GOVERNMENT OF MADRAS
PUBLIC (INFORMATION AND PUBLICITY) DEPARTMENT

Extract from The Indian Express
of Madras, dated the 13th Sept 1947

HOW LONG?

Sir.—It is now three months since the revised rates of salary for teachers were announced, still most of them have not yet had the benefit of the revision. While a large section of them has not yet been paid at all at the revised rates, a good number of those who have been paid have got no worthwhile relief because the single increment which has been added to their salary by way of fixing them in the new scales cannot be called by any stretch of imagination a relief. The salaries of Pandits have not yet been finally fixed and the promised announcement on the matter is yet to come. One fails to understand why a simultaneous payment of the revised rates of salary and weightage for service should not have been arranged for all teachers. It is all so chaotic that it is difficult to find any two schools under the same conditions of service and salary payment. The Government's delay in paying the teachers at the revised rates of salary is making their position doubly miserable. Even the monthly salaries which the Government ordered the local bodies to pay within the 15th of every month is rarely so paid. It is now six months since the Government servants got their revised salary; the teachers are still kept waiting for theirs. This is hardly excusable under the present conditions of unparalleled economic distress. Government should make an advance grant to the Aided Schools to enable Managements to meet the obligation. To keep them waiting till the next grant is a cruel injustice. The local bodies should also be asked to pay the new scales to the Elementary school teachers at once.

I submit that it was in view of the above facts that the
Revised scales of pay have not been given effect to from 1-1-47 to the
staff employed in Secondary and Elementary Schools in this Municipality.
I solicit orders early from the Government on my letter dated 19th M

Copy of letter No. B2. 3562/47 dated 19-7-47, from this office addressed to the Secretary to Government, Education and Public Health Department, Madras through the Director of Public Instruction Madras.

Sir,

Sub: ESTABLISHMENT - Secondary & Elementary Schools. under Municipal Councils - Villupuram Municipality. - Revised Scales of pay - introduction of - Additional expenditure involved - advance - payment - Requested.

Ref: G.O.No. 975 Edn. Dated 10-5-47 and G.O.No. 1154 Edn. dated 5-6-47

In pursuance of the orders of Government cited above, the pay of the staff in Elementary and Secondary Schools have been fixed in accordance with the rules laid down by the Government and the extra cost involved over and above the provisions made in the approved ~~xxx~~ Budget was worked out. The particulars of the extra cost entitled in giving effect to the revised scales of pay from ~~xx~~ 1-1-47 for the two years 46-47 and 47-48 are as noted hereunder:-

	Arrear for 46-47	for 47-48	Total
1. Elementary Education staff	910	7170	8080/-
2. Education other than elementary (Sec. Education)	1860/-	11490	13350/-

Secondary Education:- Steps have been taken to levy uniformly 10 instalments of fees in all the forms of the Municipal High School. This proposal was sanctioned in G.O. No. Rt. 77 Edn dated 12-5-47. This will bring in an additional income of Rs. 2000/- over and above that anticipated the approved budget. In addition, proposals were submitted in this office letter No. B2.3369/47 dated 8-6-47 to increase the rate of fees in Forms I to VI in accordance with the scale given below.

Forms IV to VI from Rs. 5-4-0 to Rs. 6-0-0 per instalment.
Forms I to III from Rs. 2-12-0 to Rs. 3-0-0 per instalment.

This suggestion if approved is likely to bring in a further additional income of Rs. 6000/- per annum. Orders of Government on my letter dated 5-6-46 are still awaited. It will thus be seen that in case the Government approves my proposal to increase the rate of fees in Municipal High School as suggested above with effect from the current ~~year~~ school year the net cost involved in giving effect to the revised scales of pay for Secondary Education staff will be Rs. 5350/- This include the increased rate of dearness allowance likely to be paid in some cases due to the adoption of the revised Scales of pay. An advance or Grant as the case may be to the extent of Rs. 5350/- in 1947-48 from Government will be required to meet the extra cost involved.

In working out the extra expenditure, the non-teaching staff viz., Clerks Librarian, attenders etc., have also been taken into account. It is presumed that the revised Scales of pay are to be given effect to those employees also from 1-1-47.

