GOVERNMENT OF INDIA
MINISTRY OF EDUCATION.

Overseas Scholarships (~~Central~~ Govt of Madras) - Application for
Employment of Scholars.

....

N.B. - This application must be submitted (in quadruplicate) at least FOUR months before a scholar's stay abroad is to come to an end.

1. Full Name (in block letters)	R. RAMANADHAM
2. Date of birth	5th August 1919
3. Father's Name	R. VENKANNA
4. Full address in India to which correspondence should be addressed to the scholar on his return.	C/o R.L. Narasimham, Pleader CHICACOLE Vizagpatam District
5. (i) Subject of Scholarship.	Radio Engineering
(ii) Exact Branch.	General Radio Engineering
6. Year of Selection.	1945
7. Date of commencement of scholarship (Date of arrival in the country of study).	26th December 1945
8. Date on which the course of his studies is due to terminate.	28th February 1948
9. Approximate date of return in India.	1st April 1948

10. Qualification prior to Selection.

	Name of College Institute or University attended.	Examination passed.	Division obtained.	Year.	Subjects taken.
(a) Academic (i) Degree & Post graduate examinations only.	Andhra Uni.	B.Sc (Hons)	II Class	1941	Pure physics
	"	M.Sc	I Class	1942	Applied physics
(ii) Post graduate training or research.	"	Research spectrography			

(iii) Published works (Give names of the papers published, if any.)

1 paper on line spectrum of bromine

1 paper on Band spectrum

P.T.O.

	Institution, Cp., or Office where trained or employed.	Post or capacity in which employed.	Pay (if any drawn (with scale)	Period.
(b) Practical training and industrial or professional experience gained (including apprenticeship.)	Andhra University	Teaching	Rs80/-	Three years

(c) Additional qualifications not covered in (a) and (b) above.	Research Scholar for two years
(d) Post held at the time of selection:	
(a) Name of the post.	Demonstrator in Applied physics
(b) Pay last drawn and the scale of pay.	80/-
(c) Office or Government where employed.	Andhra University colleges
(d) Did you resign, or go on study leave terms or on extraordinary leave?	Resigned.

11. Overseas Qualifications Acquired.	
(a) Name of the country of study.	U.K.
(b) Details of the course of study covered (up-to-date.)	College course and practical training in Marconi college and Works. (See separate sheet)

	Institution or University, etc. attended.	Duration From	Duration To	Subject with exact branch.	Some details of the course (if the space is not sufficient, attach a separate sheet).	Degree, Diploma or Certificate if any, obtained.
(i) Academic.	University College London	March 1946	Oct. 1946	High frequency technique	please see sheet attached	Research work certificat
	Marconi College Chelmsford	Nov. 1946	Sept. 1947	Radio Engineering	"	certificat
	"	Sept. 1947	Jan. 1948	Practical training		certificat
	BBC	Jan. 1948	Feb. 1948	Practical training		

N.B. Separate sheet has been attached for the necessary information.

P.T.O.

(ii) Practical Training.	Please refer to the attached sheet.
(iii) Educational visits and study tours	Radio location convention Institute of Engineers, (Electrical) London
(iv) Any papers published? Please give details or attach copies.	
12. (i) Do you have any suggestions about your employment? (ii) Would you prefer a (a) Administrative (b) Technical or (c) Teaching post?	I prefer a job where I can make use of my technical knowledge in full. As such a teaching post or a technical post will be good.
13. Testimonials attached (Attach at least 2 testimonials from Professors or Supervisors under whom you worked during your studies overseas and give their names and addresses.)	For reference: 1. Prof. H.M. Barlow, Ph.D. M.I.E.E. Prof. of Electrical Engineering, University College, London 2. Mr. N.C. Stamford, M.Sc.Tech. Principal Marconi College, Chelmsford

14. Tutor's Remarks:	
15. Forwarding Report by the Indian Embassy or High Commissioner's Office concerned on the Scholar's work and general conduct(if necessary any confidential report may be sent separately.)	Mr. Ramanadham started rather shakily and lacked initiative and originality. His research work at University College did not flourish, but he did his best at practical training, and during the period of his scholarship added considerably to his training and experience. His general behaviour has been excellent. He should make good at a job requiring technical skill. He is a pleasant person to work with. P.N. Kirpal .... Signature of Forwarding Authority. Date...16th March, 1948..............

