Subject :- Estimate of indigenous paper requirements in 1948-49.

....

Sir,

I have the honour to request you to kindly furnish this office with an estimate in the attached form of your requirements of indigenous paper (in tons) for the next financial year i.e. the period from 1st April 1948 to 31st March 1949. The varieties of paper may please be restricted to those listed in the form referred to. With the exception of item 23, the total tonnage (fraction to be avoided as far as possible) required should be stated against each variety of paper. Information in respect of number of reams, size or weight of paper is not required. Quantities for item 23 should be stated in rolls. Width of roll should also be mentioned.

2. The stock in hand of each variety of paper on 1st October 1947 should also be stated together with the actual consumption during the twelve months preceding that date.

3. The estimate referred to in para 1 above should comprise your total requirements which can be foreseen at the moment including those of any private contractors etc. requiring paper for the execution of orders placed on them by you or your subordinate offices, etc. (but should exclude your office requirements which will conti- to be provisioned for by the Central Stationery Office

)for
) only.

as heretofore).

*Para 4 for 1-5 only.

*4. The paper requirements of the various local bodies within your jurisdiction should also be included in your estimate. A list of such bodies entitled to obtain their paper requirements out of the Government quota was forwarded with this office letter No.114/WPS/47, dated the 13th March 1947.

Not [illegible] up

5. The paper supply position in the country continues to be anything but satisfactory. Your estimate should therefore be restricted to the barest minimum. Any increase over your current financial year's (1947-48) requirements should be fully justified.

@para 6 for 6-8 only.

@6. A statement showing the regional distinction of your requirements under each variety may also kindly be furnished as usual.

7. As regards item 22 (special varieties) complete details (including quantities) of the varieties of paper required should be given, it being explained why no other variety included in the list can be used as a suitable substitute.

8. The information asked for above may please be furnished in a complete and consolidated form so as to reach this office by the 15th November 1947.

I have the honour to be,
Sir,

Sir,

Paper - requirements for 194[illegible]
Ref: Education and Public Health Department memorandum
No.81657-1-C-2/47 dated 16/10/47.

I enclose herewith a statement showing the stock on 1-10-47, actual consumption during 12 months preceding 1-10-47, allocation for 1947-48 and t estimated requirements for 1948-49 of the various items of paper.

Increase in the estimated requirements for 1948-49 over those of the current financial year viz., 1947-48 is explained below.

Bleached and unbleached paper: Nearly 700 tons of paper under this variety due against the allocation for 1947-48, have not been received, resulting in the consumption of available stock. This is evident from the figure in column 2 of the statement.

Typewriting and duplicating: These items have to be allotted to the Titaghur Paper Mills Ltd., Calcutta, as the paper manufactured by the other Mills is not suitable to our requirements. Manifolding paper for typewriter 2½ lbs. received from imported stocks and impression paper for duplicator purchased from Messrs. D. Gestetner (India) Ltd., Madras, are being used now

Brown Wrapping: The requirements for 1947-48 were based on the stock on hand on 1-10-46. Further this will be reduced to 50 tons, if the supply of 50 tons of Brown wrapping, proposed to be supplied during the current yea is received from the Lease and Lend stock, Bombay.

Blotting: Requirements are based on actual consumption.

Pulp Boards: These boards were not indented for during 1947-48, as ther was sufficient stock. The estimated requirements of 4 tons claimed under this item for 1948-49, are based on the requirements of the Superintendent, Government Press, Madras.

Duplex boards: Increase is not appreciable.

Special varieties: In previous years owing to the difficulty in obtai Azure Laid and Creamlaid papers, Lancashire ledger paper was being used. As the Titaghur Paper Mills, Calcutta are now in a position to manufacture and supply Azure Laid, Blue Laid and Cream laid papers, 94 tons based on the the requirements of the Superintendent, Government Press, Madras, has been estimated. This estimate includes 14 tons of colour paper, as the restriction imposed on the use of colour paper has since been removed.

The other items for which no estimate for 1948-49 has been furnished, relate to the requirements of bodies other than Government, viz., Local bodies Co-operative institutions etc.

The estimate now furnished relates purely to the requirements of Government of Madras. Copies of estimates for 1948-49 relating to Local bodies including the Corporation of Madras, Co-operative Institutions, Tirupati Tirumalai Devasthan & Hoe & Co., may kindly be communicated to this office, when they are sent to the Paper Directorate direct by Government. Information regarding size and substance of the different varieties of paper estimated for them may also be sent to this department to avoid delay in placing supply orders. As it is not possible to place supply orders in different sizes and substances under bleached or unbleached, I request that the claim may be restricted to one variety (i.e) either in D.F. 27x17, 16 lbs.or D.F. 27x17, 20 lbs. A detailed distribution statement for the several items estimated for them may also be communicated to this office along with copies of estimates to avoid unnecessary delay in the supply.

P.T.O

Messrs. Hoe & Co., Madras have already furnished to me a copy of their estimated requirements for 1948-49 together with details regarding size and substande of the papers.

