Guntur.

Honoured sir,

I am authorized to communicate
to you ~~the~~ a resolution passed in a general
body meeting of the union, held at Guntur
on 27-6-47. This is with reference to the
Gov's no 975 and 1154 relating to the Local
Board and aided educational institutions.
I hope the points raised in the resolution
will receive your fullest and sympathetic
consideration.

I beg to remain,

Honoured sir,

Resolution:- This Union in its General Body Meeting dtd., 27-6-'47 unanimously resolves to record its emphatic protest that the so called re-revision of the scales of pay of teachers is a mere eye-wash, humiliating and disappointing from the point of view of teachers in Aided Schools.

The following are the reasons:-

1. Besides ignoring the fairly universal demand for absolute parity in pay and prospects of teachers in Govt., L.F. & Aided Schools, the Government has carried the policy of discrimination to its logical extremes in respect of the existing incumbents in Aided Schools.

(a). G.Os., 975 and 1154 give no guidance for fixing the pay of such teachers in the new scales. It is not clear whether this has to be fixed on the same ~~basis~~ basis as the pay of their compeers in L.F. service or merely according to the whims of the Managements.

(b). In either way it is disastrous. (The ~~third~~ third alternative i.e. treating the service as void is inconceivably wicked.) While many of the existing incumbents in L.F. service are to-day drawing salaries very near the maximum and ~~which~~ while others have reached a stage several steps above the minimum in the new scales by virtue of their fixed scales of pay, teachers in Aided Schools, especially those outside the Madras city area, are at present in spite of an average of 10 to 20 years of service, paid miserably owing to the absence of any fixed scales and owing also to niggardly and irregular increments granted to them, if any.

THUS THESE HAPLESS MEN WILL HAVE TO START AT THE BOTTOM IN THE NEW SCALES LIKE BOYS FRESH FROM THE TRAINING COLLEGES AND SCHOOLS AND IT WILL NEVER BE POSSIBLE FOR THEM TO REACH EVEN A FAIRLY HIGH STAGE IN THE REVISED SCALES EVEN AT THE TIME OF RETIREMENT. ON THE OTHER HAND IF IT IS CONTEMPLATED IN THE G.O.s THAT THE MANAGEMENTS CONCERNED SHOULD DEVISE THEIR OWN ~~FORMULAE~~ FORMULAE FOR ASSESSING PAST SERVICE, ALAS! ALAS, NOTHING WORSE CAN HAPPEN TO THESE TEACHERS.

2. The freedom given to Managements to raise the School fees and to increase the number of instalments is fully exploited. The additional income must be enough ^{to} reward the past service of these teachers.

In the same way and to the same extent as in the case of teachers in Govt., Schools.

3. It is not clear whether the ~~insistence~~ insistence on the adoption of the new scales is from 1-1-'47 or 1-6-'47.

4. The new scales are merely an incorporation of the craft allowance into the salary scheme imposing the training on all teachers. In short no attempt is made to relate the new scales to the high cost of living, the central pay code or the national importance and the technical nature of work turned out by teachers.

FOR THESE REASONS, THIS HOUSE APPEALS TO THE GOVERNMENT TO REVISE THE G.O.S ATLEAST FOR THE LIMITED PURPOSE OF ~~XXXX~~ GIVING FULL BENEFIT OF PAST SERVICE TO THE EXISTING INCUMBENTS OF AIDED SCHOOLS AND IN ANY CASE NOT TO DISCRIMINATE BETWEEN THEM AND THOSE IN GOVT. SCHOOLS IN REGARD TO THE FIXATION OF SERVICE INCREMENTS

This is possible without further financial commitment on the part of the Government as follows:-

1. The Director Of Public Instruction may be requested to investigate into the present and prospective financial resources of every school and if the position ~~warrants~~ warrants to enforce the scales of pay fixed for teachers in Govt., Schools with service increments granted according to the same scheme.

2. The Government may also demand donations and endowments atleast to the value of Rs.2000/- from each member of a ~~Management~~ Managing committee as a condition for membership.

3. The Government may also lay down the Rule that after giving effect to the L.F. scales of pay, all excess income derived from the enhanced school fees and additional instalments should be utilised solely to grant service increments and scales of pay applied to teachers in Government schools.

An appeal to the President, Secretary and the members of the Hindu College and Majeti Guravaiah High Schools' Committee, Guntur
by
The Teachers' Association.

7 - AUG 1947

Dear Sirs,

This Association respectfully ventures to remind the Committee of its promise in writing and of its pledged word to enforce the revised scales of pay from at least 1-4-47.

Owing to the ever increasing cost of life in general and in this town in particular, it is never more true than now that whatever is given in time is given twice. Hence, we request that the revision of salaries may be expedited.

Weightage.

