No.32-178/C.R.

Dated:- 16-2-1948.

Sub:- Forms - Supply to the Special Deputy Collectors 1 to IV
Tungabhadra Project and to Special Officer, Tungabhadra
Project, Bellary. - Orders - requested.
Ref:- G.O.No.MS.1682 Edn. dated 2-9-40.

In the G.O cited above sanction has been accorded for the supply of forms only to the Special Deputy Collector, Tungabhadra Project, Hospet. But forms have been supplied also to Special Deputy Collectors II, III, IV Divisions and the Special Officer, Tungabhadra Project, Bellary as per indents received from them to meet their urgent demands in anticipation of sanction. I therefore request that Government may be pleased to ratify my action.

(2) In this connection I also request to be informed whether the supplies of forms made to the abovementioned officers should be treated as free or on cost recoverable basis.

Government of Madras
Public Works Department
Memorandum No. 2008 SI/48-1 dated 6th April 1948.
Sub. Stationery - Tungabhadra project - Supply of forms to the
Special Officer and the Special Deputy Collectors for
Land Acquisition work - expenditure - appointment.
In connection with the supply of forms to the Special
Officer, Tungabhadra Project and the Special Deputy Collectors employed on the
acquisition work it has been suggested that if the cost of Special
Officer and the Special Deputy Collectors is borne entirely by the
Madras Government, the forms asked for may be supplied free of
cost. Otherwise the forms will have to be supplied on payment
of cost so that the expenditure may be apportioned between the two
Governments, Madras and Hyderabad. As the cost of the Land Acqui-
sition Establishment for the submerged area and that of the
Supervision of the Special Officer and the Special Deputy Collectors are appor-
tioned finally between Madras and Hyderabad, the Special Chief
Engineer is requested to report what is being actually done in the
matter of the recovery of the cost of two stationery and forms
from Hyderabad now and if no such arrangement has been made, to
offer suitable suggestions for the same.

ASSISTANT SECRETARY TO GOVERNMENT

SL

22 JUL

5006

SECRETARY TO THE GOVERNMENT,
WORKS DEPARTMENT.

From
Sri N. Govindarajan, B.A., B.E.,
Special Chief Engineer,
Chepauk, Madras.

No. 1128/48P-2, dated 17th July '48.

pp. 7-8 cont

Sub: Tungabhadra Project - Stationery supplied to
land acquisition staff - debit of cost.
Ref: P.W.D. Memo. No.2008-SI/48-1, dt. 6-4-48.

The Govt. Memo. contains a suggestion that if the cost of the Special Officer and his staff is borne entirely by the Madras Government, the forms required may be supplied free of cost. I invite, in this connection the Govt.'s reference to their Memo. No. 3626-G/47-7, dt. 30-3-48 according to which the stationery supplied to all the project offices is to be charged and is not to be free of cost. There is thus no question of free supply of stationery to any of the project offices, even where their cost is borne entirely by the Madras Government.

2. The cost of acquisition of land in the submersible area is to be shared equally by the Madras and Hyderabad Governments. This cost will include, besides costs of land compensation, actual costs of establishment directly engaged on the acquisition (Special Deputy Collectors and their offices) plus a portion of the pay and allowances of the Special Officer and the cost of his office, as supervision charges. The cost of stationery used in these offices will also go along with these charges as part of the establishment costs, and hence no separate apportionment or recovery from Hyderabad, of the cost of stationery alone (which is after all a minor issue) is necessary.

3. I do not think that any action is necessary or can be taken now to recover half the cost of the submersible area. Only a single adjustment need be made when acquisition of submergible land on both sides is completed and the costs are shared. An understanding on the above lines will however be necessary even now. I suggest that this be taken up by the Government if the time be opportune.

4. Since the costs of land acquisition staff, stationery etc., in respect of the reservoir waterspread is to be shared, I expect that the Special Officer will be maintaining separate accounts of these costs. If not, he should be directed to do so.

5. The Special Officer attends to other duties besides land acquisition and his pay and allowances are not therefore debited to "B.Land" but to "f. Establishment - A Special Establishment - Revenue Establishment". Stationery supplied to him will be debited to the contingencies of his office. Only a portion of the costs of his pay and allowances and of office will go to the Reservoir Waterspread costs and it has not yet been decided what this portion should be. This is a point on which the Board of Revenue may be asked.

To A.D.S.

P.H.D. (C-2)

When see the Fin Dept not over. As regards 'A' above it is submitted that similar land acquisition staff are employed by Hyderabad Govt. also and the cost of it will have to be apportioned between Madras and Hyderabad when the Reservoir is complete. Out of the five Dy Collectors and staff and one Spl Officer sanctioned for the acquisition of land in the project area, three Dy Collectors and staff will have to work in connection with the acquisition of land for the submerged area which has to be finally apportioned between Madras and Hyderabad. The other two Dy Collectors are mainly in charge of acquiring land for the canals and distributaries and their expenditure will have to borne by the Govt. The Spl Officer Sanctioned for project is supervising the work of all the five Dy Collectors and also attending the work connected with the general problems of irrigation under the project. The cost of the Spl Officer and his staff will have to be apportioned

between the Head works and the Canals and a portion of the former will have to be met by Hyderabad. In the above circumstances if the forms will have to be supplied on payment of cost, E.P.H. may be requested to fix the rate of proportion between the Head works and the Canals in consultation with the Bd of Rev.

By

From the Splec. Letter No. 1120/48. 28.7.48.
ADS

Please see the notes of E.P.H. at the bottom of p. 6 and the Splec's letter on p. 11 of. In regard to the supply of forms to the Spl. Officer and the Spl. Dy. Collectors for L. A work in the Tungabhadra Project, it was suggested that such a supply may be made free of cost if the cost of the Spl. Officer and his staff is borne entirely by this Govt. The Spl. C.E. has pointed out that such a supply should not be free of cost but that it should be charged according to Govt. Memo 3626-G/47-78 20.3.48. The instructions in para 2 of Govt. Memo on p. 10-61 of refer to the supply of stationery to Tungabhadra Project by the Spl. of Stationery. The case under reference relates to the supply of ^{printed} forms by the S.E.P. If orders in Memo 3626-G/47-78 20.3.48 can hold good in regard to the supply of forms, then it seems that it should be charged.

2. In regard to the recovery of the cost of stationery & forms from Hyderabad, the Spl. C.E. has stated that no separate apportionment or recovery from that Govt would be necessary which he considers it as only a minor issue vide his arguments in para 2 of his letter. His view may perhaps be accepted.

3. The point raised by the Splec. in para 3 of his letter may be taken up separately. An extract of this para may be added on to file 18.50/47 relating to the ratification of The Bd. of Engineers
