the Superintendent of Stationery.

II. Old typewriters.

(1) Remington L.X. 67835
(2) Remington L.X. 67847A/4
(3) Remington L.C.53190

It is seen from pp.14,21 and 25 of the register that these ~~xxx~~ three typewriters were returned to the Superintendent of Stationery in Chief Secretariat letter No. 23906-1 dated 13-8-1941 which paper is not traceable. Actually Nos.(1) and (2) were transferred to the Revenue and E.&.P.H. Departments respectively on 1-1-44 consequent [illegible] rganization of the C.I.B. Perhaps these two, which were [illegible] ~~xxxx~~ along with the other machine in August 1941, to [illegible] of Stationery were re-supplied by him to this office subsequently as loan machines. The papers relating to the resupply of these two typewriters are not also traceable. The third machine is not here. Perhaps it was not re-supplied to the Chief Secretariat. This may also be verified from the Superintendent of Stationery.

With reference to A and B above a draft memo to the Superintendent of Stationery is submitted for approval.

Chief Secretariat.

Please see the notes at pp 1-3 above. Machine No.12/LX 67847 in E & P.H. which is said to be unserviceable was returned to Superintendent of Stationery and a new one obtained instead with reference to G.O.No.1173 EDN dated 29-7-1941. It was resupplied by the Superintendent of Stationery and was sent to E & P.H. against one of the 4 machines to be transferred to that department on the abolition of the C.I.B. Chief Secretariat need not therefore send a new machine to E.&.P.H. in the place of the unserviceable machine. E & P.H. may return it to Superintendent of Stationery and get a new one.

Of the 3 new machines supplied two are accounted for. ~~Thexxx~~ There is a discrepancy in the number of the third machine. The number given by the Superintendent of Stationery is 17A/J 210690 while the number of the machine which is available is 17A/J 219690. Submitted for orders whether a circul may be issued to all departments as to whether they have a machine bearing No. 17 J 210690.

Chief Secretariat No.299 B/463.d-4-4-46

E. & P.H. department (Cs).

The case relates to the replacement of one of the 4 typewriters transferred to this Department by the Public Deptt. at the time of the reorganisation of the C.I.B. The particular typewriter is too old to be serviceable and is beyond repair. It is now seen from the remarks of Public on pp.2-3 that this is one of the typewriters condemned in 1941 but apparently got by them again on loan. The circumstances under which the typewriter had been got as loan are not given.

P.T.O.

If this is a typewriter got as loan by the Public Department, the responsibility to submit will vest with the Public Department. Public Department may therefore br requested u.o. to take back the typewriter and arrange for its replacement themselves, this Department being supplied with a good serviceable one.
