Memorial ~~xy~~ submitted by the Public of Udumalpet
to
The Honourable Minister for Education, Government
of Madras.

On behalf of the Public of Udumalpet, we beg leave to place before the Honourable Minister for Education the following facts for favourable consideration and urgent action.

The Local Board High School, which is under the management of the District Board, Coimbatore is growing in strength and popularity. The present strength of the School would have exceeded a Thousand even this year if accommodation was sufficient. Even as it is a few more class rooms have to be provided to relieve the congestion. There is not much open space in the school compound and even this will be very much reduced, if more class rooms are constructed.

M

There are about 100 Girls in the school at present, but they have no playground within the compound. The boys are marched along the public streets to the Hostel ground which is a furlong off, for physical training and games, during class hours. This involves much waste of time,

The open sites mentioned below and indicated in the enclosed plan belong partly to the Taluk Office and partly to the Forest Department and are lying vacant. There is no other open space near the school to provide for its growing needs and future expansion. The site in question will serve the public of Udumalpet, better as a school playground for its future citizens, than as a fuel depot, which should be removed far away from the school compound. It has been leased to a firewood contractor at Rs.50 a year by the Forest Department. If it is found absolutely essential to have a storage depot for the Forest Department, a site can be taken, just outside the living quarters of the Town. To facilitate the expansion of the High School and to meet its growing needs, we would request the Honourable Minister to secure these sites for the school.

N

infra

In the enclosed plan, A/A2 belonging to the Taluk Office and FIB/1, B/B1 and FIB/2 belonging to the Forest Department have to be added to the School compound to provide sufficient open space. In A/A2, a ~~xkx~~ rain-gauge is located. This can be shifted to the space west of the Magistrate's Court and within the Taluk Office compound itself. FIB/2 contains a well which will contnue to be accessible to the public from the road on the East. Later on, site R, which contains the P.W.D. Bungalow and S2 which contains the Municipal Travellers' Bungalow, have also to be acquired. Since proposals for constructing houses in vacant sites in Udumalpet are being considered by the public the question of acquiring these sites also, will have to be urgently disposed of, as it might become difficult later on, to find suitable sites in exchange.

The question has already been raised in a memorandum presented by the Municipal Council to the Honourable Ministers for Public Works and Agriculture, when they visited Udumalpet, and is still pending (vide Government Memorandum No.37894-1-B Edn. of 18-7-46). Representations were also made to the Minister for Education, when he was kind enough to visit Udumalpet, in September 1946, for inaugurating Prohibition. We request the Honourable Minister for Education to requisition the sites for the use of the School.

Besides, the school is badly in need of class-rooms, a larger laboratory and better equipment for the Book-Binding section. Printing may also be introduced. A big building for the attached Hostel with provision for 150 students is another immediate need. We feel that the Highways Department has assigned ~~to~~ the last place to these works and that, due importance is not being given to these works of the Nation-building Departments. Such works are being taken up very late probably when they have no other items of work to be attended to. We request that a very high priority may be given for improvements and additions to school buildings and this fact impressed on the authorities concerned.

With the advent of popular Ministry under an independent Government of ours, we feel assured that Education, in all its aspects, will receive preferential consideration.

Copy of letter No.2666/47-D, dated 2nd February, 1948, from the District Forest Officer, Coimbatore South, to the Chief Conservator of Forests, Madras.

Sub: Forests--Leases--Fuel depot near the local Board High School of Udamalpet--shifting of.

N.C. Ref: Chief Conservator's Ref. No.19969/47-A2, dated 9-1-48 and this Office even No. dated 17-1-48.

N.C. In continuation of my report No.2666/47-D dated 17-1-48

P.T.O.

14

- 2 -

I beg to report that the land in question has been resurveyed and area computed which comes to 2.02 acres against 2.03 acres. The difference of 0.01 acre may be ignored as it is negligible.

In the plot under the control of the Forest Department there are 2 buildings occupied by the Range clerk (c) and by Range Peon (P) A fuel depot also is temporarily located on the northern side of the site. Please see sketch The fuel depot site can be vacated when the lease expires in about a couple of months.

1.P.

From the Forest Department point of view there is no objection to hand over a portion of the land retaining the plot A on the Southern side measuring 0.54 acres to house the Forest Range Clerk and Range peon. The balance area of 1.48 acres may be sold to the District Board at the present market rate which on enquiry is about Rs.25,000/- per acre. The cost of demolishing and reconstructing the Range Clerk's and Range Peon's quarters is also to be recovered from the District Board which on a rough estimate may come to Rs.6000/-.

