GOVERNMENT OF MADRAS.
Education and Public Health Department.
Memorandum No. 27236 B1/47-17, Edn. dated 15th June 1948.

Subject:- Grants - Buildings - Educational Institutions under local bodies and private managements - 1948-1949.

During the last seven years, grants for the construction of buildings for educational institutions under local bodies and private managements were so much restricted that most of the institutions had to get on with the existing accommodation without putting up the additional buildings required and several schemes for the construction of new buildings and extensive alterations and improvements to existing buildings had to be deferred. It is therefore proposed to make, as a special case, in the current year grants not exceeding Rs. 10 lakhs for the construction of buildings for educational institutions under local bodies and private managements as shown below:-

	Total allotment.
	Rs.
Elementary Schools.	6.0 lakhs
Secondary Schools.	2.5 lakhs
Colleges.	* 1.5 lakhs
Total.	10.0 lakhs.

* Out of this, Rs. 75,000 is proposed to be paid to the Veerasaiva College, Bellary.

The schools under local bodies and private managements will be treated alike in the matter of aid for construction of buildings and no distinction will be made between secondary schools opened by local bodies before 1930 and after. The distinction now made between local bodies and private managements in regard to building grants to colleges will however remain as the idea of Government is not to encourage the opening of colleges by local bodies.

Elementary Schools - One half of the cost not exceeding Rs. 4,000 for Lower Elementary School and Rs. 7,000 for Higher Elementary Schools.

Secondary Schools - One half of the cost not exceeding Rs. 35,000.

Colleges. - One half of the cost not exceeding Rs. 50,000 for second grade colleges and Rs. 75,000 for first grade colleges.

It is proposed to utilise the allotment for secondary schools and colleges for payment of grants for the construction of buildings for secondary schools for boys and Arts Colleges for boys which were hitherto subject to the restrictions imposed in G.O. No. 1915, Education, dated 9-12-1941. The grants will be distributed on a district-war basis -- the districts which have not hitherto been in receipt of building grants will be given preference to districts for which building grants have been given in the past. The Director of Public Instruction is requested to submit proposals immediately for sanctioning building grants in the current year. In selecting the schemes to be aided, only those which are urgent and for which plans and estimates have already been prepared and approved departmentally should be selected as the local bodies and private managements concerned should start the works as soon as the grants are sanctioned and claim a portion of the grant in the current year. The proposals for utilisation of the grants may be submitted separately for schemes relating to Secondary Schools and Colleges and may be divided into two

(M) 2

arts -- one relating to new buildings and the other to extensions and improvements and the schemes may be arranged in the order of urgency. The total estimated cost - the maximum grant admissible according to the limits specified above and the amount of grant likely to be claimed in the current year may be shown against each scheme. The information in regard to the probable amount of grant required in the current year is required as it is proposed to move a supplementary demand for the purpose. Schemes which have already been started after the plans and estimates have been approved departmentally pending the question of inclusion of the scheme in the approved list and the sanctioning of a grant therefor may also be included in the list and the fact may be mentioned in the remarks column. The schemes which have been already recommended by the Director of Public Instruction for inclusion in the quarterly approved list but not approved so far may also be considered. The existing procedure for the disbursement of grant will be followed for these schemes also.

Secretary to Government.

Sub:- Grant - Buildings - Aided Secondary Schools for boys - Inclusion in the list of approved works - List for the quarters ended June, 1948, - Orders passed.

Ref:- From the Director of Public Instruction Roc.No. 62-D2/48 dated 19-7-48.
From the Director of Public Instruction Post Copy of Telephonic Message dated 4-8-48.

The Government sanction the inclusion in the list of approved works of the scheme for the construction of buildings for aided secondary schools for boys specified in the annexure to this order. While this approval does not convey any guarantee of grant it will render the institutions eligible for a grant upto one half of the cost of the schemes not exceeding Rs.35,000/- under the provisions of the Grant-in-aid Code if and when funds become available provided that all the conditions prescribed in the Code are duly complied with.

The Director of Public Instruction is informed (1) that as the grant of Rs.2.5 lakh for secondary school buildings proposed to be sanctioned in the current year after obtaining a supplementary demand is intended to benefit only those institutions which were hitherto subject to the restrictions imposed in G.O.No. 1915 Education dated 9-12-41 only schemes relating to the construction of buildings for secondary schools for boys, the inclusion of which in the list of approved works has been sanctioned and for which funds have not been provided in the budget should now be selected and

(2) that schemes for which plans and estimates have already been approved by the Consulting Architect and which are under execution (the managements having been permitted to proceed with the construction pending a decision on the question of grant or which are likely to be started in the current year and a portion of the grant claimed in the current year, should now be selected, as it is necessary that any additional appropriation that may be obtained in respect of those schemes in the Current year should be utilised and not allowed to lapse. The question of provision of funds for payment of grants for schemes which are ordered to be included in the list of approved works and which are not ripe for execution in the current year may be considered, in connection with the budget for 1949-50.

