Sir,

...oOo...

The amount of Rs. 1,07,825 provided for the refund to the Government,
represents the surplus opening balance on 1.4.1947 under Elementary Education
Fund Account.

On account of fall in the receipts during 1947-48 under Education Tax
(i.e.) Rs. 3,78,780 as against Rs. 5,06,395 taken credit in the revised budget
for 1947-48) the Elementary Education Fund Account for the year 1947-48 is
closed with a deficit of Rs. 67,811 instead of Rs. 20,505 even though the expendi-
ture was far less than the amount provided for the revised budget (viz.,)
Rs. 14,63,374 against Rs. 16,90,140. I, therefore, request that the Government
will be pleased to sanction a subsidy of Rs. 2,00,000 immediately to meet the
deficit which will not be less than this as observed by the Government in
their G.O. No. Ms. 1447, Education, dated 2.6.1948 referred to above.

Roc."E" No. 27856-48 dated 26th August 1948.

Sir,

Sub: EDUCATION--Elementary--North Arcot District Board--
Additional teachers--Appointment of--Sanction--
Requested.

...oo0oo...

In the Budget for the current year (1948-49) provision was made for 766 teachers posts under compulsory scheme and 1784 posts in non-compulsory area as detailed below anticipating the requirements to that extent only.

	Compulsory.	Non-Compulsory.
No. of posts existed at the time of preparation of the budget.	330	1,724
Provision for additional posts.	436	60
	766	1,784

Even according to this, the budget for 1948-49 was anticipated to close with a deficit of Rs.1,71,145/- with a minus opening balance of Rs.20,155/- While approving the budget, the Government were pleased to state in G. O. Ms. 1447, Education, dated 2.6.1948, that the question as to how the deficit should be met would be considered separately and directed the Board to report the actual closing balance for 1947-48.

(2) The actual closing balance was minus Rs.67,811/- increasing the deficit by Rs.47,656 due to fall in the receipts under Education Tax and as grants for the cost of furniture to schools in compulsory area and difference in the pay of teachers as per revised scales have not yet been sanctioned. Besides this, the Government have sanctioned the payment of dearness allowance at enhanced rates from 1.1.1948. This is a new item of expenditure not provided for in the Budget and involves an additional expenditure of nearly Rs.1,00,000/- for fourteen months from January 1948.

(3) Consequent on the Municipalisation of Ambur, the schools, under the control of the District Board previously have been transferred to the Municipality with effect from 1.4.1948. Therefore there will be a proportionate reduction of Rs.3458/- in the subsidy paid by the Government under section 37 and proviso to section 37 of the Elementary Education Act.

(4) As regards the provisions made for additional posts for compulsory education it is adequate. But the provision of 60 additional posts made for the schools in non-compulsory area is found to be inadequate and 24 teachers would be required in excess of the budget provision to meet the requirements as per rules so that efficiency might not deteriorate. While arriving at the requirements--retrenchment on account of the transfer of schools to Ambur Municipality and a few with drawals wherever there was fall in attendance, were also taken into account.

(5) According to this, the anticipated deficit in the Elementary Education Account would be Rs. 3,78,325.0.0 as detailed below.

Education cess - 1947-48 - District Board, North Arcot District -
Particulars - Furnished.
Ref: Government Memo No. 58051-B2/48 Edn. dated 14-8-48.

Cess statements No. I and II showing the actual amount of cess collected during fasli 1357 are normally due from the Tahsildars only in November, 1948. This year, they are likely to be delayed, further, on account of the grant of special wet and dry remissions, as the collection accounts and beriz accounts have not yet been finally closed. Further the accounts relating to the collection and distribution of cesses are maintained with reference to each fasli and not with reference to the official year.

2. There has, however, been no fall in the anticipated income under education cesses during 1947-48. The apparent difference of Rs. 1,27,615 between the budget estimate of Rs. 5,06,395/- and the sum of Rs. 3,78,780/- actually advanced during the year 1947-48 to the District Board is explained below.

3. In my reference Pdl. 206/47 dated 18-11-47, the Special officer, District Board, was informed that the budget estimate of education cess for fasli 1357 was Rs. 3,39,753. In arriving at this figure, the enhancement of education cess from 14 pies to 16½ pies sanctioned in G.O. No. 1553 Edn. dated 16-7-47 had been taken into account. The cess was further enhanced from 16½ pies to 24 pies in G.O. No. Ms. 2418 Edn. dated 8-11-47, but this G.O. has not been received by me when sending the budget estimate. The District Board should have taken credit in the budget estimate only for a sum of Rs. 3,39,753 x 24/16½ x 9/12 = Rs. 3,70,639 for the nine months from June, 1947 to March, 1948. The income for the 3 months from April, 1947 to June, 1947, was Rs. 74,100. The total estimated income for year should have been taken as Rs. 4,44,739 only. The Special officer of the District Board, however took credit for a sum of Rs. 5,06,395. This accounts for a difference of Rs. 61,656. A sum of Rs. 45,954 was paid towards the cess due in fasli 1357 during the months of April to June, 1948. A perusal of the accounts maintained in this office shows that in calculating the sum paid between July, 1947 to December, 1947, there was an error which resulted in an under-payment to the District Board to the extent of Rs. 20,000. This will be rectified when making the final adjustment of the cesses for fasli 1357.

4. Thus it will be seen that there was no appreciable fall in the anticipated income under education cess.

..000..

