Sir,

subject: Elementary Education - Aided Schools -
Savitri Vidyalaya Hindu Girls' Higher
Elementary School - Trichinopoly --
Scheme for the Improvements to play-
ground (construction of compound wall)
sanction of Grant-in---regarding the
-oo:0:oo--

I have the honour to state that a scheme for the acquisition of a site for playground for the Savitri Vidyalaya Hindu Girls' Higher Elementary School, Trichinopoly was included in the approved list. Subsequently when the correspondent had reported that the site could not be used without raising its level and making certain improvement to it, a scheme for the improvements to the same site was also included in the approved list.

2. The Correspondent now reports that a compound wall is also necessary for the playground and has submitted plan and estimate for Rs.4,240/- for the same. The inspecting officers have also recommended that the scheme may be approved. Since it is considered, that in a crowded town like Trichinopoly and, in that particular locality, a playground without a compound wall for a Girls' School will not be of much use, I propose to include the scheme in the approved list and promise a grant. The Consulting Architect to Government has also examined and approved the plans and estimate.

Attention, is however, invited, in this connection to Government Order No.1093-Education, dated 16th August 1943 wherein orders have been passed that compound walls for playgrounds of educational institutions should be provided, where necessary, from the funds of the managements concerned, ^{whether} ~~where~~ the management is a local body or a private agency. The above orders were issued in connection with a scheme relating to a Secondary School. It is not known whether the above orders are applicable to aided elementary schools also. I request you to kindly clarify the position. I may however point out that an exception to this general rule should be made in respect of play ground for girls schools as the need for privacy is necessary in these cases.

In response to a query of 1943, in connection with
a proposal to pay a subsidy of one half
of the cost towards the provision of a
Compound wall for a playground for the
Municipal High School, Salem, the Govt.
gave a ruling that Compound walls
for playgrounds should where necessary
be provided from the funds of the school
managements. Subsequently in reply to
an enquiry from the D.P.S. whether this
ruling would apply to aided schools
also, the Govt. issued orders in G.O.

for playgrounds of educational institutions
should be provided where necessary
from the funds of the management
concerned. Whether the management is a
local body or a private agency. With
reference to the G.O., the D.P.S. has also
raised the following points:-

- (1) whether it is the intention of
the Govt. that the order should apply
to aided elementary schools also;
- (2) whether an exception should not
be made in the case of girls' schools

orders in the G.O. though issued in general
terms were issued solely with reference
to the provision of Compound walls for
playgrounds of aided secondary schools.
There seems to be however no reason why

The case for the reasons stated at p. 3. ante. They are
not in favor of the suggestion at B. at p. 2. ante.
For the reason stated at C. above. They have
have stated that if some concession is considered
necessary in the case of girls' schools, it may be in
favor of Secondary schools only. The Director
has stressed the need for an exception in the case of girls'
schools. An exception may therefore be allowed in the
case of Secondary schools for girls as suggested
by Finance. For orders as to circulation.
