Office of the
Director of Public Instruction,
Madras: Dated 21st July 1948.

From

Sri D.S.Reddi, M.A. (Oxon),
Director of Public Instruction,
Madras.

To

The Secretary to Government,
Education and Public Health Department,
Madras.

Sir,

SUB:- Recognition - Secondary Schools - Aided -
Creation of endowment - Waiver of the con-
dition in cases of schools administered by
Charities and Trusts.

--: 0000000 :-

The S.K.P.D. Managing Committee, besides managing the Devasthanam and various charitable institutions is running also an elementary school, a secondary school for girls and a secondary school for boys in George Town, Madras. The Secondary Schools are now enjoying temporary recognition. As in the case of other secondary schools, this management was informed that the creation of a separate endowment for the maintenance of the schools was an essential condition of recognition and that the endowment should, therefore, be created and legally conveyed to the school committee. But the Management have now represented that, in view of the provisions in the scheme for the administration of the S.K.P.D. Trust sanctioned by the High Court, and in view of the fact that practically both the management which supplies funds and the management which maintains the schools are one and the same body and that, endowment, if any, now made separately for the school, will also come into the same hands under the same management which will be an anomaly, the condition regarding the creation of endowment should be waived (vide copy of the management's letter enclosed). I feel that there is some force in what the management says. There are public Trusts and charities like that of Pachaiyappa and Ramakrishna Mission which are administering a number of educational institutions.

In the circumstances explained by the management of the S.K.P.D. Charities I request that Government may consider whether this and other charities and Trusts may not be exempted from the provision of endowment or otherwise, they

will be put to the queer necessity of constituting themselves into a sort of Trust within Trust as it were for the administration of a High School.

Yours faithfully,

M. K. M. M.

for DIRECTOR OF PUBLIC INSTRUCTION.

Copy of letter from the Correspondent, K.T.C. Girls Secondary School, G.T. Madras to the Director of Public Instruction, Madras.

Sub:- Recognition - Secondary Schools - Opening of Form IV - K.T.C. Girls Middle School---
G.T. Madras - Permission granted:

With reference to the Proceedings of the Director of Public Instruction, Madras Dis.No.3312/47 dated 30th June 1947, I am directed by the Committee of Management of the S.K.P.D. Charities, Kothwal Market, Madras, to represent the following facts for your favourable consideration.

The Charities is an institution of long standing status of several hundreds of years. It has several house properties within the City of Madras and gets a fairly large rental. It owns and is in charge of Kothwal Market, the premier market in the city which supplies vegetables and food stuffs all over the city and even beyond its limits. The total revenue of the Charities is much over two lakhs of rupees per year. In addition there is a reserve fund of about Rs.2 lakhs and ten thousands deposited in the Imperial Bank of India by the Registrar, High Court of Judicature, Madras, under the orders of the High Court which framed a scheme for the management of the charities and the Devasthanam in C.S.No.222 of 1895 and as amended by C.S.No.528 of 1927.

There is a large building belonging to the charities worth about a lakh of rupees in which the S.K.P.D. Boys School is located. The Elementary School upto standard V is located in another building.

Girls School known as K.T.C. Girls High School and Elementary School under our management are also located in another of our spacious buildings which is also worth about a lakh of rupees.

The Charities has been performing several secular charitable activities in general in addition to the daily pujas and religious performances in the temple attached to the said Kothwal Market. A hospital was being maintained but on account of difficulty in getting proper medicines and the necessary requirements it had to be closed. A Hostel for the students of S.S.L.C. and lower classes is run in George Town. A larger hostel for those who are studying in Technical, Medical and other institutions is maintained in our own spacious building in Cheppat, close to the Pachaiyappas College Hostel. In these Hostels free accommodation is also granted to the students. Meals are given free to the occupants of the George Town Hostel, in the Annasatram, in the Devasthanam.

4

- 2 -

Several students are also given stipends to help them in their educational career.

Many poor and deserving students are given half free scholarships and free scholarships in our schools. The schools are maintained on upto date lines and are supplied with the necessary equipment including scientific apparatus, books etc. to suit the modern requirements.

The reports of the respective Inspectors and Inspectresses of Schools bear ample testimony to the satisfactory manner in which all the schools are maintained, under this management.

Besides students a large number of poor people are also fed in our Annasatram, in the Devasthanam Premises daily. Several poor people, males and females, are given monthly subsistence allowance by the charities.

During Dasara Festival several thousand of people are fed daily in the Devasthanam premises. On the last day of Dasara, the procession of the Goddess Sri Kanyaka Parameswari is taken round through Audiappa Naicken Street, Godown St., China Bazaar Road and Govindappa Naick Street where thousands of people worship the Goddess, offering clothes, in addition to cocoanuts and fruits. This procession is performed on a grand scale at a very high cost. A large establishment is maintained to supervise the performance of all these charities, and to maintain the accounts.

