Memorandum submitted by the President and Members
of the Tirumalai Tirupati Devasthanams Committee, to the-
Hon'ble the Minister for Education, Fort St. George, Madras.

The Sri Venkateswara College at Tirupati was started ---
by the Tirumalai Tirupati Devasthanam Committee in 1945 to
provide the needs of the students of the Ceded Districts --
mainly on Science subjects and the College was located -
in the buildings intended for the Sri Venkateswara Oriental
Institute. It has now been decided by the Committee to -
construct buildings for this College. The site has been -
selected in consultation with the University Commission -
and plans and estimates have been prepared and submitted--
to the University for approval. The estimated cost of the
main block alone come to six lakhs and it was thought that--
it would be possible to construct these buildings with --
this amount. The University also originally gave us the idea-
that the cost of the buildings may not exceed Rs.5 lakhs -
But when tenders were called for, for construction of this--
block, it is found that the lowest tender came to about --
11 lakhs (nearly double the amount originally estimated).--
As the cost seemed very high, the question of postponing the-
construction was considered and abandoned in view of the -
pressure of the University to proceed with the buildings--
at any cost and who is refusing to give affiliation for the-
Science classes in B.A Degree for want of buildings. So, the-
Committee has decided to proceed with the construction of -
this building with the aid of liberal grant from Government.--
At present the Committee has decided to proceed with the -
construction of one block alone to accommodate 800 students-
postponing the proposals for construction of buildings ---
for Library, Hostel, staff quarters &c which may come to -
another 20 lakhs.

In this connection the Committee would like to place -- before the Minister the present financial position of the Devasthanam to show that the Committee is not in a position to finance the construction even of one block of the -- College building out of the funds available with them. At present the invested amount available to the Committee is -- Rs.42 lakhs. The Committee considered that as this amount -- was mainly contributed by the pilgrim population, the major -- portion of this sum should be utilised for items of work -- which go to the benefit of the pilgrims and have given -- priority for execution of such works as noted hereunder.

1. Improvements to water supply, at Tirumalai. .	Rs.12 lakhs.
2. Drainage scheme at Tirumalai.....	2 lakhs.
3. Town Planning at Tirumalai.....	5 lakhs.
4. Renovation of Temples.....	3 lakhs.
5. Construction of choultries.....	2 lakhs.
6. Improvements to the Ghat Road.	6 lakhs.
7. Guarantee to the University for the maintenance of the S.V.College.....	5 lakhs.
Total.	35 lakhs.

Thus it will be seen that a sum of Rs.7 lakhs alone -- will be available for the College building proposed to be -- constructed against the required amount of 11 lakhs for one -- building. Even out of this sum of seven lakhs, a sum of one -- lakh of rupees has to be reserved for the construction of -- Hostel as the College building is to be located at the site -- of which, is nearly a mile from the town proper and an hostel -- building is an absolute necessity.

It may be suggested that it should be possible for -- this Committee to save something out of the income it may -- derive in coming years for financing the construction of -- the College building. But it is submitted that it will not -- be possible for the following reasons.

1. The Devasthanam is likely to lose the recurring income -- of about one lakh of rupees on account of the abolition of -- Zamindari.

2. When once the amount invested is spent for this capital -- work as referred to above, we will be losing about Rs.120000/- -- which we have been earning as interest hitherto.

3. Further there are indications that our main source of income -- viz., (Hundi and Arjitham) are gradually falling in recent times -- The income from this source in the year 1939 was only 6 lakhs -- and it rose up to Rs.16 lakhs in 1946 due to war boom and -- inflation in the country. Now as steps are being taken to put -- down the inflation, the income to the Devasthanams also is -- likely to shrink and when deflation completely sets in, the -- income may even go to the level of 1939 thereby, causing a loss -- of about 10 lakhs of rupees. Thus it will be seen that as our -- income will be steeply falling, we will not be even in a position -- to finance the recurring expenditure of new institutions like -- Arts College, Oriental College, Oriental Institute, Poor Home, -- Orphanage which was started during the boom period.

For these reasons we request that the Government should come -- to the rescue of the Devasthanams atleast in the matter of -- capital works in respect of the Arts College and grant atleast -- half of the cost of construction of the College as a special -- case.

K. Venkataswami Rao
President
T. T. Devasthanam Tirupathi

GRANTS - Buildings - Aided Colleges - Inclusion in the list of approved works - List for the quarter ending September, 1948. - Orders passed.

C.No.78579/48.

From the D.P.I., Re.No.4033-K.4/48 dated 21.10.48.

By Order/Ms.No. **2993** Edn., dated **29.11.48.**

The Govt. sanction the inclusion in the list of approved works of the schemes for the construction of buildings for the aided colleges specified in the annexure to this order. While this approval does not convey any guarantee of grant, it will render the institutions ^{eligible} for a grant upto one half of the cost of the schemes, ^{subject to the amounts specified against each scheme as a maximum} not exceeding Rs. 75,000/- in respect of first grade colleges, and Rs. 50,000/- in respect of second grade colleges, ~~under the provisions of the Grant-in-Aid Scheme~~ if and when funds become available, ^{Grant-in-Aid Code} provided that all the conditions prescribed in the ~~Code~~ are duly complied with.