Consternation prevails among the staff following a rumour that the principle of weightage formerly agreed to by the committee is now abandoned by the authorities.

the additional

We learn, that out of ~~xxxxxx~~ monthly fee income of Rs. 2,800/- only Rs. 800 or thereabouts is set apart for meeting the additional expenditure involved in granting the new scales and that the astonishingly inadequate sum thus allotted will enable the committee to give only one or two increments at the most, calculated at the rate of one increment for every six years of service. We also learn, that this scanty provision is based on the assumption that no aid what-so-ever is to be expected from the Government and that a ten year or a fifteen year long term and infallible plan needs be built up taking into account not the total monthly fee income of Rs. 14,000/- but merely the additional income derived from the enhancement in the rates of school fees.

The promise.

With due respect to the Committee, we feel that the Principle of weightage as applied to teachers in Government schools (i.e., one increment for every 4 years of service upto a maximum of 4 plus an advance increment) cannot be discarded in toto or in part without going back on the definite promise and the pledged word given in March last.

At the time we were given word that the new scales of pay would be implemented from 1-4-47 immediately on receipt of the G.O. figures were worked providing for weightage on the said principle. This was fully endorsed collectively and individually not only by the President and all the members of the Sub-Committees appointed by the Committee but also by the Secretary in his interview with the Divisional Inspector of Schools.

Rough estimates of monthly expenditure on this item namely the sanctioning of L.F. Scales with fully weightage as fixed for teachers in Government schools came to Rs. 1,100/- per mensem. This can be easily verified since the papers are still there in the office.

Moral Grounds.

Besides, the circular announcing to boys and parents, the levy of the 10th instalment and the sub-committee's report proposing higher school fees, were all clear on the point that the entire income resulting from the extra levy was solely intended to benefit the staff.

G.Os. 975 and 1154 too are sufficiently emphatic that the extra levy permitted by the Government is justified only if the entire income is utilised for granting teachers as high salaries as possible subject to the minimum rates insisted upon namely the L.F. Scales.

The large body of the parental public who are now called upon to bear the last straw on the camel's back are only consoled by the assurance that their sacrifice will bring cheer to the stricken homes of the much embittered teacher and that ~~xxxx~~ what-ever is lost by them in terms of money will gain in efficiency on the side of the teacher and the quality of instruction imparted to the children.

P.T.O.

Further, it is unfair to build up a long term plan purely on the extra income and not on the entire fees collected. Under the state of emergency in which we live a long term plan which may appear financially sound will deprive us of the chances of immediate survival.

The injustice of denying weightage.

Any revision of the scales of pay which denies its due reward to past service is mere mockery and eye-wash. Without a weightage aged and much respected teachers with long and efficient service will have to start anew at the same point or very near it, in the new scale like novices fresh from the training colleges and schools.

Recently some six gentlemen were appointed on salaries ~~kg~~ higher than those paid to several senior men in the school. Thus, as if to fill the cup of humiliation to the full, service in other schools is freely and generously rewarded while service in this institution stands discredited. Senior members of the staff are being uprooted from their positions on the ladder of seniority. It is not considered that these positions have been their reward for long years of efficient and loyal service. Therefore Sirs, it is necessary to remedy this and remove bitterness by granting full weightage to the past service of the existing incumbents.

It may also be noted that almost all the managements in the Madras city area and many others in the mofussil centres have even without any previous commitment on their side, sanctioned the L.F. or the Government scales with full weightage.

The Office Staff.

This Association also requests the committee to give the full benefit of the new scales to the office staff as this too was conceded by the sub-committees.

Conclusion.

In conclusion, sirs, we once more appeal to you to emulate and improve upon the lead given by all the other enlightened managements in this province and to act with vision and generous dignity as becomes the Managers of great institutions and the leaders of the enlightened public.

We are assured that our management has already gained high prestige and esteem in the eyes of the Government for the promise made to teachers in March last. We therefore fervently hope that by your generous and prompt implementation of the promised scales of pay with full weightage, you will continue to hold it up as a model for all private managements in the Andhra area.

We beg to remain,
Dear Sirs,
Your most obedient servants,

Guntur,
dated 28th July '47.

The Members of the H.C. and M.G. High
Schools' Teachers' Association.

This Association in its meeting dated 28-6-47 unanimously ~~read~~ resolves to record its emphatic ~~proph~~ protest that the so called second revision of the scales of pay of teachers is a mere eye-wash, humiliating and disappointing from the point of view of teachers in Government Aided Private Schools. The following are the reasons :-

1. Besides ignoring the fairly universal demand for absolute parity in pay and prospects of teachers in Govt., L.F. and Aided Schools, the Government has carried the policy of discrimination to its logical extremes in respect of the existing incumbents in Govt. Aided Schools

(a) G.O. No. 975 and ¹¹⁵⁴ dated ~~5-6-47~~ ^{10-6-46 and 5-7-47} give no guidance for fixing the pay of such teachers in the new scales. It is not clear whether this has to be fixed on the same basis as the pay of their compeers in L.F. service or merely according to the whims of the managements.

