The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, M a d r a s.

R.O.C.No.223-A2/48 dated 15th October, 1948.

College--Presidency--Madras--Repairs to petrological
microscopes.

In para 4 of their order No.Ms. 339-Education dated 23.2.1948 Government approved the proposal to send five Petrological microscopes of the Geology department of the Presidency College, Madras for repairs and overhauling by their original manufacturers in England and America. These five microscopes have accordingly been sent abroad and are likely to be received back only in 1949-50. 5/3-4

2. Out of the eight old Petrological Microscopes there are still three more which need repairs and overhauling by their original manufacturers viz. Leitz Wetzlar (U.S.A.) while the average cost of repairs will be Rs. 1,000/- for each microscope, the replacement cost will be about Rs. 2,250/- each. It is thus economical to have the microscopes repaired and overhauled by their original makers instead of purchasing new ones. I therefore request that Government may kindly approve the proposal to have the three more Petrological microscopes of the Presidency College repaired and overhauled by Leitz Wetzlar (U.S.A.) at an estimated cost of Rs. 3,000/-.

3. The microscopes will be sent to their makers through their agents, the Scientific Instruments Co.Ltd. and will be received back in 1949-50. Government will be addressed for the necessary financial sanction and provision of funds after the cost of repairs is known exactly and the instruments are received back duly repaired and overhauled.

Yours faithfully,

P. M.

For Director of Public Instruction.