I am herewith enclosing a copy of letter R.C. No.17747-B6/46 dated 17.1.1948 of the Special Officer, District Board, Coimbatore together with a copy of the Headmaster's letter. There is a compelling necessity for the alienation of the site under question. The Special Officer, District Board, Coimbatore may, therefore, be advised to address the Revenue Department for getting the land alienated from the Forest Department in favour of the District Board for being used as a playground for the Board High School, Udamalpet.

Yours faithfully,

1/2

For Director of Public Instruction.

Enclosure. 23/7

Copy of letter Roc.No.17747-B6/46 dated 17.1.1948 of the Collector and Special Officer, District Board, Coimbatore to the District Educational Officer, Coimbatore and the Nilgiris.

Subject:-SECONDARY EDUCATION--Alienation of land for playground--Board High School, Udamalpet.

19 ante

Ref:-Copy of Govt.Memo.E & P.H., Dept.No.75392-B1/47-Edn., dated 4.10.1947 and your Endt.No.599-E/47 dated 10..11..1947.

The representation made by the public of Udamalpet to the Hon'ble Minister for Education in the memorial, copy of which has been sent to me in your endorsement quoted above are real.

The Board High School at Udamalpet is located in inadequate and inaccommodation buildings in the heart of the town. The school has risen considerably in popularityand it has soon to be housed properly and provided with sufficient vacant sites and playgrounds. Quite close to the existing buildings of the Board High school, the only vacant place available is at present with the Forest Department. It is marked FIBI in the sketch and is shaded red. The portions B/B1 and FIB2 are also with the Forest Department. FIBI is not being used for any purpose legitimately connected with the Forest Department. It is lying vacant and is leased out to a firewood contractor for a petty sum of Rs. 50/-, a year.

Site B/B1 is also a vacant site with the Forest Department.

P.T.O.

FIB2 contains a well which will be made available for public use for drinking water purposes. FIBI and B/B1 can be made available for school purpose and they will eminently be useful for alienation of this site to the Board for the benefit of the High school was made during pre-war time, to the Forest Department and to the Collector but the matter was kept back owing to war. As the Hon'ble Minister has himself observed the necessity for this plot is a very great and this is the only plot available near the school. Immediate action for securing this site for the school is necessary. I request you will be good enough to recommend this v ery strongly to Government.

In this connection, I have to state further that another adjacent site also shaded red in the sketch A/A2 is part of the Taluk Office compound but is a bit that can very well be made to belong to the school without prejudice to the interests of the Taluk Office buildings. No doubt it contains a rain gauge but this rain gauge can easily be shifted to another vacant site in the Taluk Office compound itself. There is another small structure in this site an incinerator and this can be allowed to remain in the same site. Separate action will be taken to address the Collector for alienation of this site to the High School.

Still a third site which can be secured for the school marked S.2 in the plan contains a Municipal Travellers' Bungalow and a vacant site. It is proposed to address the Municipal authorities separately for securing this site. There may however be some difficulty in securing A/A2 and S.2. As regards the sites with the Forest Department there can be no difficulty in making the site available for the school purpose.

sd.
For Special Officer.

Copy of letter C.No.338/43 dated 26.11.1947 of the Headmaster, Board High School, Udamalpet to the District Educational Officer, Coimbatore.

Subject:-Education--Secondary--Board High School, Udamalpet--Acquisition of the adjoining land--Forest Depot site for the playground.
Ref:-Govt.Memo.No.75392-B1/47-1 dated 14.10.1947 and your endorsement Roc.No.599-E/47 dated 10.11.1947 thereon calling for remarks.

At present drill classes are not conducted in the premises of the school compound for want of open space. The boys have to be marched to the Hostel ground which is about 2 furlongs on the main road leading to Dhalli. This absorbs half the period allotted for the drill classes. Further the girls students have no ground within the compound for games. There is no scope for future expansion of this growing institution. There are roads and public buildings on all sides! the only suitable open space available in the vicinity being the Forest Depot mentioned in the reference quoted above. In the annual inspection report it has been remarked that the school is very much in need of accommodation and playground. In the interests of this growing institution, I request that the Forest Depot site may kindly be recommended to be assigned and alienated in favour of the District Board for the purpose of the expansion of the school and for the playground.

sd. S.R. KuppuRao,
Headmaster.

