O. P. H. S.

NEW DELHI 3, THE 7th MAY 1948.

From Dr. Tara Chand, M.A., B.Phil.,
Secretary to the Govt. of India.

To The All Provincial Governments.

SUB: REQUIREMENTS OF PROVINCES FOR SEATS IN
TECHNICAL INSTITUTIONS REQUIRING GRANTS-IN-AID
FROM THE CENTRAL GOVERNMENT.

34974

Sir,

I am directed to say that the Government of India have accepted in principle the recommendations of the All-India Council for Technical Education that the Government should give financial assistance to some of the more important high grade technical institutions in the country with a view to strengthening and improving them. The scheme provides for grants being made to the institutions for a period of three to five years and as a first step, the Government of India have sanctioned certain capital grants and interest free loans for the year 1947-48 to the following institutions:-

- 1) Victoria Jubilee Technical Institute, Bombay.
(Provides degree courses in Textile Technology and in Electrical and Mechanical Engineering (combined). Degree courses in Civil Engineering will be introduced shortly.)
- 2) College of Engineering and Technology, Jadavpur, Bengal.
(Provides degree courses in Chemical, Mechanical and Electrical Engineering).
- 3) College of Engineering, Banaras Hindu University.
(Provides combined degree course in Electrical and Mechanical Engineering. Degree courses in Civil Engineering will be started after some time.)
- 4) College of Mining and Metallurgy, Banaras Hindu University. (Provides degree courses in Mining and Metallurgy).
- 5) Department of Applied Physics, College of Science & Technology, University of Calcutta (Provides B.Sc. course in Applied Physics. A new course of Radio Physics and Electronics will be started in the near future).
- 6) Department of Applied Chemistry, College of Science and Technology, University of Calcutta. (Provides B.Sc. course in Applied Chemistry. New sections of Plastics and Chemical Engineering will be started in the near future).
- 7) Jaipur Vikram Deo College of Science and Technology, Andhra University (Provides degree courses in Chemical Technology. A degree course in Pharmacy will be introduced shortly.)
- 8) Alagappa Chettiar College of Technology, Madras University (Provides degree course in Chemical Technology).

3
3)
9) Laxminarayan Institute of Technology, Nagpur
University (Provides degree courses in Chemical
Engineering and Chemical Technology).

2. It has inter alia been stipulated that the Institutions
in receipt of grants will reserve a certain number of seats for
students belonging to other provinces - the quota for each
Province being determined by the Central Government. The
Provincial Governments are therefore requested to let this
Ministry know, their annual requirements for seats, if any,
in such of the aforesaid institutions as are located within ^{nit}
their respective territories. As some delay in putting into
effect the new arrangements is likely, it may not be possible
for the Provincial quota scheme to come into full operation
this year. It will however be ~~appreciated~~ ^{appreciated} if the Provincial
Governments intimate their requirements by the 10th of June
1948 at the latest.

3. I am to add that in the allocation ⁹ seats preference
will be given to those provinces which do not possess adequate
facilities for instruction in the subjects taught at the
institutions mentioned above.

I have the honour to be,
Sir,
Your most obedient servant,

Sd/- *Emph* 7/5/48

for, SECRETARY.

Two seats are too few for this Province. The reservation for this province must depend upon the strength of these courses. For the present, we may tentatively fix that six seats may be reserved for each of these institutions for people from this province and the people to be admitted to these institutions, if to be selected by this Government, may be by a committee consisting of the D.P.I., Dir. of Industries and Commerce and the Principal of the Engineering College, Guindy.

Sub: Reservation of seats for Provinces etc. in the Technical Institutions
receiving grant-in aid from the Central Government.

With reference to the concluding paragraph of this Ministry's letter

(1) No. F.148/47-T2/(2) No. F.1.47/47-T2/(3) F.1-52/47-T2/(4) F.1-55/47-T2/

(5) No. F.1-53/47-T2/(6) No. F.1.-54/47-T2 dated the 16th March, 1949 I am

directed to say that the Co-ordinating Committee of the all India Council for Technical Education has ~~been~~ made the following recommendation in regard

to the quota of seats to be allotted to Provinces etc. in each of the

Centrally aided Technical Institutions:-

" about 30 per cent of the total seats in each Institution should be reserved for students from Provinces other than that in which the institution is located. In every case students should make applications direct to the Institutions concerned and not through the Central, Provincial or State Governments concerned. The outstanding applicants should not be called upon to sit for an entrance or a viva voce test for admission, but such applicants should be medically fit and fulfil the minimum education qualifications, (say a first class intermediate in Science,) to be prescribed by each of the Institutions for the ~~entrance~~ provincial students. Students should be selected normally on merit that is on the percentage of marks secured by them in the prescribed examination and the 30% seats distributed between the Provinces etc. on an equitable basis.

In making admission the Heads of the Institutions concerned should take into account the population of the various provinces and states and the facilities for technical education obtaining therein. Due regard should be given to the claims of students from Provinces which are lacking in facilities for education in the particular branch of study to which admission is sought. For purposes of allotment of seats, the domicile of a student will be determined by that of his guardian, that is to say a non-Bengalee whose guardian normally resides in Bengal, should be regarded as a Bengali for purposes of admission.

I am to enclose for your guidance in allocating, between the Provinces and States, the 30% seats available at the V.J.T.I. Bombay
College of Engineering & Technology
Alagappa Chettiar College of Technology
Laxminayan Institute of Technology
Jaipur Vikram Deo College of Science & Technology.

Departments of applied Physics,
Applied Chemistry and Radio Physics &
Electronics, Calcutta University.

- i) a statement showing the present estimated population of the various provinces, centrally administered areas, states Unions and individual states.
- ii) a statement showing roughly how the 30% of the maximum intake as laid down by the Co-ordinating Committee may be spread over the various provinces etc. after

6
after taking into consideration their population and existing facilities. A few unreserved seats have been provided for in some cases for the benefits of deserving candidates who may not belong to the Province in which the institution concerned is located nor to any of the other Provinces etc. for which seats may be reserved.

3. If the required number of suitable candidates are not forthcoming from any province or state, the seats earmarked for it may be allotted to students from the adjoining areas.

Information regarding the seats available for extra provincial students may please be included in the advertisements regarding the dates of admission to the institution for the next session. Such students should also receive preferential treatment in the matter of hostel accommodation.

4. I am to request that a report showing how the 30% seats are actually allotted between the Provinces, States etc. may be furnished to this Ministry after the admissions for the ensuing session are over.

Copy without enclosures forwarded to the Governments of Orissa and etc. for information with reference to this Ministry's letter No. F.1-8/48-E (III)(p) dated the 7th May 1948.

U/D/1
