Education- Secondary Board High schools, Appointment of
Headmasters as District Board Educational Officer.
Resolutions of the Headmasters conference.

I am forwarding herewith an extract (resolutions 9 and 10)
of the Proceedings of the conference of the Headteachers of Board
Secondary schools passed at its meeting held in the District Board
Office on 27-5-48. I feel that the request of the Headmasters
is quite in order and deserves sympathetic consideration.

The present practice of appointing a Government servant as
District Board Educational Officer has its own disadvantages.
Quite recently when the District Board Educational Officer
Sri O. M. Nambiar abruptly stopped away producing medical
certificate, the District Board was put to lot of difficulties
to manage the work and the Special Officer could not make
any immediate arrangement for the conduct of work. The matter
dragged the correspondence and it took 2 months to get the loan
of services of an officer.

I see no reason why competent headmasters or a senior
L.T. assistant who has aptitude and capacity to turn out large
volume of desk work should not be permitted to be employed as
District Board Educational Officers. The Deputy Inspectors
themselves are new to the nature of work expected of District
Board Educational Officer.

Government have now accepted that Headmasters in L.F.
institutions can apply for supervisory posts of District Educa-
tional Officers. As such their claim for appointments as District
Board Educational Officer has to be conceded. Moreover head-
masters or L.T. assistants who might get chance to work as
District Board Educational Officers will be more fitted for the
higher supervisory post with their experience of a large office
work. It is considered that they should have any short training
in the work of Deputy Inspectors they can be given such
training.

I therefore commend the resolution for the consideration
of Government.

2. I do not recommend the request of the Special Officer, District Board, Malabar that the Headmasters of Board Secondary Schools and Senior L.T. Assistants employed in them should be considered for appointment as District Board Educational Officers. 2. I do not support the Special Officer's proposal. Apart from the fact that the Headmasters of District Board High Schools have no knowledge whatever of the administration of Elementary Education, an employee of the Board can hardly be expected to give independent advice to the President.
