P1 N2

SUB:- ANNUAL INDEX - SECRETARIAT DEPARTMENTS - PRINTING.

REF:- From the S.G.P., T.M., dated 24--5--1948 and 10--7--1948.

In G.O. No.904, Edn., dated 13--6--1944, the Govt. directed that the printing of annual indexes of the Secretariat Departments should be suspended for the duration of the war. The Legal Department was however allowed to continue printing of the annual index, ^{and} printing of the half yearly indexes being discontinued.

The Superintendent, Govt. Press, enquires whether the orders in the G.O. have since been modified.

The orders have not been modified so far and the question has to be examined now.

The orders referred to above were issued in 1944 as a measure of paper economy during the war. The present position of paper is not so bad as it was then. The annual indexes will be of much advantage in tracing old papers and a considerable amount of time and labour of clerks will be saved, if the indexes are printed. It will also speed up work to some extent. The printing of annual indexes may, therefore, be revived. As there is, however, still need for exercising the use economy in paper and printing, the number of indexes to be printed may be limited to the minimum.

Public and Finance Departments may see for remarks.
