SIR,

R.O.C. NO.909/D.1/48, Dated 9th August 1948.

Subject: GRANT - TEACHING - Aided Secondary Schools -
Revised Scales of pay - Non-adoption in
respect of particular individuals -
General sanction - Requesting.

In Government Order No.975 Education dated 10th May 1947,
the Government advised the managements of Aided Secondary Schools,
to introduce the scales of pay fixed for teachers in Secondary
Shhools under Local Bodies and with a view to enable them to
find the funds required for meeting the extra cost involved,
the basis of assessment of teaching grant was raised from one half
to two thirds of the approved net cost. In view of this,
in Government Order No.1154 Education dated 5th June 1947, the
Government insisted on all managements of aided secondary
schools introducing at least the scales of pay fixed for
teachers in schools under local bodies from 1st June 1947.

From the reports received from the Inspecting Officers,
it is observed that there are a few schools which have not still
adopted at least the local body scales. But in cases wherever
local body or Government scales of pay have been introduced, the
question has arisen whether the failure on the part of the
management to allow the Local Body or Government scale of pay
as the case may be in respect of individual cases should render
it ineligible for two thirds grant. In this connection,
I enclose herewith a copy of letter No. Nil dated 13th July 1948
received from the Correspondent, The National High School for
Girls', Triplicane, Madras, for information of Government.
In the course of scrutiny of financial statements for the
year 1947-1948 it is found that similar cases are likely to come
up for consideration and I feel that the managements should not

should not be ~~derived~~ two thirds grant for failure to adopt the Local Body or Government scale of pay in respect of individuals. In the case of the school in question, the reasons adduced by the Correspondent seem to be acceptable. As the Government Orders on the subject do not specifically empower me to allow such deviations, I request ~~the~~ Government to empower the Director of Public Instruction to allow such deviations in deserving cases.

YOURS FAITHFULLY,

M. S. Rukmani
for DIRECTOR OF PUBLIC INSTRUCTION.

Under the existing orders, teaching grants on the basis of two-thirds of the approved net cost is admissible only to the managements of those aided secondary schools which have adopted the revised scales fixed by the Govt. for the staff in Govt. secondary schools or Secondary schools under local bodies. The D.P.I. reports that the managements of a few aided secondary schools have not allowed the benefit of the revised scales in certain individual cases even though they have adopted the revised scales of pay generally and recommends that even those schools should be allowed the benefit of the increased teaching grant provided the reasons adduced for not adopting the revised scales of pay in respect of individuals are acceptable. The Govt. accept the Director's recommendation. The Director is authorised to allow such deviations in deserving cases, ~~for a limited period~~.