(b) In either way it is disastrous. (The third alternative ie. treating the service as void is inconceivably wicked.) Firstly, while many of the existing incumbents in L.F. service are today drawing salaries very near the maximum and while others have reached a stage several steps above the minimum in the new scales by virtue of their fixed scales of pay, teachers in Aided Schools, especially those outside the Madras area, are at present ~~at present~~ in spite of an average of ten to fifteen years of service, paid miserably owing to the absence of any fixed scales and owing also to ~~a~~ niggardly and irregular increments granted to them, if any,

Thus these hapless men will have to start at the bottom in the new scale like boys fresh from the Training Colleges and Schools and it will never be possible for them to reach even a fairly high stage in the revised scales even at the time of retirement. On the other hand if it is contemplated in the G.O. that the managements concerned should devise their own formulae for assessing past service, alas, nothing worse can happen to these teachers.

2. The license given to managements to raise the school fees and to increase the number of instalments is being fully exploited. The additional income must be enough to reward the past service of these teachers in the same way and to the same same extent as in the case of teachers in government schools.

3. There is neither justice nor grace in fixing 1-6-47 instead of 1-1-47 as the date from which the new scales would be enforced in Aided schools.

4. The new scales are in fact an incorporation of the craft allowance into the salary scheme while imposing the training on all teachers. In short no attempt is made to relate the new scales to the high cost of living the central pay code, or the national importance and the technical nature of work turned out by the teachers.

FOR THESE REASONS, THIS HOUSE APPEALS TO THE GOVERNMENT TO REVISE THE G.O. AT LEAST FOR THE LIMITED PURPOSE OF GIVING FULL BENEFIT OF PAST SERVICE TO THE EXISTING INCUMBENTS OF AIDED SCHOOLS AND IN ANY CASE NOT TO DISCRIMINATE BETWEEN THEM AND THOSE IN GOVT. SCHOOLS IN REGARD TO THE FIXATION OF SERVICE INCREMENTS.

This is possible without further financial commitment on the part of the government for the following reasons : The Director of Public Instruction may be requested to investigate into the present and prospective financial resources of every school and if the position warrants to enforce the scales of pay fixed for teachers in Govt. schools with service increments granted according to the same scheme. (2) The Government may also demand donations and endowments atleast to the value of Rs. 2000/- from each member of a managing committee as a condition for membership.

Memo. No. 72215/47-131-2 Edu. dated 25.9.47

In para 1 of G.O. no 975 Education dated 10.5.47,
 the Govt when fixing the revised scales of pay for
 teachers in secondary schools under local bodies ordered
 that the pay of the existing incumbents should be fixed
 in the revised scale at the stage next above the
 aggregate of his pay in the existing scale of pay and his
 temporary additional pay or personal pay, if any,
 whether such aggregate represents a stage in the revised
 scale or not and if such aggregate is less than the
 minimum of the revised scale, his pay should be fixed
 at such minimum. As these orders have not benefitted
 appreciably teachers who have put in long service
 under local bodies, representations have been made
 that weightage should be given to such teachers and
 their pay should be refixed in the revised scales in
 accordance with the following provisions, namely:-

[Here enter items (a) to (h) in para 3 of G.O. 1422 LA 2

The D.P.D. is requested to report whether teachers in Secondary
 schools under local bodies may be allowed the benefit
 of advance increments as in the case of other
 employees under local bodies and to furnish an
 estimate of the additional expenditure involved to Govt
 by way of teaching grant on account of the grant
 of the Commission. It may be taken for purposes of this
 estimate that the cost to Govt will be one half of the
 additional pay which the teachers will get by
 getting advance increments over the pay fixed according
 to the existing orders. The Director is requested to

Rc. No. 2111 G/47, dated 1-10-1947.

Sir,

Sub: Local Bodies - Secondary schools - Grant of
advance - increments to teachers in the revised
scales.

With reference to Government Memo No. 72215/47
B-2, Education dated 25-9-47, I have the honour to state
as follows:

(W) 2) Recently in their order No. 1422 L.A. dated 19.8.47,
Government ordered the grant of advance increments in
the revised scales to District Board and Municipal
employees in respect of their service prior to 1.1.47.
When this is so, it does not stand to reason that the
teaching staff should be deprived of this weightage in
the Government post in which they are working from
1-1-47, for their service therein in the old scales
prior to 1-1-47. I therefore recommend that the teaching
staff in secondary schools under local bodies should
also be allowed the benefit contemplated in the Govern-
ment Memo referred to above.

In this connection, I suggest the following two
amendments for the consideration of Government.

