Sir,

Sub: Madras City Telugu Education Facilities
Enquiry Committee, 1948.
Ref: G.O.No.965 Education dated 25-4-1948.

The Madras City Telugu Education Facilities Enquiry Committee, 1948 was constituted in G.O.No.965 Education, dated 24th April 1948. Soon after the constitution of the Committee, Sri R.V. Ramalingam, Clerk, Office of the Madras Co-operative House Construction Society Limited has been assisting the above Committee in their preliminary stages till the Director of Public Instruction has been pleased to spare the services of Mr. G.A. Williams.

In addition to his work as Clerk of the Office of the Madras Co-operative House Construction Society Limited, Madras he worked for more than 2 months with the Committee and directly under the Chairman moving from place to place with the Chairman attending to correspondence in connection with the Enquiry Committee such as sending intimation of visits to schools to persons, schools, Press etc., arranging Committee's sittings at the Office of the District Educational Officer, Madras and other places in the City of Madras.

He has been typing all correspondence, minutes of the preliminary sittings of the Committee and the work in this connection has been very taxing. Actually he has been overworking almost on all days during those 2 months, including Sundays and holidays.

The Committee desires to place on record the invaluable help Sri R.V. Ramalingam has rendered to committee in facilitating the work of the Committee.

In view of the most arduous and strenuous nature of work, over time that he did, the Committee consider that he should be paid an Honorarium of Rs.100/- per mensem for the period from 17th May 1948 (the first day of the preliminary meeting of the Committee) to 16th July 1948.

Yours faithfully,

Sir,

Sub: Madras City Telugu Education Facilities
Enquiry Committee, 1948.

Ref: G.O.No.Ms.965 Education dated 24.4.1948.

When the Telugu Facilities Enquiry Committee was appointed by Government, I, as Chairman, approached the Director of Public Instruction, Madras for necessary assistance in the work. The Director of Public Instruction suggested that I might hold meetings in the Office of the District Educational Officer, Madras and that I might also obtain his (D.E.O's) services unofficially. Accordingly all our meetings, except for the visits to schools and interviews granted at certain places, were held in the Office of the District Educational Officer. The number of meetings were 16. The District Educational Officer, Bri R. Narasimulu assisted the members of the Committee in obtaining for them necessary statistics regarding boys and girls both in elementary and secondary schools. His help in this direction was so invaluable. I even suggested to the Hon'ble Minister for Education that he (the District Educational Officer, Madras) might be co-opted as a member of the Committee but the Hon'ble Minister for Education suggested that he (the District Educational Officer) might continue to help the Committee though not being actually a member on the Committee.

2 In planning the visits to schools he tendered the usual advice and guidance. He visited about 20 schools and interviewed about 50 persons at several places. In all these matters we were guided by the suggestions given by the District Educational Officer. In spite of his very heavy work he had accompanied the members of the Committee during their visits to schools. His presence with us at the schools, it is needless to say, had a great impetus as the managements were able to furnish us with all the necessary information almost immediately. In this respect he made our task easy. As he was, during that period, holding additional charge of the post of the Inspector of Girls' schools also, we found no difficulty in going round the schools in the city both boys and girls. Had it not been for his presence we would have found ourselves as strangers to the several schools we paid our visits. The schools were able to furnish us with necessary particulars because he was present with us and furnished these figures immediately on the spot and we were able to do our work through his assistance that he rendered.

3 It is no exaggeration if I say that our transaction of business in the D.E.O's Office was characterised by speed and smoothness as all the facilities were afforded to us by the District Educational Officer in the matter of furnishing statistics and in the matter of giving details regarding the

3/ -2- A
closure of Telugu sections, number of boys and girls language war etc., through his intimate touch with them. I dare say that our work would have been impaired and submission of our report further delayed had he not been with us. His services to the Committee were therefore very much appreciated. Attention is solicited in this connection to the last paragraph under "preliminary" of our report submitted to Government.