ELEMENTARY EDUCATION:- The extra expenditure involved in giving effect to the Elementary Education staff including peons works to Rs. 8080/-. I request that an advance of Rs. 8080/- may be sanctioned to give effect to the revised scales.

PTO

In this connection I submit that in Memorandum No. 20828-IG., L.A. dated 4-7-47 (copy enclosed) the Government have passed orders that the councils with its present resources cannot give effect to the revised scales of pay to its staff. It is ~~presumed~~ presumed that the said orders does not apply to the staff employed in the Educational Institutions. I solicit instructions as to whether my presumption is correct.

75712

With reference to Government Memorandum No. 72978 B.2./47-1 Education dated 13--9--47 which was received only on 21-9-47 evening, I beg to submit the following report. The scales of pay sanctioned to the teachers of Elementary Schools have not been given effect to in this Municipality with effect from 1-1-47. The additional expenditure involved in giving effect to the revised scales of pay to the teachers of this Municipality from 1--1--47 to 31--3--48 comes to about Rs. 4,950--0--0. According to the sanctioned Elementary Education Budget of this Council for 1947--48 there is no fund in the Elementary Education account to meet this additional expenditure. I have therefore addressed to the Government in this office letter No. B.1. 7364/47 dated 9--8--47 (copy enclosed) to the Education Department to sanction a grant of Rs. 11,860/- in order to wipe off the deficit in the closing balance that will arise by giving effect to the revised scales of pay and other expences from the arrear Toll compensation. Pending receipt of orders sanctioning the grant the revised scales of pay to teachers are not yet paid. I request early orders in this regard.

---000---

Government, in their Memorandum No.52511/47-1-C.1. Education, dated 26--7--1947 invited the attention of the Executive Authorities of the Municipal Councils to para 5 of G.O.No.975-Education -dated 10-5--1947 and called for proposals for meeting the extra cost involved in giving effect to the revised scales of pay. In my letter No.5533/47-B.3. dated 5--8--1947, I furnished the particulars called for, stating that there would be a deficit of Rs.37,190/-- under the Elementary Education account at the end of the year 1947-48 and that it will not be possible to wipe off the deficit without the aid of Government. I therefore requested that the Government might be pleased either to sanction grant to meet the deficit of Rs.37,190/ in 1947-48 or to sanction a loan from Provincial Funds. Pending orders of Government on my proposal, I have taken necessary steps to give effect to the revised scales of pay from 1-1-1947 to the teachers of the municipal elementary schools. The municipal council, in its resolution No.243 dated 15--7--1947, (copy enclosed) has agreed to give effect to the revised scales of pay from 1-1-1947 and orders have been issued to that effect.

2. As regards the staff of the municipal middle school, the revised scales of pay have already been introduced to them with effect from 16-6-1947, the date on which the school was opened in this municipality.

The Revised Scales of pay to teachers in Secondary and

Revised Scales to all others are pending with the Inspector of
Municipal Councils and Local Boards, Madras, and to avoid dis-
contentment among other sections of the establishment of the
municipality, it was considered advantageous to introduce
the revised scales to all the municipal subordinates at one and

As already represented in this office letter No.R.C.A2.4148/47 dated 8.8.47 and A2.No.4148/47 dated 21.8.1947 I have to inform you that unless the Government sanction an advance of Rs. 16,000/ to meet the additional cost involved during the current year and unless the subsidy under the proviso to section 37 of the Elementary Education Act is raised from Rs.19,320 to Rs. 39,000/ annually in future years, it may not be possible for the Board to give effect to the revised scales of pay to the teachers in elementary schools. I, therefore, request that the Government may be pleased to pass early orders in the matter.

