SUBJECT:- Overseas Scholarships 1946-1947 -
Madras Government Scheme-
Mr. S.Panchanathan.

.....

Sir,

32607

In continuation of this Ministry endorsement No.

F.7-8/46.0.D.IV., dated 11th March 1943, on the above subject,
I am directed to forward herewith a copy each of letters No.
E.S.571 and E.A.7604 dated 7th April 1943 and No. G310/46 H.C.
dated 8th April 1943 received in this Ministry from the High
Commissioner for India in London and the Indian Embassy at
Washington respectively.

2 From the Indian Embassy letter, the Provincial
Government will find that Mr. Panchanathan has been admitted
to Columbia University for M.S.degree course in Soil Mechanics
which he will be able to finish in March 1950. They will,
however, observe that against the column 'Final date upto
which extension is required', in the extension form, the
scholar has mentioned 3-9-50 instead of 3-3-50. But since in
all other places, the date has been shown as March '50, it
may be assumed that the scholar desires extension upto March
'50 only. The Educational Liaison Officer in Washington has
however, been requested to clarify this point. Meanwhile the
Provincial Government's views in the matter may kindly be
communicated to this Ministry urgently.

I have the honour to be,
Sir,
Your most obedient servant,

DKHingran
for Secretary.

Copy of letter No. E.S.571 & E.A.7604 dated 7th April 1948 from the office of the High Commissioner for India in London, Education Department to the Ministry of Education, Government of India, New Delhi.

①

Would you kindly refer to your letter No. F.7-8/46 ODIV dated 11th March, 1948, concerning the 1946/1947 Madras Government scholar Mr. S.Panchanathan. This is to let you know that Mr. Panchanathan left for the United States of America on February 6th, 1948.

Copy of letter No. G.310/46.H.C. dated 8th April 1948 from the Deputy Educational Liaison Officer, Education Department, Embassy of India, Washington to the Ministry of Education, Government of India, New Delhi.

I enclose two application forms from Mr. S.Panchanathan a Madras Candidate who arrived in this country on 17th February 1948, for extension in the period of his scholarship.

A | You will observe that he studied for a year in the U.K. prior to his coming to this country. According to his own statement, he was due to spend one year in the U.K. and one year in an American Institution. Since the requirements for an M.S. degree in Columbia University is four full semesters it is obvious that he would require extension. The extension is recommended.

Two copies of a progress report are also enclosed.

Kindly let me have a decision in this case as soon as possible.

OVERSEAS SCHOLARSHIPS

APPLICATION FOR EXTENSION IN PERIOD OF SCHOLARSHIP
(To Be Filled In Triplicate)

N.B. This application must be made in time so as to reach the Government of India, Ministry of Education at least three months before the expiry of the sanctioned period of scholarship. If space in any of the columns is insufficient please attach a separate sheet making a reference in the pertinent columns.

1. Name of the Scholar S. Panchanathan
2. Sponsoring Government. (with year of selection in brackets) Madras, 1946
3. Date of commencement of scholarship.
(Date of arrival in U.K./U.S.A.) March 9, 1947
4. Date of normal termination of scholarship March 9, 1949
5. Details of the courses undertaken up to the date of normal termination of scholarship. (Give full details and if the space is insufficient separate sheet may be attached.)

7. Reasons why extension is considered essential As per the requirements of the Madras government, on completion of my stay in U.K., I have joined a university in U.S.A. for a post-graduate course in Soil Mechanics leading to M.S. degree. For this a period of four semesters, i.e., two years, is required from this university (Columbia University). I have already spent one year in England. Therefore I request that I may be given an extension of one year to complete my studies.

2. Sri. S. Penchenathan is a candidate who was awarded an overseas scholarship in 1946-47 for the subject "Soil Mechanics with special reference to Foundations". He is intended for absorption in the Public Works Department after the completion of his overseas studies. The normal duration of the scholarship is for a period of two years. The candidate underwent practical training in the Road Research Laboratory, England and Building Research Station, England for a period of one year. He is now in America. He has joined the Columbia University for a post-graduate course in 'Soil Mechanics' leading to M.Sc. Degree. The duration of the course is stated to be two years. As he had already spent one year in England, he requests that he may be given an extension of the period of the scholarship by one more year to enable him to complete the course. The Govt. of India desire to know the views of this Govt. in the matter. The C.E(I) has been asked to state whether the period of study of Sri. Penchenathan may be extended by one more year to enable him to take the M.Sc. Degree of the Columbia University, U.S.A. The C.E. reports that there is no objection to the extension of the period of the scholarship as proposed. Presumably the Govt. of India will bear half the extra expenditure involved in the proposal.
