R.O.C.No. 418-M/48 dated 31st August 1948.

Building grant for the construction of store-room and weaving shed--Basic Training School, Periyanaickonpalayam.

In Government Memorandum No. 59947-B2/47-7 Education

dated 25.5.1948 sanction was accorded for the construction of a store-room and weaving shed. It was also ordered that the work might be executed departmentally at a cost not exceeding Rs. 5,000/- and that the expenditure should be debited to "37. Education--n. Government Special Schools--A. Training Schools for Masters."

The management of the Basic Training School, Periyanaickonpalayam, has been retransferred to the Rama Krishna Mission in June 1948. The management was, therefore, asked to construct the above buildings and to complete the work before 1.10.1948 - vide copy of my proceedings 1490-B1/47 dated 8.7.1948 already submitted to Government. Accordingly the management are carrying out the construction of the buildings; it is reported that walls have been built and the roofings are to be fixed. They have to be paid grant for the work. Since a grant to cover the entire cost of the construction of buildings for the store-room and weaving shed has to be sanctioned to the management, I request that Government may be pleased to order the payment of full grant for the construction of buildings for a store-room and Weaving shed not exceeding Rs. 5,000/-; the estimated cost which the Government would have had to bear if the work had been done departmentally as ordered in Government Memorandum cited above.

The Correspondent has already requested for the sanction of an advance grant of Rs. 5,000/-; the remaining Rs. 2,000/- being claimed when the construction is over.

P.T.O.

The expenditure on account of the above construction of buildings may be met from the lump sum provision of 9-lakhs for the expansion of Basic Education.

Yours faithfully,

R. V. Rudrappaswami,

It is not clear why the managers of the basic training school at Perianaickenpalayam do not take the collection of the buildings.

I invite the kind attention of Government to my letter Re.No. 1490-B1/47 dated 20-11-47 wherein I recommended the payment of a full grant towards the construction of a full grant towards the construction of a weaving shed with a store room attached as it was required for the Basic Training School where Government officers intended to staff new Basic Training Schools are being trained and not for the use of the Junior Deputy Inspector, Periamickonpalayam. But in Govt. Memo. No. 59947-B2/48-7 Edn. dated 25-3-48 sanction has been accorded for the construction of a store-room and a weaving shed for the use of the Junior Deputy Inspector stationed at Periamickonpalayam and for the execution of the work departmentally. The accommodation required is not for the use of the Junior Deputy Inspector but is for the Basic Training School on whose lands the building was recommended to be constructed. The building had to be completed urgently before the Government officers could be deputed there for training and hence the management was allowed to proceed with the work.

2. I request that full grant may therefore be ordered to be sanctioned for the building as per the recommendation contained in my letter Re.No. 1490-B1/47 dated 20-11-1947.

Yours faithfully,

for Director of Public Instruction.

E & P.H. (B2) Deptt.
 From the D.P.I. No. 418-M/48 dated 22-9-48 -
 Basic Education - Building grant for the construction
 of a weaving shed with a store room attached.

In July, 1947, the Director of Public Instruction
 reported to Govt. that the construction of a store
 room and a weaving shed for the Basic Training School,
 Perianaickenpalayam, was necessary and recommended
 that a full grant towards the cost of the buildings
 might be sanctioned to the management (Ramakrishna
 Mission). Orders were, however, issued sanctioning the
 construction of the buildings departmentally and it ~~was~~
 then specifically minuted by H.M. that the buildings
 were intended for the use of the Junior Deputy Inspector
 of schools stationed at Perianaicken-palayam. Please
 see the notes on pp 16-20 N.F. of (K.) // The management
 of the school was retransferred in June 1948 to the
 Ramakrishna Mission. The Director has now reported
 that a building grant should be sanctioned to the
 management with reference to his original letter
 referred to above as the accommodation is required
 for the Basic Training School (on whose lands the
 buildings have been constructed) ~~and~~ and not for the
 Junior Deputy Inspector of Schools. In the circumstance
 it seems necessary to sanction a full grant not exceeding
 Rs. 5000/- towards the cost of construction of these
 buildings to the Ramakrishna Mission. For orders
 whether the D.P.I. may be authorized to sanction the
 grant. Finance Dept. may see for remarks before
 circulation.

also as it is a departure from the normal procedure
 to sanction a full grant for buildings to a private
 institution. (The grant should be limited to Rs. 5000 - Five
 thousands only. The figure Rs. 50,000 specified at A
