Please see the PWD note above. The scholar took the M.Sc degree in June '47 and is now working for the Ph.D degree for which an extension of scholarship for 1 yr till Dec 48 has already been given. The C.E. states that any further training for the scholar is not necessary in view of the intensive training he has already had. ~~Presumably~~ Apparently the C.E. means that ~~the~~ no further training after completion of Ph.D is necessary.

Draft letter to the G of I is submitted for approval.

C. No 68069/48 from the G of I Ministry of Edn
No. F.3-11/5.33/45.S.2 of 8.9.48 p 10 C.F

The G of I have forwarded the application from the 1945 scholar Sri T. Premsagar for further extension in the period of scholarship from Jan 49 to June 49. The extension is stated to be required for completion of his studies — Ph.D course — in the University. In the Progress p 14 c.f p 16 c.f

Report received in June 48 it had been stated that the scholar was working for Ph.D. ~~The Govt have approved the report but~~ There was no indication in that report that the scholar would require further extension for 6 months. The scholar has already been given an extension for 1 complete year from Jan 48 to Dec '48. The G of I are not agreeable to this further extension and they have stated that if this Govt are anxious that the scholar should work for Ph.D they should bear in full the expense on the proposed further extension for 6 months. They suggest that the scholar be withdrawn from academic studies and switched on to some practical training until Dec '48.

P.W.D may be requested to consider this suggestion and take a final decision in ~~the~~ this matter.

There seems to be no justification for this.

If [illegible] they may be accepted.

As regards the institutions where practical training may be arranged, the C.E. suggests that it may be left to the discretion of the Education Depth. of the Embassy to arrange for some practical training in R.C.
