SPARE COPIES _____

I have the honour to request that Govern-
ment may be pleased to sanction in the current year, the
employment of an Officer to be in charge of Technical
Education in connection with the introduction of bifur-
cated courses in secondary schools in the scale of
Rs. 230--700 in the grade of a District Educational
Officer. With the introduction of bifurcated courses
in Secondary Schools in 1948-49, there should be a sepa-
rate officer in my office with the necessary technical
qualification to advise the managements of schools on
(i) accommodation (ii) equipment and (iii) Courses of
study in regard to the technical subjects to be started
in them and also to advise me on these matters. The
Officer will be responsible for all the work connected
with the vocational side of the bifurcated courses of
study including, if necessary, the inspection of those
schools. He should be able to tour occasionally to
advise headmasters and managements.

2. The extra cost will be as follows:

Average pay of the officer
in the scale of Rs. 230-700

The Hon'ble Mr. Avinash
Minister for Education

MADRAS.

Dear Sir,

I have received, the notice of discharge, and note, with regret, that my services are not wanted.

2. I agree, that, it is not reasonable to maintain a teaching centre, purely for the training of students and teachers, of the Anglo-Indian Schools. In my Annual Report to the Inspectress of European & Anglo-Indian Schools and Director of Public Instruction, Madras, I had expressed it, and had put in a request, to improve the centre, and to use it as a special training centre, for the teachers ~~and~~ Indian Schools also. With the re-organization of Secondary Education, there is immediate need for a number of teachers, with special training in Domestic Science subjects. Headmistresses and teachers, at the Committee

Meeting have expressed, that they do not feel confident of handling the new syllabus and they hoped, a refresher course would be started for them somewhere. This Centre with its space and equipment, would have been ideal for such a course. I am sorry the centre has to be closed at a time, when the need for it is so great.

3. I am much interested in the new scheme of Bifurcated Courses since I had a part in framing the new syllabus. I shall always watch its progress with keen interest.

4. My ignorance of Tamil is one that can be rectified. If my past experience, as Teacher and Lecturer in Delhi and here, could be of any use, I shall be most willing to offer it any time I am called upon to do so.

I have the honour to be,

Sir,

Your most obedient servant,

M A D R A S,

Immediate

Please see herewith a copy of the letter from the Director of Public Instruction. He wants to create a new post, i.e., an Officer to be in charge of technical education in connection with the introduction of bifurcation in secondary schools, in the ordinary D.E.O.'s cadre, i.e. on Rs.230-700. The opening of the Technical High Schools is a new development and a very necessary development which has been pending for a long specially time. To organise this, an officer ~~has to be~~ equipped for the post is highly necessary. It is essential that we must create the post immediately, if we are to begin our Technical High Schools on right lines from the very beginning.

But, I think, further expenditure is unnecessary. There is a post called the Lecturer for Home Science for European Schools for the whole province in the Office of the D.P.I. That post is unnecessary. That post is on the same cadre of Rs.230-700. That post may be abolished and instead, this new post may be created so that there need not be any extra expenditure. As both the posts are of the same cadre, there would not be any extra expenditure.

As the matter is very urgent and the courses have to be organised before the school year and as it does not involve any extra expenditure, I would request H.M. Finance to issue immediate orders.

H.M. Education.

One Mrs. Jacob is occupying the post. She is a probationer and so, may be sent out on a month's notice.

The need for a man to organize technical education in our bifurcated courses is urgent and so, this post of the Lecturer for domestic science for European Schools may be abolished and in that place, an officer for Technical Education in the D.P.I.'s Office may be appointed.

With a view to the proposal is that there should be an officer who will be responsible for all the work connected with the vocational side of the bifurcated courses of study in secondary schools. An officer of M.E.S. is proposed.

It is considered that there is no need to continue the post of lecturer in Domestic Science for European and Anglo-Indian schools in the women's branch of the M.E.S. and it is to be abolished. The existing incumbent being given a month's notice of discharge.

The new post will not involve any extra cost by way of pay, contributing allowance or M.H.A. There will be some extra cost due to T.A. (as new post). It is presumed that the person needed as there will be one under the M.E.S. officer referred to at A.

The proposal as set out in the draft order may be accepted. [Edn. have dropped the proposal to create a temporary post of lecturer in Domestic Science in Indian schools with the abolition of the post of lecturer in Domestic Sciences in European schools].

M in Fin.'s note on p.5 mnto:

It is not known whether any - and, if so, how many - persons are allowed for the Lecturer in Domestic Science. Para 3 of draft, newly added, is for approval.

2. Mrs. Mary Jacob was apptd. by direct recruitment on 24-6-46 to a war-reserved vacancy which has since been dereserved; and therefore, under G.O.354-P.(S), d/- 5-2-45, she has no probationary rights, and if she is to be discharged, she need not be allowed any gratuity - para 3 of G.O.3035-P.(S), d/- 29-12-45.

Nor does it seem quite necy. to give her a month's notice of discharge unless, on grounds of equity, that course is preferred. Public may also see on this, before circn.
