If the proposal for the revival of the supply of Part I B of the Fort St. George Gazette to certain Officers of the Educational Department is to be given effect to about 150 copies of Part I B and supplements are to be printed in addition to the number now printed. This increase will result in the use of about 60 Reams of Double Foolscap paper per annum which can ordinarily be met from Press stock. Therefore I have the honour to state that the request of the Director of Public Instruction, Madras can be considered favourably.

I invite your kind attention to my letter Rc.

628-K/46 dated 26-6-46 in which I have explained already

that the process of circulation of the Gazettes between certain
groups of offices and institutions entails much delay and that
the officers receiving the gazettes in circulation are experi-
encing much difficulty in not having a copy of their own for
frequent reference. The Fort St. George Gazette, Part I-B.
contains very useful information such as important notificat-
ions by the Government and the departmental officers,
amendments to Madras Educational Rules, Elementary
Education Act and the Rules framed thereunder, notifications
regarding change in curriculum of studies, text books,
results and whereabouts of ex-pupils about whom reference
has to be made often times, results of the
various Government and Departmental examinations etc. These
are all matters of much concern to the Departmental officers
and the institutions. In the above circumstances, it is
requested that the supply of the Gazettes to all offices
and institutions in this Department may therefore be restored.
