SUBJECT:

NUTRITION RESEARCH LABORATORIES - SOUTH INDIA -
INCLUSION OF - WITHIN THE TERRITORIAL JURISDICTION
OF THE BOMBAY UNIVERSITY.

Sir,

for sep

I am directed to forward herewith a copy of letter
No. 7942-5418-U dated the 6th April 1948 from the Government
of Bombay, Department of Education and Industries, on the
subject mentioned above and to say that the Government of
India will be glad to have the views of the Government of
Madras before according sanction to the proposal to include
the Nutrition Research Laboratories, ^{Cannor} ~~Cannor~~, within the
territorial jurisdiction of the University of Bombay.

Yours faithfully

Alu

A copy of a letter No. 7942-5418-U dated the 6th April 1948 from the Joint Secretary to the Government of Bombay, Education and Industries Department to the Secretary to the Government of India, Ministry of Education, New Delhi.

Subject: Nutrition Research Laboratories, Coonoor, (South India).
Inclusion of - within the territorial limits of the Bombay University.

I am directed to state that the Nutrition Research Laboratories, Coonoor, South India, has applied to the University of Bombay, for recognising the Laboratories as a Centre for post-graduate work for the purposes of the M.Sc. and the Ph.D. degrees in Biochemistry and Nutrition of the University. The University cannot grant this application unless the Laboratories are included within its territorial jurisdiction. It has accordingly requested the Government of Bombay to issue a notification under section 4-A of the Bombay University Act, 1928, announcing the inclusion of the Laboratories within its territorial jurisdiction.

2. The Government of Bombay sees no objection to granting the request of the University. It accordingly proposes to include the Laboratories within the territorial jurisdiction of the Bombay University in exercise of the powers conferred by section 4-A of the Act (inserted by clause 2 of Bombay Act No XX of 1930). As, however, this Government has given an undertaking to the Government of India that it will not notify under this section the inclusion of any other territories within the jurisdiction of the Bombay University without their prior consent (paragraph 5 of Government letter, Educational Department, No. 4274-E, dated the 16th June 1930), I am to request you to be so good as to move the Government of India to accord their sanction to the proposal to include the Laboratories within the territorial jurisdiction of the University.

PSant

The request of the University of Bombay regarding the Nutrition Research Laboratory at Coonoor to be included in its territorial limits gives rise to certain complications. It is difficult to see how the laboratory alone could be included in the territorial limits of Bombay University without including the whole of Coonoor. Also according to normal understanding when one place is included in the territorial limits of a University, it is excluded from the limits of other Universities. Coonoor at the present time is within the territorial limits of the Madras University. It has been the policy so far not to permit more than one University to recognise or affiliate institutions in a given territory. This view has already been put forward by this University when proposals came for affiliation of institutions to Aligarh University in the Madras University area.

There need, however, be no objection to the University of Bombay recognising work done at the Nutrition Research Laboratories for its research Degrees. The University of Madras permits candidates for research Degrees to carry on their work in the following places:-

- (1) Institutions in its own territorial limits;
- (2) All-India Institutions whether within its territorial limits or not;
- (3) Institutions affiliated to other Universities, provided the students working are graduates of this University and cannot get the special facilities available elsewhere.

The most convenient course for the University of Bombay to adopt would be to recognise All-India Institutes for purposes

of their Research Degrees. If the Laws do not now permit it, it would be simpler to amend their Laws instead of producing a new complication by ~~recognising institutions~~ extending its territorial jurisdiction to areas within the territorial limits of other Universities. All-India Institutes are likely to become increasingly important and larger in number in future, and are intended to be available for the whole of India.

Yours faithfully,

R. R. Radarmal

1. Copy of letter No. 31775 C-1, Edn. dated the 23rd June 1944 from the
Secretary to Government, Education and Public Health Department, Fort
St. George, Madras.

I am directed to forward a copy of the Bill to amend the
Aligarh Muslim University Act, 1920, together with the Statement of
Objects and Reasons and extracts from the Legislative Assembly (Central)
Debates dated the 31st March 1944 regarding the Bill and to request that
the Syndicate will favour Government with an expression of its opinion on
the provisions of the Bill.

It is requested that a reply to this reference may be sent not
later than the 20th July 1944.

2. Copy of letter No. A. 3998 dated 2nd November 1944 from this Office
to the Secretary to the Government of Madras, Education and Public Health
Department.

Ref: Your letter No. 31775-C-1, Edn. dated 23rd June
1944 forwarding a copy of the Bill to amend the
the Aligarh Muslim University Act, 1920 and re-
questing the Syndicate of this University for an
expression of its opinion on the provisions of
the Bill.

I have the honour, by direction of the Syndicate, to inform
you that the University is not in favour of such comprehensive legisla-
tion as would permit the Aligarh Muslim University, or any other Univer-
sity, to influence the curricula of schools, and to hold examinations in
distant provinces.

GOVERNMENT OF MADRAS
Section-

UNIVERSITY - Bombay - Nutrition Research Labora-
tories, Coonoor - Inclusion within the territorial
jurisdiction of the Bombay University.

From the Secretary, Govt. of India, Ministry of Edn.,
No. F.55-8/48-E.I dated 1.7.48.
From the Registrar, Univ. of Madras, No. C.R.3523 d./-
4.8.48.

The Govt. of India have forwarded a copy of
letter from the Govt. of Bombay regarding the proposal
of the latter body to include the Nutrition Research
Laboratories, Coonoor, within the jurisdiction of the
University of Bombay, and have asked for the views of
this Govt. in the matter. The Registrar, University
of Madras, who was consulted in the matter, states
that Coonoor ~~at present~~ is within the territorial limits
of the Madras University and that it has been the
policy so far not to permit more than one University
to recognise or affiliate institutions in a given
territory, and that this view was already expressed
by the University on a prior occasion when proposals
came for affiliation of institutions to the Aligarh
University in the Madras University area. He therefore
suggests that the best course would be for the Univer-
sity of Bombay to recognise All-India Institutes
for purposes of their Research degrees; by a modifica-
tion of their laws, if they ~~do~~ not permit ^{such} a thing
at present. It is for orders whether the Registrar's
views may be accepted and a copy of the letter on p.p.
7-8 c.f. forwarded to the Govt. of India in reply to
the letter on p.1 c.f. with the ^{remark} endorsement that this
Govt. accept the views of the University. May be
circulated to H.M.(Edn).f