N.B. Separate sheets to be attached in case space in any column is found insufficient. Please denote carefully.

rps 18 xii 47
S.

Report on the training received by Mr R.Ramanadham,in Radio Engineering during the period of 2 years of his stay in England. 1946 - 1948.

1 From March, 1946 - September, 1946:- University College, London. Worked in the Laboratories of Prof. H.M.Barlow,on high frequency Techniques.

(A) High Frequency Techniques:- Construction and operation of high frequency oscillators (Magnetron oscillators - Klystron oscillators) used in Radar work.

(B) Transmission of High frequency power along coaxial cables and wave guides. The breakdown voltage on transmission lines at these high frequencies and the influence of other factors like moisture and pressure,etc.,on these breakdown voltages.

(C) High Frequency Measurements. Attended a course of lectures on the above topics delivered by Prof.Barlow,at the London University, Engineering Department.

2 November,1946 - April,1947:- Marconi College of Wireless Engineering,
Chelmsford.

During this period attended the course in Radio Engineering and Communications Engineering. This course deals with the above two branches comprehensively both in Theory and Practice.

3 April,1947 - September,1947:- Marconi College of Wireless Engineering,
Chelmsford.

During this period attended the advanced course in Radio Engineering and pulse and Radar Techniques.

(A) Radio Engineering:-
1. Design of Radio Receivers.
2. Design of Transmitters.
3. Direction Finding.

(B) Pulse and Radar Techniques:-
1. Generation and shaping of pulses and their application.
2. Basic Circuits and their application in Radar.
3. High frequency measurements at centimeter wavelengths.

7

4 September, 1947 - January, 1948:- Test Department in the
Marconi Wireless Telegraph Company,
Chelmsford.

This forms the practical training in the following branches:-

1. Testing in general Radio Equipment.
2. Testing Receivers and Receiving Equipment.
3. Testing Transmitters of different kinds.
4. Marine Equipment.
5. Aircraft Equipment.
6. Mobile Equipment.
8. Noise testing in general.
7. Valve testing in general.

5 February, 1948 - March,1948:- Training in
British Broadcasting Corporation, London.

1. Studio equipment and control room equipment required for broadcasting.
2. Recording equipment and transcription equipment.
3. Broadcast Transmitters.
4. Receiving station for frequency checking and monitoring.
5. Lines Department. (Deals with communications associated with the Corporation)
6. Television.
7. Outside Broadcasting Equipment.
8. Teleprinters and Hell-schriber Equipment.

6 Elected as associate member to the "Institute of Radio Engineers".
(Britain)

Elected as member to the "Institute of Radio Engineers", (America)

8th March, 1948.

TO WHOM IT MAY CONCERN.

This is to certify that by arrangement with the Office of the High Commissioner for India, Mr. R. Ramanadham was attached to this Corporation for practical training in broadcasting from 2nd February to 5th March, 1948. His attachment was spent at the various Centres and Departments as follows:-

2nd, 3rd, 4th February	London Studio Centre.
5th, 6th, 7th February	Medium Wave Transmitting Station.
9th, 10th, 11th February	Recording Department. (using Discs Film and Steel Tape.) Television Station.
12th, 13th, 14th February	Overseas and Engineering Information Dept.
16th - 21st February	1. Tatsfield Receiving and Checking Station. (Diversity Reception, Field Strength Measurement Frequency checking, etc.) 2. Caversham Monitoring Station.
23rd Feb. - 5th March	Lines Department.

Mr. Ramanadham took an intelligent and absorbing interest in all the equipment with which he came in contact. He was anxious to learn and appeared to make the most of the short period of training which had been placed at his disposal. His theoretical knowledge was good, and from the attention he gave to his work he has gained a good general idea of the practical aspects of broadcasting.

His conduct and general bearing were both good.

8th. March, 1948.

Dear Mr. Ramanadham,

I understand you wish to have a note from me on the subject of your work in the Electrical Engineering Department some twelve months ago. This work extended over a period of twelve months, from January 1946 to December 1946 and consisted in carrying out a series of experiments and tests on micro wave equipment. I am happy to say that these investigations were carried out to my satisfaction and that although nothing in the nature of research was undertaken, I am satisfied that the experience gained would be a useful addition to your previous knowledge of this subject.