With regard to the teachers in High Schools, I wish to state that the expenditure on secondary education has become a heavy strain on the poor funds of this District Board and but for the sanction of the Arrear Toll Compensation grant of Rs.1,44,100/ a year, since 1945-46, the budget would have closed with a heavy deficit. The net cost involved to the Board on secondary education has been increasing year after year (ie. about Rs.47,000 for 1947-48) and consequently as suggested by the Deputy Inspector of Local Boards, Government were requested in this office letter No. A5-5181/47 dated 16.8.47, to take over the management of all the three high schools from the District Board. Pending receipt of orders from the Government in the matter, with reference to para 3(2) of G.O.No. 975 Edn. & P.H., dated 10.5.1947, the Government were requested in this office letter R.C.No.A5-5182/47 dated 10.9.1947 to permit the District Board to raise the school fees at a flat rate of Re. 1/ per pupil per instalment in addition to the existing standard rates so as to enable this District Board to meet the additional cost involved to some extent if the revised scales of pay are given effect to and orders are still awaited.

In the circumstances and pending improvement of the finances of the District Board (General Fund Account) as proposed in this office letter R.C.No.A1-757/47 dated 15.4.1947 (copy enclosed) addressed to the Government, Local Administration Department and in view of the increased net cost involved to the Board and in view of the uncertainty of the sanction of Arrear Toll Compensation grant in future years, I request that Government may be pleased to issue early orders as to whether revised scales of pay to the teachers in High Schools may be given effect to forthwith from 1.1.1947.

Establishment - education - revision of pay for teachers with effect from 1-1-47 - introduction of.

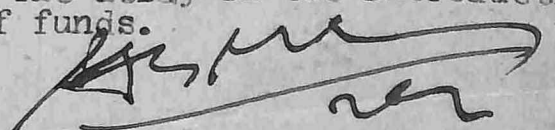

77/40 Government Memo No. 72978/B2-47-1 Edn. dated 13-9-47.

Orders have since been passed by me revising the scale of pay of the teachers in the Secondary and Elementary schools of the municipality with effect from 1-1-47 and the difference of pay due to the teachers will be disbursed within this week.

The elementary education fund account of this council is expected to close with a deficit of Rs. 17,253 on 31-3-48 as already reported by me in my letter B2-7254/47 dated 6-8-47. The financial position of the council is bad and according to the accounts for July 47 the deficit in the elementary education fund is Rs. 15,998-13-6 and the administration is now being run by temporary diversions from other earmarked and loan funds. The other funds are also closing with heavy deficits and unless Government sanction a grant equivalent to the deficit (viz Rs. 17,253) it will not be possible to run the administration.

I therefore, request that Government may be pleased to sanction this amount as urgently as possible. The delay in the introduction of the revised scales was due to want of funds.

Sir,

HC B-2 1100/47 Dated 23rd September 1947.

Sub:- Establishment-Hindupur Municipality-Introduction of revised scales of pay.

Ref:- Government memorandum No.72978-B-2/47-1 Education dated 13-9-1947 received on 22-9-1947.

I beg to submit that the Special Officer in his proceedings No. 289 dated 15-9-47 has introduced the revised scales of pay for teachers in all the Secondary and Elementary schools of the Municipality with effect from 1-1-47.

As for the current year the extra expenditure involved in giving effect to the revised scales of pay could be met as detailed below:- (i) From anticipated savings under the allotments made in the Budget Estimate Rs 3500/-

(2) From the conservancy fund as per Government order No. Ms. 1485 D.A., dated 2-9-47 = Rs 7197/-

(5) Excess grant expected from Government as per para 4 of Government order 10-5-47 Education dated 10-5-47 under Secondary Education Rs 6700/- and

(4) The balance if any from the opening balance under General Account.

The question of giving effect to revised scales of pay in future years has been considered in the light of the facts submitted below.

The financial position of the Municipality is revealed from the statement annexed showing the normal receipts and expenditure (providing only inevitable and prescribed allotments), and explained as follows:-

The average normal receipts for the last three years ended with 46-47 amount to Rs 100,721/- The receipts under the following heads which were not realised during the year 46-47 are to be added to the receipt in the normal receipts. They are :

Entertainment Tax Rs 9500/-

Duty on sales on transfer of property.	Rs 9500/-
--	-----------

Scaventing tax excess expected 8000/-

due to the enhancement of the rate 3000/-

total 17500/-

The probable receipts that are thus expected at the close of every would therefore be (100721 + 17,500/-) = 1,18,221/- As per the statement enclosed ~~showing~~ the prescribed and inevitable allotments that are to be made in each financial year irrespective of the needs of the municipality amount to Rs 1,11,150/-. In addition, the minimum working balance of not less than 5 per cent of the total normal receipts which amounts to Rs 7250/- has to be maintained by the municipality, while the balance that may be available is minus Rs 2914/- exclusive of working balance.