ABSTRACT.

From the Director of Public Instruction Rc No.4033 K.4/48 dated
21-10-48.

The Government sanction the inclusion in the list of approved works of the schemes for the construction of buildings for the aided colleges specified in the annexure to this order. While this approval does not convey any guarantee of grant, it will render the institutions eligible for a grant upto one half of the cost of the schemes subject to the amounts specified against each scheme as a maximum, if and when funds become available, provided that all the conditions prescribed in the Grant-in-aid Code are fully complied with.

M.V. Subramanian,
Secretary to Government.

Grants - Buildings - List of approved works-for the quarter ending 30-9-48.

C.No. 78579/48.

From the D.P.I. Rc.No. 4033-K4/48 dated 21-10-48.

Pages 3-7 of

The D.P.I. has submitted statements of building schemes of ^{Certain} non-Govt. Colleges for inclusion in the list of ^{such schools} for the quarter ending 30-9-48.

p 3 of

Dr. Alagappa Chettiar's College, Karaidudi -
Construction of first floor to the new blocks of the college buildings - Estimated cost Rs.5,60,000/- The scheme has not ^{yet} been approved. The D.P.I. has separately forwarded to Govt. with ~~his own~~ support the application of the correspondent of the College for a grant for the construction of the first floor to the existing college buildings. In view of the urgency of the scheme this Dept. has proposed that the request for the grant may be treated as a Part II scheme and provision for a grant of Rs. 75,000/- may be made in 1940-50. Finance have agreed to the proposal. The main file on the subject has been circulated to H.M.(Edn.) and H.M.(Fin.). The scheme may be included in the approved list for a maximum grant of Rs.75,000/-.

R 0723.7.48

Item 2 on p 5 of 4

to be linked file

St. Christopher's Training College, Madras -
Construction of a teaching block - Estimated cost -
Rs.4,36,000/-. The proposal for a grant for this scheme was previously considered and it was deferred as not being very urgent. The D.P.I. has now renewed the proposal. It is for orders whether the scheme may be included in the approved list for a half grant subject to a maximum of Rs.50,000/- as already proposed on the former occasion when the matter was considered.

Lady Doak College, Madura. - Construction of
College buildings - Estimate Rs.11,89,465/- This is a newly started Second Grade College for Women. In the main file relating to the application of the College for a building grant for this work, it was proposed by this Deptt. to treat it as a Part II Scheme for 1949-50 and make a provision of Rs.50,000/- for the

scheme in the B.E. for 1949-50. Finance have however advised against the proposal, as the scheme is not yet ^{ripe} for approval.

A decision on that file has not yet been arrived at. There seems to be no objection, however, to the scheme being included in the approved list, for a half-grant subject to a maximum of Rs.50,000/-, which is the limit followed for a II grade college - For orders.

Sarah Tucker College, Palamcottah - Construction of college buildings - Estimated cost Rs.10 lakhs. The Director has reported that this is an urgent work. The plans and estimates of the buildings proposed have not yet been scrutinized by the P.W.D., but it is reported that they will be approved soon and that the construction of the Science will be taken up very soon. In view of this it is proposed separately to consider the provision of a grant of Rs.50,000, towards this scheme, as a Part II scheme for 1949-50. If approved, the scheme will be eligible for a total grant of Rs. 75,000/-. This may be included in the list.

Dr. Alagappa Chettiar's College, Karaikudi - Construction of hostels - estimated cost - Rs. 8,37,000/-. The Director has already recommended this scheme for a grant. On the advice of the Fin. Dept., it is now proposed to defer consideration of the question of a grant for the scheme. The main file has been circulated to H.M.(Edn.) and H.M.(Fin.). However, there seems to be no objection to including this in the quarterly list for the quarter ending 30-9-48, for a half grant subject to a maximum of Rs.75,000/-, which will be payable only after 1949-50, subject to availability of funds. (A grant for item 1 on p1 ante will be payable in 1949-50)

ri Venkateswara College, Tirupathi - Construction of the college building - estimated cost Rs.10,00,000/-. In connection with the proposal to utilise the balance of grant available in the grant of Rs.1.50 lakhs provided for in the current year's estimates for grants to colleges ^{Subjected to} the ban of 1941, the D.P.I. wants a provision of Rs.25,000/- for the scheme in the current year's estimates, the balance being provided for in the B.E. for 1949-50. The plans and estimates have not been received by Govt. and they have not been approved. As in the case of the schemes relating to the Dr. Alagappa Chettigar college and Sarah Tucker College dealt with above, this may be included in the approved list and the

If approved, the grant will become payable after 1949-50