I hope on your return to India that you will find opportunity to apply this knowledge usefully.

Yours sincerely,
(Signed) H. M. Barlow.

Memo No. 38094/48-3.G. Edn d 22.7.48

Sri R. Ramanadham, a private candidate who was awarded an overseas scholarship in 1945-6 for advanced studies in "Electrical Engg. Manufacture of batteries and dry cells"; has returned to India on completion of studies. The candidate did not [illegible] get ~~for~~ admission for the subject for which he was selected and therefore he took a course in Radio Engg. Communications etc in the institutions in the U.K. including the B.B.C. He was intended for absorption in Industries on return but there is no suitable [illegible] post available in that Deptt now. The Govt have therefore enquired of the G of I whether his services will be required in the Broadcasting Deptt and their reply is awaited.

p 51 C.f.

A copy of the G of I's letter cited above (with relevant extracts) is forwa to the D.P.I. He is requested to consider and report very urgently whether any suitable appointment can be offered to the candidate in any of the teaching institu after taking into account also the ca of the candidates who were selected for these scholarships specifically against the

p 1 C.f.

requirements of educational institutions.
The D.P.I is requested to send a very urgently reply.

My dear Mr. Menon,

SECTION ASSISTANT SECRETARY TO GOVT.
8 NOV 1948

Sub: Education - Advanced studies Overseas - 1945-46 - Scholar Sri R. Ramanathan - Employment on completion of Studies.
Ref: Your D.Os. No.100131. D.I/48 dated 23rd September 1948 and No. 100131 D.I/48-2 Development dated 21st October 1948.

pp60-64y

.....

p49 above

As already reported to Government in my letter No. L.Dis. 1445. E3/48 dated 11-5-48 no suitable employment could be offered to Sri Ramanathan in this department, as he lacks practical training in Industry. He will not be useful for any of the posts in the Polytechnics.

M

pp60-64 above

As advised by you in your first D.O. I addressed the Radio & Electricals company Ltd on 27-9-48 to find out whether they would require the services of this scholar. They wanted to interview the candidate and see whether he could be employed in their company. Sri Ramanathan was therefore asked on 28-9-48 to interview Sri V.V.L. Rao of the company immediately. I now learn from Rao that inspite of his reminding him twice on the matter Ramanathan has not turned up. In the circumstance it appears that he is not interested in securing employment there.

===

I am one of the 1945-46 Madras Government scholars for advanced studies in England.

I took up wireless and radio Engineering and completed my course by Mar 1948 and returned home. I am an M.Sc. (Applied Physics) Andhra University. I took a diploma in radio and wireless communications engineering at MARCONI college of radio engineering in England. I was associated with MARCONI company for one year for my practical training. I had also practical training with B.B.C. London. I have been elected as a member to the Institute of Radio engineers AMERICA and as associate to the Institute of radio engineers, U.K.

Immediately after my return from England I reported myself to the Government of Madras, Department of Education and Public Health. The Madras Government could not absorb me in any of the departments and informed me that they had referred my case to the Government of India for suitable employment.

Under the terms of agreement taken from me by the Government of Madras at the time the scholarship was given I have to serve either the Government of Madras or the Government of India for a period of five years in a gazetted rank. It is more than four months since I returned to India and yet I have not been employed and I am simply wasting my time without an opportunity to make use of my training I underwent overseas. I am kept in a state of suspense regarding my future. I therefore request you to kindly let me know where the matter regarding my employment stands.

Sir,

I received a memorandum dated 6th Sep.'48 (ref. No. F. 3-11/5 12/45. S.2) from The Ministry of Education, Government of India, directing me to contact the government of Madras Education department who are exploring the possibilities of employing me in their educational institutions.

I beg to remind you that you have sent me a memorandam two months back informing me that my name has been referred to the govt of India for suitable employment since at that time government of Madras could not employ me suitably. It is since five months I have been hanging on without a job after returning from England. I therefore request you to see that proper consideration is given to my case and employ me in a suitable place at an early date.

