FROM

EDUCATION DEPARTMENT.

THE DIRECTOR OF PUBLIC INSTRUCTION, MADRAS

THE SECRETARY TO THE GOVERNMENT OF MADRAS,
EDUCATION AND PUBLIC HEALTH DEPARTMENT,
FORT ST. GEORGE, M A D R A S.

R.O.C.No. 420-A2/48 dated 7th September, 1948.

Accommodation--Offices of the Inspectress of Girls' Schools, III Circle and the Inspectress of European and Anglo Indian Schools, Madras--Location in private building.

66905

The Offices of the Inspectress of Girls' Schools, III Circle and the Inspectress of European and Anglo Indian Schools, Madras are now accommodated in the Old College Compound - the former in a separate block and the latter in a suite of rooms in the main building of the Director's Office. Consequent on the expansion of my office, additional accommodation is required urgently and this can be provided only by shifting out some of the offices located in the compound. I have therefore arranged to shift the offices of the Inspectress of Girls' Schools, III Circle and the Inspectress of European and Anglo Indian Schools, Madras to a private building in George Town.

2. In response to my request for rented accommodation, the Collector of Madras has allotted a portion in second floor in the premises No. 11/12 North Beach Road, George Town, which was formerly occupied by some of the offices of the Agricultural Department. This portion is sufficient for accommodating the offices of the two Inspectresses. According to the owner the rent for the portion is Rs. 450/- a month. I have also addressed the Collector in this matter and on receipt of his reply regarding rent, I shall address Government for the necessary sanction.

Yours faithfully,

P. M.

For Director of Public Instruction.

OFFICE OF THE
DIRECTOR OF PUBLIC INSTRUCTION,
R.O.C.No. 420/A.2/48.

MADRAS: 16th October 1948.

THE DIRECTOR OF PUBLIC INSTRUCTION,
M A D R A S.

To

THE SECRETARY TO GOVERNMENT,
EDUCATION AND PUBLIC HEALTH DEPARTMENT,
FORT ST. GEORGE, M A D R A S.

Sir,

SUB:- Buildings - Private - Portion in second floor
of the premises 11/12 North Beach Road, Madras.
Installation of Electric Fans and Lights --
Sanction requested:

to Government

In continuation of my letter, RC.No.420/A.2/48 dated 7th September 1948, I submit that the offices of the Inspectress of European and Anglo Indian Schools and the Inspectress of Girls Schools, III Circle, Madras, have been shifted to the portion in the second floor of the premises 11/12 North Beach Road, George Town, on 9th September 1948 and 11th September 1948 respectively. The electrical installations in the - portion are not in order and in the absence of lights and an adequate number of fans, the staff of both the offices find it inconvenient to carry on the work. The owner of the building was requested to provide the necessary electrical installations, but he has declined to do so and has reported as follows:

"As for the repairs to the electric installation I wish to inform you that the installation was handed over to the previous tenants, Agricultural Department (Government of Madras) in perfect condition and at the time of vacating the place, they have dismantled the installation and left it in a bad condition. As such I would request you to address the Government to set right the installation."

The Director of Agriculture has reported that the additional electrical points provided at Government cost were removed at the time when the building was handed over to the owner. Now that the building is again occupied by public offices, it is necessary to provide the electrical installations at the cost of Government. The installations will be removed when the building is vacated by the offices.

2. The minimum requirements of the two offices are three fans in addition to the two already installed by the owner and twenty one lights. Besides, the installations need to be repaired as provided in the estimate enclosed. In the circumstances I request that Government may kindly -- sanction an expenditure not exceeding Rs.1200/- (Rupees one thousand two hundred only) in the current year on improvements and additions to the electrical installations in the private building occupied by the two offices.

3. The expenditure may be debited to the head "37.p.A.I.4. Contingencies - Voted - Petty construction and repairs". Necessary funds to meet the expenditure will be provided by re-appropriation in due course.

4. As the work is very urgent and as the offices are put to inconvenience owing to the absence of fans and lights, I request that Government may kindly pass early orders on this reference and instruct the Chief Engineer to carry out the work expeditiously.

5. The enclosed estimate may be returned when done with.

Yours faithfully,

MR
18/10
for Director of Public Instruction.

Revised draft

Education & P.H. Dept.(A)

Buildings - Private - Offices of the Inspectress of Girls' Schools, III Circle and the Inspectress of European and Anglo-Indian Schools, Madras - Location - Permitted.

From the D.P.I. No. 420-A2/48- dated 7-10-48 and 16-10-48.

ORDER/MS. NO. *2949* EDN. DATED *23.11.48*

The Govt. permit the location of the offices of the Inspectress of Girls' Schools, III Circle and the Inspectress of European and Anglo Indian Schools, Madras, in a portion in the premises at No.11/12 North Beach Rd., George Town.

They also sanction an expenditure not exceeding Rs.550/- (Rupees five hundred and fifty) in the current year on improvements and additions to the electrical installations in the building referred to above. The provision for three ceiling fans has been cut out - as fan fans are now being generally disallowed in all cases of electric installations.

2. The expenditure ^{*will*} ~~should~~ be debited to the relevant heads under 37.Education-p. Inspection."

3. The Chief Engineer, P.W.D.(Gl.) is requested to carry out the work as expeditiously as possible.

4. The new installations should be removed when the building is vacated.

5. ~~The further report from the Director since received will be dealt with separately.~~

To The D.P.I. (with estimates returned).

3.11.48

Fin (Exp c)

The draft order ^{as amended in pencil} may be
accepted, subject to the following remarks:

The estimate of Rs 1,155/- or Rs 1200/-
roundly includes provision for 3 fans. Fans
^{now} are generally being disallowed in all
cases of electric installations. Finance
may therefore suggest that in the present
case also fans may be cut out and the
expenditure to be sanctioned may be
suitably reduced, in consultation with
the Electrical Engineer (General), if necessary.

As the cost of the work after the
omission of the fans will be less than
Rs 1000/- the case need not be circulated.

15.11.48

E.P.H. (A)

Please see the notes of Finance
dept. above. A revised draft order is
submitted for approval. It seems unnecessary
to consult the Electrical Eng.

in no 96025 Sep c-1

15.11.48

15.11.48

The design under consideration is
also subject to the following remarks.

The author is of the opinion that the
provision for a fuse, which
is generally being discarded in all
cases of electric installations, should be
retained. It is suggested that in the present
case a fuse may be cut out and the
circuit may be restored. It may be
said that this is not a solution with
a short circuiting fuse (by analogy).

As a result of the work done in
connection with the design of the
circuit, the following observations are made.