While passing orders on the Budget of the North Arcot District Board for 1948-49 the Government were pleased to state in their Order No.1447-Edn. dated 2.6.1948 that the question as to how the anticipated deficit of Rs.2,00,000/- should be met would be considered separately. No orders have been received till now in this regard. There is no credit in the Elementary Education Fund Account and the General Funds have already been encroached upon. For the payment of salaries of the teachers for November 1948 during this month, I have to wait till the 15th for adjustment of Education Tax and Government Grant under Section 37 of the Elementary Education Act. Even then the amount adjusted would not be sufficient to meet the expenditure. It is not also possible to divert temporarily the General Funds because, road works are in good progress and enough credit has to be placed at the disposal of the Divisional Engineer for the payment of work bills. Government subsidy for the expenditure on compulsory Education for the years 1946-47 and 1947-48 has not yet been sanctioned. A sum of about Rs.2½ lakhs is due to the Board on this account. I, therefore request that the Government would be pleased to grant a subsidy of Rs.2,00,000/- immediately to meet the expenditure. The total amount required for the payment of dear-ness allowance at the current rates as per the revised estimate in Non-Compulsory area along is Rs.4,25,900/- A subsidy of Rs.94,000/- has been sanctioned in G.O.2209-Edn. dated 7.9.1948. I request the favour of very early orders sanctioning the payment of subsidy and the grant due on account of Compulsory Elementary Education Scheme for 1946-47 and 1947-48.

dated 2.6.1948, directed that a sum of Rs.151965/- might be adjusted

Rs.37,000/- was ordered to be taken credit of to the General fund

District Board North Arct. Closing balance on

31.3.48

1) The Special officer District Board North Arct. has reported that the Elementary Education fund account closed with a deficit of Rs 67811/- at the end of 31.3.48. The deficit is reported to be due to the fall in the income under education tax in 1947-48. The Spl officer has stated that the receipts under education tax were Rs 3.79 lakhs as against Rs 5.06 lakhs taken credit for in the BE for 1947-48. It is not known why there has been such a large fall in the receipts under education tax. Presumably the tax was not collected at the increased rate as ordered in November 1947.

The collector of North Arct may however be asked to furnish the reasons for the fall in the income under education tax. A draft memo is submitted for approval.

2) The Special officer has reported that the amount of Rs 1.07625/- provided for the refund to the Govt represents the surplus balance on 1.4.47 in the Ele Edu fund account. It is not known whether the amount has been actually credited to the Treasury. The Special officer is asked to report to again on. Perhaps this may be verified by a reference to the Special officer.

However the deficit balance on 31.3.48 has been arrived at after taking into account the refund of the sum referred to above.

The Spl. Officer to Board, N. India Reports that there will be a deficit of Rs 3.78 lakhs at the end of current year in the ed. dept. The Colr. in his letter of 1.9.47 of current file has stated that further adjustment to the extent of Rs 6 ^{to Rs 10} lakhs has been and should shortly be made towards the arrears of education tax due for 47-48. The Govt. has sanctioned a subsidy of Rs 94,000/- towards the deficit anticipated. If account is taken of these the deficit will be reduced to Rs 2.18 lakhs. This is partly due to an expenditure of Rs 1 lakh on the grant of P.A. to teachers in ed. schools at increased rates. The question whether the rate of ed. tax should be raised to provide funds for this purpose is under consideration. Leaving also this out of account the remaining deficit will be Rs 1.18 lakhs. Perhaps a subsidy may have to be made towards this deficit. The matter may be examined on the receipt of the R.F. for the current year or if a further communication is received from the S.O. No further action seems to be called for at this stage.

The deficit at the end of 1948-49 in
the elementary education fund is anticipated
to be Rs 1.18 lakhs. Leaving out of account
the deficit of Rs one lakh due to the
grant of enhanced rate of dearness
allowance. The Special officer Dist

it may not be possible to ^{meet} ~~meet~~ the
expenditure ^{on} under elementary education
unless a subsidy of two lakhs of
rupees is sanctioned immediately. The
Special officer has requested that he
may be permitted to transfer a
sum of Rs 12,448 being the balance
of the arrears toll compensation
grant to the elementary education
fund towards the deficit. If this is
done, the deficit ^{will} ~~may~~ be ^{reduced to} Rs 1.06 lakhs
and it seems necessary to sanction
a subsidy equal to this amount
immediately.

The Dist Board is eligible for a
subsidy of Rs 3.54 ^{lakhs} towards the grant

A subsidy of Rs 94000 ^{only} has been sanctioned

Sub: GRANTS -- Elementary Education -- North Arcot District Board -- Subsidy to cover deficit in the Elementary Education Account -- Authorization -- Requested.
Ref: Government Memorandum No.92100-B2-48 3 Education, dated 29th December 1948.

I invite your kind attention to the Government Memorandum cited above and my letter dated 31-12-1948, express Telegram dated 5-1-1949 and 17-1-1949 and have to inform you that in spite of two Telegrams authorisation for the disbursement of grant sanctioned has not yet been received. The administration has practically come to a stand still and the salaries of Elementary school teachers were not disbursed before the 15th of this month. In this connection I would like to inform you that there is very loud clamour and discontentment amongst the Elementary school teachers, since their pay was not disbursed in time especially during this month in which Pongal, an important Hindu Festival, came off on 14-1-1949. There is also public agitation and representation in the press. I, therefore, request you to issue the authorisation at least now without further delay.