Yours faithfully

Govt. of Madras.

70084

Sir,

I beg to bring to your kind attention the following:-

Recently the Madras Public Service Commission advertised for the post of Professorship in Telecommunications for the College of Engineering, Guindy. I request you to kindly recommend my name for the post in view of my qualifications given below.

1. I took B.Sc(Hons) degree in Physics from Andhra University (1941).

2. I took M.Sc (Applied Physics) degree (1942) from the same University with a first class and first rank where Applied Electricity and Wireless Engineering formed part of the course. In view of the above distinction I was appointed as demonstrator and Research Scholar in Applied Physics. I served in Andhra University for three years as demonstrator doing also lecturing work in Wireless Engineering for M.Sc., students in Applied Physics.

I did Research work during this period in Spectroscopy as there was no provision in Andhra University for research work in Wireless, and published two papers.

I left the University after having been awarded a Scholarship for higher studies in Wireless Engineering abroad by the Madras Govt. in 1945.

I took a diploma course in General Wireless Communication and another in advance course, which includes radar from the Marconi College of Wireless Communications in England.

For practical training I spent six months in the Marconi factories at Chelmsford and two months with B.B.C. at London.

I spent nearly 8 months in the Research Laboratories of Prof.Barlow of London University on high frequency measurements and ultra high frequency techniques in Telecommunications.

I have been elected as a Member of Institute of Radio Engineers, America, and as Associate of the Institute of Radio Engineers, England.

With my three years teaching experience in Andhra University and the theoritical and practical training I had abroad I feel confident that my qualifications should satisfy the Service Commission for the appointment. I therefore request you to kindly recommend my name for the job.

Thanking you,

MADRAS,
21-9-48.

Yours faithfully,
N Ramanathan

Dear Sir,

Sub:-Sri R. Ramanadham -Scholar trained abroad -- employment on completion of studies.
Ref:-Our letter No.6125 dated 6-10-48.

Sri R.Ramanadham has not so far called in here for interview. The last letter we addressed him was on 12th October 1948, but so far we have not received any reply to our letter. We enclose herewith a copy of our letter dated 12-10-48 for your information.

Encl:One letter (copy)

/True copy.

Copy of our letter No.6171 dated 12th October 1948 addressed to Sri R. Ramanadham, M.Sc., M.I.R.E., C/o Sri R.L. Narasimhan, Vakil, Chicackole, (Vizag District).

Dear Sir,

We thank you for your letter dated 7-10-48. We have received a letter from the Director of Industries and Commerce, Government of Madras asking you to appear before us for an interview and see whether we can offer you a job in our company. We replied to him that it would be possible for us to see whether we can offer you a job and also the terms of service etc., onlyafter interviewing you and assessing your theoretical as well as practical experience which would be of use to our company. Hence we would suggest your calling on us at your own expense at your earliest convenience. As regards the type of job that may be offered to you in our Radio Department, it would be any one of the following sections:

1. Design of Superhets (A.C./D.C. Mains 6 Volts Wet battery operated and dry battery operated).
2. Testing Department (Testing of Radio receivers which are assembled in our factory).
3. Production Department (Organising the production line, testing components and supervising the assembly section).

As regards the scale or salary it would entirely depend on your qualifications and experience which we can assess only after an interview or practical tests.

Thanking you,

We remain,
Yours faithfully,

Sub: Education - Overseas Scholarship for advanced studies in respect of Sri R. Ramanadham, 1945-46 Scholar - Employment after Completion of studies

c 42951DI/48 p1cf Ref: From the Govt. of India, Ministry of Education, F.3-11/5-12/45 O.D.IV d 2.4.48

I. A.S.

The letter from the Govt. of India at p1cf with its enclosures at pp3-~~44~~ 42 cf as well as the notes of E&P.H at p44cf may be perused.

vide 'M' on p44cf — With regard to 'M' on p44cf, the D.I&C. may be requested to say whether any suitable appointment could be secured for Sri R. Ramanadham. Subject to orders, a draft memo to the D.I&C. is submitted below for approval. A draft interim reply to the Candidate is also submitted below, in reply to his letter at p43cf.

