To

The Secretary,
Education and Public Health,
Govt of Madras, Madras-9.

Sir,

Sub: Establishment - 3rd Madras Engr.Pl.N.C.C.

The office establishment of this platoon provisionally provides for one clerk to do the whole office work, which is not feasible. The army establishment of Clerks for a platoon of same strength is four. You will agree with me that the amount of work turned out here is equal to that in an army platoon office, since we run on the same lines. Moreover for one clerk to attend to the routine correspondence and typing is rather too much. This view is shared by the Officers Commanding 1st and 2nd Bns also and they have recommended for one typist to be included in the establishments in a conference discussing the expenditure of National Cadet Corps for 1949-50 held at Senate house on 20th Oct '48.

Hence it is requested that permission may please be given for the employment of a typist.

Secondly, there is no provision for a cleaner in M.T. establishment. This is essential for the following reasons.

- In the event of any mishap to the driver the cleaner will be looking after the vehicle.
- The vehicle will not be left unattended when there are two persons looking ~~looking~~ after it i.e. at least one will be with it while the other is away.
- For the maintenance and repairs to the vehicle, two persons are essential.

This point was also discussed at the above/mentioned conference and was recommended for inclusion in the establishment.

Hence may permission please be given for the employment of the same.

Yours faithfully,

[Signature]

EPH(51)

National Cadet Corps - Senior Division - 3rd Madras
Engineer Platoon - Employment of a typist

From the Officer Commanding the 3rd Madras Engineer
Platoon NCC, Amidy 8 21.10.48

In para 2 of Gono 2641 Edu dated 22-10-48,
sanction was accorded for the employment of a
lower division clerk on Rs 45-3-60-2-90 in the office
of the 3rd Madras Engineering Platoon preferably one
with a knowledge of typewriting so that he may
attend to typing work also. The officer in charge of the
unit now reports that a typist is required in addition
to the clerk as it will not be possible for one clerk
to attend to the whole office work. The unit is a
small one with 60 cadets only as against an Infantry
battalion with 625 cadets and normally it should
be possible to manage with one clerk especially as
the office is located in the Engineering college
itself and there ^{will} not be much correspondence
to be carried on. In the circumstances stated by
the officer in charge of the 3rd Engineer Platoon, it
is for consideration whether a typist and fixed
pay of Rs 45 ^{+ his usual allowances} may be sanctioned temporarily
for a period of six months and the position may be
renewed at the end of that period.

The remarks of Finance may be invited.
[Action has already been taken separately in regard to
employment of drivers & cleaners for motor trucks]

regime hits the view of E.A.P.H.
at the page above

Quite. It cannot be expected that
an N.C.C. platoon will have the same work
as a regular army platoon. The N.C.C. personnel
work on an amateur and very part time basis,
without all the complications of regular army pay, allowances, ~~feeding~~
maintenance & discipline.
