For Assistant Accounts Officer

(2) All approved items of expenditure on said recreations are booked initially in the Provincial Section of the accounts under "64-B-Civil Defence-Section I". Any expenditure that is incurred by the Central Government on behalf of the Province for supplies made or services rendered is also passed on to the Province for adjustment against the Provincial Government under the same head. At the close of the year, the Central Government's share of the expenditure is transferred to the Central Section of the accounts by a deduct entry under "64-B-Civil Defence". The gross poolable expenditure incurred during the year on this account was Rs. 80.12 lakhs. The Central Government's liability out of this amount which worked to Rs. 7.56 lakhs was adjusted against the over recovery of Rs. 11.26 lakhs made by the Provincial Government towards the Central Government's share of the poolable expenditure relating to the years 1941-42, 1942-43 and 1943-44. In addition, a net grant of Rs. 10,000 was made by the Central Government during the year on the basis of the estimates for the year. Towards the gross excess recovery of Rs. 3.8 lakhs from the Central Government at the end of 1944-45, a sum of Rs. 0.66 lakh was readjusted to the credit of the Central Government towards the excess grant sanctioned by them for 1941-42.

Due to an improvement in the war situation, the A.R.P. Schemes sanctioned for the various centres in the Province were gradually wound up during the year. This resulted in a substantial reduction of the expenditure accounted for under 'Section I'.

(5) An account of all the equipment supplied and disposed of is required to be kept by the Offices concerned and is subject to local yearly audit from 1942-43. A test check of the accounts maintained by the several offices and depots during the year did not reveal any serious irregularities.

(6) The expenditure under items (ii) to (vii) is subject to special allocation between the Central and Provincial Governments, the recovery from the Central Government being made on the basis of the financial year. The total expenditure incurred during the year on these items and the amount recovered from the Central Government are indicated below :-
