p15/J

In continuation of my reply to your memo No 19452 C2/46-1 Edn dated 12th April '46, I wish to state that the shipping agents Messrs ~~Gav~~ Govan Bros., New Delhi, have asked me to fill a form very urgently and stated that they will consider my case for a sailing to U.S.A by the 15th of May '46 by a special transport. The form has been duly filled in and sent. I understand further that a special steamer sails by about the 15th of this month, and that all the students are to be taken by that steamer. In this I beg to point out that the Govt has not yet fixed me any University as has been done in the case of the other stipendary candidates. As such I appeal that I should not be left behind on account of the University not being fixed. I am prepared to do practical work in U.S.A till the University is fixed.

I am waiting for shipping facilities for the past nine months, thus foregoing gazetted appointments offered to me by Government. Failing arrangement by this special steamer I request I may be intimated whether I will be sent by 1946 or 1947.

In view of the short interval of the departure of the special steamer I am presenting this application direct to save delay.

Expecting an early reply,

Yours obediently,

AP Jambulingam.

More than 13 months are over since I am se but am still detained in India. I request you to kin consider how sickening this long period of inactivity must have been to me, what a great financial loss has entailed me and how dreadful a further period inactivity, if it is threatening me, should be to me. As I

Though I have been selected a year and a half back to U.S.A., the Govt. has not yet sent me to U.S.A. Even subsequent batches of students, who have been selected this year, have been sent. I was given to understand that my university at U.S.A has not yet been fixed. I have stated in my previous letter that my presence in U.S.A will go a lot to secure me admission in any of the universities. In view of the fact I have waited long, I request the Govt. to make this special concession to send me by the next boat or by air to U.S.A without university being fixed.

I have stated in my previous appeals of the difficulties (Such as domestic works) experienced due to this delay in not sending me early. I have also lost valuable gazetted jobs.

As a last appeal, I humbly pray the Government to consider my case sympathetically and decide to send me by the next boat or the next plane. If the Govt. cannot send me by the next boat or next plane, please intimate me to relieve me of my anxiety in this long period of suspense and to have some settled policies regarding my domestic affairs, which I am ~~hitherto~~ hitherto forced to postpone in view of my trip to U.S.A.

To avoid delay I am sending this direct.

With reference to the above I need hardly point out how grieved I am that all efforts to secure admissions for me in the U.K. have failed, and that fresh efforts are being made now at this stage to secure admission for me in the U.S.A. I had originally stated even in Aug. 1945 in the forms I had filled in that I would

P.T.O.

in another file

prefer to go to the U.S.A. but it was the Govt. that decided that I should proceed to the U.K. in their memorandum No 40305.C.3. Edn. dt. 17-9-'45. At every stage I have been requesting the Govt. to kindly make express arrangements for my admission and travelling facilities. As soon as I saw the Press Communique of the Central Govt. in October 1945, I informed the Govt. of Madras of my position and requested even then to make arrangements for my admission and shipping facilities. Curiously enough I was even requested by the Govt. in the memorandum No. 45895.C/45-21 Edn. dated 8. Dec. 1945 that I should inform urgently the Dy. Civil Passage Controller and my shipping authorities of my readiners to sail but I was finally informed at the end of that series of correspondence that admission had not yet been secured for me. Thus I was denied the chances of joining both the October and the January sessions. So that I could be lucky atleast for this October sessions,

Separate file

P.T.O.

I communicated to the Govt. in July 1946 but again I have been informed that all efforts to secure admissio for me in the U.K. for this october sessions have failed.

I trust that these facts in continuation of the other facts I have submitted and placed before you in my letter of the 15-sept-1946 would impress on the Govt. of my unfortunate position. May I therefore pray that immediate arrangements be please made for me and I be sent by air so as to be in time?

If I am to go to the U.S.A, I have to get my Passport valid for the U.S.A. also. There is besides my obtaining the necessary Visa for that Country. I request you to kindly furnish me with the necessary Instructions in regard to these.

ADVANCED OVERSEAS STUDIES IN (1945)

Sir,

PP 31 and 41 & 42 CF

1 I am directed to refer to your letter No.25974-C2/46-4 dx and telegram dated the 18th September 1946 and 28th September 1946 respectively regarding the studies of Messrs A.P.Jambulingam, S.R.A.Jesudraz and M.Prabhanjanamurthi, and to state that the Educational Liaison Officers abroad, have again been reminded in the matter.

2 The Government of India very much regret that admissions have not yet been secured for these scholars. The Liaison Officers are making the best of efforts, and as soon as the scholars' admissions are secured, the Provincial Government will be informed.

Extracts of paras 3 and 4 taken for connected files.

3 I am to refer to the case of Mr. D.V.Narasimhan the 1945 scholar and to forward herewith an extract from his letter dated the 4th September 1946 received from the High Commissioner for India, London. The High Commissioner for India recommends the case on the ground that the extension in scholarship desired by the candidate, is only for six months, and this would considerably add to Mr. Narasimhan's experience in the subject. The Government of Madras may consider the case, and communicate their decision to the Government of India at a very early date.

4 I am also to refer to the case of Mr. C. Ranganatha Reddy and to forward herewith a copy of letter No.E.A.5235 dated the 25th September 1946 from the High Commissioner for India, London, addressed to the University of Sheffiled in the matter regarding the candidate's studies. The

which Mr. Reddi can do at the Sheffield Universi

P.T.O.

will be the continuation ~~fa~~ of the work he has so far been doing at the Leeds University, (i.e.) investigation of Fuels with reference to Coal. In case the Sheffield University does not accept Mr. Reddy, then he may have to be sent to the United States of America, where arrangements for his admission are being tried.

I have the honour to be,
Sir,
Your most obedient servant,

P. Sanyal

MEMORANDUM.

Subject:- Advanced Studies Overseas in respect of Mr. A.P. Jambulingam, 1945 Deputationist.

The undersigned is directed to refer to correspondence on the above subject and to state that the High Commissioner for India informs that an application was made on behalf of Mr. Jambulingam to the College of Aeronautical and Automobile Engineering Wimbledon Park, London. The College authorities have informed that they will be glad to accept Mr. Jambulingam as a student at the College, but at the present time they have no vacancies for the January 1947 sessions. They are, however, prepared to accept him for the April 1947 sessions and in case the offer is acceptable, the candidate will have to fill in the enclosed application form and return it to the College authorities.

