D.C.

Dear Mr. Savor,

p2w/ra
74778
I am herewith enclosing a copy of a D.C. that I have received from Mr. S. R. Sen Gupta, Deputy Educational Adviser, Government of India in connection with provision of seats for Hindu and Sikh refugee students from the Punjab and the U.E.D. Engineering College, Karachi, so that we may be prepared to deal with the request of the Government of India when it comes through you officially.

2. I have requested Mr. Sen Gupta to address the Government of Madras giving full particulars of the courses undergone by the students concerned and the syllabuses of those courses.

Yours sincerely,

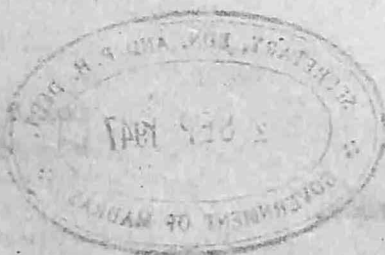

J. V. Ruckhu

Dr. S. R. U. Savor, M.A., I.R.S., D.Sc.,
Director of Public Instruction,
Madras.

No.F.12-70/47-E-1110 P1.
Government of India, Ministry of Edu-
cation, New Delhi, the 6th Sept.1947
12th

Dear Principal,

We are receiving numerous requests from the Hindu and Sikh refugee students from the Punjab for seats in the Engineering Colleges and Engineering Schools in India. To the best of our information, 300 students who were studying Overseer course in the Rasul Technical School and about 69 students who were studying in the MacLagan Engineering College, Nagarpura, for engineering degree, are wanting seats mostly in Civil, Mechanical and Electrical Engineering branches. A number of students of the N.E.D. Engineering College, Karachi, are also anxious for transfer to Engineering Institutions in India.

I have no doubt, you will agree with us, that even though there may be administrative and other difficulties, their requests deserve serious and sympathetic consideration. I should be grateful if you would kindly let us know immediately whether you are in a position to offer a few seats to these students. We shall, of course, in due course, preferably on receipt of your reply, write to the authorities concerned with your institution officially. Particulars concerning the students will also be supplied to you in the very near future.

An early reply will be greatly appreciated.

Yours sincerely,
Sd/- S.R.Sen Gupta.

Dr.J.J.Rudra, M.B.E., M.A., B.Sc.,
Principal, College of Engineering,
Guindy, MADRAS.

Very urgent

BY AIR MAIL.

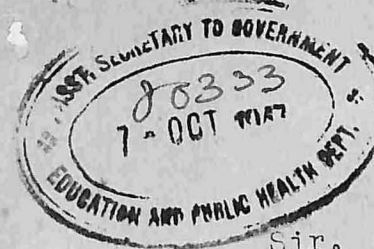

No.F.12-70/47-E.III(P).
GOVERNMENT OF INDIA.
MINISTRY OF EDUCATION.
NEW DELHI, the 11/10/47, 1947.

From

Sir John Sargent, C.I.E., M.A., D.Litt.,
Secretary to the Government of India,
New Delhi.

To

The Secretary to the Government of Madras,
Education and Public Health Department,
MADRAS.

Sir,

I am directed to state that the Government of India are anxious to secure seats in the Engineering Colleges in India, for the refugee Hindu and Sikh students of the MacLagan Engineering College, Moghalpura (Punjab), the N.E.D. Engineering College, Karachi, the Rasul Technical School, and other technical institutions in the Western Punjab and Sind.

According to available information about 150 Engineering Degree students and about 300 overseer students are involved. Forty two students of the MacLagan Engineering College have completed their first year's course and seek admission to the second year and twentyseven students have completed their second year's course and require admission to the third year. Similar information regarding students of the N.E.D. Engineering College and Rasul Technical School is being collected and will be furnished shortly. Particulars of the Degree courses of studies provided at the MacLagan Engineering College, Lahore and the N.E.D. Engineering College, Karachi are appended hereto.

2.

I am to say that the educational institutions including the University and the technical are already...

and if so, many. An early reply is requested.

are already exerting themselves to the utmost to provide and extemporise facilities. Unfortunately the University has no technical department at the moment and since the MacLagan Engineering College and the N.E.D. Engineering College students have been preparing for degrees, they will fit in better in a college providing degree courses rather than in the Delhi Polytechnic, apart from the fact that institution has already taken in as many additional students as it can manage. In the circumstances the Government of India trust that the Provincial Government will agree to absorb as many of these refugees students in the Engineering colleges under their jurisdiction as may be possible, and intimate to the Government of India the number of students that can be admitted to the different classes.