(Not put up) A (W) (120)
(1) In clause (g) of the above Government Memo, the
words "the post on" may be inserted between the words
"in" and "the revised scale". (This amendment is in
accordance with the wording of similar rule 9(2)(g) of
G.O. No. 78 Finance dated 6.2.47)
and (ii) under clause (h) of the above Government Memo,
a note similar to that included under clause (h) of para
(3) of G.O. No. 1422 L.A. dated 19.8.47 may be added.

3) This office has no information regarding the
present pay drawn by several incumbents in the secondary
schools, how their pay has been fixed in the revised
scales, how much of service they have put in their
respective posts for giving them weightage for the
determination of the number of advance increments in
each case, and so, it is not possible for my office to
give an estimate of the extra cost involved to Govern-
ment by the grant of these advance increments for
purposes of teaching grant to the several secondary
schools. Moreover, it will require some additional
staff for my office to work out and furnish the

P.T.O

23
the cost to Government without delay. In order to avoid delay, I would suggest that this information may be obtained by Government themselves direct from the local bodies and the Secretariat can work out the extra cost involved to Government.

Please see para 3 of my letter Rc.No.2111 G/47 dated 1-10-47 regarding the extra cost involved to Government by the grant of advance increments.

2) The Tabular Inspection Reports on secondary schools are not helpful in arriving at even an approximate estimate of extra cost for the following reasons:-

(i) The Tabular Inspection Reports for 1946-47 on the secondary schools under local bodies have not yet been completely received from Divisional Inspectors.

(ii) The particulars re: pay drawn by the teaching staff as given in the Tabular Inspection Reports cannot be relied on as the District Educational Officers are not expected to verify the correctness of these figures. and

(iii) particulars regarding the period of service in the posts in which the teachers are working from 1-1-47 are not furnished in the Tabular Inspection Reports and hence it will not be possible to fix the number of advance increments to be given to each individual.

3) In view of the above full particulars have to be obtained afresh from local bodies. If you still desire that this office should furnish the estimate, you may kindly sanction a Lower Division Clerks' post for a period of at least one month from the date of its creation. If you agree to this, necessary circular letter to the local bodies requesting them to furnish the required information will be issued.

4) I may, however, state that even then the estimate of cost will not be even approximate as the scales of pay of pandits and munshis and the grouping of these posts under the several categories have not yet been decided by Government and as it is not known how their pay will be fixed from 1-1-47.

Dear Mr. Avinasalingammchettiar,

I wish to invite your kind attention to the following facts regarding weightage to be given to teachers in Secondary Schools under Local Bodies.

G.O. MS. 2035, Education, dated 19th September 1947, leaves out, these teachers of the advantage of weightage given to teachers in elementary Schools.

When the general establishments and the elementary school teachers under local bodies are given weightage, I am not able to understand why secondary school teachers alone are excluded from this privilege. I hope you will consider this matter at an early date and do the needful. A copy of the G.O. concerning this letter is herein enclosed.

Yours sincerely,

A. Govindacharyulu

in the revised scales-approximate cost of additional
expenditure involved-reported.

Govt.Memorandum (special) No.78797-B1-47 1 Edn.dt. 4-10-47

The approximate estimate of the additional expenditure involved
in the grant of advance increments to the teaching staff in secondary
schools of this Board comes to Rs.1300/-per month.

In this connection it is brought to the kind notice of Government
that as per instructions in clause (e) of G.O.No.Ms.1422 L.A. dated
19-8-47 and G.O.No.Ms.2035 Edn dated 19-9-47, other employees
who are paid from general funds and from Elementary education funds and
who have put in one year's service in the existing scale are allowed
one advance increment in the revised scales of pay though they do not
have a service of 4 years and more at their credit in the existing
scale. As no such instructions are given in Government Memorandum
No.22312-1-G. L.A. dated 27-6-47, such cases are not taken into account

The additional expenditure involved in the
grant of advance increments to the teaching staff in
Secondary schools under this Council is estimated at
Rs. 250/- per mensem.

The pay of the Pandits and Munshis has not yet
been fixed with reference to G.O.No. 975, Edn., dated
10-5-1947. The five Pandits employed in the Municipal
High School continue to be paid in the scale of Rs.
45-2/2-75. As instructed by the Director of Public
Instruction, I have addressed Government in this Office
Roc. Bl-3106/47, dated 17-10-1947 separately for re-
grouping the posts of Pandits and fixing their scale
of pay with reference to para (iii)(d) of G.O. No.1154
Edn., dated 5-6-1947.

I beg to state that there is only one High School maintained by this municipality. It was started as a Middle School in June 1944. As such there are no teachers who are eligible for any advance increment as they have put in less than four years service except Tamil Pandit whose services were transferred from the District Board, North Arcot. He is eligible for one increment from 1-1-1947 to 17-6-1947 from which date he was promoted as a senior grade Tamil Pandit in accordance with the instructions of the Director of Public Instruction. The additional expenditure on this account will come to Rs.8-6-0 only.