As per Government order No. 975 Education dated 10-3-47, the recurring grant that is expected from Government is Rs 11004 for secondary education against Rs 4900/- taken into account for the last three years (for details please vide this office letter No. B-2 1100/47 dated 27-3-47). Thus a surplus receipt of Rs 6704/- is expected under Secondary Education and if this amount is added to the balance under General Account the total will be Rs 8700/- while the prescribed minimum balance should be Rs 7500/- thus Rs 1200/-

... 10.970 or by enhanced subsidy...

to the amount that is being sanctioned every year.

In this connexion I beg to submit that the Municipality has been levying ten instalments of fees with effect from 1947-48 as per the Standard rates specified in the Madras Educational Rules. As regards Elementary Education, I beg to state that even after contributing a heavy sum of Rs 16825/- on average from the general fund every year the fund is not self supporting as explained below:-

The total receipts according to the normal budget are Rs 42980 including the contribution from the general account while the expenditure comes to 45322/- exclusive of advance increments but inclusive of the expenditure on account of giving effect to the revised scales of pay.

The normal contribution made from general fund of the Municipality is Rs 16825/- when the normal receipts were only Rs 100721/-

As a consequence of the levy of scavenging tax at the enhanced rate a sum of Rs 1000/- is expected under Education tax. Therefore the total probable receipts are Rs 42980/- while the expenditure after giving effect to the revised scales of pay is 45322/- leaving a deficit balance of Rs 1342/- exclusive of the minimum working balance of Rs 2155/- The Municipality is already levying the Education tax at the maximum rates prescribed in the Act and I solicit enlightenment on other sources from which the receipts could be augmented under this head.

The charges under Secondary and Elementary Education as stated above are exclusive of the grant of advance increments if any to be sanctioned by Government and if that also is taken into consideration an additional sum of about 3300/- (Secondary Education 1520 and Elementary Education 1780/-) is required both under General and Elementary Education fund.

Under these circumstances and with a view to come to a decision on what measures are to be adopted to continue the revised scales sanctioned both to Secondary and Elementary Education staff in future years in the light of instructions solicited elsewhere in this report and after intimation of the grant admissible under para (4) of the Government order No. 975 Education and Public Health dated 10-3-47 from the Director of Public Instruction, the revised scales as per the Government orders are sanctioned tentatively up to 31-3-48 in the resolution cited above, with a provision to revise the same to suit the financial position of the Municipality and other facts which could not be foreseen at present. I therefore beg to request that the Government may be pleased to sanction an additional subsidy equivalent to the amount which is a deficit under the general account as a consequence of contribution to the Elementary Education Account from general funds and deficit that may arise under the Elementary Education Account due to the giving effect to the revised scales of pay and dearness allowance notwithstanding the normal contribution from the general funds or to issue instructions as to how the deficit that may arise could be met.

In this connection I beg to submit that notwithstanding the fact that the Government in their order No. 364 Law (Education) dated 9-7-1928 fixed only Rs 2,865 as the amount to be contributed from general revenues, it is observed that while passing orders on the Budget Estimates of previous years the Government were pleased to raise the contribution with a view to avoiding a deficit in the Budget, which for the last three years works up to no less an amount of Rs 10,825/-

I beg to request early orders may kindly be passed so as to enable me to take requisite action in this behalf.

I thank you very much for your above letter.

I find in paragraph 1 of the letter under reference that Teachers under District Boards and Municipalities have been given revised scales of pay with effect from 1st January 1947. I am however informed that some of the poorer municipalities and district boards like Villupuram and Anantapur have not yet given effect to the revised scales of salaries to the teachers employed in elementary and secondary schools. May I request you to issue specific directions to all those local bodies to give effect to the revised scales with retrospective effect from 1st January 1947 in respect of their teachers.

