Chief Secretariat (O.P.II).

Please see the extracts taken from the call book register above. The concerned papers are put up at (A). The proposal is for the supply of dress to the auto-cycle messengers. ~~Two motor cycles have since been purchased.~~ It has been ordered in the papers at (A) that the orders regarding the contemplated change in the dress of peons may be awaited. No order to that effect has so far been received in this deptt. Two motor cycles have since been purchased and the auto-cycle messengers are using the motor cycles. It is quite essential

essential that the two motor cycle messengers should be supplied with khaki shirts and khaki shorts made of Khaddar, one pair of shoes etc., and an badge with the letters ~~XXXXXX~~ "MESSENGER, SECRETARIAT".

The E. & P.H. may be requested to say whether any order changing the present mode of dress has been issued and, if so, to send a copy of it.

Chief Sectt. (G.P.D.)

A third motor cycle messenger has been appointed and may feel the necessity for dress especially shoes. It is seen from the note

note of the E. S.P.H. deplth. ^{on p. 4 ante} That no orders regarding the change in the mode of dress ^{change so far} have been issued. It is not known when the orders are likely to be issued and whether there will be any change at all. It is for consideration whether the E. S.P.H. deplth. may be requested to accord sanction for the supply of dress as to the three motor cycle messengers as suggested at 'A' on p. 2 ante.

C/S 19/7/48 M 20-7-48

The mess suggested at A on p. 2 ante may be sanctioned for the three motor cycle messengers. E. S.P.H. may be requested to issue the necessary orders.

The cycle peons in the Secretariat are eligible for the supply of clothing on the scale mentioned at 'K' on p. 1. NF & Ldged No. 29B/48 Chief Secretariat dt 7.2.1948. As in the case of cycle peons it is proposed to supply each of the ^{three} motor cycle messengers of the Chief Secretariat with two suits and a badge of identification. A pair of shoes is also proposed to be supplied to each of them as it is very difficult to start the motor cycle with bare feet. The period of wear and tear is to be limited to two years
