H.C.No 1/48 Dated 2.9.48.

Suj:- Tiruchirappalli District Board, Education-
Common Examinations of the Board Secondary Schools
for the year 1947-48 - Question-papers - rates of
printing- special approval requested-

I have the honour to request you to accord your special approval for the rates for the printing of question-papers of the Common Examinations of the Tiruchirappalli District Board Secondary Schools, for the year 1947-48, in the circumstances stated below:-

2. In the interest of economy and efficiency, the Tiruchirappalli District Board is conducting Common Half-yearly and Annual Examinations for its Secondary Schools. The procedure for the selection of a press for the above purpose is laid down in G.O.No Ms 3510 dated 8.8.36. According to this G.O. the President, District Board, and now the Special Officer, District Board, has to select a suitable and reliable press, obtain the rates for printing from that press and have the rates approved by the Superintendent, Government Press, Madras.

3. Usually, the President, District Board, invited tenders from several printers, and the printer who tendered the lowest rates was selected. The rates of the tenderer was forwarded to the Superintendent, Government Press, Madras, for his approval. On the Superintendent's approving the rates the work for the year was entrusted to that printer. This was the practice followed till the end of 1946-47.

4. During the Annual Examination of April 1947, there was leakage of question-paper for one of the subjects of the Common Examination and therefore the Special Officer, District Board, decided that the selection of the Press should not be based on cheapness in the future.

5. Consequently this year, the Special Officer, wanted to entrust the work to some press even outside the District. But no reliable press outside the District was willing to undertake this work. Within the District the Special Officer wanted to try the St. Joseph's Industrial School Printing Press, Tiruchirappalli. Hence the rates furnished by the St. Joseph's Press were forwarded to the Superintendent, Government Press, Madras, for approval. But the Superintendent, Government Press, Madras, refused to accord his approval for those rates, as they were too high. However, the Special Officer decided that the work of printing the question-papers should be entrusted to the St. Joseph's Press only for this year.

6. The Superintendent, St. Joseph's Industrial Press, quoted rates for the whole year at first. But he actually undertook printing for the Half-Yearly Examination December 1947 only. And he gave fresh rates for the April 48 Examination, which were also accepted by the Special Officer. As these rates were not less than the rates tendered for the Half-yearly Examination, these rates were not sent to the Superintendent, Government Press, Madras, for his approval.

7. In this connection it may also be stated, that, between September 47 and February 48, there were frequent threats of strike by Press workers at Tiruchirappalli and therefore in the interest of efficiency and secrecy, all consideration of cost had to be brushed aside.

8. Hence I request you to kindly accord your special approval, for the rates quoted by the Superintendent, St. Joseph's Industrial Press, Tiruchirappalli, for both the Examinations, i.e Half-yearly Examination December 1947 and April 1948.

Enc:- Copy of the rates for the two Examinations

10.9.48

Government Press,

Endorsement No.C.200 dated 27-9-1948.

Retransmitted. The tender for printing work is generally recommended by this office not only on the basis of cheapness but also taking into consideration of the efficiency and reliability of the Press. The rate of Rs.4/- per page is recommended by this office based on the existing labour condition. But in view of the circumstances stated by the Special Officer, District Board, Tiruchirapalli the rates of St. Joseph's Press, may be approved as a special case.

Madras,
