I have the honour to submit the following proposal for the closure of the Government Ismail Secondary school for girls, Abiramam opened with reference to the Government orders cited above.-

The school is now having classes I to V and Forms I to III and its latest class and formwar strength is furnished below. The medium of instruction in the school is Tamil.-

The present strength of the school in the lower classes is uneconomic and has not shown any marked improvement over that of the previous year. The strength in Forms II and III is negligible being 4 and 2 respectively. The bulk of the strength is in the lower classes and of the 25 in Forms I to III, 7 are non-Muslims. It is therefore evident that in this predominantly Muslim locality muslim girls are not taking advantage of the existing facilities for Secy. Education. The Inspector's reports that if at all the Muslims respond they come up to Form I and then drop off.

It is not practicable to continue the school as a middle school and to improve its efficiency. The present staff of the school consist of 3 Elementary Higher grade and 3 Secondary grade teachers. The Higher Ely. grade teachers have been appointed for want of Secondary grade teachers. A Secondary grade teacher is incharge of the school since June 1946 and though sanction exists for the employment of a D.T. Assistant as Headmaster, it was not possible to post one as no woman either Muslim or non-muslim is willing to go to Abiramam for the

The strength of Forms II + III in the Govt Ismail Secondary School for Muslim Girls at Aboramam in the Ramnad Dt is very poor and the strength of Form I requires improvement. The Govt consider that there should be an average daily attendance of 15 in each of the forms and to secure this attendance there should be at least 20 pupils on the rolls. The Director is requested to have notice put up on the notice board of the school that unless the average attendance ~~attends~~ in Forms I to III in the school improves at least to 15, the forms will have to be closed from the school year 1948-9.

P.T.O

attendance of 15 in each of the forms and to secure this attendance there should be at least 20 pupils on the rolls

The notice should be given publicity in the town through recognised Associations and the parents should be informed through students. If at the beginning of the school year 1948-9, the average attendance is not secured, Forms II & III in the school should be closed & the students should be asked to seek admission elsewhere and Form I alone should be continued to pick up strength. The D.P.D. is requested to report at the end of the school year 1948-9 in regard to the further continuance of the school. A report should also be sent to Govt as soon as if Forms II & III are closed intimating the savings that will accrue on account of the closure of the two forms.
