BEGUM SULTAN, MIR AMIRUDDIN, M.L.A.
and Public Health
EDUCATION DEPARTMENT

* 126. Will the Hon'ble the Minister for
Education be pleased to state:

(a) What steps the Government are taking
or propose to take in the near future for providing

suitable educational facilities for the

~~XX~~ physically handicapped and

~~XX~~ mentally handicapped children in

the Province; and

(b) Whether the Government have collected
or propose to collect at an early date statistics

in regard to ~~(N)~~ physically handicapped and

~~(N)~~ mentally handicapped children in the Province?

BEGUM SULTAN MIR AMIRUDDIN, M.L.A.

Education & P.H. Department.

*126. Will the Hon'ble the Minister
for Education be pleased to state:

(a) what steps the Govt. are taking
or propose to take in the near
future for providing suitable edu-
cational facilities for the physically
handicapped and mentally handicapped
children in the Province; and

(a) There are 14 special
schools for the Blind, Deaf
and Dumb and other defective
children in this Province -
2 under municipal and 12
under private management.

(b) whether the Govt., have collected
or propose to collect at an early date
statistics in regard to physically and
mentally handicapped children in the
Province?

Teaching grants are
paid to the latter under the
provisions of the Grant-in-Aid
Code. The question of provid-
ing more facilities for the
education of the defective

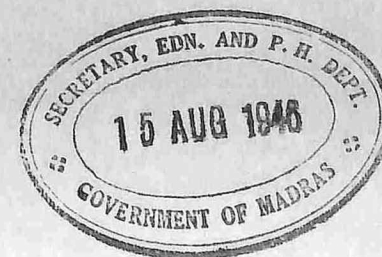

children will be considered.

*as statistics have been taken in
the past the Govt. have not yet taken steps
to collect statistics but they will do so*

as soon as possible.

Will the Hon'ble the Minister for Education be pleased to answer the following questions?

(a) What steps are being taken by the Government to provide for the education of physically and mentally handicapped children in the Province?

(b) Whether the Government have collected or propose to collect any statistics in regard to physically and mentally handicapped children in the Province?

Information for the Hon'ble the Minister

(c) There are 14 special schools for the Blind, Deaf and dumb and other defective children in this Province. Is it not the duty of the Government to provide for the education of these children?

Teaching grants are paid to the Master under the provisions of the Grant-in-aid Scheme. The question of providing more facilities for the education of these defective children will be considered.

(d) No statistics have been taken in this regard till now. Will it be taken as soon as possible?

Secretary to Government

The Secretary of the Legislative Assembly, Assembly Building, Copy to the Public (Miscellaneous) Department.

The above answer has been approved by The Hon'ble Mr. T. B. Subramaniam, Chairman.

L.P.H. (B2).

D.O. No. 38463-181146-2 ESN or 16/8/46

Dear Dr. Savor,

Sub:- Statistics of defective children.

Please see your u.o. No. 1428K/46

dated 25th July 1946. In reply to a question asked at the meeting of the Legislative Assembly held on the 14th August 1946 the Hon'ble the Minister promised that statistics in regard to physically and mentally handicapped children in the Province will be taken as soon as possible. I am to request you to ~~forward~~ ^{as far as possible} take necessary steps to collect the statistics and to forward them to Government at an early date.

Yours sincerely,

Rao Bahadur ✓
Dr. S. R. U. Savor, M.A.,
B.Sc. (Law), I.E.S.,

Educational Department.

From

Dr. S.R.U.Savoor, M.A., D.Sc., I.E.S.,
Director of Public Instruction, Madras.

The Secretary to Government,
Education and Public Health Department, Madras.

Rc.4029 K4/46 dated 8-10-1946.

Sir,

Sub: Statistics of defective children. *plante*

Ref: ~~W.O.~~ D.O. Letter No.38463 B1/46-2 Edn., dated
16-8-46 from Mr. P.S.Viswanatha Ayyar.

I have the honour to state that the Madras Association for the Blind were requested to state whether they have the necessary statistics with them and if not whether they could collect and furnish this information. But they could not give me any useful information.