A very early reply will be greatly appreciated

I have the honour to be,
Sir,
Your most obedient servant,

for Secretary.

DEGREE COURSES AT THE PUNJAB COLLEGE OF ENGINEERING
AND TECHNOLOGY, LAHORE (MacLagan College)

Bachelor of Engineering in Civil Engineering, Mech. Engg. and
Electrical Engineering.

- (a) Admission qualification .. Intermediate Science.
- (b) Duration of the courses .. Three years.
- (c) University examination .. At the end of one year,
two years and on
completion of the course.
- (d) The first year and the second year courses are common for
the three branches of Engineering.
- (e) Particulars of subjects taught, examinations, marks, etc.

(i) CIVIL ENGINEERING COURSE.

First Engineering.

1. Mathematics .. One paper of 100 marks.
2. Mechanics .. One paper of 100 marks.
3. Engineering Drawing
and Design and
Practical Geometry .. One paper of 100 marks;
practical and viva voce
examination 100 marks.
4. Physics & Elect. Engg. .. One paper of 100 marks;
practical and viva voce
50 marks.
5. Applied Chemistry and
Chemical EngineeringOne paper of 100 marks;
practical and viva voce
50 marks.
6. Surveying .. Two papers of 100 marks
each; practical and
viva voce 50 marks.

Second Engineering.

1. Mathematics .. Two papers of 100 marks
each.
2. Strength of Materials
and Theory of structures .. One paper of 100 marks;
practical and viva voce
50 marks.
3. Hydraulics .. One paper of 100 marks.
4. Mechanisms .. One paper of 100 marks.
5. Heat Engines .. One paper of 100 marks;
practical and viva voce
50 marks.
6. Engineering Drawing
and Design .. One paper of 100 marks;
practical and viva voce
100 marks.
7. (a) Electrical Engg.
(D.C. and A.C.) .. Two papers of 100 marks
each.

- (b) Electrical Instruments and Testing .. Practical & Viva Voce 50 marks.
- (c) Electrical machinery and equipment .. Practical and viva voce 50 marks.

Final Examination in Engineering.

1. Mathematics .. Two papers of 100 marks each.
2. Irrigation, water supply and drainage engineering One paper of 100 marks.
3. Hydraulics .. One paper of 100 marks: practical & viva voce 50 marks.
4. Strength of materials and theory of structures Two papers of 100 marks each; practical and viva voce 50 marks.
5. Building Construction and Sanitary Engineering One paper of 100 marks.
6. Road, Railway and Misc. Engineering & Earth work One paper of 100 marks.
7. Surveying .. One paper of 100 marks practical and viva voce 50 marks.
8. Geology, Mineralogy and Chemistry .. One paper of 100 marks.
9. Engineering Drawing, Design & Specifications Practical and viva voce 200 marks.
10. Estimates, Bills, quantities and accounts .. Practical & viva voce 50 marks.

(ii) MECHANICAL ENGINEERING COURSE.

First and Second Engineering

same as for Civil Engineering.

Final examination in Engineering:

1. Mathematics .. Two papers of 100 marks each.
2. Mechanism .. One paper of 100 marks.
3. Hydraulics .. One paper of 100 marks; practical and viva voce 50 marks.
4. Strength of Materials and Theory of Structures .. Two papers of 100 marks each; practical & viva voce 50 marks.

Final examination in Engineering (contd.)

5. Industrial Administration .. One paper of 100 marks
6. Workshop Organisation and Management .. One paper of 100 "
7. Heat Engines .. Two papers of 100 marks each; practical and viva voce 100 marks.
8. Engineering Drawing & Design .. Practical & Viva voce 200 marks.

(iii) ELECTRICAL ENGINEERING COURSE.

First & Second Engineering:-

Same as for Civil Engineering.