Hon. Sri Madhava Menon.
Minister to the Govt of Madras.

Dear Sir,

There is a proposal to alienate a portion of the Forest Depot at Udumalpet Coimbatore District to the Board High School Udamalpet. For the Forest Department is only leasing out the land and it has no use. The land can be well utilized for the School. The Collector and the Minister for Education have recommended the alienation. I understand that the paper is pending with the Chief Conservator of Forests.

The land is required for the School. I request you may kindly send a note to the Forest Department and find out at what stage is the matter and pass early orders in favour of the proposal.

Thanking you

Yours sincerely

Please see herewith a representation from the public of Udumalpet. There is a District Board High School in this place. Adjoining the High School there is a small plot of land measuring about 2 acres which belongs to the Forest Department. The Forest Department was once using it but now they have leased it to a contractor. The school has no playground and it will be very useful for this High School to have this plot also. In fact, with the extension of the school and its growth in numbers, the necessity for this plot is very great and this is the only plot available near the school. P.T.O.

memo on p 11 c.f.

2. In ~~On receipt of a~~ their memorandum on pp 1-3 c.f. presented ~~by~~ to H.M. (Edn) ~~from~~ the public of Udumalpet have represented among others things that there is not much space in the Dist. Board High School situated in this place for extending the school and providing play-grounds to the students and that adjoining the High School there is a small plot of land measuring about 2 acres which belongs to the Forest Dept. and which can be secured for the school as the Forest Dept. is not using it except ~~to~~ by leasing it to a firewood contractor with ~~an~~ a depot in it. H.M.(Edn) ordered that ~~wanted to examine~~ the question of giving this ground to the Dist. Board High School asking ~~it to shift~~ the contractor ~~to a distant~~ shift to another place might be examined. The E. & P.H. Dept. wanted the remarks of this Dept. on the above suggestion. Before offering any remarks on this suggestion, this Dept. called for the C.C.'s remarks. ~~in the first instance.~~ His remarks are on p. 13 c.f. The plot in question is shown in the sketch on p. 15 c.f. In his letter copied on pp. 13-14 c.f. the D.F.O., Coimbatore has reported that in the

753928/47 of

CMR 98753 CF

plot in question there are two buildings occupied by the Range Clerk and Range Peon ~~which are shown as~~ 'C' and 'P' in the ~~ske~~ sketch and from the Forest Dept.'s point of view there is no bjection to hand over a portion of the land retaining the plot ~~xxx~~ marked A' (Vide sketch p. 15 c.f.) on the southern side measuring 0.544 cres to house the Forest Range clerk and Range peon who will e having no quarters if the plot of 1.48 acres asked for is transferred to the Dist. Board. He has also stated that the fuel epot site referred to by H.M.(Edn) can be vacated in about a couple of months when the lease expires. The D.F.O. has suggested that the plot measuring 1.48 acres may be sold to the ist. Board at the present market rate which is about Rs.25,000/- subject to the condition that the Dist. Board ~~should~~ meets the ~~xx~~ cost of demolishing and reconstructing the range clerk's and ~~xxx~~ ange peon's quarters which ~~on a rough estimate~~ may come to nearly s.6,000/-. The C.C.F. has agreed with the D.F.O. In the ircumstances it is for orders whether the C.C.'s suggestion ill be accepted. After orders are passed the file may be ent to E. & P.H. Dept. for further action.

We need not await the reply of the D.P.I. because, I know the place and it is necessary for the District Board High School at Udumalpet.

2/ I don't think we should ask a price from the District Board for this purpose. This may be transferred to the District Board because it is for a public purpose and for a school. After all this District Board High School is a quasi Governmental institution and so, the site and place may be transferred free. Further action may be taken ~~with regard~~ to ~~the finance~~ follows. The matter may be expedited as it has been pending for a long time.

TSA
8-4-48

Attention is invited to the report of the C.C.F on p13 cf and the Dev. Dept's note on pp 3-4 supra. The plot that will be available to the Dt. Board, Coimbatore for extending the Board High School, Udumalpet is 1.48 acres in extent. The present market rate of the plot is reported to ~~come to~~ be about Rs 25,000/- per acre. Dev agree with the C.C.F that the plot may be sold to the Dt.-Board at the market value ~~for Rs 25,000/~~ subject to the condition that the Dt. Board should ~~also~~ meet the cost of demolishing and reconstructing the Range clerk's and peon's quarters also ~~at~~ which may come to nearly Rs 6000/. The Dt. Board will thus have to pay a sum of Rs ~~31~~ 43,000/ for the plot. But H.M has minuted that the land valued about Rs 37,000 may be given free of charge.