2. The Provincial Government may consider the case, and in case the offer is acceptable, they may return the completed application form direct to the High Commissioner for India, Education Department, India House, Aldwych, London W.C.2, by Air Mail, under advice to this Department at an early date.

1 I have been informed in your memorandum no. 25974 C.2/46-9 Edn. d/ 6.12.1946 that the Government of India have been reminded again.

2 I beg to state that February is the only session which is not far off and if this is also allowed to let slip, I would have to wait again till August 1947. Such a long further period of detention to one,

who has already waited for one full year and four months would be a dreadful one. In my representations dated 15 th. and 23 rd. Septr. p35 ak

3 Therefore if there is an indication that the efforts that have been made abroad so far, have not resulted in my obtaining the admission for this Feb. sessions also, may I request you to kindly send me on to the U.S.A. so that I could also make some personal attempts immediately?

In resubmitting herewith the Application form sent with the Government Memo cited above, duly filled in by Sri A.P.Jambulingam I have the honour to state as follows:--

2. Sri A.P.Jambulingam, a probationer in the post of Laboratory Assistant in the Madras Educational Subordinate Service, was relieved by the Principal, College of Engineering, Guindy, on the 4th November 1946, to enable him to join a gazetted appointment as Head of the Mechanical Section of the Dravida Polytechnic, Madura, in the Industries Department.

p.t.o.

71

The question of treating him as on other duty in the Industries Department and retain his lien as probationer in the post of Laboratory Assistant in the Madras Educational Subordinate Service is separately under consideration.

3. Since the candidate has already executed a bond to the effect that he would serve the Government of Madras for a minimum period of 5 years after returning from advanced studies overseas and in view of the fact that the Director of Industries & Commerce, Madras has in his memo No.C.1/46, dated 15-12-1946 permitted him to accept the proposed deputation overseas, I request that his selection for overseas deputation may stand and admission secured for him in the United Kingdom.

4. Regarding particulars to be filled in by Parent or Guardian in the Application Form it has been left unfilled. I suggest that either the Government of Madras or the authority representing the Government in the United Kingdom may give the necessary undertaking.

Sir,

Subject: Overseas Scholarships 1945-'46.

It is with profound sorrow that I beg to submi the following:

I was surprised to read in the Papers that a candidate selected one year after me in the 1946-'47 batch has already been sent up to the U.S.A. for studies in Electro-chemistry while I am still held up in India though I am selected two years ago for the same subject. My case is already very familiar to the Govt. but suffice it to say I might mention that while I was already greatly grieving all these days for my having been left behind the race for the 1945-1946 batch, the Govt, now by doing me this grave injustice of giving a lead over me to the students selected one year after me, is causing me a great mental agony. I beg to say I am afraid I am not having sufficient strength to bear this

Dear Sir,

We are obliged by your Air Mail letter, the contents of which have been noted and we have also heard from the High Commissioner for India enclosing your Application Form for entry into the College at the April term.

A reservation is being made, but it is noted that you are engaged in the teaching profession and would like to point out that we have no special courses for teachers. It is assumed, however, that you would be agreeable to entering the College on the same terms as the ordinary students, in which case, we can give you a course covering the servicing aspect of Automobile Engineering.

Yours faithfully,

Sub: Overseas Scholarships 1945 - Private students sponsored by the Government of Madras.

Sir,

I beg to state with great grief that I am one of the private students selected by the Government of Madras for advanced studies Overseas in 1945, but still detained in India as no arrangements have yet been made for me for my admission in a suitable Institution in a foreign country. I request you to kindly consider what an amount of mental agony this long period of inactivity and detention must have been to me and how much I should be feeling for the loss of these two years in my career at this stage of mine. You will further sympathise with me when I say that before my being selected by this Government, I was not only in a comfortable appointment in a growing concern, in the Calico Mills at Ahmedabad, which I relinquished in order to keep myself in readiness to sail according to the Express instructions of the Government, but actually accepted this scholarship rejecting their request to proceed on a Deputation to the United States of America as their employee. Whem I am groaning thus for my long detention and for having been left behind the race in 1945-46 batch, students selected one year after me in 1946-47 for the same subject and intended for the same country have already been sent up, but I am still held up in India. I need hardly emphasise what all this would mean to me. I am grateful to this Government, for the efforts which they have made so far to secure admission for me, ~~fo~~ but inasmuch as students selected one year after me have been sent up while I am still detained in India, I feel that a very grave injustice has been done to me. In this connection I beg to state that I am also a 1st class M.Sc. with University 2nd rank in the first division and one who has already done research work in the subject selected for my studies (Electro-chemistry) and submitted a Thesis to the University, and one who has published papers in journals on the results of my scientific investigations and one who has already worked for more than 2 years in large-scale Electro-chemical units in Premier Chemical Concerns in responsible posts and one who has worked under foreign experts and obtained references from them. I have enclosed a copy of the certificate from the Expert of the Electrolysers sent me by the Westvaco Chlorine Products Corporation, New York, U.S.A., and from Professor Dr.S.S.Joshi, D.Sc.(London), under whom I conducted my researches for your perusal.

I beg to mention that a further period of detention would be too much for me. If I do not reach the States for this session, it means that I will have to wait for another full year. May I, therefore, pray that immediate arrangements be made for my admission and to send me even by Air, if necessary, so that I can be there for the coming session in time?

Thankigg you,

I beg to remain,

CERTIFICATE.

Mr. M.Prabhanjana Murthy was known to me thoroughly for more than 9 months during my stay in the Tata Chemicals Ltd., Mithapur, India. During my services as a Chemical Engineer for the last 17 years in Java, Sumatra, Kwantung Soda works etc., I have rarely come across such a worker. He struck me to be a very smart hard-working and an intelligent young man with great initiative, imagination and capacities for work. With his sound knowledge of Electro-chemistry and with his remarkable energy and drive, I dare say that he will be a distinct asset to any industrial or allied institution. As a research worker, Mr.Murthy with his clear thinking broad visision and systematic work can successfully thrash out any industrial problem. He is a man of the type who would prove himself most useful to any institution.