Final examination in Engineering:-

1. Mathematics .. Two papers of 100 marks each.
2. Design of Electrical Machinery Two papers of 100 marks each.
3. Electrical Generation and Distribution .. One paper of 100 marks.
4. Electrical Transmission .. One paper of 100 marks
5. Electric Traction .. One paper of 100 marks.
6. Electrical Communications .. One paper of 100 marks.
7. Heat Engines .. One paper of 100 marks.
8. Strength of Materials & Theory of Structures .. One paper of 100 marks.
9. Engineering Drawing & Design .. Practical and viva voce 200 marks.
10. (a) Electrical Instruments & Testing .. Practical & Viva voce 50 marks.
11. (b) Electrical Machinery and Equipment .. Practical & viva voce 50 marks.
- (c) Electrification schemes .. Practical & viva voce 100 marks.

(7)
(a)

11

PARTICULARS OF DEGREE COURSES AT N.E.D.
ENGINEERING COLLEGE, KARACHI.

Bachelor of Engineering degree in (i) Civil Engineering
and (ii) Mechanical and Electrical Engineering.

- (a) Admission qualification ... Intermediate Science.
- (b) Duration of the courses ... Three and half years.
- (c) University examinations ... At the end of one year, two years, three years and on the completion of the course. The first year course is common to both Civil Engineering and Mech.-Elect. Engineering.
- (d) Particulars of subjects taught, with examination papers, marks etc.

(i) CIVIL ENGINEERING COURSE.

First Engineering.

1. Mathematics .. Two papers of 100 marks each.
2. Applied Mechanics .. One paper of 100 marks.
3. Surveying I .. One paper of 100 marks; Term work of 50 marks; & Practical examination of 25 marks.
4. Machine Drawing .. One paper of 100 marks; Term work of 50 marks.
5. Engineering Materials.. One paper of 100 marks.
6. Electrical Engineering. I One paper of 100 marks.
7. Heat Engines I .. One paper of 100 marks.
8. Workshop practice .. Practical Examination of 100 marks; term work of 50 marks.
9. English .. One paper of 100 marks.
10. Testing of materials I College certificate only.

Second Engineering.

1. Mathematics .. One paper of 100 marks.
2. Materials and Structures - One paper of 100 marks.
3. Hydraulics I .. One paper of 100 marks; Term work of 25 mark.
4. Construction I (Buildings) .. One paper of 100 marks

Construction II
(Foundations, etc.)

12

- 2 -

Second Engineering (contd.)

5. Construction II
(Foundation, Docks and Harbours) .. One paper of 100 marks.
6. Surveying II .. One paper of 100 marks;
term-work of 25 marks;
practical examination of 50 marks)
7. Drawing and Design .. One paper of 100 marks;
term-work of 40 marks;
practical-oral and sketching-of 35 marks.
8. Heat Engines II .. One paper of 100 marks;
term-work of 25 marks;
practical examination of 50 marks.
9. Electrical Engineering II .. One paper of 100 marks;
term-work of 25 marks;
practical examination of 50 marks.
10. Testing of Materials II .. One paper of 50 marks -
2 hours; term-work of 25 marks.
11. Workshop-Practice .. College Certificate only

Bachelor of Engineering - Part I (Examination at the end of three years)

1. Elements of Economics .. One paper of 100 marks
2. Roads and Town-planning .. One paper of 100 marks
3. Railway and Bridges .. One paper of 100 marks
4. Quantity Surveying and Costing .. One paper of 100 marks.
Term-work of 50 marks)
5. Geology .. One paper of 100 marks.
Practical examination of 50 marks.

Bachelor of Engineering - Part II (Examination on the completion of course)

1. Theory of Structures, Paper I .. One paper of 100 marks
2. -do- Part II .. One paper of 100 marks
3. Structural Design and Drawing .. One paper of 100 marks
(of four hours)
4. Hydraulics II .. One paper of 100 marks.
Term-work of 25 marks.
5. Irrigation and Storage .. One paper of 100 marks.
6. Water Supply and Sanitary Engineering .. One paper of 100 marks.

(10) (13)

- 3 -

Bachelor of Engineering - Part II (contd.)

6. Construction, III .. One paper of 100 marks.
7. Drawing and Design .. 275 marks.

(ii) MECHANICAL AND ELECTRICAL ENGINEERING COURSE

First Engineering ... Same as for Civil Engg.

Second Engineering.

