Order No. 236, Edn., dated 3-2-1948
Ms.

In G.Os. No.2241, Edn., dated 22-11-46, No.13, Edn., dated 4-1-47 and No.1829, Edn., dated 19-8-47, the Govt. constituted certain advisory boards to advise them on matters of educational policy. It is found that those boards have to sit often for long intervals to transact business. It will be difficult for them to sit for a long time without refreshments. The Govt., therefore, consider that they should be provided with tea and light refreshments at a cost not exceeding Rs.1/- per head provided that they have to transact business for more than three hours continuously on a single day. The supply of tea to members should be arranged for by the respective Secretaries of the Boards, the bills to be countersigned by the D.P.I.

2. The expenditure involved will be debited to the appropriate head under 37-0-Education-General/Direct

Secretary, E. & P.H.

We have appointed some Advisory Committees to advise us on matters of educational policy. We have now nearly three committees, the Provincial Advisory Board of Education, the Basic Education Advisory Board and the Technical Board of Education. To facilitate work so that the work may be finished in one day, the Committees have to sit many times from 2 p.m. to 5 p.m. It is difficult to sit on for such a long period without some tea and so, every time I have been arranging to give them tea. It is all-right with one Committee but with many Committees, I think, we must regularise these items through the Government. These long sittings are a saving for the Government, as, otherwise, the Committee has to sit for another day. In these circumstances, I think, an expenditure of Re.1/- per head may be allowed for tea.

This will not mean any extra expenditure more than the allotment because in every meeting, some members do not come and the expenditure on this will not be more than this saving. As I had suggested above it will also be definite saving since ~~we must~~ if we do not provide tea, it may mean another day.

The matter may be put to Finance and the necessary instructions issued.

please see the note of H.M. (Edu) above.
The total membership of the three Boards referred to at A above is 83. The total cost involved in the proposal on the assumption that the Boards meet once in three months will be ^{about} Rs 330/- per annum. The expenditure if sanctioned will have to be incurred for a period of three years ^{as} the ~~last~~ ^{new} office B have been constituted for a period of three years ~~only~~.

2. In view of what is stated by H.M. (Edn)

at $\frac{13}{7}$ on p1 above, There seems to be no objection for the proposal being accepted. The proposal is stated to cost the Govt. Rs 330/- p.a. ^{for a period of 3 years} ~~in the present case~~. The expenditure may be debited to the same head to which the expenditure on account of the constitution of the Committee is debited.

3. But the question arises that if this proposal is accepted, the same concession will have to be ~~accepted~~ extended to all other committees. and the expenditure will be considerable. In the circumstances it is for orders whether the proposal at present above may be accepted.

It is for consideration whether

Short adjournment for tea will not do. During the adjournment, members wanting tea may have themselves. The members of all these committees including members resident in the place of meeting draw d.a for attending the meetings and there seems to be no justification for providing tea at great expense. If the proposal is accepted in this case, it will have to be extended to various other committees. Fin would ^{respectfully} advise against the proposal. If E.P.H. wish to press, the case may be circulated to H.M.H.