Some of the municipal employees have put in a petition stating that they are eligible for one advance increment although their service is less than four years, in accordance with clause (e) of paragraph 3 of Government Order No.Ms.1422, L.A., dated 19-8-1947 and the question has been referred to the District Inspector of Local Fund Accounts. If they are eligible for this concession and if it is to be extended to the teachers in the High School also, the extra expenditure on this account will come to Rs.193-0-0.

A sum of Rs.5064 is necessary to meet the extra expenditure involved in the grant of advance increments to the teaching staff in Secondary Schools. As the initial cost of implementing the new scales of pay is anticipated to be Rs.10,320 the total cost would therefore be Rs.15,384/- only.

2. In this connection, I wish to state that the probable additional income expected to be derived by the levy of two additional instalments of fees would be Rs.15,265/-, a sum nearly equal to the estimated cost of implementing new scales of pay with ---- provision for grant of advance increments.

3. I therefore request that the Government will be pleased to permit the grant of advance increments also as expeditiously as possible, so that incumbents with a fairly large amount of service also may feel contented.

From (Name) DR. S.R.U. SAVOOR, M.A., D.Sc. (Lond), I.E.S.,
(Designation) DIRECTOR OF PUBLIC INSTRUCTION, MADRAS

To The Secretary to the Government of Madras,

EDUCATION AND PUBLIC HEALTH Department.

Sir,

I have the honour to state that the extra cost by way of giving advance increments to teachers in Secondary Schools under local bodies roughly works out to Rs.5.38 lakhs nearly. The details of the same are furnished hereunder.

For the 237 high schools and 130 middle schools under local bodies, the following teaching staff is taken into account.

Headmasters in the scale of Rs.150-10-200	Nos.
Headmasters in the scale of Rs. 75--5-145	237
L.T. Assistants " "	130
Secondary Grade Assistants Rs.45--2--85	972
Pandits and Munshis 50--4--90--5--120	2333
.do. 45--2--85	316
Commercial Instructors and Manual Training	762
Instructors in the scale of Rs.50-2-90	474
Drawing Masters in the scale of Rs.40-1½-70	367
Physical Training Instructors and Instructors	127
resses of Rs.50--2--70--2½--95.	
.do. .do. 45--2--75	120
.do. -do- 40--1--60	120

= 2 =

Music and Needle Work Mistresses in
the scale of Rs.40--1½--70

28

On this staff in each category 40% may be taken to have put in 1-4 years of service, 20% with 4-8 years, 20% with 8-12 years and 20% with 12--16 years of service, so that they may have 1, 2, 3 and 4 advance increments respectively.

The revised scales of pay have come into effect from 1st January 1947 and hence 14 monthly payments in these scales in the current financial year have to be made i.e. for the period from January 1947 to February 1948. The extra expenditure towards the grant of these increments in the current financial year thus comes to Rs.5,38,027 or Rs.5.38 lakhs in round figures. This is a very rough estimate and when local bodies furnish actual figures it may perhaps vary to a certain extent.

Similarly, the increase in the fee income of Secondary Schools under local bodies, consequent on the levy of 10 instalments in 1947--48 in schools which were levying only 8 or 9 instalments in 1946-47 is roughly estimated at Rs.7,16,000/-.

Sir,

school fees are collected in both the secondary schools
 under the management of this council at the increased rates
 noted below with effect from the beginning of the school year
 1947-48.

Forms IV, V VI - Rs.6-8-0 per instalment for 10 instalments
 Forms I, II & III 3-8-0 per instalment for 10 instalments

Supplementary students.

single subject - Rs.4/- per instalment

Two or more subjects - Rs.7/- per instalment.

The Government was requested to accord their sanction for the
 collection of the above increased rates for ten instalments,
 in this office letter No. 2926/47 dated 25-9-47 (copy enclosed
 for ready reference). The orders of the Government on the
 matter is awaited.

The additional income likely to be derived from the increase
 of school fees in accordance with the above increased rates
 collected for 10 instalments will be about Rs.10,000/-.

In this connection, I may also submit to the Government
 that even after collecting the increased fees there will be
 a deficit of about Rs. 2,000/- under secondary Education.

Sub: Education - secondary schools - Mayavaram Municipality - Fees - Levy at increased rate from 1947-48.

1. This office letter No. 2926/47, dated 10--5--47
2. G.O. No. 975, Edn., dated 10--5--47.
3. Government Memo. No. 56663 B.1. 47-11E. dated 16.7.47.

In this office letter quoted above, the Government were requested to accord sanction to permit this municipality to continue to levy school fee at the rates in vogue in 1946-47, and to collect the same for ten instalments from 1947-48.

These rates were as follows:-

Forms IV, V and VI - Rs.5-12-0 per instalment

Forms I, II and III - Rs.3--0--0- per instalment

Supplementary students - Rs.6--0--0 per instalment

For the collection of the above fees the specific sanction of the Government was obtained in G.O. No. 1569, E. dated 3-11-42. The Government in their Memorandum No.