3. The Director of Public Instruction is informed that the schemes relating to the provision of additional accommodation for the Board High School Kadayanallur at an estimated cost of Rs.5,150 and for the construction of buildings for a hostel for the Board for the Board High School Koilpatti under the control of the District Board Tinnevely at an estimated cost of Rs.11,600 have also been selected for payment of grants out of the allotment of Rs.2.5 lakhs and he may include these two schemes also when sending a reply to Memorandum No. 27236 B1/47-17 Education dated 15th June, 1948.

4. Orders will issue separately on the question whether the grant of Rs.35,000 fixed in respect of very costly schemes exceeding Rs.70,000 should be paid only after the scheme is completed or whether it may be paid on production of a certificate to the effect that not less than twice the amount of the grant claimed has been expended on the work.

(By Order of His Excellency the Governor.)

M.V.Subramanian,
Secretary to Government.

To The Director of Public Instruction.

With reference to the proposals called for in the Memo-
randum read above, I submit herewith a list of schemes rela-
ting to the construction of buildings for Secondary Schools -
for Boys, the inclusion of which in the list of approved works,
has been sanctioned by Government, with all the relevant parti-
culars.

Out of the 14 approved schemes in the list, only 4 schemes,
which satisfy the conditions prescribed in the Government Memo-
randum mentioned above, are eligible for payment of grant dur-
ing 1948-1949. A short note on all the four schemes is given
below:--

Scheme No. 3 in the list: Madras Chritian College High School -
Purchase of Hostel Building.

In my letter R.C.1257-D2/47 dated 13--9--1948 I have in-
formed Government that in anticipation of their approval of the
suggestion for the diversion of the grant sanctioned in G.O.No.
MS.1375 Education dated 28th May 1948x towards the building pur-
chased for use as School Hostel, the scheme with a grant of --
Rs.30,000/- is selected as one of the schemes for the distribu-
tion of grant during 1948-1949. In anticipation of payment of
grant during 1948-1949, necessary grant is not proposed for in-
clusion in the ~~Bunder~~ Estimate of 1949-1950.
Budget.

Scheme No. 6- Wynad High School, Kalpetta - Construction of Buildi

- In my letter R.C.706 D2/46 dated 7th September 1948, I have
requested Government to select the scheme for the construction
of a building for the Wynad High School, Kalpetta approved in
Government Memorandum No.27236 B1/47-19 Education dated 9-8-48
with a grant of Rs.35,000/- as one of the Schemes for the dis-
tribution of grant during 1948-1949. In anticipation of approval
necessary grant is not proposed in the Budget Estimate for 49-50.

Scheme No. 8 - Taluk Vidyalaya High School, Kalladaikurichi -
Extensions.

Government in their Order No.2537 Education dated 27-11-47
sanctioned the inclusion in the list of approved works of the
Scheme for the construction of a building for the Taluk Vidya-
laya High School, Kallidaikurichi at an estimated cost of Rs.
39,700/- rendering Rs.19850/-. Government in their Memorandum
No. 48257-B1/48-2 Education dated 10--7--1948, in condoning
the irregularities have directed that the grant for the work

work will be based on the valuation of the work by the P.W.D. after completion and it will be subject to a maximum of Rs.19850/-

It is reported that an amount of Rs.18,000/- has been spent on the Scheme and an amount of Rs.22,130/- is proposed to be spent during the summer vacation and the scheme finished before July 1949. Hence a half grant of Rs.9000/- may be sanctioned for utilisation in 1948-49 based on the valuation of the work so far done by the Public Works Department. Taking this amount to be paid during 1948-49 under this special scheme, the balance of Grant of Rs.10850/- is being proposed for inclusion in the Budget Estimate of 1949-50 Part I. The balance will be paid after obtaining the valuation of the work done by the P.W.D. after completion. In this connection, please also see my letter R.C. 537 D.2/48 dated 13th September 1948.

Scheme No. 4 in the list: - S.V.V.High School, Tiruppalathurai
Construction of building.

Government have in their Memorandum No.11797/47-B1-1 Education dated 4th March 1947 stated that they have no objection to the proposal of the Correspondent S.V.V.High School, Tiruppalathurai to proceed with the construction of five tiled sheds for the school on the site alienated for the purpose without waiting for a decision on the question of grant to be made for the work. The plans and estimates sent to the Consulting Architect for scrutiny were returned for revision. Government in their Memorandum No.27236-B1/47-19 Education dated 9-8-48 sanctioned the inclusion in the list of approved works of the scheme for the construction of sheds for S.V.V.High School, Tiruppalathurai at an estimated cost of 34000/- rendering the institution eligible for a grant upto one half of the cost of the scheme is now not exceeding Rs.35,000/-. But the estimated cost of the scheme is now reported to be Rs.42,000/- and hence the half grant on this will be Rs.21,000/-.

