RC. No. 86-F/47 dated 14th September 1948..

Sir,

SUB: REPORT ON PUBLIC INSTRUCTION - 1947-48 - Continuance of the 2 Additional clerks for a further period of two months REQUESTING.

.....

REF: G.O.MS.No.1805 Education dated 21st July 1948 sanctioning the continuance of the post of 2 clerks for a further period of two months from 20th July 1948.

At the time the proposal was submitted to Govern-

ment for the further continuance of the post of 2 clerks for Public Instruction Report work - Vide my letter RC.86 F/47 dated 13th July 1948 - it was thought that normal conditions would prevail and that all the required annual returns for the year 1947-48 would be received before the scheduled time. Further, it was also thought that the report work in connexion with the previous years report would definitely conclude within a short time. It was in this hope that the concluding sentence of my letter quoted above Viz., that every care will be taken to see that the arrears are overtaken within a period of sanction was added. I now find that circumstances have so turned out that a further extension of the period of employment of the staff is absolutely necessary. This will be clear from the following explanation.

2 The report of the last year has been completely finished and both Volumes I & II (both parts) are in the Press. While proof in respect of Volume I has been received, proofs in respect of Volume II have not been received (Manuscripts sent to press on 6th August 1948). Further though proof of Volume I (matter portion) has been looked into and is ready to be sent back to the press for striking forme-proof, proofs in respect of the tables appended to Volume I have not been received completely. Thus it will be seen that there is yet work to be done in correcting the proofs of the report

= 2 =

3 The returns for 1947-48 have not yet been received completely from the Inspecting Officers. Owing to reorganisation of inspecting agency and the consequent transfer of girls elementary schools to the District Educational Officers, the officers are experiencing some difficulty in getting ready the annual returns relating to elementary schools for girls. Though the inspecting Officers have been permitted to utilise the services of the clerical staff in their subordinate offices for return work, I find that there is still some delay ~~in~~ in getting ready these returns. I have already instructed the District Educational - Officers to treat this matter as urgent and it is hoped that all the returns will be received shortly. Due to non-receipt of the returns final consolidation of figures and the preparation of all the tables of volumes I and II of the Report cannot be - taken up now. As usual the financial returns relating to Elementary schools have not been received due mainly to the fact that the inspecting officers have to depend on local bodies for particulars of expenditure relating to schools under their control. Difficulty is also felt in getting the annual returns from Colleges and institutions not under my control - for e.g. those relating to Agriculture and Industries.

u Owing to the non-availability of qualified hands one of the posts sanctioned for the work had to be kept vacant for - nearly a fortnight. In view of these extraordinary circum- stances and in view of the large amount of work still to be - done I request that Government may be pleased to extend the period of employment of the two clerks sanctioned for the - Report work for a further period of two months from 20-9-1948.

Yours faithfully,

for DIRECTOR OF PUBLIC INSTRUCTION.