BENARES HINDU UNIVERSITY
COLLEGE OF SCIENCE

PRINCIPAL Dr. S.S.JOSHI,
M.Sc. D.Sc.(LONDON)
University Professor of Chemistry
Head of the Department of
Chemistry & Ex-Dean of the
Faculty of Science.

Dated, 25th July 1942.

I have very great pleasure to testify to the work and the abilities of Mr.Prabhanjana Murthy M.Sc. I came into contact with him when he first came to Benares over two years ago in order to pass our Master's Examination in General Chemistry which he has done with a second rank in the First Division.

From the very beginning I was greatly impressed by Mr. Murthy's enthusiasm for work and a painstaking earnestness in whatever task was assigned to him. He worked with characteristic thoroughness at our prescribed advanced course in General Inorganic, Organic and Physical Chemistry, both theoratical and pratical. In part satisfaction of the requirements of our M.Sc Examination, Mr. Murthy submitted a thesis embodying his research work in Electro Chemistry. He has published already in Current Science an interesting communication on his research work on the nature of ions in aqueous permanganate by method of absorption spectra. Some considerable mode amoun~~ting~~t of investigation completed by Mr. Murthy, is now almost ready for publication. During especially this period of his stay at Benares, Mr. Murthy showed himself to be very well qualified for conducting original research work. He has an unusually large measure of initiative, resoursefulness and capacity of perseverance despite difficulties. He is very well read in General Chemistry, especially in Physical Chemistry.

Mr. Murthy came here with excellent recommendations from his previous teachers as to character and ability. He is very cultured and comes of a respectable family. He has passed in our University test examination in elementary German. I consider Mr. Murthy to befully deserving of a post in the educational line, in a research scheme or at works. He can be trusted to strive his very best in whatever line of work that may be assigned to him. Mr. Murthy carries with him my very best wishes for success in life.

With reference to the Government Memorandum cited above, I suggest that the offer made to Sri A.P. Jambulingam by the Automobile Engineering College, Wimbledon Park, London-may be accepted. The period of stay of Mr. Jambulingam in this college should be limited to one session. After this, he should go for practical training in an Automobile Industry. The High Commissioner for India may be requested to arrange for his training before hand so that Mr. Jambulingam may be able to take up his training immediately after completion of the session which would be about the end of June 1948.

I am to invite your kind attention to the Govt. of India memo.No.F.3-13/45-ODIV, dated 19th June 1947, regarding Mr.A.P.Jambulingam, an officer of this Govt selected in 1945 for deputation for studies abroad under the overseas scholarships scheme. ~~Since his selection in 1945~~ Mr.Jambulingam is ~~detained~~ still in India ~~for want of~~ as admission in a suitable institution abroad has not yet been secured for him. Admission was first ~~x~~ tried for him in the U.S.A. ~~x~~ As all efforts to secure a seat for him in America failed, his papers were transferred from there to the U.K. In their letter no. F3-13/45-OD IV dt 19th December 1946, the Government of India stated that the College of Aeronautical and Automobile Engineering, Wimbledon Park, London, ~~were~~ was prepared to accept Mr.Jambulingam for the April 1947 college session, and they asked ~~that~~ for the application form sent with their letter ~~might~~ to be completed by the candidate and ~~then~~ forwarded direct to the High Commissioner for India under advice to them. As nothing further was heard from the Govt. of India ~~in~~ about the matter, they were reminded twice on 17-3-47 and 16-4-47. On 12.4.47 The Govt. of India ~~then addressed asked~~ addressed H.E. the Ambassador for India in the U.S.A. for information about ~~the present position of~~ Mr.Jambulingam's admission. As this letter of the Government of India to the Ambassador for India in the U.S.A. was ~~not in conformity~~ at variance with the Govt. of India's letter of December 1946, the correct position was brought to their notice in this Department letter dated 28.4.47. pp 119-120 cf ante

Dear Mr. Subramanian,

Will you kindly refer to your D.O.letter No.25974-C2/46-23, dated the 25th June 1947 on the above subject addressed to Sir John Sargent? After the selection of the scholar in 1945, his particulars were cabled to the High Commissioner for India, London followed by his application forms and other relevant documents, for his admission to be secured in a suitable institution in the U.K. for studies in 'Electrochemistry with special reference to Acids'. After exhausting all possible sources, the High Commissioner for India informed the Government of India in December 1946 that admission facilities for Mr. Prabhanjanamurti were not available in the U.K. and that he had passed on copies of his papers to the Educational Liaison Officer at the Indian Embassy, Washington, for the scholar's admission to be secured in the U.S.A.

The Indian Embassy was addressed in the matter on 26.12.46 and 8.4.47, in reply to which the Educational Liaison Officer at the Embassy informed that Mr.

-2-

Mr. Prabhanajanamurti's papers had been referred to an Institution and that the result would be let known to us in due course. In this connection, a reference is invited to this Department memo and endorsement of even nos. dated the 27.12.46 p60 ante and 8.4.47 p82 ante respectively. pp109-110 ante

When the Government of Madras wrote to the Government of India about the case in their letter No.25974-C2/45-22, dated the 2.6.47, the Indian Embassy, Washington was again reminded in the matter, vide this Department endorsement of even No. dated 20.6.47. p123 ante The Educational Liaison Officer at the Embassy is once again being reminded about the case. As soon as Mr. Prabhanjanamurti's admission is secured in the U.S.A., the Provincial Government will be informed.