2. The following figures are taken from the census of 1931 - Madras Presidency (British territory).

No. of persons insane	15,394
No. of deaf mutes	33,308
No. of blind persons.	51,881
No. of lepers.	33,127

→

These figures will not also be very helpful as Government want only statistics of defective children in the Province. The census of 1941 does not give even this information regarding defective persons in the Province owing to certain restrictions imposed on the publication of the census for 1941.

3. I may also state that since all physically and mentally handicapped children do not attend school it may not be possible for any agency under the Education Department to go about the country and collect the necessary statistics.

4. I may however state in this connection that Government in their U.O.Note No.35184 D2/46-1 E.P.H. dated 9-7-1946 have requested the Surgeon General, Madras to submit proposals for the constitution of a Provincial Council for the Blind with two committees - one on Ophthalmological matters and another on blind welfare and the Surgeon General was also asked to consult the Director of Public Instruction on educational aspects of the proposal. It may perhaps be possible to collect the statistics required by Government when these committees are set up in the Province.

MEMO NO.38463-B1/46-3 Education, dated 24/10/1946.

Paranormal

The attention of the Surgeon-General is invited to the U.O.Note No.35184-D2/46-1 E.P.H., dated the 9th July 1946 in which he has been asked to submit proposals in consultation with the Director of Public Instruction for the constitution of a Provincial Council for the Blind (with two committees, one on Ophthalmological matters and the other on Blind Welfare). He is requested to state whether these Committees are expected to make a 'survey' in that connection and if so, whether it will be possible for them to collect statistics in regard to the physically and mentally handicapped children^{also} in the province.

Please see the Legislative Assembly question

no 126 on p 1 of.

2 The report of the Central Advisory Board contains a chapter on the education of the handicapped. The remarks of the D.P.G. and the proceedings of the Education Sub-Committee on Post-war Reconstruction on the question are extracted at (V). The D.P.G. has stated that whole-
 obviously more should be done than is at

present being done for the physically handicapped for example, of the blind, the deaf and the dumb, a special enquiry will have to be instituted to discover the numbers of mentally and physically handicapped children in the Province and before statistics are made available no satisfactory programme of advance can be made. The Edu. Sub-Committee agreed with the above view. no further action has been taken in the matter.

3. The Govt have to carry out several postwar schemes connected with the education of those who are physically and mentally fit and the education of the physically & mentally handicapped cannot be given preference to other important schemes. It is for consideration whether the answer may be

"The Govt have not yet taken steps to collect statistics but do so as soon as possible and they will take up the question in due course"

4. The remarks of the D.P.I. may be invited w.o. in regard to what has been done for the education of the blind, the deaf the dumb & for the number of special institutions that exist now & the financial assistance given by Govt to such special

D.P.I.(C.O.)

U.O. Reply No. 1428 K/46

Office of the D.P.I.,
Madras, 25th July 1946.

Resubmitted.

As pointed out in the Secretariat note nothing tangible has been done so far for the education of the Blind, Deaf and Dumb children in this Province. What has been done to tackle this problem has been very largely due to private, voluntary and philanthropic enterprise. According to the Public Instruction Report for 1944-45 there are 14 schools for the Blind, Deaf, Dumb and other defective children in this Presidency - 4 for the Blind, 4 for the Deaf and Dumb and 5 for Lepers and 1 school for the Blind, Deaf and Dumb. Out of the total of 14 schools, 2 are run by the Municipal councils of Coimbatore and Karaikudi and the remaining 12 are all under aided management. 667 pupils (377 boys and 290 girls) received instruction in all the above 14 schools during 1944-45. It cannot be said that all the defective children in the Presidency are receiving the kind of instruction they are in need of. The pupils under instruction receive general education in addition to the instruction in rattan work, weaving, carpentry, tailoring and so on. Needlework and Dress making are taught for girls. Music is also taught in some of these institutions. Education is imparted to the blind pupils in accordance with the rules of the Department and with approved text books prepared according to Braille system. In the schools for the Deaf the subjects taught are articulation, speech, sense training etc. Some of these schools are residential ones where pupils are given free boarding and lodging. There is also provision for the periodical medical inspection of pupils.

