Sir,

sub: Elementary Education - Compulsion - extension
of the scheme to rural areas - 1948-49 -
under the Post-war Scheme - Training of
additional teachers.

Ref: My letter Roc.No.1858 B1/47 dated 17-9-1947.

In my letter quoted above, proposals were submitted to Government for their acceptance to defer the further introduction of the scheme of compulsory elementary education in rural areas for the year 1948-49. Hence, it was stated therein that no provision on this account was made in Part II of the my estimate for 48-49. However, as a result of the compulsory scheme of Elementary Education introduced during the years 1945-46, 1946-47 and 1947-48, it is expected that additional number of children will be enrolled during 1948-49 in those areas as detailed below:-

1,04,000

At the rate of 35 pupils per teacher, the ultimate number of teachers that will be required is 2,971 or 3000 in round figures. For the output of 3,000 teachers, provision may kindly be made under Part II of the Budget Estimate for 48-49 as detailed in the annexure. The estimate has been prepared for 75 training sections (40 under Government and 35 under private managements) adopting the concessions sanctioned in G.O.No.738 Edn., dated 15-4-47 and Govt. Memorandum No.36992 C1/47-2 Edn., dated 5-6-1947.

Explanatory note

With a view to train the large number of teachers required for the introduction of compulsory ele.edn. in the Province, the Govt. sanctioned the opening, in 1946-47, of 50 secondary grade trg.classes and 50 ele.grade training classes, 40 ^{candidates} ~~candidates~~ being admitted into each class; sanction was also accorded for opening a similar no. of additional training classes during 1947-48. The no. of training classes actually opened in these years were as follows:-

Year...	Secondary	Higher Elementary	Total
1946 - 47.	.. 39	18	57
1947 - 48.	.. 33	26	59
Total	.. 72	44	116

It has been estimated that the no. of children that might be enrolled during 1948-49 will be 1,04,000 on account of the compulsory scheme introduced in the previous years and that the no. of teachers required for this purpose will be about 3,000. The D.P.I., therefore, recommends that 40 additional secondary grade training classes (20 under Government and 20 under private management) and 35 additional elementary grade training classes (20 under Government and 15 under private management) may be opened during 1948-49.

This department accept the proposal of the Director and recommend that provision may be made in the Budget Estimate for 1948-49, as shown in the summary at the top.

From the D.P.I. No. 1858 B1/47 dated 26-9-47.
.....

With a view to train the large number of teachers required for the introduction of compulsory elementary education in the Province, the Government sanctioned in G.O.No.1018 Education, dated 21-5-46, the opening, in 1946-47, of 50 Secondary grade training classes and 50 elementary grade training classes, 40 candidates being admitted into each class. Sanction was accorded in G.O.No. 738 Education, dated 15-4-1947 for the opening of similar number of additional training classes during 1947-48. A statement showing the no. of additional training sections actually opened during the school years 1946-47 and 1947-48 is on 9 c.f.

2. In his letter in the C.F., the Director reports that even though it is proposed that the ^{extension of the} scheme of compulsory elementary education in rural areas may be deferred during 1948-49, it is estimated that the number of additional children that might be enrolled during 1948-49 would be 1,04,000 on account of the compulsory scheme introduced in the previous years and that the number of teachers required for this purpose will be about 3000. The Director, therefore, recommends that 40 additional secondary grade training classes (20 under Govt. and 20 under private management) and 35 additional elementary grade training classes (20 under Government and 15 under private management) might be opened during 1948-49.

3. The cost involved in the scheme will be about Rs.12.55 lakhs (Rs. 12,55,000/-) spread over a period of three years.

4. "Training of additional teachers" is one of the schemes in the Post-War Five Year Plan and the proposal satisfies the criteria laid down by the Finance Department in G.O.No.577 Finance dated 1-8-47 for Part II Schemes. It may be stated that this Deptt. has proposed that the extension

5. The proposal may be accepted in this department and the file sent to Finance U.O. for remarks.

Part II scheme for 1948-9.

With a view to train the large number of teachers required for the introduction of compulsory elementary education in the Province, the Govt. sanctioned in G.O.1018 Edn dated 21-5-46, the opening in 1946-7 of 50 secondary grade training ~~xxx~~ classes and 50 elementary grade training classes, 40 candidates being admitted into ^{each class} ~~it~~. However, only 39 secondary grade training classes and 18 ~~higher~~ elementary grade training classes were actually opened. A similar scheme with the same number of training classes was sanctioned in 1947-8. However, only 33 secondary grade classes and 26 elementary grade classes were actually ~~opened~~ opened during 1947-8. The D.P.I ~~is~~ ^{has} now proposed the opening of 40 secondary training classes (20 under Govt. and 20 under private management) and 35 elementary grade classes (20 under Govt. and 15 under private management) during 1948-9. ^{The} Cost involved is shown below:

Item 52: Training of additional teachers for compulsory elementary education

Please see the recommendation of the S.F.C. embodied on the previous page. For orders whether it may be accepted. In regard to the Part II scheme for extension of the scheme of compulsory elementary education in 1948-49, the Standing Finance Committee has recommended as follows:-

"The provision should be utilised for extension of basic education. The heading of the scheme has to be altered and a fresh scheme worked out."

file subd separately

20/1/48 S/H M. (C.)

I have spoken to H.M. Finance. I am herewith sending two files which are for the furtherance of basic education. Orders of H.M. Finance may be taken on them immediately. On his approval, they may be taken as schemes for basic education and passed so that no more approval of the Standing Finance Committee and the Cabinet may be necessary. Orders to organise these schemes will have to be issued soon if we are to have them functioning in the next school year and so, H.M. Finance may kindly see immediately and give his consent.

TSA

From the above report for basic education, these schemes can be taken up. As long as it is within the scheme, it need be brought before S.F.C. The usual order to Fin Dept may be done.

My Secretary points out that the note of H.M. (Finance) above that the usual circulation to Finance Dept. may be done other refers to these 2 files also.

I think the intention of H.M. (Finance) is that the circulation to Finance Dept. of these two schemes are not necessary but only the circulation of the further schemes for that amount would be necessary. That may be made clear by H.M. (Fin.)

This file relates to the training of teachers for compulsory elementary education. The Standing Finance Committee has recommended that provision for the scheme may be omitted. It is presumed that Hds. has accepted this recommendation. The minutes of H.M.S. (Edn.) and (Fin.) have been added to the file relating to compulsory elementary education.