64922

My dear Subramanian,

Will you kindly refer to your letter No.25974-C2/46-25 Edn., dated 10.7.1947, on the above subject addressed to Sir John Sargent ? The facts are as follows :-

pp 128-130 ante

When Mr. Jambulingam's particulars were communicated to this Department in 1945, we cabled the same to our E.L.O. in the U.S.A., followed by application forms and other documents, for admission to be secured in the U.S.A. for studies in 'Automobile Engineering'. In their telegram dated 10.8.1946, the Madras Government stated that arrangements for Mr. Jambulingam's studies should be made for the then ensuing academic year in any suitable institution in the U.S.A., Canada or U.K. We then asked the E.L.O. in the U.S.A. to pass on copies of the candidate's papers to the E.L.O. in the U.K., so that efforts could be made in both the countries simultaneously. Later the E.L.O. in the U.K. forwarded an application form of the College of Aeronautical and Automobile Engineering, Wimbledon Park, to this Department for the same to be filled in by the candidate, and returned to him direct through the Provincial Government. The College authorities were to consider the case on receipt of the application form duly filled in with the student's particulars, and then ~~ta~~ arrive at a decision. The latter, however, was not conveyed to this Department for some time. The High Commissioner for India, London, was reminded as also the E.L.O., Indian Embassy, Washington on 12.4.1947. When, however, the

p 17 ante

p 85 ante

pp 88-90 ante [illegible]

Provincial Government wrote to us in their letter dated 28.4.1947 that the candidate's admission in the College of Aeronautical & Automobile College should be arranged as soon as possible, the High Commissioner for India, London, was reminded again.

pp 101-105 ante

The High Commissioner for India, London, passed on a copy of letter dated 13.2.1947 from the Secretary, Aeronautical & Automobile College on 3.5.1947, from which it was noted that they were prepared to make a purely provisional reservation for Mr. Jambulingham for the session commencing in April 1947 and that they could offer training in the servicing aspect only of Automobile Engineering. The matter was referred to the Madras Govt. in this Department letter dated 15.5.1947 and they were asked to communicate their decision on the college authorities' offer to the Government of India urgently; In the meantime in his letter dated 30.5.1947 the High Commissioner for India, London, informed this Department that the candidate's papers had been transferred to the E.L.O. in the U.S.A. It appears, the High Commissioner for India, thinking that it was too late for the April 1947 session, even if the Provincial Government eventually decided to accept the Aeronautical & Automobile Engineering College's offer of admission, transferred Mr. Jambulingam's papers to the E.L.O. in the U.S.A.

& p 121 ante

pp 128-130 ante

In view of the Provincial Government's decision communicated in the concluding portion of your letter dated 10.7.1947 referred to in Para 1 above, the High Commissioner for India, London, has been telegraphically asked to arrange Mr. Jambulingam's studies in the Aeronautical and Automobile College, Wimbledon Park, for the September 1947 session only, and then for his practical training in 'Automobile Industry' in the U.K., as indicated by the Government of Madras. A further communication on the subject will follow on receipt of a reply from the High Commissioner for India.

I am sorry that we have not been able so far to fix up Mr. Jambulingam, and I assure you that we shall continue to make every possible effort. We have repeatedly instructed the High Commissioner's Office in London and the Indian Embassy in Washington to give the highest priority to the persons selected in 1945, and I am sure that they will make every endeavour to place those persons as quickly as possible.

The undersigned is directed to state that the Government of India regret very much that in spite of repeated efforts, their Educational Liaison Officers abroad have still been unable to arrange admission facilities for the remaining Provincial Government candidates selected in 1945. Government of India have accordingly insturcted their representatives in the United Kingdom and United States of America to exchange mutually, copies of the application forms and relevant documents in respect of such 1945 candidates, in order that, if admission facilities are not available in one country, the Educational Liaison Officer in the other country may also try to secure admission facilities in suitable institutions in that country, without any further delay. Government of India hope that the Provincial Government agree to this procedure even if it involves a change in the country of study originally preferred by them in respect of a candidate.

A

The High Commissioner for India, London has since informed the Government of India that nothing has been left undone in finding places for the remaining 1945 candidates selected for studies in the United Kingdom. Unfortunately facilities for advanced studies in the various subjects for which the scholars were selected, are either most restricted or non-existent in institutions in the United Kingdom. Accordingly he has taken steps to request the Indian Embassy, Washington to arrange admission facilities for the candidates in suitable institutions in the United States of America.

Sir,

Subject:— Overseas scholarships 1945-46.
Private students selected by the Govt. of Madras

I note with much pain and sorrow that it is already the tenth of September, but I have not heard anything as yet about my going Overseas for my advanced studies. Everytime I was informed that the Educational Liaison Officers abroad are making their best of efforts to secure admission for me, but I am sorry that my position is remaining the same as it remained two years ago. Candidates selected one year after me for the same subject and intended for the same country have already been sent up some five months back but I am still detained in India, though selected one year earlier to them. I fail to understand, if the best of efforts are being made, as I am told, why I should not get admission when admissions have been secured even for candidates selected one year after me, for I am at least as well qualified, if not more. Here I am a candidate selected two years ago who have even rejected a request of my former employers to proceed on a deputation to U.S.A.

P.T.O.

and accepted this scholarship, detained in India for more than 2 years feeling depressed, dejected and despondent cursing my fate and marking time all these 700 days of these two years undergoing a dreadful torture and a mental agony. Does not justice demand that I should be sent up atleast for this sessions?

When I think of my Qualifications and experience I am only bereaved that the Govt could not use them so far in the foreign countries both to their and to my advantage. Apparently there must have been some oversight in the matter of securing admissions for me.

September sessions will be commencing in U.S.A. in a couple of days and if I am to be there in time for it, I must be sent up almost immediately. Therefore every moment before me is precious. I pray that the Govt. of India be telephonically and through them the Educational Liaison Officer in U.S.A. by wireless be requested to arrange for my immediate going. Even if admissions have not been secured some Industrial training atleast might be arranged for me so that I could atonce go.

I hope my Prayers will not be a wild cry in the wilderness but they will be heard.

I beg to remain,
Sir,

The undersigned is directed to refer to this Ministry D.O. letter of even number, dated the 6th August, 1947, on the above subject, and to state that the High Commissioner for India, London, has intimated to this Ministry that he has noted the Provincial Government's acceptance of the offer of admission to the candidate by the Aeronautical and Automobile Engineering College Wimbledon Park, London. He is, however, reluctant to recommend the acceptance, as it has since been found that the College cannot extend suitable facilities for the training of a person as well qualified as Mr. Jambulingam. He The High Commissioner's Office had sent a few Govt. scholars to this institution but had to divert some of them subsequently to the United States of America and send others for practical training elsewhere. The High Commissioner is, however, writing to the College authorities to inform them that a place should be reserved for Mr. Jambulingam as desired by the Government of Madras.

Subject:- Advanced Studies Overseas in respect of Mr. A.P. Jambulingam, 1945 deputationist.

......