R1 above

Ref:- Government memorandum No.101392 N/47 -1 Developme Dated 21-10-1947 and a copy of letter No.236/P-5/47 dated 9-10-47 from the controller of printing and stationery.

I enclose, in duplicate, indents showing the requirements of paper both for stationery and other than stationery purposes of the Cooperative institutions in the Province for the next financial year (i.e from 1st April 1948 to 31st March 1949)

p. 8 above

2. Of the varieties of paper included in the indent for stationery requirements 'Azurelaid Ledger' paper of 14 and 16 lbs come under special varieties - vide item 22 of the statement to the letter cited of the controller of Printing and stationery. Azurelaid Ledger paper of 14 lbs is required for permanent registers such as cash books, ledgers etc of Cooperative Banks, 16 lbs paper of the same kind corresponding to the 'conqueror' paper or 'conquest' paper produced by the Bengal Paper mills is required for bonds and other registered deeds. I request that special arrangements may kindly be made to secure these varieties of paper.

3. Paper for other than stationery requirements of cooperative institutions for the year 1948-'49 comes to 26.35 tons. The varieties of paper required are (a) Royal (20" x 27") 22 lbs bleached paper for printing of Journals, bulletins, annual administration reports etc, and (b) water-marked (creamlaid) 10 lbs paper for conduct of examinations, training classes - printing of notices, agenda etc. If water marked (creamlaid) paper is found to be scarce, bleached printing paper may be supplied in its place.

Explanation for Variation

4. In this connection I may state that some of the cooperative institutions have represented that still some portion of the allotments for 1946-47 remains undespatched by the superintendent of Stationery, and I have taken up the matter with him. The indent for 1947-48 also has yet to be supplied. It may be seen that the indents in respect of the requirements for correspondence, bills, receipts, and ordinary registeres etc (for stationery purposes) and in respect of printing of notices for conducting examinations, training, classes, printing of agenda, speeches etc. are greater than those of 1947-48. This is due to the increase in the number of Cooperative institutions and their business. To cite only one instance, the number of Cooperative stores on 30-6-46 was about 1300 while it is now more than 1700. There is all round improvement in the business of all types of societies and the paper consumption has therefore proportionately increased. I have cut down the indent wherever necessary and what is recommended is the absolute minimum. The indent may therefore be kindly recommended.

5. The particulars for the paper consumption for the last 12 months (from 1-10-46 to 30-9-47 will be submitted shortly.

I enclose a statement showing the particulars of consumption of each variety of paper during the 12 months proceeding 1st October, 1947. This may not however show the actual consumption of all the Cooperative Institutions in the Province. Some of the institutions were obliged to obtain special varieties of paper from other private printing presses and stationers as they were not supplied by

the Superintendent of Stationery. Particulars of actual consumption have been received only from some of the Cooperative institutions so far,as the Deputy Registrars in the districts could not contact all the cooperative institutions (especially primary institutions) in their jurisdiction within this short period. Hence the particulars furnished by me in the appended statement may show only a fair estimate of the consumption of paper.

Subject:- Indigenous paper requirements for 1948-49.

Sir,

p 33 above

1452-F 1st December

With reference to your letter No.81657-402, dated 27th November I have the honour to say that the estimate of the paper requirements of your Government received with your above letter has been pitched very high as compared with your allocation of the current financial year.

2. The supply position of indigenous paper still continues to be very unsatisfactory due primarily to shortages of raw materials, coal, transport and other difficulties, and there is no likelihood of any substantial increase in production during the next financial year. It is imperative, therefore, that there should be no relaxation of effort in economy in the consumption of paper.

3. Taking all these things into account and the stock balance on 1st October 1947, a provision of 525 tons ~~1796.72~~ 1756.72 with a breakdown in different varieties as shown in the statement attached, is being made for your requirements during 1948-49.

4. As regards the requirements of the local bodies and Hoe & Co. a provision on the basis of the current year's quota is being made. Their requirements should however be forwarded to this office for record.

I have the honour to be,
sir
your most obedient servant,

Shambu Ram.

With reference to Education and Public Health letter No.81657-4 C-2 dated 27-11-47 addressed to the Controller of Printing and Stationery, New Delhi forwarding estimates of requirements of paper for 1948-49 for the Government of Madras, orders regarding allocation for the current year have been received from the Director General of Industries and Supplies, New Delhi in his letter No.DPI-31(21)47 dated 17-2-48. A Copy of this letter with a copy of the statement containing the details of allocation is enclosed for reference.

In accordance with the instructions contained in para 2 of this letter, orders have been placed early in March 1948 with several Mills for the supply of nearly 25% of the allocation during the first quarter ending June 1948. The supplies from the Mills are awaited.

