As per rule 6 of Stationery Manual Vol.I the Superintendent of Stationery is empowered to purchase cloth and clothing materials required every year. Accordingly orders were placed both with the Textile Commissioner, Bombay and with the Inspector General of Prisons, for the supply of cloths during 47-48. Supplies were accordingly received and are stocked in the stores. The question of intimating the Government of the stock position did not therefore arise till the receipt of G.O. Secretary, E.& P.H.

I remember that a note was sent some time back that hereafter khadi should be used for giving dresses to our peons. I understand that the Firka Development and the Rural Development programmes that we are putting through in the villages can supply us a lot of khadi. I should be glad if enquiries can be made as to

X

A (1) amount of khadi of various varieties that can be available in these Firka Development programmes and the

B (2) amount of cloth that will be necessary for giving uniforms to our peons.

Both enquiries may be made and the information may be put up.

in the firka development programmes, evidently in the Govt's Intensive Khadi centres. H.M. (Edn) has minuted ~~It is also mentioned~~ that it ~~was~~ is understood that the Rural dev programmes can supply a lot of Khadi for giving uniforms to all the peons in Govt. Service. It is not known whether the intention is to supply Khadi uniforms to the peons of the Sectt only or to ~~[illegible]~~ ⊗

In the first place, it is submitted that the Intensive Khadi Scheme in the seven compact areas selected for the purpose has been introduced with a view to secure self-sufficiency in regard to clothing in terms of Khadi in those areas. The immediate object of the scheme is to arrange for the production in each of the seven selected centres, of sufficient Khadi for the entire population at the rate of 20 yards per adult and 10 yards per child. The cloth produced in the centres should be consumed by the people in those centres. It should not be disposed of anywhere outside these centres. If it is done, it would amount to a negation of the self-sufficiency ideal in clothing in terms of Khadi.

But it may be pointed out in this connection that though sufficient cloth is being produced in all the centres, all such cloth is not being consumed by the people residing therein and consequently, the Govt are sometimes faced with the problem of disposal of accumulated Khadi. However, on the recommendation of the P.T.C, some cloth produced in the centres, worth about Rs. 2 lakhs has been ⊗ ordered to be sold to the A.I.S.A. Branches in this Province. This was done only to ~~minimise the~~ reduce the

~~magnitude of the problem of disposal of~~ reduce the quantity of ~~the~~ accumulated Khadi in the centres.

In ~~his recent progress report~~ another connection recently, the P.T.C. has again stressed the need to find ways and means to dispose of the ever increasing accumulated stocks of Khadi in the Centres at an early date. He says that the accumulated stocks are liable to deteriorate and that this question should be examined quickly. He also points out that in ~~the~~ case the Govt decide to sell the cloth outside the Centres, the A.I.S.A. is likely to object to that course as the sales of ~~its~~ its Vastralayas will be affected thereby. It appears that the idea of using the Khadi stocks for providing dress to the peons in Govt service will not only help the Khadi centres to dispose of the accumulated stock but also avoid any ~~controversy~~ contraversy with the A.I.S.A. arising from ~~the~~ conflict of interests (as sellers of Khadi). In case the Govt see their way to use Khadi for all State purposes, taking into account, of course, the utility and adaptability of Khadi for such purposes, any possible criticism that the Govt have made Khadi only a menials' dress may also be avoided.

No sane person will criticise like this.
JR

As the Govt cannot permit valuable stocks of Khadi to deteriorate, it appears expedient to decide to liquidate the stocks in all possible ways, keeping in the centres just the quantity ~~of~~ required to get a move on with the self-sufficiency ~~to~~ scheme ~~deal~~. The P.T.C. may perhaps be consulted in the first instance. Subject to orders,

The file has been sent to this department for remarks on the portion marked 'M' on p. 7 of L.F.I. With reference to the letter of the Supdt. of Stationery dated 22-4-48 to the F.D.Dept. ~~and~~ regarding the disposal of the existing stock of mill cloth, it may be stated that orders are being issued separately permitting him to supply clothing to menials from the existing stocks of mill and handloom cloth until they are exhausted and then implement the Govt. Orders in G.O.Ms.No.135, F.D., dated 15-3-48.