The Commissioner for Government Examinations is conducting every year the examination for the award of certificates of competency to persons qualified to teach in schools for physically defective (Blind, Deaf and Mute) children. The Higher elementary grade T.T.C. holders who have undergone training in these special schools for atleast 2 years are eligible to appear for this examination. Last year 2 men and 4 women registered for the examination and 1 man and 4 women passed. The examination is conducted by the District Educational Officer or the Inspectress concerned, with the aid of the expert who is generally the Principal of the school.

These special schools are being paid teaching grants under the provisions of Chapter VI of the Grant-in-aid Code. The total amount of grant paid to the 12 schools under aided management's amounted to Rs.35,200 in 1945-46.

R. S. Saron
D. P. I.

The Director of Public Instruction was asked to submit plans for giving further facilities for the educationally handicapped children. Till now, nothing has been received as far as I know. He may be asked to submit his proposals so as to be included in the next year's budget.

TSA 4-11-46
H.M. Education.

25/11/46
The draft below is for app.

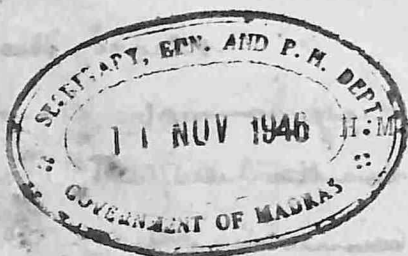

7.11.46

Secretary, E. & P.H.

I have answered questions in the Legislative Assembly about our plans for providing education to the handicapped children such as the blind, deaf and the dumb. We have said that the matter is being considered. A question was put as to any statistics was taken about the number of handicapped children existing in this province for whom it would be necessary to provide educational facilities and I remember I answered that the matter will be considered but I understand no steps have been taken to take up the statistics.

It is necessary that we should take up this question and find as far as possible the number of handicapped children in the province so that we should be fully seized of the situation.

The only machinery that we have is through the Revenue Department of Village officials and the Revenue Department may be moved in the matter. This note may be sent to H.M. Revenue and his suggestions may also be taken.

Education.

Edy. JPH (B1) Dept.

The file may be sent to Revenue v.o. with reference to the minutes of H.M. (Edy.) on pp 7-8 above at A above

22

When the demand for an increase in salary has resulted in a rise of Rs 3/- only per month, any additional special work on behalf of other departments is likely to cause discontent, unless they are paid for it. If some additional remuneration is paid, I think they will certainly be able to find the time to do this item of work. But as suggested in the office note, schoolmasters may be able to do it equally well.

Please see the minutes of the Rev Dept above.

They do not consider it desirable to entrust the work to the village officers with out the payment of additional remuneration. The D.P.D. has already reported that it will not be possible for any agency under the Govt Dept to do the work as all the physically & mentally handicapped children do not attend school. The S.C. has also reported that it will not be possible for the Provincial Council for the Blind to collect statistics in regard to the physically & mentally handicapped children in the province. In the circumstances, the scheme for providing more facilities for the blind in the province he said to have been referred for consideration of the provision of funds for it in the B.E. for 1947-48. Being a new scheme of expenditure, it will have to be treated as a Part II scheme and such schemes should have reached Finance before 1st November. Further the criteria laid down in the Finance note no 54303 (B)-1 of 9.10.46 will not be satisfied in this

I cannot agree that they are overworked.

case

Finance may perhaps see before the case is circulated to HM (Con) & HM (Rev) for orders

The collection of statistics of the mentally and physically handicapped children in the Province is a preliminary step to be undertaken before for providing ^{more} facilities for their education. This work can be done only by the Village officers. This work is not going to add to their work to any appreciable extent, as it may not take ^{more} one or two days ^(a few hours each day) to gather the statistics required in each village and its hamlets. Finance may see before circulation.