56663-B.1. dated 16--7--47 has informed that no separate sanction is necessary for the levy of 10 instalments at the existing rates.

2. After the submission of my above letter dated 10-5-47 to the Government, orders were received on 9--6--47 from the Government (in G.O. No. 975, E. dated 10--5--47) revising the scales of pay of the teaching staff with effect from 1-1-1947. To meet the extra cost involved by the introduction of these revised scales of pay to the teachers and as advised by the Government in para 3 (2) of the said G.O. (G.O. No.975, E. dated 10-5-47), it has been decided to increase the rates of fees from 1947-48 as detailed below:

Forms IV, V and VI - Rs.6--8--0 per instalment for 10 instalments

Forms I, II, & III - Rs.3--8--0 per instalment for 10 "

Supplementary students.

single subject - Rs.4--0--0 per instalment

Two or more subjects - Rs.7--0--0 per instalment.

P.t.o.

3. The above rates of fees were introduced on the advice of the Headmasters of the two Municipal High Schools and are being collected with effect from the beginning of the current school year. In this connection, I may submit for the information of the Government that there is another recognised Boys High school in this town, conducted by a committee, in which the management has revised the rates of fees as follows from June 1947.

Forms IV to VI - Rs.7/- per instalment - 10 instalments.

Forms I to III - Rs.4/- per instalment - 10 instalments.

These rates are collected for 10 instalments. It will be observed that the revised rates introduced in the Municipal High School are slightly less than those adopted in the private managed High school.

4. Submitting herewith a copy of the resolution of this Municipal Council (special Officer's sitting) No. 144 dated 16th July 1947 sanctioning the levy of the revised rates of fees with effect from the current school year, I request that the Government may be pleased to accord sanction for the collection of fees at the above increased rates.

Sir,

Subject:--Establishment--Local bodies--Nellore District Board--
Secondary Schools--grant of advance increments to teachers
in the revised scales of pay--Estimated additional cost etc.
Information--furnished.

Ref:--(i) Government Memorandum No.78797-B-1-47 Education, dated
4-10-1947; and (ii) Government Memorandum No.
78797-B-1-47 -2- Education, dated 17-10-1947

The approximate estimate of the additional expenditure involved in
the grant of advance increments to the teaching staff employed in the
secondary schools under this District Board works out to Rs.21720/-

2. The extra income likely to be derived this year (over and above
the receipts for 1946-1947) on account of "School Fees" levied in the
Board Secondary Schools works out to Rs.57100/-.

3. It has to be stated, in this connection, that the District Board
was collecting 9 instalments of school fees till the end of the school-year
1946-1947 from the pupils reading in its secondary schools. The levy
of the 10th instalment of school fees has been adopted from the beginning
of the current school-year (i.e., from the instalment commencing from
June 1947). It may therefore be kindly seen that the increase in the
number of instalments is only from 9 to 10. Besides the levy of one
additional instalment during the current year, the rate of each instalment
of school fees in respect of all the forms (Forms I to VI) were also
increased by Re.0-12-0 from the instalment commencing from 1-10-1947.

P.t.o.

(Vide this office letter Rc.No.E-2-16248-47 dated 15-10-1947).

4. The extraincome of Rs.57,100/- shown in paragraph 2 above, represents not only the extra income likely to be derived on account of the levy of the 10th instalment of school fees but also includes the anticipated school fee receipts from the newly opened middle schools at Podili, Kuricheu and Kota as well as from the two higher forms opened this year in the Board High School at Atmakur.

Reply submitted.

Ref.--Government Memo.No.78797-B.1/47-2 Education,
dated 17.10.1947.

The monthly income by way of school fees in the
Middle School started and run by this municipality from --
16.6.1947 is Rs.954-8-0. The extra income by the increase
in the number of instalments from 8 to 10 will be Rs.1,909.
But I submit that the school was started only when the
collection of school fees for 10 instalments had come into
force and as such there can be no extra income.

NOTE FOR THE STANDING FINANCE COMMITTEE OF THE CABINET.

Sub: Grant of Advance increments in the revised scales of pay to teachers in secondary schools under local bodies. Payment of grant.

Please take copies at once

Summary of Cost.

Major Head of Account.	Minor and Sub-Head of Account.	Ultimate cost. Recurring.	Cost in the year of introduction. 1947-48.
		Rs.	Rs.
37.h. Education - Secondary-Grants to local bodies for secondary Education - Ordinary and Partially excluded areas.	1 Teaching-Voted.	2.10 lakhs.	nil.