Sir,

I am directed to refer to this Ministry's memo. of even No. dated 17th September 1947 on the above subject, and to state that the High Commissioner for India, London had since informed the College of London, Aeronautical & Automobile Engineering, London, that Mr. Jambulingam would be joining a course of studies beginning in October 1947. The High Commissioner has further stated that Mr. Jambulingam should arrive before the 7th of October 1947. Since it may not now be possible for the candidate to reach the United Kingdom in time the Government of Madras may kindly reconsider the case in the light of the High Commissioner's views regarding the standard of instruction in the Aeronautical & Automobile College, and communicate their decision in the matter to the Government of India at a very early date.

I have the honour to be,

Sub: Overseas scholarships 1945-46 Private students sponsored by the Government of Madras.

Sir,

I beg to state with great grief that I am one of the private students selected by the Government of Madras for advanced studies Overseas in 1945, but still detained in India as no arrangements have yet been made for me for my admission in a suitable Institution in a Foreign country. I request you to kindly consider what an amount of mental agony this long period of inactivity and detention must have been to me and how much I should be feeling for the loss of these two years in my career at this age of mine. You will further sympathise with me when I say that before my being selected by this Government, I was not only in a comfortable appointment in a growing concern, in the Calico mills at Ahmedabad, which I relinquished in order to keep myself in readiness to sail according to the express instructions of the Govt. but actually accepted this scholarship rejecting their request to proceed on a Deputation to the United states of America as their employee. When I am groaning thus for my long detention and for having been left behind the race in 1945-46 batch, students selected one year after me in 1946-47 for the same subjects and intended for the same country have already been sent up but I am still held up in India. I need hardly emphasise what all this would mean to me. I am grateful to this Government, for the efforts which they have made so far to secure admission for me, but inasmuch as students selected one year after me have been sent up but I am still detained in India, I feel that a very grave injustice has been done to me. In this connection I beg to state that I am also a 1st class M.Sc. with University 2nd rank in the first division and one who had already done Research work in the subject selected for my studies (Electro-Chemistry) and submitted a Thesis to the University, and one who has published papers in journals on the results of my scientific investigations and one who has already worked for more than 2 years in large scale Electro-chemical units in Premier Chemical concerns in responsible posts and one who has worked under foreign experts and obtained references from them. I have enclosed a copy of the certificate from the Expert of the Eletrolysers sent by the Westvaco Chlorine Products Corporation, New York, U.S.A. andfrom Professor Dr.S.S Joshi, D.Sc.(London), Under whom I conducted my researches for your perusal.

May I beg to mention that a further period of detention would be too much for me. If I do not reach the States for this session, it means that I will have to wait for another full year. May I, therefore, pray that immediate arrangements be made for my admission and to send me even by Air, if necessary, so that I can be there for the coming session in time?

To
The Director of Public Instruction,
MADRAS.

Sir,

Sub: Advanced Studies Overseas in respect of Mr.A.P.Jambulingam, 1945 Deputationist.

Ref: Your Proc.R.C1.18/45 dated 7th October 1947.

In view of the remarks of the High Commissioner for India with respect to the Aeronautical and Automobile Engineering College, Wimbledon, it would not be desirable to place Mr.A.P.Jambulingam in that institution.

2. As far as I know, institutions in the U.S.A., are the only institutions which offer advanced courses in Autimotive Engineering and the suggestion of the High Commissioner to arrange for Mr.Jambulingam's admission in the U.S.A., may be accepted.

3. Mr.Jambulingam has been waiting for a seat for the last two years or so and it may take the High Commissioner quite a long time to find a seat for him in one of the institutions in the U.S.A. Moreover, leading institutions in the U.S.A. are full, and the High Commissioner may only succeed in finding a seat for Mr.Jambulingam in an institution which may be found to be as unsatisfactory as the Aeronautical and Automobile Engineering College, Wimbledon.

4. To make sure that Mr.Jambulingam gets a seat in a suitable institution, it would be necessary to give the High Commissioner plenty of time to make the necessary arrangements. I therefore suggest that Mr.Jambulingam may first be sent for practical training in an Automobile industry in the U.K. for a period of one year and the High Commissioner may be requested to arrange for his practical training in the U.K.

5. The High Commissioner may take up the question of finding a seat for Mr.Jambulingam in a suitable institution in the U.S.A., while Mr.Jambulingam is having his practical training. There would be no harm in terminating his practical training in the U.K., if the offer for a seat is received before he completes his practical training. He can make up for this shortage in practical training after completing his course in the institution in which he may be placed in the U.S.A.

6. In this connection, I may mention that in view of the nationalisation of motor transport and the increasing use of machinery in connection with Agriculture and Tungabadhra and other Projects, the Coimbatore College and/or the Guindy College will have to start a course in Automotive Engineering in the very near future. It is therefore very important that Mr.Jambulingam should complete his training as soon as possible. Another reason for urgency in his case is that he has been waiting for a seat for nearly two years.

omit

7. There is another candidate who has been selected for Automotive Engineering, viz., Mr.S.L.Balasubramanian and I suggest the same course of action with regard to him as in the case of Mr.Jambulingam. Even Colleges which do not have a special course in Automotive Engineering require that one of the Lecturers should have special knowledge of Automotive Engineering as this subject is a part of the ~~normal~~ B.E. course in Mechanical Engineering. Hence, even if Mr. Balasubramanian may not be required for a College which has a course in Automotive Engineering, he will be required in a College which has a course in Mechanical Engineering and there are three such Colleges at present, viz., the Guindy College, Cocanada College and Anantapur College.

Rcl.No.18/45 dated 7-10-47, in which I have suggested that the High Commissioner for India may be requested to arrange for the practical training of Mr.A.P.Jambulingam as well as Mr.S.L.Balasubramanian, another candidate selected for Automotive Engineering, in an Automobile industry in the U.K., and that places for them may be found in institutions in the U.S.A., while they are undergoing practical training in the U.K.

I beg to state that I was permitted by the Hon'ble Minister for Education with the Govt. of Madras to make a personal representation to the Hon'ble Minister for Education with the Govt. of India regarding my long detention in India. As the Secretary to the Govt. of India in the Education Dept. was in the city I made a personal representation to him yesterday morning. He was permitted me to write to the Educational Liaison Officer in U.S.A and I have shown him the letter. He has asked me to send a copy of that letter to his Madras address so that he could also do what best could be done in the matter. I am herewith sending a copy of ~~that~~ the letter to the Educational Liaison Officer.

