Copy of letter dated 21st June, 1948 from Mr. H.M. Jagannathan, M.L.C. to H.Pr.

I respectfully request you to be so good as to kindly have the following examined and needful done by the authorities concerned and let me hear of the results please:

1. The S.S.L.C. Supplementary Examinations are to be held hereafter in September. Many of the University Examinations have Supplementary Examinations in September. The University has already programmed for duplicate College classes being held by colleges commencing from about September corresponding to the Supplementary Examination results. Hence arrangements should be made in all colleges to admit students who pass in the Supplementary Examinations commencing from October of this year.

2. The B.Sc. and B.Sc. Hons. courses have two parts - Part I English and the other Part the Science subjects. Part one is usually completed in the first year. But the fee charges are for both subjects throughout the course. This is unjust. When once Part I is completed and the candidates pass in that part, there should be reduction in the fees levied in the remainder of the course, because one of the subjects is off. In the Intermediate there are different scales of fees for the different parts. Similarly for the B.Sc. and B.Sc. (Hons.) the fees for each part must be distinct and where Part I is finished lesser fees should be levied for the other part. In cases where the full fee is levied for the Science subject only there should be refund made.

3. In some Colleges the college fees are recovered for the whole of a term to be paid in one lump. This is unjust. Every one is not rich and cannot afford. In some colleges fees for a term can be paid in two or three instalments, each term being supposed to be about three months long. Such instalment system should be the rule everywhere. Facilities should be given to the students and parents. The colleges will get a fees paid alright on the whole. This matter has to be examined and all colleges where lump sum payments have been insisted upon and received, appropriate refund should be directed to be made.

Education dated 12..10..1948.

I have the honour to enclose herewith a copy of the letter No.A. 3551 dated 11.8.1948 from the Registrar, University of Madras on the question of admission of students to a supplementary course in the colleges and state that the decision of the Syndicate of the Andhra University in the matter is still awaited.

Yours faithfully,

For Director of Public Instruction.

Copy of letter A. 3561 dated 11.8.1948 from the Registrar,
University of Madras to the Director of Public Instruction,
Madras.

Ref:-Your letter R.C.No.1566-K2/48 dated the 1st August 1948 - Admission of students for a supplementary course - Colleges

I have the honour to inform you that the University was permitting the conduct of concurrent course for sometime past in the colleges beginning from October of each academic year, for the benefit of the students who qualified themselves in September Examinations. But later, in view of the very few persons who joined such courses and the difficulty expressed by the Principals of colleges, as they admit the maximum number of students that they can manage at the beginning of the academic year, the Syndicate decided that it was not feasible to grant permission for the continuance of concurrent courses in colleges from the academic year 1947-1948. I am therefore, to state that no college will be able to arrange for the conduct of such courses at present.
