CL. No. 74/48, Dated the 4<sup>th</sup> September, 1948.

Sir,

Subject:- Madras Educational Service - Instructors in  
 Electrical Engineering - Vacancies - Filling  
 of: - Proposals - submitting.

\*\*\*

The following two posts of Instructors in Electrical  
 Engineering in the Madras Educational Service are vacant and have  
 to be filled.

(1) Instructor in Electrical Engineering,  
 College of Engineering, Kakinada:  
 (New post sanctioned in G.O. No. 1878 Edn.,  
 dated 28th July 1948).

(2) Instructor in Electrical Engineering,  
 College of Engineering, Guindy:  
 (Vacant consequent on the promotion of Sri  
 A. Srinivasan as Professor of Electrical  
 Engineering.--Vide G.O.No.2126 Edn., dated  
 27th August 1948).

I may state that Sri D. Krishnan Namboodripad, an approved probationer  
 in the category of Assistant Instructors in the Subordinate Educational  
 Service, has been officiating as Junior Instructor in Electrical Engi-  
 neering in the Madras Educational Service, under emergency provisions,  
 with effect from 21st November 1947. I consider that he will be  
 suitable for temporary appointment as Instructor in Electrical Engi-  
 neering. I, therefore, recommend that the Government may be pleased  
 to appoint Sri D. Krishnan Namboodripad, the present temporary Junior  
 Instructor in Electrical Engineering, College of Engineering, Guindy,  
 to officiate as Instructor in Electrical Engineering in the same  
 College, under Rule 31(a) of the General Rules for the Madras Pro-

that Mr. B.M. Ibrahim, who has returned from the United Kingdom States of America, may be appointed to officiate in the vacancy under Rule 9(a)(i) of the General Rules for the Madras Provincial and Subordinate Services. Mr. B.M. Ibrahim has obtained the M.S. diploma in Electrical Engineering from the Stanford University, California and had practical training in the National Bureau of Standards, Washington. The Principal, College of Engineering, Guindy, considers that Mr. Ibrahim will be useful for instruction in Electrical measurements and recommends him for temporary appointment as Junior Instructor in Electrical Engineering.--Vide in this connection Government Memorandum No.43283/48-2 C.2 Edn., dated 3rd July 1948 regarding the utilization of the services of Mr. Ibrahim in the Education Department. I may submit here that Sri C.K. Chandran, a private scholar who has been undergoing advanced studies in Electrical Engineering in the U.S.A. and who is intended specifically for absorption in the teaching staff of the College of Engineering, is due to return to India in January 1949. The question of continuance of Mr. B.M. Ibrahim in the Madras Educational Service after providing for Mr. C.K. Chandran, will have to be considered in the light of the circumstances that may exist then.

3. As regards the filling up of the post of Instructor in Electrical Engineering, College of Engineering, Kakinada, I recommend that Sri L.G. Narayanaswami, who has had practical training in the United Kingdom as a Madras Government sponsored scholar, and who has been required to return to India immediately (vide Memorandum No.2597/47-23 C.2 Edn., dated 20th July 1948), may be appointed to officiate as Instructor in Electrical Engineering, College of Engineering, Kakinada, under Rule 9(a)(i) of the General Rules for the Madras Provincial & Subordinate Services.