Sub:- INTRODUCTION OF REVISED SCALES OF PAY.

Ref:- Govt. Memorandum No. 72978-B2/47-1 Edn. dated
13-9-1947.

As per the instructions contained in para 5 of G.O.

No. 975 Edn. & P.H., dated 10-5-47, the Government have been
addressed in this office Re.No Cl. 6603/47 dated 14-8-47
through the Inspector of Municipal Councils and Local Boards,
Madras to sanction an advance of Rs. 5,000/- to give effect
to the revised scales of pay to Elementary School teachers
and their orders are awaited.

In para 4 of the G.O. the Government have issued
instructions to the Director of Public Instruction to
determine the grant payable to each Secondary school
under local bodies and to intimate the grant admissible
for each school. Though the Government have revised the
scales of pay with effect from 1-1-1947 they have not
specifically stated whether they should be immediately
paid or how the funds have to be raised now for payment
As the financial position of the Council is not sound
at present on account of the payment of Dearness allow-
ance etc. this question will have to be settled by
Government or the matter of payment will have to be
deferred till the revised subsidy is settled by the
Director of Public Instruction. If immediate payment
has to be made to Secondary Schools staff extra percentage
of taxation has to be imposed as suggested in this office

The Copy of R.O.No.2031/47 dated 4-6-1947 of the Commissioner Bellary Municipality to The Inspector of Municipal Councils and Local Boards, Madras.

Sub:- Establishment - Municipal Council - Bellary - Revised Scales of pay introduction of.

Ref:- Your R.O.C.12708 - 47 Dated 16~~th~~ May 1947.

Rs.19,900/-, Government had ~~taken~~ by oversight taken as additional Revenue by levy of 1% of scavenging tax, While approving the ~~B.E.~~ *Budget estimate* of the Council for 1947-48. The correct figure is 9,950/-. On pointing out the discrepancy, Government have issued orders in this memorandum No.13206-1D-47 L-A. Dated 19-5-'47 reducing the closing balance to Rs.7526. The figure under Col.(3) in your letter quoted above may accordingly be revised to 7526. Taking this difference into consideration the additional amount that will be required if the revised scales are given effect to, will be Rs.32068, and not 22,113 as shown in Col.5

(Budget estimate)

While preparing the B.E. of the Council for 1947-48 credit has been taken for only 15% increase on the receipts under property tax as per R.E. for 1946-47. But the actual demand under property tax after general revision will be Rs.2,21,512/-. Even allowing a fair margin for reductions in ~~R.P.s~~ *(Revision per R.P.s)* and appeals there will be an excess of at least Rs.17,000/- over and above estimated additional income under property tax as budgetted for 1947-48.

The scavenging ^{tax} account is not at all self supporting. The expenditure on private scavenging Establishment is Rs.44,650 while receipts can to only Rs.12,930 Plus 9,950 even taking into account the one percent income in the scavenging tax from 1-4-1947. The expenditure under Public Health will be at least 15% over and above the minimum prescribed under Public Health Act. I, therefore suggest that the scavenging tax may further be raised by 1% more which will yield an additional income of Rs.10,000/-.

(L)

The income under carts ^{tax} is very low in this Municipality having regard to its business importance. I want to submit proposals for appointing Special Staff for seizing all the village carts that frequent the town on Shandy days. I am confident that by taking special steps the income under this head can easily be raised by at least Rs.3,200/- in the year. This additional income will be quite sufficient.

extra cost involved for payment of revised scales of pay to the staff

At present the lighting tax of 1% per half year is yielding Rs.9,960/- per year but the actual expenditure on street lighting estimated for the year is 13,800 which means contribution of about 4,000 from general funds. There is ample scope for improvement of Lighting in this town and due within a few years the expenditure is bound to increase to Rs.20,000/- . In these circumstances it seems absolutely necessary to raise the present lighting tax of 1% per half year to at least 1 1/2% . That will not only obviate the need of contribution from general funds but will keep the Lighting account self sufficient for some years. As any surplus from this account ordinarily cannot be ~~diverted~~ diverted to general funds, there is still the need of raising the scavenging tax by 1% more as suggested above . I am addressing the Government ~~xxxx~~ on this subject separately.

