Station Madras, Dated the 20th Septr. 1947. 19

From (Name) Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.,

(Designation) Director of Public Instruction

To The Secretary to the Government of Madras,

EDUCATION AND PUBLIC HEALTH Department.

Sir,

In connection with Part II of the Budget Estimate for 1948-49, I have the honour to submit for favourable consideration and sanction of Government, the following proposal for the creation of a 3rd Deputy Inspector's Range for Madras.

2. Consequent on the extension of Madras City limits ordered in G.O.No. 529 L.A., dated 16th March 1946, the Divisional Inspector reports that the number of Elementary schools for boys has increased from 177 to 212. The schools in the city are much larger in size than the mofussil schools and the inspection of schools by the Deputy Inspectors takes a full day or even more. The Office work connected with the schools is reported to be voluminous and the existing Deputy Inspectors are unable to do full justice to their work. Further the Deputy Inspectors assist the District Educational Officer in the inspection of the Secondary schools in the Madras City. This item of work, work connected with the conduct of Government technical Examinations and other special work in the city take away much of the time of the Deputy Inspectors. The Junior Deputy Inspector in the District is reported to be of little use in this direction as he often happens to be a secondary grade teacher or inexperienced probationers if not. The Divisional Inspector therefore suggests the

the creation of a 3rd Senior Deputy Inspector for Madras District by converting the post of the Junior Deputy Inspector attached to the South Madras Range into that of a Senior Deputy Inspector's post.

3. At present there are two Senior Deputy Inspectors-(North and South Madras Ranges) and one Junior Deputy Inspector attached South Madras Range. The present jurisdiction of the Deputy Inspectors and the number of schools assigned to each before and after the extension of city limits are furnished below:--

Range.	Jurisdiction.	No. of schools assigned	
		Before extension of City limits.	After extension of City limits
1. Deputy Inspector, North Madras Range	Divisions I to XVIII	57	63
2. -do- South Madras , ,	, , XVIII to XXX	51	63
3. Junior Deputy Inspector attached to the South Madras Range.	, , I to XXX	69	86
		177	212

If a 3rd Deputy Inspector's Range is created, Each Deputy Inspector will have about 70--75 schools and there will be no need for the Junior Deputy Inspector. I consider that there is need for a 3rd Deputy Inspector's range in the interest of efficiency and in view of the fact that the other special items of work specified above will be shared by 3 officers and each will have sufficient time to concentrate their attention on the work connected with the progress of Elementary Education. In the circumstances, I request that Government may be pleased to sanction the creation of a 3rd Deputy Inspector's Range for Madras by converting the post of the existing Junior Deputy Inspector into a Senior Deputy Inspector's post with necessary establishment.

The normal staff of the Deputy Inspector's Office consists of 2 clerks, 1 attender and 1 peon. For the new range now proposed, the post of a peon is not necessary as there is already a post sanctioned for the Junior Deputy Inspector.

The cost involved in the proposal is given below:-
Cost in 1948-49.-

Pay of one Senior Deputy Inspector Grade II i.e. the difference between the pay of the Senior Deputy Inspector and the Junior Dy. Inspector (i.e. 85--60)	25 x 10	275
