Sir,

NURSERY SCHOOL - OPENING OF - PROPOSALS - SUBMITTED.

I have the honour to submit proposals for the opening of a Nursery section attached to the Board Higher Elementary School, Acharapakkam for favour of necessary orders.

AIM OF THE SCHEME: (i) A child of 2 to 5 needs special care, especially when a mother is working with a baby in arms. The State has a heavy responsibility in this regard.

(ii) The health of the child (2-5) is of primary importance and the poor Indian parents have neither the wherewithal, nor the time needed to look after their children at this important pre-school age.

(iii) The pre-school age is a ~~pkx~~ psycholigical stage in a child's life and the training and discipline which a child between the ages of 2 to 5 gets in a nursery school tell definitely on its elementary school life and after. At the same time natural outlets need to be provided for the child's ~~xixix~~ vital energy without imposing any restrictions. A child that goes to a school direct from home is in a majority of cases neither happy in its new environment nor takes to education easily but a nursery school provides the child with su[illegible] a desirable and attractive environment that he or she enters the regular school with avidity. Thus mass education is given a fillip and the task of solving the problem of illiteracy becomes easy.

(iv) The child that goes out of a nursery school is a national asset since it receives moral, physical and mental stimulation, so necessary for a nation's advance in all sphere of activity.

SCHEME OF WORK:--

Daily programme:--

(i) The school day ~~should~~ will consist of 6 hours (10 A.M.--4 P.M.).

(ii) Routine activities:--

Play 2 hours.
Tiffin. 1/2 hours.
Rest. 2 hours.
Group activities (studies, singing, games etc)- 1 hour~~s~~.
Toilet. 1/2 hour~~s~~.

31

P.T.O.

(iii) Nutritious tiffin forms an intergral part
programme, the object being to supplement the home die
Biscuit, Fruit and Milk will be supplied.

(iv) The local Rural Medical Practitioner will
charge of the section and render medical aid, both pr
and curative.

APPROXIMATE COST OF THE SCHEME:--

(i) Recurring:--

(a) Staff and establishment salary:--

(i) A Higher Grade Trained teacher on Rs.30 + 16 D.A.

(ii) A helper on Rs.20/-

(Rs. 66 X 12) Total... Rs.782/-

N.B:--(i) The teacher should have put in one year regular training in a nursery training school.

(ii) The helper should be an young girl of 20 and should have atleast completed VIII Standard.

(iii) A scavenger on Rs.20/- (For 12 months).	240/-
(b) Contingencies and repairs to sheds.	250/-
(c) Tiffin. 12 Noon. -do- 3 P.M. Both tiffin and eatables at 6 annas per child per day (Rs.281-4-0 X 12) 3,375.	3,375/-
(d) Books and Pictures.	25/-
Total... Rs.	4,672 or 4,700

Non-Recurring:--

(a) Kindergarten Library.	Rs.50/-	Total...Rs.1,550
(b) Furniture.	500/-	
(c) Apparatus and materials.	1,000/-	

EQUIPMENT DETAILS (B AND C).

(1) Sleeping equipment.	Mats.
(2) Eating equipment.	Cooking vessels, container plates and mugs.
(3) Bathroom equipment.	Waterdrum, dippers, towels and soap-nut powder or soap.

(4) Play and education equipment.

1. Climbing apparatus.
2. Balancing planks.
3. Sand pits.
4. Small Buckets.
5. Small Spades.
6. Small receiptacles to fill in mould sand and empty it.

(m)

7. Building Blocks.
8. Small Boxes.
9. Shells and seeds.
~~8. Small Boxes.~~
10. Large Wooden coloured chalks, pencils and Board.
11. Clay.
12. Dolls and accessories.
13. Toys of the fittings in type and running about type including things on wheels balls and bats.
14. Picture books.

(d) Accommodation:--

(i) A separate room or shed 25' X 15' with a floor space of 25 sq.ft. per child for ~~play~~ play and rest.

(ii) Place for eating:- Can be found in the school verandah.

(iii) Bathing place: Open space (about 70 sq.ft.) for 3 children and attendant at a time.

(iv) Toilet: A latrine with 6 containers which can be removed by clearing.

The (i) and IV items (shed and latrine) will cost about Rs.500/-. Rs.500/-

No expenditure needs to be incurred on other items, since the school to which the nursery section will be attached has a playgound and other floor spaces required for eating, bathing etc. Hence the non-recurring expenditure amounts to Rs.2,050/-.