Y

As the estimates of requirements referred to above relate only to Govt. ~~General~~ Department, T.T.D Tirupati and co-operative Institution, I request to be informed whether estimate of requirements ~~portion~~ pertaining to Local Bodies (including corporation of Madras and Messrs Hoe and Co.) have subsequently been forwarded to the Controller of Printing and Stationery, New Delhi. If so, copies of estimates so forwarded may kindly be communicated to enable me to place supply orders on the Mills against their requirements.

With reference to the letter quoted above, I have to state that if the Commissioner, Tirupati Thirumali Devasthanam, Tirupati, could make his own arrangements for procuring his requirements of paper through private agencies without the assistance of Government there is no objection to his doing so, in which case Government may be pleased to issue orders dis-continuing the present arrangements of procurement of paper for Tirupati Thirumalai Devasthanam, through Government agency. Although the requirement of paper of Tirupati Thirumalai Devasthanam, for 1948-49 has already been provided for in the consolidated allocation made to this Province by the Paper - Directorate, New Delhi, the quantity i.e. 28 tons in all varieties being small can be utilised for Government purposes provided the discontinuance is ordered.

Sub: Allocation of Paper and Boards for 1948-49.

On the basis of the details of your requirements forwarded to this office by the Provisioning authority Controller of Printing and Statione Government of India, New Delhi, the quantities of the varieties specifie therein have been allocated for supply by the various Paper and Board Mills. A statement showing the allocation of your requirements is attached.

2. It will be appreciated if supply orders are placed on the Mills in a manner as will enable them to make and despatch paper against your allocation in an even flow throughout the financial year. Your supply orders covering 25% of your allocation on each Mill should be placed without delay so as to reach the Mils by 15-3-48 positively to enable them to manufacture and despatch this portion of your allocation during the first quarter ending June 1948.

It is pointed out that due to delay in placing orders, the Mills have to face a gap which delays the manufacture and supplies against government off take. This has often been cited as one of the causes for short deliveries of paper during the first quarter.

3. As supplies of Paper & Board by the Mills in question are made against contracts issued by this office, it is essential that copies of all supply orders issued by you on the Paper Mills against this allocatio are forwarded to this office and the Deputy Accountant General, Industries & Supplies, New Delhi. To ensure that these instructions are invariably followed, the Paper Mills have been directed not to accept any order unless the original copy of the order is clearly marked as follows:-

Copy forwarded to:-
(i) Directorate General of Industries and Supplies (Paper Development Branch) New Delhi.
(ii) Deputy Accountant General Industries & Supplies, New Delhi.

Please ensure that copies of all orders are forwarded as indicate above in order that firms bills are paid promptly and this office may also keep a watch on the progress of supplies.

4. The Paper Mills are not authorised to make any variation or alteration in qualities and quantities specified in the afore-said statement of allocation. For this purpose you will be required to approach the Provisioning Authority - Controller of Printing ~~A~~ & Stationery, India, New Delhi, who will then advise this office of the alteration required. Copies of your communication to the Controller of Printing & Stationery ~~amy~~ may, however, be sent to this office for advance information.

ASST. SECRETARY TO GOVERNMENT

EDUCATION AND PUBLIC HEALTH DEPT.

Sir,

Sub: Supply of paper to T.T.Devasthanams--
Tirupati/for the year 1948-49.
Ref: Govt.Memorandum No.81657/C2/47-15 d/9.9.48.

70419

With reference to the Government Memorandum quoted above, I have the honour to inform you that consequent on the passing of the Zamindari Bill, which is now under discussion in the Madras Legislative Assembly, there will be much reduction in consumption of paper and hence no need for this administration to purchase paper for some time, as the present stock on hand itself will be sufficient to meet our requirements for over a year. Certain special varieties of paper not supplied by the Government and immediately required for our urgent use have already been ordered for from our Stationery tenderers. In these circumstances, the quantities allotted for this administration for the year 1948-49 may be caused to be disposed of in favour of others.

As for the future supplies through Government ~~xxx~~ agency, referred to in para 2 of the above communication, it may be possible for us to make our own arrangements for the procurement of paper through other sources. In case any unforeseen difficulties should arise, then the Government will be approached for necessary help.

A statement showing requirements of local bodies and Messrs Hoe & Co. is placed below. The Statement shows the total requirements for 1948-49 and also the total requirements for 1947-48. Ⓜ

Attention is invited to para 4 of the letter of the Controller of Printing & Stationery, India at page 49c.f. He has stated that as regards the requirement of local bodies and Hoe & Co., provision is made on the basis of current year's ~~requirements~~ for 1948-49. It is observed that current year's requirements are ~~far~~ less than those for 1948-49. It may be noted in this connection also that the requirements for 1948-49 were drawn up having ~~in~~ regard to the prevailing unsatisfactory supply position in regard to paper. It has not been possible to get neccessary particulars in the required form from nearly 3000 local bodies in this province, and to tabulate and consolidate them till now. E& P.H.Deptt may be requested to point out this to the ~~Contr~~ Controller and to request him to provide for the requirements of local bodies and Hoe & Co. as per particulars shown in the statement at Ⓜ.