The management committed the following irregularities:

- 1) Started the construction before getting the plans and estimates approved by the Joint Consulting Architect and
- 2) Did not invite tenders and open them in the presence of the District Educational Officer as required in Rule 53 (ii) of the Grant-in-Aid Code.

As there was an urgent and pressing need for accommodation the is reported to have been started. The work is executed by Sri Ramakrishna Tapovanam under the Supervision of a qualified Engineer. In the above circumstances I request that Government may be pleased to condone the above irregularities and base the grant on the valuation by the Local Public Works Department.

The Correspondent has reported that the cost of the work so far done is a little over Rs.30000/-. As the inclusion of scheme in the list of approved work has been sanctioned by Government and Rs.30000/- is reported to have been spent on the an advance grant of Rs.15000/- is recommended for payment 1948-49 under the Special Scheme based on the valuation of local Public Works Department on the work executed. Assuming an advance grant of Rs. 15000/- will be paid during 1948- balance of grant of Rs.6000/- is being proposed for inclusion in the Budget Estimate of 1949-50 Part I. The balance of Rs.6000/- will be paid on the valuation by the P.W.D. after completion.

A grant of Rs.89,000 can be paid during 1948-1949 for the four schemes as indicated above if the proposals are approved by Government. The management of the above institution may not have enough time to show a clear title to the property during the current year. Hence if Rule 54 (ii) of the Grant-in-Aid Code is insisted in the cases, the management will not be able to claim the grant during the current year. I, therefore, request that Government may be pleased to exempt the above managements from the execution of the mortgage deed on condition that the buildings are not diverted for other than educational purpose for atleast 30 years.

E.R. High School, Gudlavelluru - Construction of building:

The above scheme was explained in detail in my letter RC.708 D2/46 dated 25th November 1947. With reference to Government Memorandum No.93795-B1/47-1 Education dated 15th January 1948, the scheme was included in the consolidated list of building Schemes for the quarters ended 31st December 1947, 30th March 1948 and 30th June 1948. Government have not sanctioned the inclusion of their scheme in the list of approved works.

In my letter mentioned above, I reported that the management did not call for tenders for the execution of the work, but have so far completed a portion of the scheme even before it is placed on the approved list and that that the grant may be based on the valuation of the Public Works Department.

It is now reported that work to the value of Rs.28,889/- has been executed and that a balance of work amounting to Rs.31,513/- has to be finished for completing the ground floor.

If the above scheme is approved and if there is enough balance of grant in the allotment of Rs.2.5 lakhs I recommend that an advance grant of Rs.14,000/- based on the value of the work that done certified by the local Public Works Department may be sanctioned for utilisation in 1948-1949 and the balance provided in the Budget Estimate of 1949-50.

Yours faithfully,

for DIRECTOR OF PUBLIC INSTRUCTION.

Grants - Buildings - Secondary schools for boys
under private managements - 1948-9

CNO 72/12/48 From the D.P.D., Rens 62-22/48, 8.25.9.48

Copy on p/cf

In memo no 27236 R/47-17 Edu dated 15.6.48 the D.P.D. was asked to submit proposals for sanctioning grants to local bodies and private managements to the extent of Rs 2.5 lakhs towards the cost of construction of buildings for secondary schools for boys which were subject to the restrictions imposed in G.O. no 191520 dated 9.12.41. The Director's proposals for sanctioning grants to local bodies for the purpose has been examined & noted separately. His proposals for sanctioning grants to private managements will be found on pp 4-6 cf.

2. Out of the 16 schemes already included in the approved list, three are under execution ^{now} construction of buildings for the Wynad High School, Kalpetta, (Malabar), Teluk Vidyalya High School Kallidai Kurichi - (Tinnevely D.), and S.V.V. High School Toppalathurai (Tiruchirappalli D.). The management of the Madras Xian College High School, had already purchased a building in the Napier Gardens for the students' hostel and the D.P.D. has recommended that this scheme may be included in the list of approved works under of the scheme for the construction of a building for the students' hostel in Chetput. It has been suggested in the separate file on the subject that the Director's recommendation may be accepted. If this is approved, the scheme may be selected for sanctioning grants in the current year. The total grant payable in respect of these four schemes will amount to Rs 1,05,850 as shown below:-

(1) Purchase of a building for the Madras Xian College Students Hostel	Rs 90,000	30,000.
(2) Construction of buildings for the Wynad High School Kalpetta	1,09,560	35,000
(3) Teluk Vidyalya High School Kallidai Kurichi - Extension	39,750	19,850.
(4) S.V.V. High School Toppalathurai Construction of building	42,000	21,000