(B)

In regard to ~~The~~ the letter dated 22-4-48 of the Supdt. of Stationery to the P.T.C. asking for ~~regarding~~ the supply of Khadi in the place of mill and handloom cloth originally indented for, it may be stated that the S.O.S. has not furnished specifications etc. of the cloth required by him. Samples of cloth now readily available with the Govt. Khadi Centres have been sent to him and he has been requested to select the varieties from them and indicate them in his revised indent which he has been asked to send.

X

p 27 c.f. of L.F.IV (Dis listed file)

2 It is presumed that it is not ~~not known whether it is~~ the intention that the supply of Khadi clothing to the peons attending on the H.M.'s and those attached to the Departments of the Secretariat should also be deferred and instead mill and handloom clothing supplied to them this year from the stock now available with the S.O.S. This Dept. may, therefore ~~however~~, suggest that so far as these peons are concerned, it will be desirable that they are immediately equipped with Khadi clothing. E. & P.H. Dept. may be requested to take orders in circulation on this point. H.M.(F.D.) and H.Pr. should also see this case.

(11)

page 3 N.F. of L.F.I

3 It may be pointed out in this connection, that the Committee appointed to go into the question of selecting proper and smarter design of dress for the (Secretariat) peons has suggested the supply of a tight fitting coat coming down to about half a foot above the knee and pyjama trousers, tight below the knee like ~~the~~ Jodhpur Breeches. The Committee has not, however, suggested what head dress should be worn by the peons.

page 5 N.F. of L.F.I

Supply of Khadi coats and pyjamas in Khaki or ash colour has been accepted in circulation. S.O.S. has been asked to submit proposals for implementing this decision with particulars as to the scale of supply for each peon and the period of wear and the extra cost involved, if any. So far no proposals have been received from the S.O.S. in this regard.

'K' on page 6 N.F. of L.F.I.

4 It is submitted for consideration whether khaki colour which is ordinarily associated with the Military and Police, and the ash colour which is associated with the Fire Services and Civic Guards are appropriate for the uniforms ~~uniforms~~ of the peons in the Civil Secretariat. Samples of colours in which cloth can be had are circulated with this file. Sample No. 5. light Kohki, Sample No. 7. light cement, and Sample No.8. light grey may be suggested for consideration. E.&P.H. may be requested to take orders in regard to the colour of the uniform and also regarding the nature of head dress to be supplied to the peons.

placed in the file

5 Five samples of Khadi (corresponding to mill made Long cloth) which could be used for the coats and trousers of the peons are also placed in this file. Samples I and VI are identical except that sample I is bleached and sample VI is not. Samples II and IV in the set are also identical except that sample II is bleached and sample IV is not. Sample III is also of a similar weave but is coarser than samples II and IV. It may be suggested that cloth of the

variety of samples II and IV dyed in the selected colour ~~will~~ would be suitable for the dresses of the peons.

6 The number of peons employed under the H.M.s and in the Secretariat Departments may be estimated ~~at~~ roughly at 200. Each of them will have to be supplied with at least 2 sets of uniforms. It may, perhaps, be possible to make a uniform with 8 yards of cloth. The total quantity of cloth that may be required for the purpose may be estimated at 3200 yards. There is plenty of stock on hand at Avanashi and Kotauratla centres and it may not be very difficult to arrange for the early supply of cloth for this purpose.

1. Sometime back we issued orders that the uniform ~~given to the~~ of the peons may be changed. I also appointed a Sub Committee to go into the matter. If I remember right, the Sub Committee consisted of the Secretary, E. & P.H., the Chief Secretary and Mr. Pulla Reddi. That Committee also made certain recommendations. I remember to have approved those recommendations but in spite of it, I see the peons going about in the same old dress. I would like to know what has happened to these orders.