Nonrecurring.
Total. 2,050/-

Total initial expenditure for 12 months:--

1. Non-recurring	Rs.2,050/-	Rs.6,750/-
2. Recurring.	4,700/-	

Thus it willbe seen that Rs.4,700/- atleast will be required annually to run a nursery section for 25 children.

A/

This is a very good scheme and it is indispensable in these days of rural uplift and mass education. It is proposed to try this scheme in one centre for the present viz., Acharapakkam and this can be extended gradually in all rural areas as and when funds permit. The finances of this Board are slender and hence I request that the Government may be pleased to sanction a grant of Rs.6,750/- (Recurring and Non-recurring) for 1947--48 and Rs.4,700/- only from 1948--49 onwards to try this scheme.

2. The Special Officer, District Board, requests the sanction of a grant towards the opening and maintenance of a Nursery school attached to the Acharapakkam Board Higher Elementary School. This is the first case wherein a District Board is opening a Nursery School and it is not known whether payment of subsidy is permissible to a Nursery School under the control of a local body. But attention is invited to the fact that there are four Nursery schools under the management of the Corporation of Madras and subsidy is being paid on their behalf from provincial funds. This year subsidy has been sanctioned upto the limit of one-half the expenditure in G.O.No.1819 Edn., dated 14-8-1947 and this expenditure is debitable to the Head "37 (h) Education - Secondary - grants to local bodies for Secondary Education - A. Ordinary areas - (h) A.1. Teaching - Voted" - Vide, Government Memo.No.73373-B2-47, Edn., dated 24-9-1947. Further, according to the revised policy of the Government, every recognised Secondary School under a Local body is eligible for teaching grant on half net cost basis. It is, therefore, for the consideration of the Government whether the proposed Nursery school may also be allowed to be paid teaching grant, the grant being limited to one half of the expenditure as in the case of Nursery schools under the Corporation of Madras.

(A) p 7 cf (A)

It is submitted in this connection, that if nursery school is treated as a special school permission to open the proposed school can be granted by the Director - vide G.O.No.1872 Edn., dated 2-12-41. If as proposed by the Special Officer, the nursery section is to be attached to the Higher Elementary school, it may be considered as forming part of the Elementary school itself.

The items of expenditure proposed by the Special Officer have been further examined and the following suggestions are made.

iv) Contingencies and Repairs to sheds.		250 0 0
v) Tiffin. The Special Officer has worked out for 25 pupils at the rate of Rs.0-6-0 per day per pupil for 12 months. The rate of 0-6-0 ~~a~~ appears to be a bit high but, however, in view of the suggestion that the diet of the children should consist of nutritions eatables, a ~~max~~ rate of 0-5-0 per pupil per day seems to be necessary. The period may be 10 months for 22 days in a month (working days). The amount will thus bome to :- Rs.0-5-0 x 25 x 22 x 10		1718 1781 12 0

The recurring subsidy may, therefore, be fixed for the class at either Rs.1490/- (½ x 2976 = 1488) or one-half of the total actual cost of the class whichever is less.

Non-recurring.

The Special Officer has proposed the following items:-

Ref:- Government Memorandum No. 70244-B.2-47-6 Edn dated 12--6--1948.

The District Board agrees to meet half the cost of the scheme from its general funds. In the current year (1948--49), this will be met from the opening balance and necessary provision will be made in the revised budget for 1948--49.

There is now a proposal to open a Rural College at Achrapakkam. So, instead of concentrating all new schemes in one centre the proposed nursery school will be opened at Walajabad instead of at Achrapakkam. There is a High School at Walajabad and the nursery school will thrive well at this centre.

I request that the Government may be pleased to sanction the opening of the Nursery school at Walajabad and also sanction subsidy equal to one half of the cost of running the school subject to the maximum prescribed in their Memorandum referred to above.

The actual opening balance under general account ordinary for the year 1948 - 49 according to March 1948 (final) is Rs. 4,01,280. Deducting therefrom the amount under advance recoverable to be adjusted hereafter to several heads, there is a net balance of Rs.3,52,295 against estimated balance of Rs.1,67,570. Thus an amount of Rs.1,84,725 is in excess of the estimated figure. So the cost of the scheme can be met from the opening balance in the current year, and it will be provided for in the Budget in subsequent years.

In the circumstances stated above, I request that the Government may be pleased to sanction the opening of a Nursery School at Walajabad and also sanction the subsidy equal to one half of the cost of running the school.

(I) — REF:- G.O.No.2576, Education, dated 15th Octr.1948.

