Sir,

Sub: Scholarships - Arthur Hope College of Technology  
Coimbatore - Modification of distribution -  
Proposed.

---

I have the honour to state that in G.O. No. Ms. 797

Edn dated 12-4-46 Government were pleased to sanction four  
scholarships of the monthly value of Rs. 20/- for each of the  
four classes in the Arthur Hope College of Technology, Coimbatore  
with effect from the Academic year 1946-47. The above four  
scholarships were distributed in the following manner with  
reference to the Rules approved in G.O. No. Ms. 456 Law (Edn) dated  
16-3-33.

1. One Scholarship to a Muslim student.
2. Two Scholarships to students of educationally backward  
communities including the scheduled castes, other  
than the Muslim Community.
3. One scholarship irrespective of the community to which  
the student belongs.

2. The Principal, Arthur Hope College of Technology  
Coimbatore now reports that out of 8 students, who were granted  
scholarships in the I and II B.E. classes during 1946-47,  
five are enjoying half fee concession in addition to the Govt.  
Scholarship. He desires that both the benefits of Government  
scholarship and half fee concessions under Rule 92 M.E.R. should  
not be made to overlap on the same recipient and that the rules  
may be modified so as to spread the benefits of Government  
scholarship and fee concessions over a large number of students.  
The other Principals of Engineering Colleges were consulted  
in the matter. The Principal, College of Engineering, Guindy  
does not support the proposal, while the Principal, College  
of Engineering, Coimbatore agrees with the proposal of the

Principal

Principal, Arthur Hope College of Technology, Coimbatore.

3. As the Engineering course is very expensive and as the backward communities are financially very poor, I consider that both the scholarships and fee concessions for which they are eligible for should be allowed to be enjoyed for should be allowed to be enjoyed by them. I, therefore, do not support the recommendation of the Principal, Arthur Hope College of Technology, Coimbatore. The only modification I would suggest is that of the four scholarships, two scholarships should be awarded on merit and the other two for backward communities, including Muslims. No reservation need be made for Muslims.

4. I request that the above suggestion may be kindly approved by Government.

fr on the D.P.I. No. 2047-E/47 dated 15.10.47.

The D.P.I. is requested to state whether his intention is that these proposals in para 3 of his letter read above should be made applicable to all the Engg. colleges; and, if not, how it will be justified to have one set of rules for the distribution of scholarships in one college and another for the other colleges. The Director is also requested to explain in detail the grounds on which he has made the proposals in question.

---  
The proposals submitted by me in para 3 of my letter  
ROC.No.2047-E/47 dated 15-10-47 may be made applicable to all  
the Engineering Colleges. With reference to the query raised  
in the last sentence of the Government memo. referred to above,  
I have the honour to state that no special reservation for  
muslims is necessary and their inclusion among other backward  
communities is sufficient. In order to see that deserving  
candidates of non-backward communities are not completely  
overlooked, 2 of the 4 scholarships were recommended to be  
given on merit irrespective of community.

DRAFT AMENDMENT.

### 1. Engineer Class.

Rule 43: Government scholarships: Twelve scholarships of the monthly value of Rs. 20/- each, six for the first year students and six to the third year students, will be awarded annually to the most deserving among the poor students as follows:

1. Three scholarships to students belonging to educationally backward communities under Madras Educational Rules 92, including Muslim and Harijans.

2. Three scholarships on merit to students irrespective of community to which they belong.

If in any year there is no duly qualified candidate from any one of the above categories, the scholarship may be awarded by the principal to a deserving student from the other category.

Applications for scholarships should be submitted before a date which will be notified at the commencement of the session. The Principal will grant scholarships to the most deserving among the applicants, taking into consideration their character and past academic career.

The scholarships awarded in the first and third year classes shall be continued in the second, and 4th year classes, provided the conduct and progress of the scholarship holder are found to be satisfactory. Scholarships shall be discontinued in the case of students who fail to obtain promotion to the higher class. In the event of a scholarship lapsing from these or other reasons, it shall be awarded in the class at the beginning

of the next session to a poor deserving student of the same category to which the previous scholarship holder belongs; if no suitable candidate of the category is available, it may be given to a student from the other category. A scholarship which falls vacant in the middle of a session should not be re-awarded till the beginning of the next session when it shall be granted to a student of the next higher class under the above circumstances.

One scholarship of Rs. 20/- per mensem tenable for three years may be awarded annually to a European or Anglo-Indian student at the beginning of the course of study, under the Code of Regulation for European schools.

Proviso: In the award of scholarship under this rule students who hold one of the scholarships mentioned in rule 44 shall be treated as disqualified.