As I have waited for more than 2 years I request that all efforts may please be made for my early admissions.

Dear Sir,

I beg to state that I am one of the students selected two years ago in 1945 by the Govt. of Madras under the Govt. of India scheme for advanced Overseas studies in Electro-chemistry but still detained in India as my admission has not yet been secured for me in an Institution in U. S. A. While I am feeling depressed for this long period of inactivity and detention extending up to years, Candidates selected one year after me for the same subject (Electro-chemistry) and intended for the same Country have already been sent up some 6 months back while I am still held up in India, though selected in the first year itself. In the matter of Qualifications and experience I am as well qualified as those Candidates who have been sent up and further I accepted this Scholarship two years ago rejecting an offer of my former employers to proceed on a deputation to U.S.A.

May I therefore request you to kindly save me from a further period of detention by securing my admissions for this sessions?

Thanking you.

I am directed to state in continuation of this Ministry endorsement of even No. dated 15th October, 1947 regarding Mr. Prabhanjanamurti's studies, that the Educational Liaison Officer at the Indian Embassy, Washington has informed the Government of India that there is not much chance of securing the scholar's admission to an institution in the United States of America just at present. His credentials were sent to the Columbia University authorities who have now informed the Educational Liaison Officer about their inability to accept the scholar. The Educational Liaison Officer is, however, pursuing the matter, and it may be possible to secure the scholar's admission for the January 1948 sessions.

Subject:— Overseas Scholarships 1945-46.

I beg to state that I have not heard anything about my going abroad atleast for the January 1948 sessions, though it is already the middle of December. The Govt. is fully aware of my sufferings. I note with pain that this is the time when I must have been completing my overseas studies. I am feeling very wretched. May I therefore earnestly request the Govt. to kindly remind the Govt. of India once again very strongly by telegram about me? Thanking you,

Dear Sir,

Subject :- Overseas Scholarships 1945.

19816

In continuation with my personal representation of 2.3.48 I am pained to inform you that I have not yet heard still about my going. The special circumstances under which I am held up in India are very well known to the Govt. It was exactly an year ago that I brought to the notice of the Govt. that the scholars selected one year after me in the same subject, and intended for the same country have already been sent up, whereas I am being held up though selected in the first year itself, and that a gross injustice is being perpetrated on me. It is one year since I made this representation but still arrangements have not yet been made for my going. When I represented this to the Hon'ble minister for Education with the Govt. in june 47 and again in oct. 47 he felt very sorry and remarked, "if it is a fact, it is indeed really very bad". Several months have elapsed since my representations but I am still detained. It cannot be because my subject of studies is uncommon, that my admission has not yet been secured for me, for Electro-chemistry is a very common subject both in U.K. and U.S.A; it cannot be because of my qualifications, for I am as well qualified as one of the best candidates who have already been sent; it cannot be because ~~I was~~ ~~selected~~ of the year of selection for I was selected in the first batch itself. Added to all these there is that bald fact that the candidates selected one year after me have already been sent up.

I am the only scholar who is still detained in India from my batch. Scholars selected along with me are returning after

P.T.O.

the completion of their studies. Scholars selected years after me are also being sent up and are sailing. I request the Govt. to realise the distress of the mental agony and the anguish I am made to undergo under these circumstances. I pray that the Govt. of India be urgently and very emphatically be reminded again and to bestow the attention the exceptional circumstances in my case demand. I trust that the Govt. of Madras will see that I hear about the date of my departure in the next few days to come.

Thanking you.

I beg to remain,

The undersigned is directed to refer to Mr. M. Prabhanjanamurti's letter dated 16th March 1948 on the above subject, and to inform him that efforts are being made to secure his admission to the base Institute of Technology, Ohio, United States of America, for studies in 'Electrochemistry - Acids ' for the September 1948 term. The Government of India will, however, have no objection to the scholar trying in the meanwhile for his admission on his own, subject to the condition that the Governments of Madras and India are kept fully informed of the steps taken by him in that connection. Mr. Prabhanjanamurti should also please understand that any admission secured through his private efforts will have to be approved by the Madras Government~~'s approval~~, before it is accepted by the Government of India.

Dear Sir,

Sub:- Overseas Scholarships 1945-46 - Application for appointment as Shift Charge Engineer for the Fertilizer Factory at Sindhri.

****

I beg to state that I am one of the Scholars selected by the Govt. of Madras in 1945-46 under the Technical Training Scheme for advanced overseas training in Chemical Engineering (Electro-Chemistry) but still detained in India as admission has not yet been arranged for me. I am applying for the post of a Shift Charge Engineer for the Fertilizer Factory at Sindhri, as I have worked in a Fertilizer Factory and as I would be given overseas training even for this appointment. As 17th April is the last date for the receipt of applications by the Federal Public Services' Commission, Council House, New Delhi. I request that my application may please be forwarded so as to reach the Commission sufficiently earlier to that date.

I beg to state that recently there was an advertisement by the Federal Public Services' Commission for the post of 3 Shift charge Engineers for the Fertilizer Factory of the Govt of India at Sindhri. As I am fully qualified to take up that post, both by my experience in a Fertilizer Factory in a similar post and by my qualifications, I have put in an application to the Director of Industries & Commerce (copy of which I have herewith enclosed) for forwarding it to the Commission. As there has been long delay in the matter of securing admission for me for Chemical Engineering – Electro-chemistry in an Overseas institution, I am anxious if by my selection to the above post, my receiving practical training overseas might be facilitated earlier. If this is permissable under the scheme, I request that my application when it is sent to Government by the Director of Ind. & Commerce, might then be forwarded to the Federal Public Services' Commission for consideration. Thanking you,

Dear Sir,

Subject:- Overseas Scholarships 1945-46.

I beg to state that Dr. Sri. S. S. Bhatnagar, whom I had approached for help in the matter of securing admission for me in an overseas institution, had advised me to write to Dr. Ashfak Hussain requesting him to kindly see Dr. Sri. S.S. Bhatnagar in this connection. Accordingly when I wrote to Dr. Ashfak Hussain, I got a reply from the Govt. of India (Copy of the letter I have enclosed for information to the Govt) saying that I can try for my admissions on mine own account. The Govt. of India have informed that efforts are being made for the September 1948 term for my admissions, ~~but~~ As there is still time for the April term both in U.K. and U.S.A. which would be commencing by the end of this month, I have requested Dr. Bhatnagar and the Govt. of India to kindly see if it would be possible to send me for the April term.