In May 1947, when sanctioning the introduction of the revised scales of pay for teachers in secondary schools under local bodies as from the 1st January 1947, it was ordered that the pay of each of the existing incumbents should be fixed in the revised scales at the stage next above the aggregate of his pay in the existing scale of pay and his temporary additional pay or personal pay, if any, whether such aggregate represents a stage in the revised scale or not. If such aggregate is less than the minimum of the revised scale, his pay should be fixed at such minimum. These orders have not benefited appreciably teachers who have put in long service under local bodies.

2. In the case of Government servants, including teachers in Government secondary schools, after the pay is fixed in the revised scale at the next above stage, advance increments have been allowed giving weightage for their service in the scales existing prior to 1st January 1947. This concession has already been allowed to teachers employed in Elementary Schools and in respect of employees paid from general funds in the case of certain local bodies subject to the condition that the additional expenditure involved on account of the grant of the concession should be met entirely from the Elementary Education Fund or the General Funds of the local bodies concerned as the case may be. The question of permitting the remaining local bodies to grant the concession is under separate consideration.

3. Representations have been made by Secondary School teachers' Associations in regard to the grant of the concession to secondary school teachers under Local Bodies. The Director of Public Instruction has recommended that the teaching staff in secondary schools under local bodies should also be allowed the benefit as it does not stand to reason that they should be deprived of this weightage for their service in the old scales prior to 1st January 1947. It is accordingly proposed to allow weightage for service to teachers in secondary

schools under local bodies in accordance with the provisions governing the grant of advance increments to other employees under local bodies.

4. With effect from the 1st January 1947, the Government have undertaken to pay teaching grants to all recognised secondary schools under local bodies on the basis of half the net cost of maintenance of the institutions in the previous Financial Year. As teaching grants will have to be assessed on the basis of the expenditure incurred on payment of salaries as refixed allowing advance increments, one half of the extra cost involved in the grant of advance increments will have to be met by Government by way of grant.

5. The Finance Department pointed out that the introduction of the system of payment of teaching grants to all the secondary schools under Local Bodies on half the net cost basis with effect from the 1st January 1947 instead of the fixed lump sum subsidies paid to certain schools opened prior to 1930, in itself involved extra expenditure even without any salary revision, that the Cabinet Salaries Committee recommended that the pay of servants of local bodies should be fixed only at the next above stage without any weightage being given to past service and that in accordance with those recommendations the grant of advance increments to teachers in elementary schools in respect of certain local bodies has been sanctioned subject to the condition that the additional expenditure involved should be met from Elementary Education Fund of the local bodies concerned and that no subsidy would be paid by Government towards the deficit which might be caused by the grant of advance increments. They suggested that on that analogy weightage to service may be given to secondary school teachers subject to the condition that the extra cost on that account should be met entirely by the local bodies concerned and excluded in calculating the Government Grant-in-Aid payable to the local body concerned towards the maintenance of secondary schools. They further suggested that if the proposal is to be pressed orders may be taken in circulation and the new service procedure followed. This Department however noted that the exclusion of the expenditure on account of the grant of advance increments from the expenditure incurred on payment of salaries when claiming the teaching grant will entail additional work and the procedure for assessment of grant will become more cumbersome, and, apart from that, that some of the local bodies may not be in a position to meet the entire cost on account of the grant of advance increments from the funds and if their liability is limited to one half it could be met from the additional income derived by the levy of 10 instalments of fees. The case was then circulated for orders. On this, the Hon'ble Minister for Education minuted as follows:

"It is wrong for Finance to imagine that when the revision of salaries were given, the increase in the instalments were contemplated. They were not contemplated. The increase was made in June while revision of salaries was made sometime in March last. We should press the proposal that immediate effect must be given for weightage of service to the staff in secondary schools under local bodies and to assess teaching grant on the basis of the expenditure incurred on payment of salaries as refixed allowing advance increments. Because of the increase in instalments the commitment to the provincial funds will not

also be much. In fact it will not exceed the extra one-fifth income which we will get by increasing the eight instalments.

T.S.A. (vinashilingam),
15-11-1947.

The Hon'ble the Minister for Local Administration ~~has~~ agreed to the proposal.

The Hon'ble the Minister for Finance minuted as follows:-

"Weightage may be allowed. Teaching grant may be assessed on the basis of the expenditure incurred on weightage too. Revised scales on this basis may come into effect from the 1st January 1948.

B.G. (opal) R(eddy),

6. In view of the urgency, the case was circulated for orders whether the proposal may be placed before the Cabinet. The Hon'ble the Premier ~~has~~ minuted that this may be deferred.

7. Pending a decision on the above question, it was proposed that local bodies ^{might} ~~may~~ be permitted to grant advance increments and refix the pay of the teachers in the revised scales meeting the entire extra cost from their own funds without any expectation of grant from the Govt. H.M. (L.A.) agreed to the proposal. He minuted as follows:-

"As Government issue the direction for revision of pay, the pay as revised should in fairness be taken into account for purposes of working out the net cost and grant. The question whether the extra cost should be taken into account in assessing the teaching grant payable to local bodies has only been deferred for the present. It will have to be taken up at the earliest opportunity and settled. Local bodies can ill afford to meet the bill for all time.