2/ Dev and Finance may see for remarks with reference to ~~para 2~~ of the minutes of H.M (Edn) above. before circulation.

Finance (Audit) Dept.

The notes from X on p 5 above may be perused.

The plot in question covers an area of 1.48 acres and its market value has been reported to be Rs 37,000 at Rs 25,000 per acre. The C. C. F. has reported that in the plot in question there are two buildings occupied by the Range clerk and the Range peon and the cost of demolishing them and reconstructing in another site would amount to Rs 6,000/-. It is submitted that it does not seem necessary that the Government should incur an expenditure of Rs 6,000 in demolishing and reconstructing the quarters in a different site apart from giving the plot in question to the Dt Board. Finance may therefore suggest that the Dt. Board should be asked to bear the expenditure in this regard. The land measuring 1.48 acres may perhaps be given to the Board, subject to the above condition.

para 2, p 13 C

S+DH(AD)

The case relates to the proposal to alienate in favour of the Dt Bd Coimbatore a site measuring 1.48 acres now in possession of the Forest Dept for use as a playground for the Board High School, Udamalpet + for extension to the school free of market value which has been estimated at Rs 37,000. Rev, Dev. + Finance have agreed to the alienation of land. In the plot in question there are two buildings occupied by the Forest Dept Range clerk and the Range peon. The cost of demolishing these buildings and reconstructing them in another site is estimated at Rs 6000. The Finance Dept suggested that the Dt Bd should be asked to meet this cost. H.M (Edn) however proposed that the Dt Bd should be asked to meet the

pages 9-11 above

p 15 cf

X on p 14 cf

Vide above

cost of demolition of the existing quarters in the site & the cost of constructing a compound wall if necessary but not the cost of construction of new quarters for the Range clerk & peon in another site. The Finance Dept do not agree to this proposal, as there seems to be no reason why Gov't while losing the market value of the land proposed to be alienated in favour of the Dt Bd should also incur additional expenditure.

pages 8-9 ante

p 11 ante

The point for decision now is whether the land in question may be alienated in favour of the Dt Bd for the use of the Board High School, Udamalpet, free of market ~~cost~~ value and if so whether the ~~Dt~~ Bd should be asked to meet the cost of demolition of the existing quarters in the site & the construction of a compound wall to separate it from the rest of the land belonging to the Forest Dept, if necessary or whether the Dt Board ~~it~~ should also be ~~required~~ required to meet the cost of construction of quarters for the Range clerk & peon in another site, i.e. the portion marked A on p 15 cf.

1 copy of Inspection notes
Spare Copies ______

The proposal of the Government to alienate 1 .48 acres of the Forest Department site to the District Board and to set a part 0.54 acres on the southern side of the Forest Department site for clerks and peons' quarters is agreed t-o. The cost of demolishing the present quartersx of the Range clerks and peon and of the construction of new quarters for them and of the compound wall will be borne by the District Board. The co-nstruction work may be executed by the public Works Department to save delay.

In this connection, I bring to the notice of Gover-nment that the present pro-posal of Government is to alienate the site F1 B1 in the s-ketch enclosed and to reserve B B 1 to the Forest Department for construction of new quarters for the clerk and peon. At a detailed per-sonal inspection of t-he high s-chool buildings, the adjacent sites and structures and s-heds of the forest department and of the Taluk office, I found that the alie-nat-ion, to the District Board for the High School of the site in F 1 B 1 and B/B 1 West of t-he dotted line in sketch annexed and reserving the extent east of the same line, for the forest department (clerk's new quarters) would secure for the school a compact area and a straight boundary and allow sufficient space for the Forest Department also. The alienation of the Municipal site S 2 is under correspondance with the Municipal Council, Udamalpet and when this is secured the prevailing conges-tion in the school compound will be relieved. An extract of my Inspection notes dated 19-2-48 is annexed.

I therefore, request that Government may issue revised orders in the matter at an early date.

(Sd) F.W.A.Morris.

23 (26) (4) 36582

Copy of Inspection notes of the Special officer, Dist. Board, Coimbatore dated 19-2-48, on the Udamalpet High School, improvements to buildings and extension of site.