2. We issued orders that the khadi that we have in our khadi producing centres may be utilised for supplying these uniforms etc. to peons and others. I received a reply sometime back that the Mill cloth ~~khadi~~ stock at the office of the Supdt. of Stationery is something which will last for nearly a year. I would like to know when these stocks were ordered. The matter may be examined whether in view of the cloth scarcity, these mill cloths cannot be sold back in the market and khadi cannot be utilised. The exact date or dates when this stock was ordered by the S. of S. is not known. The question of supply~~in~~ing clothing to peons in Khaddar instead of in mill or hand-loom cloth was first considered and communicated to the S. of S only in Septr. 1947. The Supdt. was at the same time asked not to indent for the supply of mill cloth for making peons' clothing. Accordingly, the Supdt. of Stationery has asked the P.T.C. to supply the entire cloth required for his Deptt., for 1948-49 only in Khadi instead of in mill or hand-loom cloth. Apparently the existing stock of mill and hand-loom cloth referred to above was ordered by the Supdt. of Stationery before Septr. 1947 when the Govt's orders in the matter were first communicated to him. He states that if Khadi is to be substituted at present in the place of the existing stock, the latter will be rendered waste and will have to be sold in auction. He considers that this will result in financial loss to Govt. In the circumstances, it is for consideration whether he should be addressed again in the matter as ordered at ~~H~~ N on page 15 ante., or whether as previously approved in circulation, the Supdt. of Stationery may be permitted to utilise the existing stock for the supply of peons' clothing in 1948-49 till the stock is exhausted.// In respect of the peons of H.Ms. and those attached to Sectt., Depts., for whom, a new kind of dress has been decided upon, the existing stock of mill or hand-loom cloth need not be used. The Supdt. of Sty., may be asked to use the Khadi which he has already ~~invited~~ indented for from the P.T.C. for this purpose--vide in this connection para 2 of th F.D. Dept. note on pages 12-13 ante. Orders are als solicited in this connection about the colour of the uniform of these peons that is, whether it may be light Kokti, light cement or light grey as suggested by ~~the~~ Firka Dev.

2. With reference to this point about the head-dress of these peons referred to by the Firka Dev.

Dept. at p. 13 ante, it is submitted that the intention of the Committee is apparently that no change in the present head dress of the peons is called for. With reference to para 5 of the F.D. note on pages 13-14 ante, it is submitted that the samples of cloth readily available have already, it is stated, been sent to the Supdt., of Stationery for ~~t~~ his selection.

Memorandum No. 70277-2 C2 Edn. dated 5-9-1947.

Lodged 70277 C2/47 23.11.48

It has been suggested that Khaddar clothing should be supplied to the peons of the Hon'ble the Ministers and those attached to the Secretariat Departments. The Superintendent of Stationery is requested to offer his remarks on the suggestion and to furnish an estimate of the extra cost involved in the proposal. Pending the issue of orders by Government in the matter, the Superintendent of Stationery is requested not to indent for the supply of mill cloth for making ~~the~~ peons' clothing.

The P.T.C. will be in a position to supply the quantity of ~~requirements of~~ Khaddar cloth required

I understand that fresh indent ~~for the~~ supply of uniforms to peons is being prepared by the Superintendent of Stationery. If so, he may be asked at once not to indent for the supply of mill cloth; instead Khadi should be supplied. The Textile Commissioner will be in a position to supply the requirements of Government.

A proposal to supply Khaddar clothing to the 30 peons of the ex-Parliamentary Secretaries was considered recently—attention is invited to the notes on pp. 10-15 n.f. of G.O. No.596 Edn., dated 24-3-47. The supply of khaddar dress to the peons involved an extra cost of Rs. 3,500/- once in two years. As

p.t.o. -2-

clothing for these peons made of long cloth had already been stitched and as it was not possible to keep the 240 sets of clothing already made without damage and to issue them to other peons, it was decided in circulation that the proposal to supply khaddar clothing to the peons of Parliamentary Secretaries should be deferred until the clothing already got ready for them had served its normal period of wear and tear.

2. The proposal in H.P.M's minute on page 1 ante is apparently to supply khaddar clothing to the peons of the Ministers and those attached to the Secretariat Depts. The number of such peons is not known; it is also not known what the extra cost on account of the supply of the khaddar dress would be. It is for consideration whether the remarks of the Superintendent of Stationery may be called for in the first instance, ~~Finance may see before circulation.~~ he being told at the same time not to indent for mill cloth. ~~Finance~~ Finance may see for remarks before circulation