1. Mathematics .. One paper of 100 marks.
2. Materials and Structures .. One paper of 100 marks.
3. Hydraulics I .. One paper of 100 marks;
Term work of 25 marks.
4. Heat Engines II .. One paper of 100 marks;
Term work of 25 marks.
5. Electrical Engineering II .. One paper of 100 marks;
Term work of 25 marks.
6. Radio Communication .. One paper of 100 marks
and practical examination of 50 marks.
7. Theory of Machines I and Machine Design .. One paper of 100 marks;
term work of 40 marks;
practical (oral) of 35 marks.
8. Metallurgy .. One paper of 100 marks.
9. Testing of Materials II .. One paper of 50 marks,
2 hours; term work of 25 marks.
10. Mechanical Technology and Practice I .. College Certificate;
practical examination of 100 marks; term work of 25 marks.

11. Foundations & Construction .. One paper of 100 marks.

Bachelor of Engineering Part I (Examination at the end of three years)

1. Elements of Economics .. One paper of 100 marks.
2. Materials and Structures II .. One paper of 100 marks.
3. Heat Engines III .. One paper of 100 marks.
4. Mechanical Technology and Practice II .. One paper of 100 marks;
practical examination of 75 marks; and term work of 25 marks.
5. Works Organisation and Management .. College certificate only.

Bachelor of Engineering Part I (contd.)

6. Electric Power; Generation and Transmission .. One paper of 100 marks
7. Electrical Estimating .. College certificate only.

Bachelor of Engineering Part II (Examination on the completion of the course)

1. Theory of Machines II .. One paper of 100 marks
2. Hydraulics II .. One paper of 100 marks; term work of 25 marks.
3. Heat Engines IV .. One paper of 100 marks practical examination of 75 marks and term work of 25 marks.
4. Electrical Engineering III .. One paper of 100 marks; practical examination of 75 marks and term work of 25 marks.
5. Electrical Measurements and Measuring Instruments .. One paper of 100 marks
6. Electric Power: Utilisation and Traction .. One paper of 100 marks
7. Electrical Design and Drawing .. One paper of 100 marks - 4 hours; termwork of 40 marks; practical examination (oral) - 35 marks.
8. Machine Design and Drawing .. One paper of 100 marks - 4 hours; term work of 40 marks; practical examination (oral) - 35 marks.

Roc. No. 1378 K2/47

Station MADRAS, Dated the 7th October 19 47.

From (Name) Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.,
(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
Education and Public Health Department.

Sir,

Ref: Government Memo No. 74778-/47-A Edn, dated 23.9.47.

I have the honour to state that provision can be made for the admission of the following number of refugee students in the 4 Engineering Colleges in the Province:-

- | | |
|---|--|
| 1. Arthur Hope College of Technology, Coimbatore. | 3 students in the third year classes - One Civil and Two Electrical. |
| 2. Engineering College, Cocanada. | 5 Students in the first year class and 2 in the 2nd year class. |
| 3. Engineering College, Anantapur (Guindy) | 15 students in each of the First and Second year classes |
| 4. College of Engineering, Guindy. | 54 Students. |

P.T.O.

76

2) I am enclosing herewith a copy of letter Rc. No.5-176B/47 dated 27-9-47 from the Principal, College of Engineering, Guindy, giving full details on the question of admission of these students. As stated by him the permission of the Madras University has to be obtained for the admission of these students in the various classes in the 3 colleges affiliated to that University. As regards the Engineering College, Cocanada, the permission of the Andhra University will have to be obtained.

3) In regard to hostel accommodation, I recommend that the Holiday Home may be made available for the students as without it, it will not be possible to provide hostel facilities for them. Orders may also be issued on the question of continuation towards fees for the students.

S. R. S. S. S.
for Director of Public Instruction.

Ramu.8/10.

VERY URGENT

EDUCATIONAL DEPARTMENT.

SUB:-Admission of refugee students into the Engineering Colleges in the Province.

From

Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.
Director of Public Instruction,
Madras.

The Secretary to Government,
Education & Public Health Department,
Fort St. George.

ROC.No.1378 K2/47 Dated 9-10-1947.

Sir,

REF:-My letter R.C.No. 1378 K2/47 dated 7-10-1947.