As there is some confusion regarding the various estimates that have been prepared for extensions to the existing buildings and acquisition of more space for the school site it is desirable to list them first.

Estimates for extensions of the existing buildings:.

1. Extension of the east and west wings of the Main Block to connect up with the southern block this is C.No.8991/B6/45. I have marked these two extensions as (1) and (2) in the plan herewith. These works have not been executed.

2. Extension to the South Block. This is no. 11 299/45 and as far as I could gather this work has been completed. It is marked (3) in the Plan.

3. The construction of a Jubilee Examination Hall. It was proposed to construct this in the space between the East and West wings of the main block (Marked (4). This was rightly objected to by the then D.B.E. as being too congested and cutting off all breeze and light. This has not been executed,

4. The construction of a Science Laboratory by Sri V.Ramaswami Naidu, Rs.10,000 offer. This is C.No.30311/S.E.2/47. It is proposed to locate this at (5)

Then there is the proposal to acquire more land.

(2) ~~1~~. S.F.No.245/F1/B1 site belonging to Forest Department.
1. S.F.No.245 A/A2 (Part of Taluk office Compound. This is Roc 4853/S.E.2/DB/48.
3. S.F.No.245/S2, site belonging to Municipality locating Municipal Travellers bungalow.
4. S.F.No.245/R site belonging to P.W.D. locating P.D. Rest house.

The subject is also closely connected with R.C.22034/DB/B6/44 which relates to exchange of site of Municipal Market for DB playground in S.F.1430 and 143 B of Udamalpet Town,

I inspected all these sites and have examined all the proposals. I also called a meeting of the leading citizens of Udamalpet, including the Chairman and Commissioner of the Municipality. The Public are very keen to have an intermediate College in Udamalpet. They say their children cannot get accommodation in Coimbatore and elsewhere. I told then that (1) I was not prepared to commit the District Board to such new recurring expenditure (2) that I did not think Government would approve of the suggestion (3) that if another college was required in the District it would be better placed at Tiruppur, which is more central.

I told them that if they desired to have a new High School located in S.F. 143 B and C (the existing playground and site for market) I was prepared to consider the proposition favourably. This would cost over Rs.2 lakhs and the public would have to contribute 50% of the whole. As the policy of the All India Congress Committee was not yet known regarding the form of memorial to be erected to Gandhiji they wished for time until the end of February to inform me whether they were willing to subscribe towards a new High School in S.F. 143 B and C.

Presuming it is decided to extend the present site by acquiring the neighbouring lands my opinion is this:.

S.No.245 A/A2 Taluk office Site. As such this is no use to the school but if S.No.245 F1/B1 (forest Department site) is also acquired then this site also is necessary. There is no objection to handing over this site to the Dist.Board for school purposes--Only a rain guage and incinerator (which is not used) are located there and an abandoned tennis court. Probably the

rain wage need not be interfered with for the moment
care will not cost much to move into the Taluk office com

S.No.245 F1 /B1 Forest department site. There is a temporary shed erected by the contractor on these site which will have to be removed. I am informed that the Forest department wished to retain the south portion (south of points L-K) in order t o locate the clerk's quarters therein after removal from the centre of the plot (shown as shaded in plan). I would suggest as a better solution that the Taluk office boundary wall B D already in existence be continued to point E. This wo uld excluded the Ranger's quarters the Public well at F 1 /B2 and also leave sufficient space for the new clerk's quarters. It would also give the school a straight boundary and there is no room for any further building east of the boundary line BDKE.

S.No.245 S.2 municipal travellers bungalow site. A travellers bungalow for the general public is essential in Udamalpet Town as tthe P.W. Rest House is continually occupied by officials. The existing travellers bungalow is a very poor affair. Although S2 boundary line is show n as running along I,H,M actuall on the ground in runs roughly as I,N,J (Not quite joining J but just north of it) . I would suggest that the portion East of I, H,N, be given to the High School and a new travellers bungalow constructed in the portion west of this line.

As regards S.F.No.245 B,P.W. rest house, this cannot be given up. It is frequently used by officers and is very centrall situated. Touring officers these days prefer a rest house near th hotels and so relinquishment of B is out of the question.

If the portions suggested are handed over to the School th following costs have to be incurred.