Referred to
S.P.S. & the C.C.M.

4 In these circumstances I recommend that an honorarium of Rs.180/- at the rate of Rs.7/8/- per day for 24 days he attended may be paid to Sri R. Narasimhulu, District Educational Officer, Madras and he may be permitted to accept it.

5 I may also add that he took care to see that his legitimate duties did not suffer in his endeavours to help the Committee.

Yours faithfully,

Chakrasanuram

Sir,

Sub: Madras City Telugu Education Facilities
Enquiry Committee, 1948.
Ref: G.O.No.Ms.965 Education dated 25--4--1948.

In connection with the reporting work of the above Committee constituted by Government, the Director of Public Instruction, Madras was pleased to place at the disposal of the Chairman and Members of the Committee the services of Mr. G.A. Williams, Stenographer, Office of the Director of Public Instruction, Madras.

2 The total number of sittings of the Committee amounted to 26 in all and lasted for more than 3 or 4 hours a day. He had to take evidences let forth by a number of persons such as Notary public, Lawyers, parents, teachers, Journalists and heads of institutions whom the Committee interviewed at various places in the City of Madras. He has had to work late into the night to make available to the Committee the report of the Proceedings of the previous day. This has been a long and tedious job and arduous work for him.

3 Besides he had to take notes about the position of the children in all the schools that the Committee visited, not to speak of the innumerable number of statements made by several persons, officials and non-officials, including notes from the members.

4 In addition to this he has been attending to the very heavy work connected with the preparation of the draft report. His work has therefore, been very heavy in connection with the preparation not only of the Proceedings, and Minutes of the each day's sittings but also in connection with preparation of draft report, recasting of paragraphs etc., and this process was repeated almost 5 times before the final draft has been approved. His work has therefore been very heavy, often tedious and at the same time very strenuous.

5 He worked for more than 2 months with the Committee and directly under the Chairman on those days when there was no sittings and was always moving with the Chairman from place to place attending to correspondence in connection with the Enquiry Committee such as intimating persons, schools, Press etc., of the Committee's visits to schools with dates and time of visits, calling particulars from the Director of Public Instruction, Corporation Commissioner, District Educational Officer, Inspectress of Girls' schools, All Andhra Organisations, big personalities and heads of institutions etc., collection and calculation of figures typing of several tabular statements, taking out copies of letters, petitions etc. He was always interested in very heavy and taxing work during these 2 months. He drafted all the minutes of the sittings.

5/7-6

6 He worked on all days from 17th July 1948 to 19th September 1948 including holidays and Sundays without any leave.

7 The Committee desires to place on record its appreciation of the prompt and efficient service rendered by the Stenographer, Mr. G.A. Williams.

8 In view of the most arduous and strenuous nature of special work of this kind, over time that he did, the Committee consider that it is just and proper that he should be paid an honorarium of not less than Rs.200/- for the above period and the Government may be pleased to grant the said amount permitting him to accept the same. This is the least that the Committee can recommend for all the strenuous work, overtime that he did. He deserves even more. If anyone else has been engaged as a piece worker, he would have been entitled to very much more.

9 Besides the Committee understands that there are several precedences of the kind cited above.

Yours faithfully,

Keenanawani haid

There does not seem to be a case for the payment of an honorarium of Rs 200/- as recommended by the Chairman of the Committee.

From 17-5-48 to the date on which the Committee began to function upto 16-7-48 (when the services of Mr. Williams were placed at the disposal of the Committee) the Chairman utilised the services of Sri R.V. Ramalingam, clerk, office of the Co-operative House Construction Society (a private association). He recommends the payment of remuneration at Rs 100/- a month ^{to this clerk} as a stenographer had been employed ^{during this period} and he would have been more than Rs 100/- a month as shown in the margin. The recommendation may perhaps be approved and the D.P. may be asked to draw and disburse the amount, debiting the expenditure to '37. Education - General direction'.