Dear Mr. Jambulingam:

Your credentials have been examined and upon the basis of these, I am authorized to grant you admission to the University of Michigan for graduate work in **Mechanical Engineering** providing your knowledge of the English language is sufficient to enable you to carry on ordinary classroom work in that language.

It is to be understood that the University of Michigan cannot assume any responsibility whatever for your financial support. If you come without adequate funds or if your funds fail while you are here, the circumstances arising will be primarily between yourself and the diplomatic corps maintained in the United States by your country.

Because of the not infrequent appearance of tuberculosis among students from foreign countries you are also urged to have X-rays taken of your lungs and have these checked carefully by a competent physician before leaving your country.

If, after your arrival at the University, it is found that your preparation in your field is inadequate, you may have to prepare yourself further by some work in the undergraduate college.

With the hope that if you come to this country, it may prove an experience of great satisfaction to you as well as to your associates here, I am,

Cordially yours,

Peter Okkelberg

MEMO. No. 43285C2/48-1 Edn d 25.6.48

Sri A.P. Jambulingam is informed that the delay in securing his admission in an institution abroad was due to the following reasons. Attempts were first made to get admission ~~tried~~ for him in the U.S.A. and as they proved unsuccessful his papers were transferred to the U.K. An offer of admission was received from the College of Aeronautical and Automobile Engineering, Wimbledon Park, London, for April 1947 session. Subsequently, the High Commissioner for India, London, informed this Government that the admission offered by the Wimbledon College was not desirable. Dr. Rudra who was consulted by this Govt. also advised that the most satisfactory courses in Automobile Engg. were offered only in the U.S.A., that the scholar might be got

admitted in any of the institutions in that country and that pending admission some practical training might be arranged for him in the U.K. But the H.C. was unable to arrange practical training in the U.K. and on his recommendation the Scholar's papers were finally transferred to the U.S.A. The G.of India have since secured admission for the scholar in the Michigan University, U.S.A., for Automobile Engg. for Sep.1948 which has been intimated to the scholar in ~~Memo.~~No.25974/45-42 C2-Education dated 14-6-1948. - file not put up

Subject:- SCHOLARSHIPS FOR ADVANCED STUDIES OVERSEAS - PASSAGE ARRANGEMENTS FOR PROVINCIAL SPONSORED SCHOLARS AND DEPUTATIONIST TO THE U.S.A. FOR SEPTEMBER, 1948 TERM.

Sir,

I am directed to say that the Travel Agents have now intimated that they have practically completed the following passage arrangements for our scholars to enable them to reach the U.S.A. in time for September 48 Term.

From Calcutta the Hongkong by air and from Hongkong to Sanfrancisco by sea by III Class. It has not been possible to secure I Class berths for our scholars.

According to these arrangements the 1st batch of 10 scholars would fly from Calcutta on 14th August, 1948, the 2nd batch of 27 on 16th August, the 3rd of 11 scholars on 17th August, the 4th batch of 29 scholars on 18th and the 5th batch of 29 scholars on the 19th instant.

This Ministry have already addressed to sponsored scholars and Deputationists concerned to inquire if they are willing to travel 3rd if 1st class is not available.

It is presumed the Provincial Government would have no objection to the arrangements as stated above.

Yours faithfully,

Harishchandra

Advanced studies overseas – 1945-46 – Deputation of Govt. servants – Sri A.P. Jambulingam.

In two of their recent letters the Govt. of India have stated that on account of the sudden end of the war and the consequent rush for admissions in educational institutions of ex-servicemen whose studies had been interrupted during the war, it is very difficult to secure seats for Indian students in institutions abroad. The Govt. of India have therefore instructed the Travel Agents, M/s. Govan Bros. Please see ~~Govt. of India's~~ M/s Govan Bros' letter on pages 49-51 CF. and the Govt's reply on pages 53-55 CF. of linked file.

GOVERNMENT OF MADRAS

Please see herewith a representatinn from Mr. Prabhanjana Murthy. I understand he was selected to be sent for Foreign studies as a private scholar but till now, no provision has been made. The matter may be taken up immediately with the Government of India so that arrangements may be made for his studies in foreign ~~studies~~ countries. It is unfortunate that the gentleman should be waiting for two years and still no arrangements have been made for him. Iunderstand that students selected later have been sent later for the same subject. The matter may be gone into.

Mr. M. Prabhanjanamurthi is one of the candidates selected by the Govt. in 1945-46 for the award of overseas scholarships⊗. He was asked about August 1945 to keep himself ready to sail at short notice. And he resigned an appointment he was holding at Ahmedabad. It however happened that admission could not be secured for him in any institution abroad. He is still in India for want of admission. In order to mitigate the hardship thus caused to Mr. Prathanjanamurthi the Govt. sanctioned⊗ the payment to him of a monthly allowance of Rs. 240/- (equivalent to the emoluments he was getting at the time ~~when~~ he resigned his job) from 1-1-46 till the date of his embarkation. The Govt. have recently offered him a gazetted appointment under emergency provisions in the Industries Depts. as 'Senior Chemist Institute of Leather Technology, Washermanpet.' Mr. Prathanjanamurti has taken up this appt. and as his pay & allowances in his present post ~~[illegible]~~ are higher than the compensatory allce. of Rs 240/- sanctioned to him the latter allce. has been stopped with effect from the date of the candidate's joining duty.

⊗ Subject - Electro-chemistry with special reference to Acids.

p 113 cf

⊗ Go 602 Edn 16/3/46 not put up

p27 cf

In the meantime the Govt. of India are making every effort to secure the candidate's admission in an institution abroad. His admission was first tried in the United Kingdom. Admission was not possible to secure in that country and so the candidate's papers were transferred to the U.S.A. about August 1946. Since then the Edl. Liaison Officer in Washington is making the best of efforts to secure Mr. Prathanjanamurthi's admission.

pp 109-110 cf

⊗ pp 76-77 cf & pp 105-110 cf

The Govt. of India have been reminded by telegrams and letters a number of times in this matter. They were reminded last by an Air Mail letter on 2.6.47. It has also been pointed out⊗ twice to the Govt. of India that two scholars selected in 1946-47 for the same subject as has been offered to Mr. Prabhanjanamurthi have got admissions in institutions in the U.S.A.