ASST. SECRETARY TO GOVERNMENT
38894
24 MAY 1948
EDUCATION AND PUBLIC HEALTH DEPT.

Please see the Dev note above. Mr. Ramanadham was awarded a scholarship in 1945-6 for overseas studies in "Electrical Engg - Manufacture of batteries and dry cells" and was intended after Completion of studies for absorption ~~of~~ in Industries (Govt and Private

-2-

enterprise). The Candidate could not, however, get this subject in the U.K. He, therefore, underwent a course in academic and practical training in Radio Engg and Communication Engg etc. in the institutions in the U.K. including the B.B.C. He arrived back in India at the beginning of April 48. The question of his employment ~~has now been referred to the Director of Industries & Commerce for consideration~~ [illegible] Dept states that the candidate lacks practical training ~~[illegible]~~ for employment in industry, [illegible] Dept for necessary action.

p 45-46 c.f.

p 49 C.f.

2. The candidate has executed a bond to serve the Govt or the Govt of India for a period of 5 yrs and if no employment is found for him within 6 months of his return he is ordinarily to be released from the bond so that he can find employment for himself.

3. Before the candidate left for U.K. he was in a teaching post in the Andhra University. The scholar has high academic qualfns. It does not however seem possible to absorb him in the teaching personnel in the coll institutions in view of the fact that some scholars have already been ear marked for such absorption on return and that even the absorption of those who have returned are held up pending decision on the method of recruitment of the overseas candidates. It does not therefore seem necessary to consult the D.P.I.

p 5 c.f.

But under the present [illegible] (at p. below) recruitment [illegible] [illegible] "ear-marked" persons I think.

3

in this matter. Perhaps the G of I may be consulted whether the scholar's services are required by them. Attention is in this connection invited to the scholar's letter, since recd and added to the C.F. on p 50 wherein he refers to the advertisement for the post of Dy Dir. in the A.I.R. A copy of the letter may be sent to the G of I for consideration. Subject to orders a draft letter to the G of I is submitted for approval. P.W.D may see the draft before issue.

C.No 59743 C2/48 from the D.P.I. Rc. 271/E.O/46 of 5.8.48

Sri R. Rama~~chandra~~nadhan was awarded a scholarship in 1945-6 for studies in the U.K. in "Electrical Engg. Manufacture of battries and dry cells" and was intended for absorption in Industries (Govt. & Private enterprise) on return. The Scholar could not secure facilities to study that subject and therefore took ~~concession~~ courses in theoretical and practical training in Radio Engg., Communication Engg etc ~~training it~~ in the institutions in~~to~~ the U.K., including the B.B.C. He returned to India at the beginning of April 1948. The ~~Director of~~ D I & C. was consulted by the Dev. Deptt regarding his employment. The Director replied that no suitable employment could be offered to him as he lacked practical training for employment in Industry and that he might be instructed to try for employment in the All India Radio. The P.W.D. also did not want the services of the scholar for employment in the Information and Publicity section as there was no vacancy. This Deptt therefore enquired of the Govt. of India whether the scholar's services would be required by them, especially in the Broadcasting Deptt. They have replied that they would be pleased to render all assistance possible in the matter of placement of ~~rate~~ returned Scholars but since the 3 months period of waiting after the scholar's return to India has already expired they can explore the possiblities of employment for him under the Central Govt. only on the basis of a scholar released from the terms of the Bond with the Provl. Govt.

p 45 C.F

p 49 C.F

p 3 ante

p 51 C.F

p 54 C.F

p 52 C.F

2. In the meantime the D.P.I. was consulted whether

whether the scholar could be offered a suitable post in the Edn. Deptt. He has now replied that he is not qualified for the posts in the Electrical Communication Deptt. of the Engg., College, Guindy, as he does not possess a Degree in Engg., and that there is no suitable vacancy for him in the Arts Colleges.

p 58 cf

Thus Dev. & Edn. deptt., & also P.W.D. cannot offer suitable employment to this scholar. This Govt. have now agreed to the period of waiting after the scholars' return to India to be 3 instead of 6 months. In these circumstances, this Deptt. may suggest that the scholar may be released from the Bond. The Govt. of India may be informed of ~~the decision~~ so that they may be in a position to utilise if possible the services of the scholar.