I submit herewith the information called for in para 3 of your letter in seriotism.

1.(a) Percentage of property tax now levied.	21 1/2
(b) Details:	
General	10
Water and Drainage	7
Scavenging	2
Lighting	1.
Education	1 1/2

This excludes the increase 1% scavenging tax recently ordered by Government in G.O. No.

(c) Demand. Rs.2,21,512.

ii). ~~one~~ percent of property tax is Rs.10,363/- .

iii) The tax on carts, vehicles and animals is not levied at maximum rates.

Even though the subject was placed before the council the council did not favour the increase the existing schedule. of rates is appended.

If the maximum rates are adopted the council may get an additional income of Rs.1,500/-

IV). The present income rates seem to be low in certain cases.

Increase of rates in cases ~~there~~ ^{here} is herewith suggested and the increase if approved may yield an additional income of about Rs.7,000/- But as the increase was not notified before the beginning of the year, they cannot be given effect to this year.

A schedule of rates of various Dangerous and Offensive trades levied in this municipality is appended for information.

v). The present income under Revised Estimate is furnished below:

Markets.	24,225.
Slaughter houses.	6,605.
Bus Stands.	3,510.
Cart Stands.	7,100.
Other receipts....	475.

The Deputy Inspector of Local Boards has suggested an increase of rates of levy of fees in the markets , slaughter houses and cart stands as noted below.

	For each cow, calf, goat, etc.	For each cow, calf, goat, etc.
Cattle market		
Cattle market.	Rs.0-2-0	
Cart stands.	0-1-6.	0-2-0
Slaughter house.	0-3-0.	0-4-0.

An additional income of at least Rs.5,000/- may be expected if these rates are increase. But this will have effect only in the next year.

vi.) The annual income from license fees on encroachments, drain coverings/ steps, sun sheds balconies etc., is Rs.6,540. The Government have recently reduced the rates on encroachments from Re.1/- to 0-3-0 per 10 Sq.ft. The existing schedule of rates of fees is appended. I do not suggest any change in these rates at present.

vii.) The amount allotted by the registration department as surcharge on stamp duty during 1946-'47 is Rs.9130 and Rs.13,200 for 1947-'48.

I have consulted all the heads of various departments to state if any retrenchment can be effected in their respective branches in view of the present need for economy. But none of them agreed for any cut. They represent that, they are working under a heavy strain and limited

120
staff. This is the case with the main Office also.

A copy of my reply to Government Memo.No.4/611 - G- 46 - 2 L - A dated 21-1-1947, is enclosed.

In view of the above proposals, I request the Inspector kindly to advise the Government to give effect to all or any of these proposals and to issue orders giving the revised scales of pay to the Employees of the Bellary Municipality at a very early date. *Already the no budgetary staff can be ^{with} rejected and showing disinclination for work.*

The Municipal employees Association is frequently passing Resolutions strongly urging for Revised scales etc. Some clerks and peons have submitted their Resignations on this ground but I have pacified them for the time being giving them hope of Revised scales in due course.

I submit that the information called for by Government in their Memorandum dated 26-7-47 referred to above with regard to the giving effect to the revised scales of pay to the Elementary Education Establishment of this Council was submitted to Government in this office R.C.No.6049/47 C7 dated 8-8-47 (Copy enclosed for favour of information) in which it was submitted that it would not be possible for this Council to give effect to the revised scales in view of its present financial position of the Elementary Education Fund unless the Government were pleased to sanction a subsidy for the purpose. I submit that the additional expenditure that has to be incurred during the year 1947-48 if the revised scales are given effect to from 1-1-47 is Rs.7310/-. As already submitted to Government the anticipated closing balance for 1947-48 is minus Rs.6861-4-2. In order to avoid this deficit, the Government in G.O.No.329, Edn. dated 24-2-47 while passing orders on the budget of the Elementary Education funds for 1947-48 have instructed to adjust a sum of Rs.8577/- from the arrears Toll compensation in G.O.No.768 L.A. 25-4-47 for the year 1947-48. Under these circumstances it is not possible for the Council to meet the extra expenditure this year from its funds. I therefore request that the Government may be pleased to sanction an advance of Rs.7310/- as per para 5 of G.O.No.975, Edn. dated 10-5-47 for enabling this Council to meet the extra cost for this year for giving effect to the revised scales from 1-1-1947. Pending grant of advance ordered, I shall give effect to the Revised scales to the teachers.