H.M. Finance and H.Pr. should see.

The case was circulated to H.M. (Edn.), H.M. (Fin.) and Hon'ble Premier ^{under the orders of H.M. Edn.} and they minuted as follows: After circulation to

"H.M. (Fin.) and H.Pr. may see. H.M. (Edn.).

"On page 24-25 is a reasonable demand on provincial finances. It only means a grant-in-aid. If we don't do even that, then we have no right to ask local bodies to adopt enhanced salaries weightage etc. Our right to direct involves responsibility to share their burden.

H.Pr. agreed with the minuted of H.M. (Edn.)

The file was then recommended to H.M. (Edn.). H.M. minuted as follows:
"I am glad that H.M. (Fin.) and H.Pr. have accepted the principle that weightage should be given for teachers in secondary schools in local bodies also and that the Govt.

"Local Bodies may now be directed to take into account the service of teachers prior to 1.1.47 in all cases, allow advance increments in accordance with the principles laid down for other staff and refix their pay to the revised scale."

should pay half ~~net~~ grant on that also. I understand that the matter has to go to Finance and then before the Standing Finance Committee and the Cabinet. It will take a long time. In the meantime, teachers are anxious. I am glad that ~~in the note~~ H.M. (L.A.) ~~in page 21, he~~ has accepted that "in all cases, the period of service of the teachers in the revised scales will count for increment from 1-1-47 and that it may be laid down that the extra cost involved in giving weightage for past service should be borne from the funds of the respective local bodies."

I suggest that orders may be issued on the lines indicated By H.M. (L.A.) immediately pending consideration of this matter before the Cabinet.

I agree with H.M. (L.A.) when he has said that local bodies can ill afford to meet the bill for all time and the matter will have to be taken up at the earliest opportunity and settled. Now that H.M. (Fin.) and H.Pr. have agreed, I hope it will be a matter of time and in the meantime, orders as suggested above may issue.

~~H.M. (L.A.) may please see first.~~

8. Orders were accordingly issued directing local bodies to grant advance increments to teachers in secondary schools giving weightage for their service in the scales which existed prior to 1-1-47 subject to the condition that the entire cost on account of the grant of the concession should be met from the general funds of the local bodies, ~~without any expectation of grant from the Govt.~~ As in the case of ^{the} general establishment local bodies have been divided into three groups and permitted to refix the pay of the teachers allowing advance increments with effect from 1-1-47, 1-10-47 or 1-4-48 as the case may be without any claim for arrears. Those teachers who are ineligible for any advance increments have been allowed to count service in the pre-revised ~~the~~ scale of pay up to a maximum of one year.

9. The ~~question~~ ^{the point for decision is (1)} whether the expenditure incurred on payment of salaries to the staff in secondary schools as refixed allowing weightage for their service in the scales which existed prior to 1-1-47 ~~may~~ ^{shall} be taken into account for purposes of assessment of teaching grant and if so from what date. ~~has now to be decided.~~ // Is the expenditure

incurred from dates on which the pay has been refixed by each local body ^{is taken into account} the Govt. will have to incur some additional expenditure by way of teaching grant in respect of local bodies which have refixed the pay from 1-1-47 and 1-10-47 and addl. funds will have to be provided ^{in the B.E. for 1948-9} to meet this expenditure by obtaining a supplementary grant. ~~but if the date 1-4-48 is adopted uniformly in all cases, the addl. expenditure will have to be met only in 1949-50 and necessary provision for the addl. expenditure may be made in the B.E. for 1949-50.~~
The ^{approximate} total expenditure on account of the grant of advance increments to teachers in secondary schools under local bodies is estimated at Rs. 4.19 lakhs and the ultimate recurring liability to Govt. by way of teaching grant will be 2.10 lakhs

10. The particulars to be furnished for financing new schemes of expenditure are given below:-

- (a) Budget provision under the Major Head of Account. ~~6,98,72,800~~ Rs. 6,99,62,900
- (b) Actual expenditure under the Major Head in the current year to the end of ~~the month~~ ^{the year} 1947 (for which the figure is available.) Rs. 3,19,98,703
- (c) Estimate of expenditure on the scheme in the current year. nil
- (d) Savings in the budget provision for other items included in the major head. (As savings are anticipated of Rs. 11,35,800)
- (e) Total commitment in the year under the Major Head on account of new schemes (not provided for in the budget) sanctioned since the beginning of the financial year upto the end of the month of ~~October~~ ^{December} 1947. Rs. 11,35,800
- (f) Total commitment in the year under all major heads of account of new schemes (not provided for in the budget) sanctioned since the beginning of the financial year upto the end of the month of ~~October~~ ^{December} 1947. Rs. 3,75,08,300.
