Co-ordinating Committee of the
All India Council for Technical Education-
Changes in composition.

Sir,

I am directed to say that at the last meeting of the All India Council for Technical Education held at Bombay on the 22nd April, 1948, the question of granting enhanced representation to the Provinces and States on the Co-ordinating Committee of the Council was discussed and it was decided that there shall be four members on the Coordinating Committee representing the Provinces and States instead of two, and that the Provincial and States' representatives on the Council from each region as demarcated by the Council for the purposes of the composition of the Regional Committees of the Council should elect one member each. (Copy of relevant extract from the proceedings of the meeting attached).

In accordance with the above decision of the Council one member from the Provincial and States' representatives of the Southern Region on the Council Viz.

- 1) The Hon'ble Minister for Education, Madras,
- 2) Sayed Ali Akbar, Director of Public Instruction Nizam's Government, Hyderabad (Deccan).
- 3) The Director of Public Instruction, Mysore Government, Bangalore.
- 4) Representative of the Cochin and Travancore States (Till lately Major D.L. Deshpande, Principal Engg. College, Trivandrum).

is to be elected by the representatives concerned to represent them on the Co-ordinating Committee. It will be greatly appreciated if in consultation with your other colleagues of the Region Viz., Sayed Ali Akbar, Hyderabad (Deccan), the Director of Public Instruction, Mysore Government, and Travancore and Cochin Governments., you will kindly intimate to the undersigned the name of the representative for the Coordinating Committee at an early date,

Yours faithfully,

S. R. Sen Gupta 12/7/48

Extract from the proceedings of the third meeting of the All India Council for Technical Education held at Bombay on the 22nd April, 1948.

Item No. 4 (b).

To consider the suggestion of the Government of Bombay on the composition of the Co-ordinating Committee and the proposed Regional Committees of the Council (Annexure VII).

The Coordinating Committee had recommended that the number of representatives of the provinces and States be increased from two to four. At present all the members representing Provincial Governments on the Council elected one from amongst themselves to the Coordinating Committee and the representatives of the states did likewise. In the new set up it seemed necessary to grant representation to the Provinces and states together. The Coordinating Committee therefore recommended that one states constituting a region be elected by their representatives on the Council.

The Council unanimously accepted the recommendation of the Coordinating Committee.

Resolution: There shall be four members on the Coordinating Committee of the Council representing the Provinces and States. The Provincial and States' representatives on the Council from each region as demarcated by the Council for purposes of the constitution of regional Committees shall elect one member.

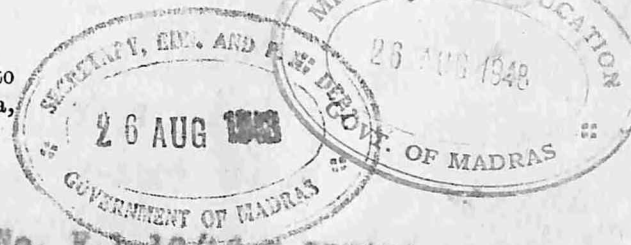

The Secretary pointed out that with the adoption of this resolution Dr. V.S. Jha and Major D.L. Dashpande ceased to be members of the Coordinating Committee and requested the representatives from each region to proceed with the election of a member. The members wanted some time and the election was therefore deferred to a later date. It was suggested that this should be done by correspondence.

Subject:- Co-ordinating Committee of the All India Council
for Technical Education- Changes in composition.

Sir,

With reference to my letter No. F.1-10/48-E III(P) dated the 19th July, 1948 on the subject mentioned above, to the Hon'ble Minister for Education, Madras, with copy to you, I am directed to say that the Chairman of the Council proposes to convene the next meeting of the Co-ordinating Committee some time during the first week of October 1948, and it is therefore important that the election of the Provincial and the States Governments' representatives on the Committee should be expedited as much as possible. It is however felt that a timely mutual decision through correspondence between all the Provincial and States representatives on the Council may not be possible. It is therefore proposed that one of the members of the Council from amongst the Provincial and States representatives from each region may be requested, with the concurrence of other members concerned, to accept the membership of the Co-ordinating Committee.