In their order referred to above, Government, while permitting the opening of a Nursery Class attached to the Board Higher Elementary School at Walajabad, advised the Special Officer, District Board, Chingleput to open the class and prefer a claim for a subsidy in due course and also required the Director to report the amount of subsidy payable to the District Board during the current year. It is presumed that the intention of Government is that the school should be paid advance grant during the current year which should be adjusted during the next year after the receipt of actuals for 1948--49. But I wish to point out that in regard to the Nursery classes opened by the Corporation of Madras only post-payment system is being followed - vide G.O.Nos.453, (P) (A) A. Education, dated 5th March 1946, 1919, Education, dated the 14th August 1947 and Director's letter RC.No.1584/B.2/48 dated 10th August 1948 recommending the payment of grant for 1947--48.- and suggest that the same procedure mayalso be followed in regard to the Nursery School under the -- Chingleput District Board.

In continuation of Director's letter referred to above, I wish to state that as suggested therein the post payment system may be permitted to be followed only in regard to the recurring grant to be paid in respect of the class. With regard to the Non-recurring grant, since it is necessary to provide the initial equipment for the functioning of the class the Special Officer may be permitted to purchase the equipment and claim the subsidy thereof during the current year itself.

p19 cf ① —

Incidentally, I wish to state that the recommendation made in the Director's letter RC.No.1351/G.2/47 dated 19th April 1948, were to the effect that an amount of Rs.1490/- (1/2 x 2976 = 1488) or one half of the total actual cost of the class whichever is less might be fixed as recurring subsidy and an amount of Rs.500/- sanctioned towards the initial equipment for the class. But the Government -- order referred to above states that "Government sanction a subsidy from Provincial Funds to cover one half of the cost of running the Nursery class subject to the following limits:

Recurring maximum expenditure	...	Rs.1490/-
Non-recurring expenditure	...	Rs. 500/-"

I request you to kindly inform me whether it is the intentionof Government that the subsidy to be paid to the class should not exceed Rs.745/- in regard to recurring items and Rs.250/- in regard to Non-recurring items.

Yours faithfully,

The Special officer Dist Board, Chingleput has ~~applied~~ submitted ~~for a grant~~ proposals ~~towards~~ for the opening to maintenance of a Nursery section attached to the Board Higher Elementary school, Acharapakkam.

pp 1-3 of Ⓔ

It has been generally agreed that the development of nursery schools should be encouraged and that such schools established by private agencies should also be helped financially. Please see ~~the~~ pp 1-3 of G.O. 453/Edn of 5.3.46. In pursuance of the general policy, it appears that the Spl officer Dt Bd Chingleput may be ~~allowed~~ permitted to run the school as proposed by him and that a subsidy equal to one half of the cost may be paid as in the case of the nursery schools maintained by the Corpn of Madras.

M W

EDN

Also, in view of the reasons explained by the Spl. Officer in his letter on pp. 11-13 C.F. it seems desirable to run the nursery school ~~attached~~ as ~~an~~ ~~annexe~~ feeder ~~school~~ to the Board Higher elementary school instead of treating it as a special school. If however it is decided to treat this school independently the D.P.I. may be asked to accord sanction w.r.t. G.O. 1872 Edn dt 2.12.41.

M on p 1 above

2. In their note on p.1 n.f. of G.O. 453, Education, dated 5-3-1946, E.& P.H. have noted that nursery schools should be encouraged by the Education Department, as it has been agreed that these schools have an important place in the educational structure. While sanctioning a subsidy to the Corporation in 1945-6, it was held that it was necessary to encourage the organisation of nursery schools. At present, no local body (except the Corporation of Madras) is given a subsidy towards the organisation of the nursery system of education. In view of the position stated at 'X' above, Finance may agree with E.& P.H. to accord permission to the Chingleput District Board to open a nursery school as a feeder to the Higher Ele. School, Acharapakkam.

3. A half grant is proposed in this case with reference to the grant ~~from~~ given to the Madras Corporation for Nursery Schools. The proposal may be agreed to in Finance.

4. The Director of Public Instruction has not stated specifically whether the expenditure proposed for running the school is reasonable and not excessive. An upper limit of expenditure up to which subsidy will be sanctioned will also have to be fixed as in the case of the Madras Corporation. The E.& P.H. may be requested to consult the Director of Public Instruction as to the limit to be fixed.

ASST. SECRETARY TO GOVERNMENT

5. The expenditure involved in the payment of a subsidy to the Corporation of Madras was treated as a 'New Service'. Since the subsidy to be given now is not for a new object and as it has already been given to a local body previously and as the Govt.
