Madras Educational Service - Instructors in Electrical Engineering - Vacancies - Filling of - Proposals - Submitting.

(in the College of Engg, Guindy, that will occur as a result of the promotion of Mr. B. Krishnan Venkatasubramanian)

As regards the filling up of the resultant vacancy in the post of Junior Instructor in Electrical Engineering, I recommend that Mr. B.M. Ibrahim, who has returned from the United States of America, may be appointed to officiate in the vacancy under Rule 9 (a) (i) of the General Rules for the Madras Provincial and Subordinate Services. Mr. B.M. Ibrahim has obtained the M.S. diploma in Electrical Engineering from the Stanford University, California and had practical training in the National Bureau of Standards, Washington. The Principal, College of Engineering, Guindy, considers that Mr. Ibrahim will be useful for instruction in Electrical measurements and recommends him for temporary appointment as Junior Instructor in Electrical Engineering -- Vide in this connection Government Memorandum No. 43283-48-2 C2., Edn., dated 3rd July 1948, regarding the utilization of the services of Mr. Ibrahim in the Education Department. I may submit here that Sri C.K. Chandran, a private scholar who has been undergoing advanced studies in Electrical Engineering in the U.S.A. and who is intended specifically for absorption in the teaching staff of the College of Engineering, is due to return to India in January 1949. The question of continuance of Mr. B.M. Ibrahim in the Madras Educational Service after providing for Mr. C.K. Chandran, will have to be considered in the light of the circumstances that may exist then.

From the letter of the DPI, it cannot be said whether the intention refd. to will be fulfilled in Mr. Ibrahim's case, after the scholars other than Sri Chandran ~~refd.~~ to also return to India. What seems, therefore, proper to do is to tell ^{Mr. Ibrahim} ~~him~~ that there is a tempy. vacancy ^{of Junior} ~~will~~ which is expected to last until Jany. 1949 and that his continuance in the dept. thereafter is as likely as not, and to ask him whether he is willing to take up the ~~appt.~~ tempy. Extract from D P I's letter R.C. No. 3344/C.1/47 & 14.1.48

It may be observed that the requirements of the Education Dept are even greater than the number of scholars available. I should also suggest that the Edn Dept may be consulted if any of the scholars sponsored by other departments (Provincial or Central) are not required by the sponsoring departments.