On account of the sudden termination of the war and the consequent rush for admissions in educational institutions of ex-servicemen whose studies had been interrupted during the war, the Govt. of India's Liaison Officers abroad are finding it very difficult to secure seats for Indian students.

⊗ of Devt. Depts.

Besides Mr. Prathanjanamurti, there are other scholars (mostly Govt. servants⊗) selected in 1945-46 for overseas studies who are still detained in India for lack of places in institutions abroad.

The Govt. of India may now be reminded again. A draft d.o. ~~letter~~ is put up for appd.

Mr. A.P. Jambulingam.

Please see the Govt. of India's memo on page 121 C.F. regarding Mr. A.P. Jambulingam. He was selected in 1945-46 for deputation overseas for undergoing advanced studies in Automotive Engineering. Since his selection he is detained in India for want of admission in an institution abroad. Admission was first tried for him in the U.S.A. As efforts to secure a seat for him in America failed, his papers were transferred from there to the U.K. In December 1946, the Govt. of India stated that the College of Aeronautical and Automobile Engineering, Wimbledon Park, London, were prepared to accept Mr. Jambulingam for April 1947 College Session, and they asked that the application form sent by them ~~may~~ might be completed by the candidate and then forwarded direct to the H.C. for India under advice to them. The application was accordingly forwarded to the High Commr. in January 1947 under advice to the Govt. of India. Since then nothing was heard about his admission. When the Govt. of India were ~~remined~~ reminded twice in the matter on 17-3-47 and 16-4-47, they addressed H.E. the Ambassador for India in the U.S.A. about the present ~~petition~~ position regarding the admission arrangements of ~~the~~ Mr. Jambulingam in the U.S.A. As this letter of the Govt. of India to H.E. the Ambassador for India in the U.S.A. was at cross purpose with their previous letter of December 1946, the correct situation was brought to the notice of the Govt. of India in the letter on p.p 89-91 c.f. After receipt of this letter, the Govt. of India once again addressed the H.C. for India about ~~the~~ Mr. Jambulingam's admission arrangements. In their letter of 15-5-47, the Govt. of India definitely communicated the offer of the Automobile Engineering College, London, to Mr. Jambulingam and wanted the decision of this Govt. in the matter. The Govt. of India's letter was sent to the D.P.I. for his remarks ~~which are still awaited~~. Now, the Govt. of India state that as admission facilities for Mr. Jambulingam are not available in the U.K., his papers have been transferred to the U.S.A. It is difficult to reconcile this letter with their previous letter of 15-5-47 communicating the offer of the Aeronautical and Automobile Engineering College, London, and especially when that offer was under the consideration of this Govt. and when it was not definitely cancelled by this later communication. There appears to be some mistake either in the Govt. of India or in the High Commissioner's office about the admission arrangements of Mr. Jambulingam. It is unfortunate that this scholar's papers should be shuttlecocked between U.S.A. and U.K. The D.P.I. recommends acceptance of the offer made to Mr. Jambulingam by the Automobile Engineering College, Wimbledon Park, London, and suggests that the stay of the scholar in the college should be limited to one session and that he should ~~under~~ undergo practical training in an Automobile Industry thereafter. For orders whether a D.O. may be sent to Sir John Sargent explaining the position of the scholar in full and requesting for his admission into the Automobile Engineering College, Wimbledon Park, London for the Septr. 1947 session and for arranging for his practical training in an Automobile Industry after the end of one session in the college.

Please see herewith a representation from Mr. Prabhanjana Moorti. I understand that he has been selected as a private scholar to be sent to foreign countries for study in 1945-46 and still he has not been provided with a seat. The matter may be looked into and reported. The Govt. of India may be addressed in the matter if necessary. I understand that scholars selected after him for the same subject have been sent to the foreign countries and have secured admission. If that is so, it is indeed very bad. The notes from the bottom of p.11 ante upto the middle of p.13 ante in respect of the scholar Mr.A.P.Jambulingam and the cable and the letter on pp. 193-195 C.F. may be perused. The High Commissioner for India in London has since stated that it will not be possible for a long time to secure practical training for the scholar in the U.K. and in view of this, he wishes to know whether this Government still desire to withdraw the scholar's application from the College of Aeronautical and Automobile Engineering, London, as conveyed in the cable on p.193 C.F. The Government of India would like to know whether this Government wants the application to be withdrawn. Attention is invited to the letter of the Principal, College of Engineering, Guindy on page 177 C.F.. He considered that it would not be desirable to place Mr.Jambulingam in the institution referred to. It seems that the presumption that the application might be withdrawn may be confirmed and the Government of India requested to make arrangements for the scholar's admission in a suitable institution in the U.S.A. as early as possible. Copies of the letters on pp.207-209 C.F. may be communicated to the D.P.I. and he may be informed of the position.

The G of I have forwarded a copy of their letter to Messrs Govan Bros regarding admission and passage arrangements in respect of Sri A. P. Jambulingam, 1945 deputationist. It may be stated that the scholar himself secured the admission in the Michigan University, U.S.A and the Govt of India on his request confirmed and finalised his admission. In their endt on p 247 Cf. the Govt of India wanted to know whether this Govt were satisfied with the admission. The D.P.I who was consulted has not yet given his reply. But in his letter on p.253 Cf the D.P.I has forwarded to Govt for necessary action a copy of the scholar's letter (with end intimating the offer of admission made by the Michigan University. X It is understood that besides Mr A.P. Jambulingam, with whom this file is concerned, two other scholars have also received information from Govan Bros that air passage is being arranged for them. Copies of that correspondence have not been received by Govt. It may be expected that other scholars also will receive similar intimation. The two scholars referred to above have been asked by the Travel Agents to reach Calcutta atleast 3 days before 30th instant from where they will fly to Hongkong on 30th reaching that place the same evening. The journey beyond Hongkong is by steamer which is expected to touch the American ports on the 18th August.