In connection with the admission of refugee students, the principal, College of Engineering, Guindy, has received a copy of letter No.F.12-70/47 E-III(P) dated 1-10-1947 from the Secretary to the Government of India, Ministry of Education, New Delhi, to the Secretary to the Government, Education and Public Health Department, Madras. I enclose a copy of his letter NRC.5-176 B/47 dated 8-10-1947 submitting further proposals. It is found that there are 42 students who have completed the first year course and seeking admission into the second year course. There are also 27 students who have completed their second year course and require admission into the third year course. If the suggestion contained in clauses (i) and (ii) of paragraph 6 of the letter of the Principal is accepted by the Madras and Andhra Universities, only 20 students in the first year and 17 students in the second year can be admitted in the Engineering Colleges, Anantapur (Guindy), and Cocanada. Provision will have to be made for the remaining students. So far as students of the technical schools are concerned, I recommend that the suggestion to provide seats in the Government Polytechnics may be accepted.

2. It is found that there are still students from the N.E.D. Engineering College, Sind, requiring admission. As the Punjab students themselves are large and as it is difficult to provide seats for all of these students, the question of admitting Sind students may be taken up only when the seats offered to the Punjab students become vacant.

3. The Principal has again drawn attention to the hostel accommodation. He states that the refugee students can only be admitted in the Guindy College, if accommodation for them is made available in the "Holiday Home".

S. R. S. S. S.
Director of Public Instruction,
Madras.

(1) Students who have completed the first year's course should be admitted in the first year class and should take the first year University examination in March 1948.

(11) Students who have completed the second year's course may be admitted in the second year class and asked to take the second year University examination in March 1948.

S P E C I A L.

Rc.No.5-176 B/47.

College of Engineering, Guindy,
Madras-15, Dated: 8th October 1947.

To

The Director of Public Instruction,
M A D R A S.

Sir,

Sub: Admission of refugee students in engineering institutions.

Ref: Letter No.F.12-70/47-E.III(P) dated 1st October 1947, from the Secretary to the Government of India, Ministry of Education, New Delhi to the Secretary to Government, Education and Public Health Department, Madras.

The Secretary to the Government of India, Ministry of Education has sent me a copy of his letter to the Secretary to the Government, Education and Public Health Department, Madras, referred to above, with further reference to D.O. dated 6/12th September 1947 of the Deputy Educational Adviser to me, a copy of which has already been submitted to you with my D.O. dated 21st September 1947.

2. In my letter Rc.5-176 B/47 dated 27th September 1947, I have made the following proposals:-

- (i) that 15 students may be admitted in the first year class for transfer to the Anantapur College next year.
- (ii) 15 students may be admitted to the second year class to be transferred to the Anantapur College next year.
- (iii) 27 students may be admitted in the various branches of the third year class in the Guindy College.
- (iv) 27 students may be admitted in the various branches of the fourth year class in the Guindy College.

3. An indispensable condition for admission of these candidates is provision of hostel accommodation in the Holiday Home. In his letter of 1st October quoted above, the Secretary has given figures relating to the numbers and classes of refugee students from the Punjab for whom admission is sought. There are 42 students who have completed the first year course and seek admission to the second year course. There are 27 students who have completed the second year course and require admission to the third year course.

5. The Secretary has not given particulars relating to refugee students of the N.E.D. Engineering College, Sind and Rasul Technical School, Punjab. The students of the Rasul Technical School belong to the Overseer course and as already suggested in my letter of 27th September, the admission of these students may be arranged in Government Polytechnics and the College may be left to deal with Degree course students only.

6. The courses in the Punjab University and the Madras University are very different and it has to be ascertained from the Madras University, the classes in which the students from the Punjab should be admitted. In my opinion, no useful purpose will be served by admitting the students in the classes desired by the Secretary, not only because of the difference in the courses of the Punjab and Madras Universities, but also because the first term of the College has already ended and the second term shall have well advanced before these students actually join. They would not therefore be able to follow the course in the classes in which the Secretary has suggested their admission. I make the following suggestions with regard to admission of these students and would request you to obtain the approval of the University of Madras.

- (i) Students who have completed the first year's course should be admitted in the first year class and should take the first year University examination in March 1948.
- (ii) Students who have completed the second year's course may be admitted in the second year class and asked to take the second year University examination in March 1948.

7. As mentioned in my letter of 27th September, only 15 students can be admitted in the first year class and 15 students in the second year class. This will leave 42 minus 15, or 27 students to be provided for in the first year class of other Colleges and 27 minus 15, or 12 students in the second year class.