Ref:- Government No. 72978-B 2/47-1 Edn., dated 13-9-1947.

I submit that the Government Memorandum under reference is received in this Office on 23-9-1947. The subject regarding the introduction of the revised scales of pay to teachers in this Municipality has been referred to the New Municipal Council.

2) I submit that an additional amount of Rs. 5676/- (Rs. 2328/- Elementary Schools and Rs. 3348/- for Secondary Schools) will be required for giving effect to the revised scales to the teachers with effect from 1-1-47 to 31-12-47. In pursuance of your Memo No. 52511/47-1.C.1 Edn., dated 26-7-47, I have requested for the sanction of an advance of Rs. 2760/- from Provincial funds to meet the extra cost involved for giving effect to the revised scales of pay to the Elementary School teachers Vide this Office Rc.C.2. 3185/47, dated 7-8-'47; but the orders have not so far been issued in this behalf. Under Para 4 of G.O.No. 975 Edn., dated 10-5-47, I am awaiting the instructions from the Director of Public Instruction, Madras, regarding the admissibility of the grant for maintenance of Secondary Schools in this Municipality. Under Para 111 (3) of G.O.No. 1154 Edn., dated 5-6-47 orders have not so far been received regarding the scales of pay admissible to the Pandits and the number of posts in each grade for each school should contain.

3) While passing orders on the Budget estimate of this Municipality for 1947-48 the Government in Para 10 of G.O. Ms.No.431, d/4 dated 7-3-47 were pleased to observe that the Budget Estimate would close with a deficit of Rs.20489/- against the prescribed minimum balance of Rs. 9262/- and they permitted the Council to adjust to its general Account a sum of Rs. 29751/- from the arrear tolls compensation grant. The financial position of this Municipality is not therefore sound.

P.T.O.

I further submit that the Government in their Order No. Ms. 1395 L.A., dated 12-8-'47 observed that the financial position of this Municipality does not permit the adoption of the revised scales of pay to the employees (other than the education staff, scavengers and conservancy menials) and granted only one month's pay as Bonus.

The Government are kindly requested to sanction the entire cost of the expenditure involved by the proposal for Secondary - School teaching staff for this year and the advance of Rs. 2760/- required for Elementary School teachers, for the adoption of the revised scales of pay from 1--1--1947.

I request the favour of early orders in this behalf.

Sir,

Allow me to thank you on behalf of the South India

I request that similar orders may be passed at an

While on tour in Salem District, I received complaints in Salem that the Salem Municipal Council has not given effect to the new revised scales of salaries. I thought the orders were that the revised scales of salaries should come into operation immediately from July with retrospective effect from 1st January 47. I would like to know why that has not been given effect to in some Municipalities and District Boards and also, I would like to know in what Municipalities and Dt. Boards, it has not yet been given effect to. It is indeed regrettable if after two months after the orders have been issued, they have not been complied with in the various parts of the province. The matter may be enquired into urgently and reported. I would like to have this information within a week.

As I told you yesterday, there are now many Dt. Boards and Municipalities which have not given effect to the revised scales of pay. When the original revision was made, the matter was discussed at very great length in the Cabinet and after a lot of discussion it was decided that as far as teachers are concerned the revised scales of pay should come into effect immediately whatever the state of finances of Local Bodies, through advances by Provincial Govt. When the Cabinet had made a specific resolution like this, I am very much pained to see that as many as 8 Dt. Boards and 30 to 40 Municipalities have not brought the revised scales of pay into existence. The matter ~~must~~ be gone into. Such of those Municipalities and Dt. Boards which have not enforced the revised scales of pay may be given advances and orders passed

p.t.o

If the 24 Dt. Bds., reports have been received to the effect that 17 Dt. Bds. have introduced the scales. In the case of 3 Dt. Bds. (Guntur, Nellore & Rajahmundry), the spl. officers have taken steps have been taken to introduce the revised scales of pay. But in the case of the remaining 4 Dt. Bds. (Anantapur, Arcot, Cuddapah & Nalgonda) the spl. officers