The scheme for the construction of a building for the E.R. High School Gudlavalluru is in progress. This has not yet been selected for inclusion in the approved list. It is for consideration whether the inclusion of the scheme in the list of approved works maybe sanctioned as a special case and the scheme maybe selected for sanctioning grants in the current year. If this is done, the total amount to be sanctioned will come to Rs 140,850. If however it is considered that the inclusion of the scheme in the approved list may be considered along with other schemes when the consolidated list for the quarter ending 30.9.48 is received, it is for consideration whether items in the list on page 8 of - Ramakrishna Mission Vidyalaya High School, Coimbatore, construction of a Dormitory and Dining Hall may be selected for sanctioning grants in the current year. This will bring the total grant payable to schools under private management to Rs 1,31,475.

The D.P.I. recommends that the managements of the four schools specified on page 6 of may be exempted from the execution of the mortgage deed so as to enable the managements to draw the entire grant or a portion of it in the current year. This does not seem acceptable. Rule 54 (1) of the Grant-in-Aid Code contemplates the grant of such exemption only in cases where the grant does not exceed Rs 10,000. This limit will be exceeded in all the four cases. Part payment of grant may be sanctioned in the current year as indicated in pencil in col. 4 of the statement on page 6 of subject to the condition that the balance of grant due will be paid only after the title deeds have been examined & declared to be in order. Vide in this connection GO 1981 Eon 2, 10.8.48.

W
29.9.48

The balance of grant due maybe provided in Part I of the P.B.E. for 1949-50. In order to enable the managements to push through the execution of the schemes, and claim the grant with reference to the actual expenditure that is incurred up to a stage in the current year, it is for consideration whether orders sanctioning the grants maybe issued immediately and a supplementary estimate maybe moved later on.

Please see the D.P.I.'s letter on pp.4-6 c.f. and the notes of E & P.H. on pp.1-2 above.

2. The proposal of E.P.H. to sanction in the current year building grants amounting to Rs. 79,000 to the first four secondary schools, as indicated in pencil in col.(4) on p.6 c.f. and to include the balance of the grants (Rs.26,850), as shown in col.(6) on p.6 c.f., in Part I Budget for 1949-50 may be agreed to in this department. Ordinarily, the proposal will have to be treated as a 'new service' as the amount of grant for each institution exceeds Rs.10,000 non-recurring. But the present proposal is in pursuance of a decision arrived at by the Cabinet to allot Rs. 2.50 lakhs for grants to secondary schools under the management of both local and private bodies. Hence the 'new service' procedure need not be followed in this case. ~~the details of the statement in the departmental records.~~

A on p 1 above

E & P.H. state that the proposals relating to local bodies are dealt with in a separate file. It is presumed that they will see that the grants to be sanctioned to local bodies and to private managements in respect of secondary school buildings does not exceed Rs. 2.50 lakhs.

The adoption of the procedure indicated at 'X' on p.2 above, viz., issue of orders sanctioning the grants before obtaining a supplementary grant from the Legislature, may also be agreed to in Finance as no provision has been made for this purpose in the current year's budget estimates.

3. As regards the inclusion in the approved list of the scheme for the construction of a building for the E.R. School, Gudlavalluru, or the Ramakrishna Mission Vidyalaya High School, Coimbatore, and sanctioning of a grant in the current year, E & P.H. propose to obtain orders in circulation to H.M.(Edn.) This Deptt. may agree subject to the remark at 'A' above.

3. In order to enable private managements to execute the works and claim a portion of the grant in the current year, it was proposed that orders sanctioning grants may be issued immediately and that the necessary supplementary estimate for the amount required for actual disbursement might move later on. Finance have agreed to this. The file containing the schemes for the construction of buildings for secondary schools under local bodies has been circulated to H.M. (Fin.) today. This may be sent in continuation after H.M. (Fin.) passes orders, both the files may be circulated to H.M. (Fin.)

The expenditure on the payment of grants sanctioned in G.O. Ms. No. 2590 Edn. dated 16-10-48 is also debitable to the head "37 G. Education--Secondary--Direct grants to Non-Government secondary schools--A. General--(g) A.3. Building--Voted". As such, the probable amount required for the schemes mentioned in the above G.O. has also been included in the final Revised Estimate.

2. The final Revised Estimate under this head is Rs. 2,27,797/- as against the budget appropriation of Rs. 1,84,500/-. Hence an additional amount of Rs. 43,300/- is required. This amount can be met by re-appropriation of funds.

Sent to Fin UO

3. Necessary application to meet this excess expenditure by re-appropriation of funds has also been submitted to Government vide my letter RC No. 44 A1/49 dated 10-2-1949.