8. I would draw your attention to paragraphs 7 and 8 of my letter of 27th September, in which I have pointed out the critical position with respect to hostel accommodation. The refugee students can only be admitted in the Guindy College, if accommodation for them is made available in the Holiday Home.

9. You may receive requests, as I have been doing, from students who have not yet started their engineering course and who may seek admission in the first year class. I am afraid that it is too late to admit any students of this type, as they will not be able to follow the course.

10. The Government may be requested to decide whether they would consider the admission of N.E.D. Engineering College students, in view of the fact, that the refugee students from the Punjab are concentrated in two classes only and their number is pretty large, it is doubtful if the Colleges would be able to admit in these classes, students from the N.E.D. Engineering College also. In view of the above, the shortage of time, the uncertainty as to when particulars about students of the N.E.E. Engineering College would be received and the position of the students of the N.E.D. Engineering College not being so bad as that of the Punjab refugee students, it may be desirable to confine ourselves only to the Punjab refugee students and consider the refugee students from the N.E.D. Engineering College only when the seats offered to the Punjab refugee students fall vacant.

11. I am enclosing herewith the original copy of the letter from the Secretary to the Government of India received by me for favour of your reference and kind return.

PRINCIPAL.

Encl: 1. Letter from the Secretary to the Government of India.
2. One spare copy of this letter.

Extract from Notes-file bearing cno. 52 447/47 of G3 section.

A letter received from the Government of India about the -- admission of certain number of refugee Students from the Punjab and Sind in the Government Engineering Colleges is under consideration. While replying to the Government of India, they may be informed as at 'B' on p.4 c.f. in respect of Engineering Colleges also.

2. As regards Arts Colleges, another letter has been received from the Government of India about the admission of refugee students in schools and colleges. The letter has been sent to the Director of Public Instruction for remarks. His reply may be -- awaited.

M.V.S.

15/10/47.

Copy of letter Ref: No. 52447 G3/47-2 Edn. dated 4-10-47 from the Education & Public Health Department to the Secretary to the Government of India, Ministry of Health, New Delhi.

Sub: Medical Colleges, Madras Presidency - Admission of Refugee students.

In continuation of this Government's letter No. 72176D2/47-1B P.H. dated 30-9-1947, I am directed to state that in June last, representations were received from Tahilramani Secretary, Sind Assembly Congress party, President, Sind Provincial Provincial -- Congress Committee and the General Secretary, Sind Provincial Students' Congress that Hindu and Non-Muslim students from Sind were finding it difficult to secure admission to the Dow Medical College Karachi and requesting this Government to arrange for the admission of some of these students into the Medical Colleges in the Madras Presidency. This Government then replied stating that no seats could be reserved for those students in any of the Colleges here, as the seats available in them were quite insufficient to meet the requirements of students of this Province. This Government however feel that the case of these students deserves sympathetic consideration and may be dealt with along with that of the refugee -- medical students whom this Government have undertaken to admit into their medical colleges. I am directed to request that if the -- Government of India have no objection, a reasonable number of Sind Hindu students may be included in the quota of 120 refugee medical students.

C.O.C.

Letter No. 74778-5/47 Edu d 30-10-47
Ref:

To
✓ The Secretary to the Govt. of India,
Ministry of Education.

Sir,
Sub: Admission of refugees from ^{the} Punjab and Sind
into the Engineering Colleges and Polytechnics
in the Madras Province.
Ref: Your letter No. F.12-70/47.E.III(P) d/1-10-47.

With reference to the letter cited I am directed to
~~reply as follows:-~~ state that

Twenty out of the 42 students of the Maclagan College ^{Eng.} who have completed their first year course and 17 students of the same college who have completed their second year ~~admitted into the Engg. colleges of the Province~~ course can be ~~taken~~. Students who have completed the first year course will have to join the first year class and appear for the University Examination in March 1948 and the students who have completed the second year course will have to join the second year course and appear for the second University Examination in March 1948. These students can be admitted into the Eng. College, Vizagapatam, now located at Cocanada and the Eng. College, Anantapur, now located at Guindy. - Cocanada 5 students in the first year class and 2 students in the second year class and - Anantapur 15 students in the first year class and 15 students in the second year class. As the syllabus ^{of the} the various degree courses in the Punjab University and the newly started degree courses in the Punjab University, ~~the universities in this Province the permission~~ ^{of the} ~~Consent~~ of the ~~Madras~~ and ~~Madras~~ Universities will have to be obtained for these arrangements and steps are being taken to obtain such ~~consent~~ ^{permission}. ~~be finalised only after this permission is obtained.~~ As stated above, the Anantapur College is now located at Guindy. The hostels attached to the Guindy College