1 .Building of a compound wall along A-B approx. 264 Ft. at Rs.5 per cubic foot.	
-do- BDKE approx 462 Ft.	
-do- GHN approx 165 ft. = 900Ft. -Rs.	4500/
JE is a wall Note NJ already has wi re fence/cost of removal of existing school walls will be covered by value of material.	
2. Filling in well in school compound.	200
3. Removal and reconstruction of latrine.	3000
4. Construction of new clerk's quarters forest department.	5000
5. Construction of two new class rooms at 5.	10000
6. Construc tion of science Lab Rs.25000 minus donations Rs.10000	15000/
7. Construction of Jubilee Examination hall	15000/-
8. Construction of new Municipal T.B.	20000/-
Total	72700/-

If the Rs.10,000 donation towards t he Science Lab is also taken into account the total cost is roughly Rs.80000 of which the Udamalpet Public Have to find Rs.40000. Of this ① has already been promised for science lab the municipalities have promised Rs10000 Rs.10000 towards t he new Travellers Bungalow and so they have raise Rs.20,000 by public subscriptions.

Note:1. I have only made arrangements for two class roo instead of fo ur as the headmaster says they can use the existin T.B. as two c lass rooms.

Note: 2: The science Lab and the Examination Hall can be located east of (5) as there will be ample space w hen F1/B1 (for department land) is acquired.

Note : 3 : The existing latrines will have to be located elsewhere, preferably towards the ~~x~~southern boundary of the newly acquired land.

27 98

I had considered using the existing building as an Elementary school (as at Kollegal) should a new High School be erected. But I am informed that the present Government policy is to locate an Elementary school in each Munici pal ward and in any event the school would be too unwieldy. I can think of no other use for the existing school should a new one be constructed.

The present position is this:.

1 .The Public to inform us by t he end of February w hat is their decision whether to have a new High School at S.F.No.143 C and B or to extend the existing school.

2.If it is decided to extend t he existing school ~~as~~ we have to get S.F.No.245 A/A2,F1/B1 and eastern portion of S 2 assigned to the school.

3. The Udamalpet Public Have to contribute Rs.20,000 in addition to t he donation of Rs.10000 and Rs.10000 from t he Municipality towards cost of new T.B.

This can L.O. t ill end of the month.

(Sd) F.W.A.Morris.

Sir,

Sub: Schools - Secondary - Board High school - Udomalpet - Alienation of site belonging to the Forest Department for use as playgrounds.

Ref: Government Memo.No. 74822-B1/48-1 Education dated 17-11-1948. —p11 ante

p3 ante

(P) The rectangular plot B/B1 (0.54 acres) originally allotted to the Forest Department in G.O.Ms.No.2241 Education dated 9.9.48 for the construction of quarters for the Range Clerk and the peon is better suited for this purpose than the narrow strip of land to the east of the line B.D.K.E. in the sketch enclosed for the reasons given below. The District Forest Officer Coimbatore South points out that the site to the east of the line marked B.D.K.E. in the sketch is a narrow strip of land having street gutter as its frontage and that it is cut into two bits by the existence of a plot F1 B/2 which is an abandoned well. He adds that, from a hygenic point of view, the ~~the~~ narrow strip of land is not at all suitable for the construction of residential quarters. The conservator is of the opinion that, apart

2

P.3 ante

P.T.O.

~~187~~ 53

A

from hygenic considerations, the strip of land B.D,K.E. will be too narow for the construction of residential quarters with sufficient space on its front and back sides. He also pointout that from the sketch it may be seen that theobject aimed at by the Special Officer would be gained by the exclusion of the plot already set apart for this department in the Government Order cited instead of adopting the alternative now suggested by him.

7 APR 1949

2. I agree with the Conservator and recommend that the plot B/B1 (0.54 acres) referred to may be ordered to be retained by the Forest Department for the construction of the residential quarters.

3. The enclosures in original received with the Government memo cited are resubmitted.

Enclosures ________

Spare Copies ________

My views are already seen set out in my former letter Roc No. 9660/S.E.2/DB/45 dated 3-10-48, wherein I have stated that the alienation of the Forest department land including Forest Depot land, will alone secure a compact area and a straight boundary to the school. The alienation of Municipal site S 2 is also under consideration and is pending with the Udamalpet Municipal council. These three sites will, surely, provide a spacious playground to the Board High School, Udamalpet which is a rapidly growing institution. The proposal is also mutually advantageous in that it will allow sufficient space for the putting up of residential quarters for range peon and clerk. p1 cte

In the above circumstances, I request that Government may be pleased to examine the matter in full and pass such orders as they deem fit. Early orders are necessary, as the matter is already pending long.