5
 have reported that for want of funds, the scales could not ^{be} introduced. The position of these Dt. Bds. has been examined in the sectional notes below. Orders in the case of N. Arcot and Nalgonda have been issued. In the case of Cuddapah and Anantapur it has been decided that the rate of Education tax should be raised and advances paid to the Dt. Bd., this year. Draft orders in the connected files have been submitted. In the case of these 2 Dt. Bds. special instructions have been issued asking them to introduce the revised scales of pay pending the provision of funds.

Secretary, E. & P.H.

I understand from the Secretary, L.A., that 20 District Boards out of 24 have given effect to the revised scales of pay for teachers. I would like to know which are the four District Boards which have not given effect to the revision of salaries for teachers. Orders may be issued with regard to them immediately. I also understand from the Secretary, L.A. that out of 81 Municipalities, 65 Municipalities have given effect to the revision of salaries for teachers. Of these, 63 Municipalities have also given weightage to service. I would like to know which of the Municipalities have not yet enforced the revision of salaries for teachers and have not given weightage to service. Those cases may be put up so that orders may be ~~revised~~ issued for revised scales of pay in these Municipalities. I would also like to know in how many District Boards, weightage to service has not yet been given.

Municipalities.

With reference to the minutes of H.M. (Edu.) above, reference is solicited to the statement put up ^{at} (J) below.

2. Out of 81 Municipalities ^{councils} 63 have given effect to the revised scales of pay before 15.9.47. before the issue of Memo. No. 72978 B2/47-1 dated 13.9.47. No report has yet been received from the Dist. Rajahmundry. Out of the remaining 17 Municipalities, orders have since been issued in the case of 14 Municipal Councils directing them to give effect ^{as to} to the revised scales without any further delay. Orders have also been issued on the question, how the additional expenditure on the revision of salaries should be met by these Councils.

3. Orders have not yet been issued in the case of the remaining 3 Municipal Councils, namely, Cuddalore, Proddatur and Walajpet. The question as to how the additional expenditure should be met by these local bodies is under examination, in consultation with L.A. and P.H.

but the executive authorities of these local bodies have already been instructed to give effect to the revised scales, pending the issue of orders by the Govt. on this question.

4. With regard to the grant of advance increments attention is invited to page 2 of the statement at (T).

Dr. G.O. No. 2035 Edn. d 19.9.47, 50 Tel. eds. were directed to grant advance increments to elementary teachers in their employ. Since then 10 more Municipal Councils were allowed to grant the concession to the teachers in their employ.

5. Out of the remaining 21 Municipal Councils the financial position of 10 Councils has been examined and found to be unsatisfactory. Hence the question of granting advance increments has been deferred in these cases.

6. Orders have yet to be issued in respect of 11 Municipal Councils. The financial position of these local bodies is under examination in consultation with L.A. and Finance. Orders will be issued on all these cases before the end of this month.

The S.O. has reported that the revised scales of pay, sanctioned to teachers in secondary schools have been introduced. As regards E.L. schools, he has addressed the Govt. for a grant from provincial funds. The orders of the Govt. are that the additional expenditure on account of revision of salaries should be met ^{by local bodies} from their own funds. It has been separately suggested that the rate of education tax may be raised up to 24 paise and that an advance may also be paid towards the cost of revision of salaries.

The S.O. has not given effect to the revised scales of pay either for E.L. School teachers or for Secondary School teachers. As regards E.L. schools an application for a subsidy has been received. From the examination of E.E. fund budget, it is seen that the Bd. has a sufficient balance to meet the expenditure on account of revision of salaries. As regards H.S. and future years the question of enhancement of the rate of education tax may be considered. The file is in circulation.