EPH

EPM (17)

The case relates to the provision of more facilities for the education of the mentally and physically handicapped children in the Province. For this purpose, it is necessary to collect statistics of such children. The question is which agency should be entrusted with the work. Both the S. G. & S. D. have reported that it will not be possible for any agency under them to collect the statistics. The work can be done by village officers but the Rev Dept. consider that unless some additional remuneration is paid, the addition of this work is likely to cause discontent. This Dept. consider that this work will not add to the work of the village officers to any appreciable extent. Finance want to see the case again if the question of additional remuneration is raised definitely. see A above

[14th August 1946

Educational facilities to the physically and mentally handicapped children in the province.

* 84 Q.—BEGUM SULTAN MIR AMIRUDDIN: Will the Hon. the Minister for Education be pleased to state—

(a) what steps the Government are taking or propose to take in the near future for providing suitable educational facilities for the physically handicapped and mentally handicapped children in the province; and

(b) whether the Government have collected or propose to collect at an early date statistics in regard to physically and mentally handicapped children in the province?

THE HON. SRI T. S. AVINASHILINGAM CHETTIAR:—

“(a) There are 14 special schools for the Blind, Deaf and Dumb and other defective children in this Province—Two under municipal and 12 under private management.

“Teaching grants are paid to the latter under the provisions of the Grant-in-Aid Code. The question of providing more facilities for the education of the defective children will be considered.

(b) No statistics has been taken in this regard till now but will be taken as soon as possible.”

BEGUM SULTAN MIR AMIRUDDIN:—“May I enquire whether the 14 institutions are Government institutions or aided institutions run by Missionary bodies or other Associations?”

THE HON. SRI T. S. AVINASHILINGAM CHETTIAR:—

“There are 14 schools for the Blind, Deaf and Dumb and other defective children in this Province. Out of the 14 schools, 2 are run by the Municipalities of Coimbatore and Karaikudi and the remaining 12 are under aided management.”

BEGUM SULTAN MIR AMIRUDDIN:—“Will the Government consider the desirability of establishing themselves, institutions for the benefit of the physically and mentally handicapped children in this Province?”

THE HON. SRI T. S. AVINASHILINGAM CHETTIAR:—
“The suggestion will be considered, Sir.”

BEGUM SULTAN MIR AMIRUDDIN:—“Is the Hon. Minister aware that both the Sargent Committee and the Post-War Reconstruction Committee on Education suggested that as a preliminary measure statistics should be taken about the number of mentally and physically handicapped children in the Province?”

THE HON. SRI T. S. AVINASHILINGAM CHETTIAR:—
“Yes, Sir.”

BEGUM SULTAN MIR AMIRUDDIN:—“Will the Hon. Minister expedite the matter so that something may be done for the defective children?”

14th August 1946]

THE HON. SRI T. S. AVINASHILINGAM CHETTIAR:—
“We will do our best.”

Please see the printed copy of the questions and answers above. Further action in regard to the collection of statistics of physically and mentally handicapped children has already been taken—vide memo on pp 11-12 of. ~~The~~ ~~reply to the memo may be awaited~~ the suggestion at 2 may perhaps be considered after the necessary statistics are collected. The

question will in any event have to be considered only in connection with the budget for 1948-9. The Director's reply to the memo on p 11 of may be awaited 20.4.47

pp 15-25 of.

From the D.P.O., R.C. no. 1378/47 dated 24.7.1947.

The D.P.O. has submitted the statistics of physically and mentally handicapped children in each taluk and district in the Province—vide the statement on pp 16-17 of. Attention is invited to clause (b) of the Legislative Assembly Question and the answer given to it on page 14 ante. It is presumed

that the D.P.O. is desirous of submitting the statistics and need not be given to the H.M. and that it only be given if a separate question is again asked in the matter. It is not so. With reference to the question marked 'Zigzag' in ante, it is submitted

Memo. (9) 3-4
58157 B1/47-1 EON
21/8/47

that the D.P.O. has been asked to submit proposals for the opening of eight Government schools for defectives—four for the deaf and dumb and for the blind—for consideration of Government as a Part II Scheme for 1948-49. The file may now be circulated to H.M. (Edy) for consideration whether any further action should be taken on this.
