EDUCATION DEPARTMENT.

FROM THE DIRECTOR OF PUBLIC INSTRUCTION, MADRAS  
TO THE SECRETARY TO THE GOVERNMENT OF MADRAS,  
EDUCATION AND PUBLIC HEALTH DEPARTMENT,  
FORT ST. GEORGE, MADRAS.

76519

R. C. No. 1955-K2/48 dated 15th October, 1948.

SIR,

COLLEGES--Engineering College, Guindy--  
Employment of daily paid workmen.

The Principal, Engineering College, Guindy, has submitted proposals for a general permission authorising him to employ additional daily paid workers in the college workshops whenever necessary and meet the cost from the normal allotment to the college. A copy of his letter G. No. 82/SK/48 dated 8.9.1948 is herewith enclosed. At present only the Government sanction the employment of daily paid workmen in the college. In the circumstances explained by the Principal, I consider it desirable to accept the above proposal of the Principal, as such a course will enable him to meet the occasional demand for additional workmen in time, without being put to any delay or inconvenience on account of obtaining the sanction of higher authorities as at present. I, therefore, recommend that the proposal of the Principal may be approved.

2. The Principal has also submitted proposal for the employment of 9 additional carpenters for a period of 2 months for manufacturing furniture which are urgently required for the Engineering College, Anantapur. In anticipation of the sanction of Government, I am permitting the Principal to appoint 9 additional carpenters and get the work done in time. I request that my action may be kindly approved. The cost of labour for employing 9 carpenters will be Rs. 1,350/- (60 days x 9 x Rs. 2½) and

this amount will be met from the allotment sanctioned for  
the Engineering College, Anantapur.

Yours faithfully,

Joint Director of Public Instruction.

ks.16x.

B  
16/11

To  
The Director of Public Instruction,  
Madras.

Sir,

Workshop daily paid staff--Enhancement of the  
present strength for extra work--Permission to  
employ additional hands--Permission requesting.

The College Workshop consists at present of the  
following categories of workmen.

|                     |    |                         |    |
|---------------------|----|-------------------------|----|
| 1. Carpenters. ..   | 11 | 8. Polisher. ..         | 1  |
| 2. Wood turner. ..  | 1  | 9. Painter. ..          | 2  |
| 3. Fitter. ..       | 6  | 10. Mechanic. ..        | 2  |
| 4. Welder. ..       | 1  | 11. Armature Winder. .. | 1  |
| 5. Metal turner. .. | 4  | 12. Sawyer. ..          | 1  |
| 6. Moulder. ..      | 1  | 13. Blacksmith. ..      | 1  |
| 7. Potter. ..       | 1  | 14. Coolies(Unskilled)  | 14 |

T o t a l .. 47.

2. The above workmen are full time employees engaged  
for workshop practice classes. The present strength of students  
in this college is 1070 which is definitely very much more than  
in past years. The strength of the workshop staff remains the  
same for over a decade and it is highly necessary to increase the  
staff for the following reasons.

3. Since 1945 owing to the introduction of new courses  
of studies in the College and the working of the Anantapur College  
at Guindy and the consequent sanction of funds for the manufacture  
of furniture that are yet to be made, the work of the workshop  
has considerably increased. In addition to the making of furniture  
the workshop has to attend to all repairs and replacement of  
machinery and instruments for which there is ample scope in the  
College workshop. Recently Government have sanctioned large  
amounts for the strengthening of the Mechanical Engineering  
Department of the College and the services of the workshop staff  
have to be availed of to a large measure.

4. The present strength of the workshop men could not  
cope up with the new works on hand. It is submitted that even  
though the College workshop is well equipped and is the best  
of its kind, to attend to all kinds of works, such as fitting  
of machinery, manufacture of furniture etc., it is lacking in  
sufficient number of skilled labour. At this stage, it may not be  
possible to stipulate the number of extra hands required, but  
there should be a certain amount of elasticity by which the  
Principal will be able to increase the strength "as and when  
necessary" which will be decided with reference to urgency  
of the work on hand and the availability of Budget allotment.

5. I therefore request that the Principal may be  
granted necessary sanction for the employment of extra hands  
in the several categories without however applying for extra  
funds, as the cost of labour on account of the employment of  
extra hands will be met from the amounts already sanctioned  
to the Departments to which the works are undertaken.

sd. S.Paul,  
8.9.48 Principal.

(True copy).