A fairly large amount of money is spent for maintaining the schools for girls as well as boys every year, far and above the income derived from the schools, as may be seen from the annual reports of the respective schools.

The S.K.P.D. Charities is in charge of the management of the said school. Practically, both the management, which supplies funds, and the management, which maintains the schools, are one and the same body, comprising of the Dharmakartha and Trustees as referred to in the scheme sanctioned by the High Court. As such if any endowment is now to be made separately for the school, it will also come into the same hands, under the same management. The Charities is very liberal in meeting the requirements of the schools as will be seen, for example, by the adoption of Government scales of pay in all the schools under the charities though lesser scales are suggested for private aided schools. The schools are never allowed to suffer for want of funds and the maintenance of schools is on upto date lines as is evidenced by the Inspecting Officers' remarks even during the last and recent inspections. The Board of management of the S.K.P.D. Charities makes ample

5.

- 2 -

(4)

provision every year in the budget for efficient working of the schools. The Board of Management of the charities feels, it will be a great pleasure to them if you allow the schools to be run under the existing methods without any need for creating separate endowments for maintaining them which endowments again have to be handed over to and utilised only by the same management. Therefore it will be an anomaly for the management to convey separate endowments for the schools to the same board and to be managed by the same board. After all, the expenditure for the schools actually far exceeds the income derivable from the endowments, even if made, and it will be an incentive to the Board to spend more and more if they are not fettered by such restrictions. It is therefore requested that Rule 10(a) of the Grant-in-Aid Code rules may now be applied and this Charities exempted from creating funds for running the schools under its management and conveying them to the same board of management.

The favour of an early reply will be obliged.

Re.No.476 D3/48 dated 19-10-1948.

Sir,

Sub: Schools - Secondary - aided - Creation of Endowments -
orders passed - applicability to mission and non-
mission institutions.

Ref: G.O.No.Ms.2501 Edn., dated 1-10-1948.

I have the honour to state that I am issuing proceedings
to the subordinate inspecting officers to the effect that the
concession mentioned in the above G.O.No.Ms.2501 Edn., dated
1-10-1948 in respect of Mission institutions are applicable to
other aided institutions as well, so as to ensure fairness and
uniformity of treatment to all aided schools.

Yours faithfully,

Thiruvananthapuram
for Director of Public Instruction.

ERQ.H.(B₁)

Schools - Secondary - Aided - Creation of Endowments.

From the D.P.G. Rc. No. 252/19.3/48 d/21-7-48.

In the case of aided ^{Secy} institutions, creation of an endowment for the maintenance of the schools is an essential condition of recognition by the ~~Govt~~ Department. The Managing committee of the S.K.P.D. charities who are maintaining an elementary and two secondary schools, have requested for the waiving of the condition viz. creation and legally conveying to the school of an endowment. They represent that "Charities" ~~they~~ besides running educational institutions the Trust is engaged in other forms of charitable work also. The managing committee of the ^{General} Trust, it is stated are also the managers of the schools. The endowment, if created, and placed separately for the schools will still be under the control of the same committee. In view of this and the extent of the charities concerned, the D.P.G. has recommended the waiving of the condition in the case of public trusts and charities of this type.

In memo No. 28623 B1/48-2 Edn d/21-7-48 corporate agencies such as Diocesan Societies and Religious orders have been permitted to build up an endowment in a few years instead of immediately subject to certain conditions. The question of further relaxation of this rule ~~is~~ ^{is} ~~unfamiliar~~ ^{of those} applicable to these ~~bodies~~ ^{bodies} is under separate consideration. The file on the subject is under circulation to H.Pr. This ~~may~~ ^{may} ~~account~~ ^{account} As the two cases are similar, the decision on the other file may be awaited.

W
17-8-48

W. J. G. H. v.

A decision was reached on the question of creation of endowments ~~by~~ for Secondary Schools under Mission ^{Mis} cathelic management. and instructions were issued regarding the creation of endowments for the maintenance of these institutions in G.O. No. 2501 Edn d/1.10.48.

p14 of (A)

2. In the case of aided Secondary ~~institutions~~ ^{schools} under the management of S.K.P.D. charities, the Ramakrishna Mission and similar established Trusts, the D.P.G has recommended the complete waiving of this condition ~~in~~ ⁱⁿ the creation of an endowment. The creation of an endowment and legally conveying ^{to} a school committee may involve the anomaly of creating a trust ~~in~~ within a larger Trust whose aims and objects.

p1-206

3. It is for consideration whether the ~~orders~~ ^{in G.O. 2501 Edn d/1.10.48} issued in connection with Christian Mission Institutions may be ~~in~~ ^{of} extended to these schools also ~~if complete exemption is granted in any one case, it will create an inconvenient precedent~~ ^{of complete exemption is granted in any one case, it will create an inconvenient precedent} ~~condition of creating an endowment. If the latter is accepted it is also for orders whether the revised general order may be applied in the case of other private aided institutions also.~~