If you agree, the Hon'ble Minister for Education, Madras may perhaps be requested to represent the Provincial and State Governments in the Southern Region on the Co-ordinating Committee of the All India Council for Technical Education till April 1949 when the Council is due to be reconstituted.

The representatives of the other Provincial and State Governments in the Region have been addressed accordingly.

An early reply by telegram will be greatly appreciated.

Yours faithfully,

(S.R.Sen Gupta)

Copy forwarded to the Hon'ble Minister for Education Government of Madras, Madras, for information and with the request to kindly let me know whether he agrees to the above proposal.

=====

Sir,

With reference to my letter No. F.1-10/48-E III(P), dated the 19th August, 1948, to the Director of Public Instruction, Mysore, Secretary to the Government of Travancore, and the Director of Public Instruction Hyderabad (Deccan), with copy to you, regarding election of a representative of the Provincial and States Governments' of the Southern Region on the Coordinating Committee, I am directed to say that all the above mentioned members of the All India Council for Technical Education except the Director of Public Instruction, Hyderabad, who has not replied, have elected you to represent them on the Coordinating Committee.

In the circumstances it will be greatly appreciated if you will kindly agree to represent the Provincial and the States Governments of the Southern Region on the Coordinating Committee of the All India Council for Technical Education and inform this Ministry at an early date preferably by telegram.

Yours Faithfully,

All India Council of Technical
Edu - Co-ordinating Committee
change in composition.

d/11 ca

In 1944, the Govt. of India
forwarded for the consideration of the Govt.
a draft resolution which provided for the
establishment of an All India Council
of Technical Edu and for the Provincial
Govt. being represented at it by a Minister
or Adviser or his representative. With reference
to this resolution, this Govt. agreed to
the establishment of the All India Council
and nominated the H. D. S. C. as their
representative in it. Subsequently at the
instance of the Govt. of India, this Govt.
nominated the H. D. S. C. in the place of
the H. D. S. C. The Council is composed
of among others of a representative of
each of the Provincial Govts and 5
representatives of the States nominated by
the States Ministry. The Council has set
up the following Committees:-

- (1) Subjects Committee
- (2) Regional Committee
- (3) Co-ordinating Committee

s/2 ca

In 1947, the Govt. of India intimated
to the Govt. with their approval the
Council had set up three subject committees
to be designated as Boards of Technical
Studies one for each of the main subjects
of technology.

2. In their letter no. 1122 dated 10/12/47, the Govt. agreed to the proposal formulated by the co-ordinating committee of the All India Council as to the demarcation of regions and the composition of regional committees. The Southern Region comprises Madras, the States of Hyderabad, Mysore, Travancore, Cochin and other Southern India States. The Provincial Govt. are to have two representatives on this committee, namely the Provincial representative on the All India Council [the HSI (Eds)] and the other yet to be nominated. The States' representation is to be limited to the 3 members of the All India Council for Technical Ed. representing the States of Hyderabad, Mysore and Travancore.

3. In 1947, the Govt. of India initiated with their approval, the Council had set up a co-ordinating committee which as the Executive Committee (or the Working Committee) of the Council, would co-ordinate the work of the subject committees in the Boards of Technical Studies, Technical Studies and the Regional Committees. They did not however make it clear how the Committee had been constituted. It is now seen from 'A' at p 2 of, that the Provincial representatives on the All India Council had elected one member to the Committee and the S. States' representatives on the Council elected another member to the Committee.

2. now at the Jan. meeting of the All India Council for Technical Ed. which the HSI (Eds) attended, the question of granting enhanced representation to the

In accordance with this decision the three representatives of the All States of Hyderabad, Mysore and Travancore on the All India Council and the representative of the Govt. on the Council - (the HSI (Eds)) have to elect one from amongst themselves to the co-ordinating committee. But to save time, the Govt. of India have proposed that till April 1949 when the All India Council is due to be re-constituted, the HSI (Eds) may represent the Provincial and State Government in the Southern Region on the co-ordinating committee and have accordingly addressed the concerned Govts. seeking their concurrence. Orders may be taken in circulation whether the proposal of the Govt. of India will be agreed to.