Issue to
ms
30/10/47

1/6/47

Para 9, p 15 of

2 25
are full and it will be necessary to find additional hostel accomodation if the 30 ~~refugee~~ students are to be admitted into the college. The Principal of the college has suggested that a Military ^{building} called the Holiday Home near the college ^{may} be made available for ~~the~~ accomodating these students. I am to request that the Govt. of India may be good enough to ^{secure} ~~make~~ this building ^{would} ~~available~~ for college. I am also to state that it ^{would} not be possible to admit the 30 ~~refugee~~ students allotted to the ~~college~~ college if this building is not handed over to ~~this Govt.~~ ^{the college}.

It ~~is~~ will not be possible to admit any students from the N.E.D. College ^{Send,} as the number of Punjab students themselves is large. ^{mis Govt have however no objection to send} The question of admitting these students will be ^{students being included in the number of seats offered for Punjab students.} considered if the seats offered to the Punjab students become vacant.

As regards the cost of training these students, ~~at~~ ^{present} a contribution of Rs. 700/- per year for each student ^{now} is levied in respect of students from other Provinces and States. Recently the Govt. have increased the tuition fee in the Engg. colleges and the question of increasing the contribution payable by outside administrations in respect of ^{these} ~~these~~ students studying in the Engg. Colleges is under consideration. If the 37 students mentioned above are admitted into the Engg. Colleges the Govt. of India ^{will} ~~will~~ have to pay provisionally a contribution of Rs. 700/- per year for each student and any enhanced contribution that may be fixed later on. The students themselves will have to meet their boarding charges. In ^{that} ~~that~~ the entire expense will have to be borne by the Govt. of India or the students.

As far as students of Technical schools are concerned, the question of admitting them into the Polytechnics in this Province is separately under consideration in the Dev. deptt. of this Govt.

16
All communications relating to the training of students of technical schools may kindly be ~~addressed~~ addressed to ~~that~~ deptt. in future.

Ref: your letter ROC.No.1378-K.2/47 dated 5th November 1947 regarding admission of refugee students to Engineering course

I have the honour to inform you that refugee students who have completed the first year course may be admitted to the first year of the Engineering course in this university and they may sit for the first Examination in March 1948. Students who have completed the second year of the course may similarly be admitted to the second year of the course in this University. They must produce evidence of having passed an university examination in the subjects of the first examination of this university. Otherwise they may be admitted in the second year but they will have to pass the first and second year examinations. Details of each case should be furnished for further consideration.

Copy of letter No.C.3-6189/47 dated 19th November 1947 of the Registrar Andhra University to the Director of Public Instruction, Madras.

I have the honour by direction to inform you that the Syndicate at its meeting held on 14-11-1947 considered your letter RC.1378-K.2/47 dated 5-11-1947 on the above subject and resolved as follows:-

RESOLVED that the Director of Public Instruction be informed that the University is agreeable to the suggestion contained in his letter No. RC.No.1378-K.2/47 dated 5-11-1947 and approve the admission of the 7 students into the Engineering College, Cocanada and that the matter be submitted to the Academic Council.

Sir,
Sub: Engg.Colleges - Admission of refugee students from Pakistan.

Ref: Your letter dated 4-11-47 addressed to the Hon'ble the Premier.

(with reference to the comment on)

One of the points raised in your letter is the proposal to admit 37 refugee students from Pakistan into the Engineering Colleges in this Province. I am to say that this arrangement will be obviously temporary and that in an emergency which the concern of the whole of the Indian Dominion, the Govt. should not take too parochial a view.

