Sub: Buildings - Office of the Director of Public Instruction, Nungambakkam - Construction of 2 motor garages in the South East Corner of this Office compound - Estimate for Rs 6200/- Approval - Requested.

pp 3.40 w/... I have the honour to submit herewith plans and an estimate for Rs 6200/- for the construction of two motor garages in the South East corner of this office compound and to state that there are at present only six garages in this office compound in useable condition. Even of these six garages, only two are big enough for cars of the big size. The lack of sufficient number of -- garages is very keenly felt by the Officers and the provision of additional garages has become an urgent necessity. The estimate submitted herewith provides for the construction of two garages. In view of the prevailing high cost of building materials and labour, I propose to ^{restrict} the construction to two garages only for the present even though they will not be sufficient.

I request

Sufficient for the present if temporary structures at a considerably less cost, like those provided for the motor cars of the officers of the Secretariat, are constructed in his office compound instead of the garages referred to in the letter cited above. He is requested to submit an estimate of the cost of constructing two sheds of the above type.

4th September, 1948.

As ordered in Government Memorandum No. 8368-A-3 Edn., dated
12.3.1948, I addressed the Executive Engineer, South Presidency
Division, for furnishing me with an estimate for the construction
of two garages of the type referred to by the Government. The
Executive Engineer in his letter 1757 M dated 3.9.1948 informs me
that the estimate received from the Sub Divisional Officer is
being returned to him with remarks and that the same will be
forwarded to me soon after its receipt. The estimate will be
submitted to Government as soon as it is received from the
Executive Engineer.

Yours faithfully,