Refugee Students from Punjab and
 Sind - Provision of seats in the Engg.
 colleges -

HP 6-7 cf

HP 15-19 cf

P 7 cf

p 6 cf

The Govt of India have addressed
 this Govt regarding the admission of refugee
 students from Punjab and Sind in the Engg.
 colleges and other Technical institutions in this
 Province. The D. P. I. and the Annamalai University
 were consulted. The Director has sent his proposals.
 The reply of the Annamalai University is awaited.
 It is observed that the Govt. of India have addressed the University
 in the matter of the requirements of the refugees and
 the number of seats that can be provided
 in the Engg. colleges are as shown below:

Requirements of the refugees

- (1) About 150 Engg. students and about 500
 overseer students want seats
- (2) 42 students of the Madhavaram college who
 have completed their first year course
 want admission in the second year
 course
- (3) 27 students of the same college who
 have completed their second year course
 want admission in the third year course
- (4) Similar information in regard to the V. C. I.
 college, Kanchi and Rashtriya Technical
 school is being collected and will be
 furnished shortly.

20 Students under item (2) above and 17 Students under item (3) above can be taken. Students who have completed the first year course will have to join the first year class and appear for the first university Examination in ~~March~~ ^{April} 1948 and the Students who have completed the second year course will have to join the second year course and appear for the second university Examination in March 1948. These Students can be admitted into the Bocanada and Anantapur colleges - Bocanada - 5 Students in the first year class and 2 Students in the second year class and Anantapur 15 Students in the first year class and 15 Students in the second year class. The consent of the Andhra and Madras universities will have to be obtained. As the Anantapur college is located in Guindy the 30 Students can be admitted only if the Holiday camp is available.

It will not be possible to admit Students from the N.E.D. College as the number of Punjab Students themselves is large. The question of admitting these ~~Punjab~~ ^{Students} can be taken up ^{only} if the seats offered to the Punjab Students become vacant.

The Director's proposals may be accepted and he may be asked to address the two universities for their consent. P.W.D. may be requested to say whether the Holiday Home can be made available for the purpose of the Refugee Students. There was a proposal to utilize the "Holiday Home" for the purpose of starting the overseas course in the Eng college. The proposal to start the ~~overseas~~ ^{this} course has been proceeded with on the assumption that the "Holiday Home" will not be available for the purpose.

mp 6 cf.
R - 18 cf
C - 19 cf

Govt of India at p 6 of their about 300 refugee students in "Overseas Course" will have to be provided with facilities for instruction, accommodation etc in this frame. The Principal of the Engineering College, Guindy and the Director of Public Instruction have suggested that these students of the Overseas Course should be provided with seats in the Polytechnics under the control of this dept.

At present a contribution of Rs 700 per year for each student is levied in respect of students from other provinces and states. There is a proposal to enhance the contribution in view of the fact that Govt. have recently increased the tuition fee. If the proposal to admit the 37 refugee students is accepted the Govt. of India may be requested to pay towards a contribution of Rs 700 per student and any enhanced contribution that may be fixed later on. The ~~Students~~ ^{Students} will have to meet their boarding charges.

As far as Students of Technical schools are concerned, the D.P.S recommends that they may be provided with seats in the Polytechnics. This is a matter for consideration in the Dev dept.

The file may be sent to Dev, P.W.D and Finance for remarks before circulation.

[Issued as Enclt. No. 74778-6/47 A Educ. L. 30.10.47]

From Sri M. G. Natesa ~~Chettiar~~
Mudaliar M.L.A., d. 4-11-47.

Please see the extract from
Sri M. J. Natesa Chettiar's letter on p 29 c.f. He
protests against the proposal to give admission
to 37 Pakistan refugee students in the Engg colleges
in this province; and observes that these seats
can well be filled up by students belonging
to this Province. The file may be circulated
to H.M. (Edu) for orders as to what reply may be
given to the M. L. A.

In concern of the whole of the Indian Dominion we
should not take too parochial a view.
A view to the above effect may perhaps be
sent.

Issued as Memo. No.
74778-10/47 A - Edu.
dated 17-1-48.]

The file relates to the question
of admn. of 37 Pakistan refugee students
into the Engg. colleges in this Province. The
Govt. of India have, in their letter on p 330 f,
intimated that arrangements have
been made for the admission of the students
in question elsewhere. A subsequent letter
of the G. I., conveying the thanks of the
East Punjab Govt. for their Govt's offer is added
to the file. The file may be circulated
to H. M. (Edu.) H. M. (Ind.) H. M. (P.W.) and the Hon'ble
Premier, for information after the draft below is issued.
